BC Services, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

Note 1 – Description of the Plan

The following description of the BC Services, Inc. (the "Company," "Employer," or "Plan administrator") 401(k) Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan, which became effective September 1, 1996, that is generally available to all employees of the Company who are age 21 or older, excluding reclassified and leased employees. Employees may enter the Plan on the first day of the quarter immediately following the date they meet the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Benefits under the Plan are not guaranteed by the Pension Benefit Guaranty Corporation.

Plan Amendment. Effective January 1, 2015, the Plan document was amended and restated.

Contributions. The following types of contributions are allowable under the Plan:

- Elective Deferral Contributions – Participants may contribute a percentage of their pre-tax compensation, as defined in the Plan document, or after-tax compensation as a Roth contribution, subject to limitations. A participant's total elective deferral contributions cannot exceed $18,000 ($24,000 if age 50 or older) in calendar year 2015.

- Discretionary Employer Matching Contributions – The Employer may make matching contributions to eligible participants employed on the last day of the Plan year. Participants who die, become disabled, or terminate employment on or after attaining normal retirement age are also eligible to receive an allocation of the discretionary Employer matching contribution. This contribution is allocated in an amount equal to a uniform percentage or dollar amount of a participant's elective deferrals. For the year ended December 31, 2015, the Employer made a discretionary matching contribution equal to 20% of a participant's elective deferrals.

- Discretionary Employer Nonelective Contributions – The Employer may make a discretionary nonelective contribution to eligible participants who are employed as of the last day of the Plan year. Participants who die, become disabled, or terminate employment on or after attaining normal retirement age are also eligible to receive an allocation of the discretionary Employer nonelective contribution. This contribution is integrated with a percentage of the Social Security Taxable wage base and is allocated to each eligible participant's account in the ratio which each participant's compensation and excess compensation, as defined, bears to the compensation plus excess compensation of all eligible participants. For the year ended December 31, 2015, the Employer did not make a discretionary nonelective contribution.

- Rollover Contributions – Amounts distributed to participants from other qualified employee benefit plans may be rolled into the Plan.

All contributions are allocated to the Plan's investment funds at the direction of the participants.

The total annual additions to a participant's account may not exceed the lesser of $53,000 or 100% of the participant's compensation.

Note 1 – Description of the Plan (continued)

Participant Accounts. Each participant's account is credited with the participant's contributions (elective deferrals and rollovers, if any) and an allocation of (a) the Employer's contribution (discretionary matching and nonelective, if any), (b) fund earnings or losses, and (c) administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting. Participants are immediately vested in their elective deferral contributions, rollover contributions and related earnings thereon. Vesting in Employer discretionary matching and nonelective contributions occur according to the following schedule:

Years of Service	Vested Percentage
2	20%
3	40%
4	60%
5	80%
6	100%

Furthermore, participants become 100% vested in their Employer contribution portion of their accounts upon the following events:

- Participant's death;
- Participant becomes disabled as defined under the Plan;
- Plan termination or partial Plan termination

Forfeitures. When certain terminations of participation in the Plan occur, the non-vested portion represents a forfeiture. Forfeitures are used to pay Plan expenses or are used to reduce Employer matching contributions. As of December 31, 2015 and 2014, unutilized forfeitures were $16,368 and $7,708, respectively.

Investment Options. Participants may direct their investments into various mutual funds and a money market fund.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance of the participant's account and bear a rate of interest equal to the prime rate plus 2% at the date the loan is granted. The term of the loan may not exceed 5 years (a longer term of 15 years is available if being used to purchase a principal residence). Principal and interest payments are paid ratably through payroll deductions.

Payment of Benefits. Benefits to participants or beneficiaries generally are payable as a lump sum equal to the value of their vested account balance upon retirement, disability, death or termination of the participant. Additionally, participants may request in-service withdrawals of their elective deferral accounts for a qualified reservist distribution, for a deemed severance distribution, upon attainment of age 59½, or if they incur a financial hardship, as defined, if certain criteria are met.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates. The financial statements of the Plan are prepared using the accrual method of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments. Benefits are recorded when paid.

Excess Contributions Payable. Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability and corresponding expense. The Plan distributes the excess contributions to applicable participants after the Plan's year end.

Administrative Expenses. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivables from participants are charged directly to the participant's account and are included in administrative expenses. Also included in administrative expenses are trustee and other fees. Certain investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Note 2 – Summary of Significant Accounting Policies (continued)

New Accounting Standard. In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* . Parts I and III are not applicable to the Plan. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be applied retrospectively. Management has elected to adopt Part II early.

Note 3 – Fair Value Measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures* , provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 3 – Fair Value Measurements (continued)

There have been no changes in the methodologies used at December 31, 2015 and 2014. The following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual funds and the money market fund are valued at the quoted net asset value ("NAV") of shares/units held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Fair Value Measurements at December 31, 2015			
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
Mutual Funds	**$ 2,761,241**	**$ -**	**$ -**	**$ 2,761,241**
Money Market Fund	**46,082**	**-**	**-**	**46,082**
Total Assets at Fair Value	**$ 2,807,323**	**$ -**	**$ -**	**$ 2,807,323**

	Fair Value Measurements at December 31, 2014			
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
Mutual Funds	$ 2,638,387	$ -	$ -	$ 2,638,387
Money Market Fund	25,003	-	-	25,003
Total Assets at Fair Value	$ 2,663,390	$ -	$ -	$ 2,663,390

Changes in Fair Value Levels. The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Note 3 – Fair Value Measurements (continued)

The Plan administrator evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2015, there were no significant transfers in or out of levels 1, 2 or 3.

Note 4 – Certified Information

The Plan administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee of the Plan has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments and noninterest bearing cash, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2015 and 2014;
- Notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2015 and 2014;
- Investment amounts within the fair value tables, as shown in Note 3;
- Investment income (loss), as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015;
- Interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015; and
- The investment information presented in the Schedule of Assets (Held at End of Year) as of December 31, 2015, as shown in the supplemental schedules.

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements and supplemental schedules.

Note 5– Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination or partial termination, affected participants will become 100% vested in their accounts.

Note 6 – Tax Status

The Company has adopted an AMG National Trust Bank Prototype Non Standardized Profit Sharing Plan ("prototype plan"). The prototype plan received a favorable opinion letter from the IRS on September 30, 2014, which stated that the prototype plan is qualified under the applicable sections of the Internal Revenue Code ("IRC"). Although the prototype plan and Plan have been amended since receiving the IRS opinion letter, the Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified under Section 401(a) of the IRC and the related Trust is tax exempt as of December 31, 2015 and 2014. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Note 7 – Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2015 and 2014:

	2015	2014
Net assets available for benefits per the financial statements	**$ 2,913,285**	$ 2,794,005
Add: Excess contributions payable	**38,802**	21,949
Net assets available for benefits per the Form 5500 (unaudited)	**$ 2,952,087**	$ 2,815,954

The following is a reconciliation of excess contributions per the financial statements to corrective distributions per the Form 5500 for the year ended December 31, 2015:

	Excess Contributions / Corrective Distributions
Amounts per the financial statements	**$ 38,802**
Less: Excess contributions payable as of December 31, 2015	**(38,802)**
Add: Excess contributions payable as of December 31, 2014	**21,949**
Amounts per the Form 5500 (unaudited)	**$ 21,949**

Note 8 – Party-In-Interest Transactions

Certain Plan assets are held in a noninterest bearing cash account at AMG National Trust Bank. As AMG National Trust Bank is the trustee of the Plan, these transactions qualify as party-in-interest transactions. Additionally, the Plan maintains notes receivable from participants. Fees paid for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Note 9– Nonexempt Prohibited Transactions

During 2015, the Company had nonexempt prohibited transactions related to participant contributions and loan repayments not remitted to the trust in a timely manner as listed in the aggregate on Schedule H, Line 4a: Schedule of Delinquent Participant Contributions. The principal amount of the late contributions have been remitted to the Plan's trust. The Company intends to correct these late contributions by remitting lost earnings into the Plan's trust and filing all applicable IRS Forms 5330 *Return of Excise Taxes Related to Employee Benefit Plans* as soon as administratively feasible.

Note 10 – Risks and Uncertainties

The Plan provides for various investment options in mutual funds and a money market fund. Investment securities, in general, are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts presented in the statements of net assets available for benefits.

Note 11 – Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 17, 2016, which is the date the financial statements were available to be issued.

Effective January 1, 2016, eligibility participants will be able to receive an allocation of discretionary Employer matching and nonelective contributions if they are employed on the last day of the Plan year and have completed 500 hours of service during the Plan year.
