There were no discretionary matching employer contributions made for 2015 or 2014. Employees may rollover eligible amounts from other qualified plans to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary matching employer contributions or allocations of discretionary employer contributions, Plan earnings thereon and charged with an allocation of administrative expenses based on the participants' account balances. Allocations of discretionary matching employer contributions are based on the participants' deferrals and discretionary employer contributions are based on the participants' compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (continued)

Vesting

Participants are immediately vested in their contributions plus earnings thereon. Vesting in discretionary matching employer contributions and discretionary employer contributions is based on years of continuous service according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
1 year but less than 2	25%
2 years but less than 3	50%
3 years but less than 4	75%
4 years or more	100%

Forfeitures

There were no forfeited non-vested accounts at December 31, 2015 and 2014. Forfeitures are used to offset future employer contributions or reduce administrative expenses.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, participants or their beneficiaries may elect to receive a lump-sum distribution. However, if the vested account balance is less than \$5,000, a lump sum distribution will be made to the participant regardless of whether the participant elects to receive it. In-service distributions of vested balances are permitted if the participant is 100% vested. Upon proven financial hardship, participants may apply for a loan up to 50% of their vested balance or elect to withdraw an amount equal to the cumulative value of their elective contributions.

Investment Options

Upon enrollment in the Plan, participants may direct contributions to their accounts into various investment options offered by the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Administrative Expenses

Administrative expenses are paid by the Company except those directly related to Plan assets which are deducted from the participants' account balances.

Investment Valuation and Income Recognition

Investments of the Plan are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains (losses) on investments bought and sold, as well as held, during the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Company evaluated subsequent events through October 12, 2016, the date these financial statements were available to be issued. Except for Note 10 there were no other material subsequent events that required recognition or additional disclosure in these financial statements.

3. INVESTMENTS

The following table presents the fair value of investments at December 31, 2015 and 2014. The investments and investment activity have been certified as complete and accurate by FirstMerit Bank N.A., the trustee of the Plan, and have not been audited by the independent auditors.

	<u>2015</u>	<u>2014</u>
Registered investment companies	\$ 803,841	\$ 564,633
Common trust fund	<u>3,486</u>	<u>1,507</u>
	<u>\$ 807,327</u>	<u>\$ 566,140</u>

During the years ended December 31, 2015 and 2014, the Plan's investments in registered investment companies (including gains and losses on investments purchased and sold, as well as held during the year) (depreciated) appreciated in value by (\$45,140) and \$15,980, respectively.

4. FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. It applies to fair value measurements already required or permitted by existing standards. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs used in valuation models (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets. Level 2 inputs include those other than quoted prices that are observable for the asset or liability. Level 2 inputs are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Registered investment companies - Valued at the closing price reported on an active market.

Common trust fund - The fair value of the underlying assets are used to determine the net asset value (NAV) of the fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO THE FINANCIAL STATEMENTS

5. INCOME TAX STATUS

The Company adopted a Prototype Non-Standardized Profit Sharing Plan with a cash or deferral arrangement. The Plan received its latest favorable opinion letter on March 31, 2014 in which the Internal Revenue Service (IRS) stated that the Plan was designed in compliance with the applicable requirements of the Internal Revenue Code (IRC). Additionally, prior to March 31, 2014 the Plan was operating under a favorable opinion letter dated March 31, 2008. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities which are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8. OTHER LIABILITIES

At December 31, 2015 and 2014, other liabilities represent pending trades that were not settled as of December 31, 2015 and 2014.

9. CHANGE IN ACCOUNTING PRINCIPLE

For the year ended December 31, 2015, Plan management has elected to adopt the provisions of ASU No. 2015-12 – *Plan Accounting: Defined Contribution Plans (Topic 962)*, which reduced the complexity of Plan investment disclosures. Under the update, the Plan may present investments measured using fair value aggregated by general type, rather than present detailed categories under each general type. In addition, the Plan is no longer required to separately present those investments that represent 5% or more of Plan net assets. The updated disclosures have been applied as of and for the years ended December 31, 2015 and 2014 and have no effect on the changes in net assets as previously reported.

AWP, INC. EMPLOYEES RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

9. CHANGE IN ACCOUNTING PRINCIPLE (continued)

In May 2015, FASB issued *ASU No. 2015-07, Disclosures for Investments in Certain Entities That Calculate Net Assets Value per Share (or Its Equivalent)*. The standard eliminates the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. In addition, the update limits disclosures to investments for which the entity elected to measure the fair value using the practical expedient rather than all eligible investments. The standard is effective for interim and annual periods beginning after December 15, 2016. The Plan has elected to early adopt this ASU retrospectively as of December 31, 2015. The adoption had no effect on the Plan's change in net assets available for benefits or net assets available for benefits previously reported.

10. DELINQUENT PARTICIPANT CONTRIBUTIONS

The Company remitted delinquent participant contributions to the Plan during 2014 and 2013. The Company self-corrected the late contributions by depositing lost earnings into the Plan in February 2016.
