DENTAL ONE INC. RETIREMENT SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2015 AND 2014

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Plan provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all employees of Dental One Inc. (the Company) including participating employers to the plan, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – All employees who have attained age 18 and completed sixty (60) days of elapsed time service become eligible to participate immediately following or coincident with the date the employee completes the eligibility conditions. Participants may make contributions as a percentage of annual compensation (minimum 1% to maximum 90%), not to exceed Internal Revenue Service (IRS) limitations. The Plan has an automatic deferral provision whereby enrollment is automatically granted to employees meeting such eligibility requirements unless the employee makes an affirmative statement waiving such participation. Any such automatically enrolled employee is subject to a deferral rate of 3% of eligible compensation. On or after each succeeding anniversary date following the date that an employee's automatic deferral was first implemented, a scheduled increase of 1% will be added to the automatic deferral rate, up to a maximum of 10%. Prior to the auto escalation date, participants may opt out of this feature as well.

The plan has capped contributions for highly-compensated employees at 4% of annual compensation in an effort to increase likelihood of passing certain annually required non-discrimination tests. Participants exceeding the cap receive refunds of the excess deferral. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may contribute to the Plan an amount of matching contributions determined by the Company at its discretion. No matching contribution was made during 2015 or 2014. Discretionary employer profit sharing contributions are also permitted.

Vesting – Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of service or at their normal retirement date. A service year is defined as 1,000 or more hours worked in a calendar year. The amount of non-vested forfeitures during the years ended December 31, 2015 and 2014 was \$14,776 and \$22,681, respectively. Forfeited amounts may be used to reduce non-elective or safe harbor non-elective contributions, matching contributions, or pay plan expenses. The total available for such future occurrences is \$111,669 and \$96,892 as of December 31, 2015 and 2014, respectively.

Investment Options – Upon enrollment in the Plan, a participant may direct employee and employer contributions in whole increments to any of the investment fund options offered by the Plan. In addition to participant-directed programs, the plan allows participants to self-direct their investments. The self-directed program, established through agreement with TD Ameritrade, Inc. as custodian in the name of the trust, allows participants to invest up to 50% of their account balance in eligible investments, as defined. The underlying investments are valued daily. Participants may change their investment options and transfer funds between investment options daily. There is no limit to the number of transfers a participant can make provided the required minimum investment in core funds is maintained.

DENTAL ONE INC. RETIREMENT SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS (Con't.)
YEARS ENDED DECEMBER 31, 2015 AND 2014

NOTE 1 – DESCRIPTION OF PLAN (Con't)

Administrative Fees – The Plan sponsor pays certain administrative fees on behalf of the Plan. During 2015, the plan also implemented an ERISA Budgets Account (EBA), commonly referred to as a revenue sharing account. Under the EBA, the plan's recordkeeper returns to the plan a portion of the revenue earned in excess of its specified price for providing administrative services, from which non-settlor fees incurred by the plan are paid. The revenue returned is included as Other income with corresponding fees paid included in administrative expenses.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from 1 - 5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is repaid through payroll deductions.

Payments of Benefits – On termination of service, death, disability, or retirement, a participant will receive a lump-sum amount equal to the vested value of their account. Certain participants who participated in a predecessor plan may elect to receive a distribution in a lump-sum payment or to receive installment payments not to exceed the life expectancy of the participant or their beneficiary.

Participants who prove financial hardship may withdraw a portion of their account balance, as determined by the plan administrator in accordance with current regulations.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a termination of the Plan, the Trust fund shall be distributed to participants within one year after the date of termination or the participant's account will be transferred as provided by the Plan agreement.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting.

Valuation of Investments – The Plan's investments are stated at fair value. The investments in registered investment companies are stated at fair value based on the quoted market price of the funds held by the Plan at year end. All investments in the Plan are fully participant directed. As required by FASB ASC 946-10-05, the Statement of Net Assets Available for Benefits presents the fair value of the Plan's investment in a common/collective trust which has underlying assets in investment contracts, as well as any adjustment of the underlying fully benefit-responsive investment contracts from fair value to contract value. In this case, contract value equals fair value.

YEARS ENDED DECEMBER 31, 2015 AND 2014

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Con't)

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Accounting Pronouncements – In July 2015, the financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-12, which amends Accounting Codification Standards (ASC Topic 962), *Defined Contribution Pension Plans*, to require fully benefit-responsive investment contracts to be measured, presented and disclosed at contract value. It also eliminates the generally accepted accounting principles requirement to disclose individual investments that represent more than 5% or more of plan assets available for benefits and allows participant-directed investments and net appreciation or depreciation to be grouped by general type instead of being disaggregated. The amendments are effective for fiscal years beginning after December 31, 2015 with early adoption permitted.

NOTE 3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ASC 820-10-05, *Fair Value Measurements* (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Observable inputs (other than level 1) including:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 3 – FAIR VALUE MEASUREMENTS (Con't)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the year ended December 31, 2015.

Registered Investment Companies: Valued at the quoted market price of the mutual funds held by the plan at year end.

Common/Collective Trusts: Stated at net asset value as determined by the trustee at the end of the Plan year except when holding fully benefit-responsive investment contracts.

Participant-directed Brokerage Accounts: Account holdings are valued daily at quoted market prices of the underlying investments and updated to each participant account daily. These holdings are categorized in Level 1 of the fair value hierarchy.

The Plan's investment in Federated Capital Preservation Fund at December 31, 2015 and 2014 is a common collective trust that provides for the preservation of principal while maintaining a stable value per unit and liquidity at contract value for participant withdrawals and transfers. The fair value of these investments is determined daily using the market price of the underlying securities and the value of the investment contract.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015.

NOTE 5 – INCOME TAX STATUS

The nonstandardized prototype plan adopted previously received an opinion letter from the IRS dated March 31, 2008, stating that the form of the plan is qualified under Section 401 (a) of the Internal Revenue Code (Code), and therefore, the related trust is tax exempt. In accordance with Revenue Procedure 2006-1 and Announcement 2001-77, the plan sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Except as described below, the plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt. The Plan administrator believes the Plan is no longer subject to income tax examinations for plan years prior to 2012.

In 2014, management identified a document defect and potential operational defect in the Plan. Specifically, management determined that certain non-controlled group employers have been allowed to be participating employers in the Plan. The Plan, however, does not have multiple employer provisions that allow non-controlled group participating employers. Management intends to take appropriate steps to correct the issues (including retroactive amendment of the plan and, if necessary, corrective contributions or distributions) under the terms of the Voluntary Compliance Program of the Employee Plans Compliance Resolution Systems (Revenue Procedure 2014-12). The determination of appropriate corrective action is ongoing.

NOTE 6 – TRANSACTIONS WITH PARTIES IN INTEREST

In addition to transactions involving the plan sponsor, transactions with parties in interest consist of purchases and sales of Deutsche Asset & Wealth Management. Fees paid during the year for services rendered by parties in interest were based on customary and reasonable rates for such services. Other than as described above, the Plan has no agreements or transactions with any parties in interest.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – SUBSEQUENT EVENTS

In January 2016, plan management executed an adoption agreement for the Automatic Data Processing Defined Contribution Plan Non-standardized 401(k) Profit Sharing Plan to become effective February 1, 2016. The Volume Submitter Defined Contribution Plan was amended and restated to comply with the Pension Protection Act (PPA) of 2006 and conform to the way the plan has been operated, by incorporating the changes made by the PPA in operation according to the effective date of each provision beginning in 2006. The basic plan provisions included in the previous plan document were substantially retained.

The Plan evaluated events occurring between the end of the plan year and September 15, 2016, the date the financial statements were available to be issued. No recognized or unrecognized subsequent events have occurred through this date.

DENTAL ONE INC. RETIREMENT SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2015 AND 2014

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Plan provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all employees of Dental One Inc. (the Company) including participating employers to the plan, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – All employees who have attained age 18 and completed sixty (60) days of elapsed time service become eligible to participate immediately following or coincident with the date the employee completes the eligibility conditions. Participants may make contributions as a percentage of annual compensation (minimum 1% to maximum 90%), not to exceed Internal Revenue Service (IRS) limitations. The Plan has an automatic deferral provision whereby enrollment is automatically granted to employees meeting such eligibility requirements unless the employee makes an affirmative statement waiving such participation. Any such automatically enrolled employee is subject to a deferral rate of 3% of eligible compensation. On or after each succeeding anniversary date following the date that an employee's automatic deferral was first implemented, a scheduled increase of 1% will be added to the automatic deferral rate, up to a maximum of 10%. Prior to the auto escalation date, participants may opt out of this feature as well.

The plan has capped contributions for highly-compensated employees at 4% of annual compensation in an effort to increase likelihood of passing certain annually required non-discrimination tests. Participants exceeding the cap receive refunds of the excess deferral. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may contribute to the Plan an amount of matching contributions determined by the Company at its discretion. No matching contribution was made during 2015 or 2014. Discretionary employer profit sharing contributions are also permitted.

Vesting – Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of service or at their normal retirement date. A service year is defined as 1,000 or more hours worked in a calendar year. The amount of non-vested forfeitures during the years ended December 31, 2015 and 2014 was \$14,776 and \$22,681, respectively. Forfeited amounts may be used to reduce non-elective or safe harbor non-elective contributions, matching contributions, or pay plan expenses. The total available for such future occurrences is \$111,669 and \$96,892 as of December 31, 2015 and 2014, respectively.

Investment Options – Upon enrollment in the Plan, a participant may direct employee and employer contributions in whole increments to any of the investment fund options offered by the Plan. In addition to participant-directed programs, the plan allows participants to self-direct their investments. The self-directed program, established through agreement with TD Ameritrade, Inc. as custodian in the name of the trust, allows participants to invest up to 50% of their account balance in eligible investments, as defined. The underlying investments are valued daily. Participants may change their investment options and transfer funds between investment options daily. There is no limit to the number of transfers a participant can make provided the required minimum investment in core funds is maintained.

DENTAL ONE INC. RETIREMENT SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS (Con't.)
YEARS ENDED DECEMBER 31, 2015 AND 2014

NOTE 1 – DESCRIPTION OF PLAN (Con't)

Administrative Fees – The Plan sponsor pays certain administrative fees on behalf of the Plan. During 2015, the plan also implemented an ERISA Budgets Account (EBA), commonly referred to as a revenue sharing account. Under the EBA, the plan's recordkeeper returns to the plan a portion of the revenue earned in excess of its specified price for providing administrative services, from which non-settlor fees incurred by the plan are paid. The revenue returned is included as Other income with corresponding fees paid included in administrative expenses.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from 1 - 5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is repaid through payroll deductions.

Payments of Benefits – On termination of service, death, disability, or retirement, a participant will receive a lump-sum amount equal to the vested value of their account. Certain participants who participated in a predecessor plan may elect to receive a distribution in a lump-sum payment or to receive installment payments not to exceed the life expectancy of the participant or their beneficiary.

Participants who prove financial hardship may withdraw a portion of their account balance, as determined by the plan administrator in accordance with current regulations.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a termination of the Plan, the Trust fund shall be distributed to participants within one year after the date of termination or the participant's account will be transferred as provided by the Plan agreement.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting.

Valuation of Investments – The Plan's investments are stated at fair value. The investments in registered investment companies are stated at fair value based on the quoted market price of the funds held by the Plan at year end. All investments in the Plan are fully participant directed. As required by FASB ASC 946-10-05, the Statement of Net Assets Available for Benefits presents the fair value of the Plan's investment in a common/collective trust which has underlying assets in investment contracts, as well as any adjustment of the underlying fully benefit-responsive investment contracts from fair value to contract value. In this case, contract value equals fair value.

YEARS ENDED DECEMBER 31, 2015 AND 2014

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Con't)

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Accounting Pronouncements – In July 2015, the financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-12, which amends Accounting Codification Standards (ASC Topic 962), *Defined Contribution Pension Plans*, to require fully benefit-responsive investment contracts to be measured, presented and disclosed at contract value. It also eliminates the generally accepted accounting principles requirement to disclose individual investments that represent more than 5% or more of plan assets available for benefits and allows participant-directed investments and net appreciation or depreciation to be grouped by general type instead of being disaggregated. The amendments are effective for fiscal years beginning after December 31, 2015 with early adoption permitted.

NOTE 3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ASC 820-10-05, *Fair Value Measurements* (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Observable inputs (other than level 1) including:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 3 – FAIR VALUE MEASUREMENTS (Con't)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the year ended December 31, 2015.

Registered Investment Companies: Valued at the quoted market price of the mutual funds held by the plan at year end.

Common/Collective Trusts: Stated at net asset value as determined by the trustee at the end of the Plan year except when holding fully benefit-responsive investment contracts.

Participant-directed Brokerage Accounts: Account holdings are valued daily at quoted market prices of the underlying investments and updated to each participant account daily. These holdings are categorized in Level 1 of the fair value hierarchy.

The Plan's investment in Federated Capital Preservation Fund at December 31, 2015 and 2014 is a common collective trust that provides for the preservation of principal while maintaining a stable value per unit and liquidity at contract value for participant withdrawals and transfers. The fair value of these investments is determined daily using the market price of the underlying securities and the value of the investment contract.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015.

NOTE 5 – INCOME TAX STATUS

The nonstandardized prototype plan adopted previously received an opinion letter from the IRS dated March 31, 2008, stating that the form of the plan is qualified under Section 401 (a) of the Internal Revenue Code (Code), and therefore, the related trust is tax exempt. In accordance with Revenue Procedure 2006-1 and Announcement 2001-77, the plan sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Except as described below, the plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt. The Plan administrator believes the Plan is no longer subject to income tax examinations for plan years prior to 2012.

In 2014, management identified a document defect and potential operational defect in the Plan. Specifically, management determined that certain non-controlled group employers have been allowed to be participating employers in the Plan. The Plan, however, does not have multiple employer provisions that allow non-controlled group participating employers. Management intends to take appropriate steps to correct the issues (including retroactive amendment of the plan and, if necessary, corrective contributions or distributions) under the terms of the Voluntary Compliance Program of the Employee Plans Compliance Resolution Systems (Revenue Procedure 2014-12). The determination of appropriate corrective action is ongoing.

NOTE 6 – TRANSACTIONS WITH PARTIES IN INTEREST

In addition to transactions involving the plan sponsor, transactions with parties in interest consist of purchases and sales of Deutsche Asset & Wealth Management. Fees paid during the year for services rendered by parties in interest were based on customary and reasonable rates for such services. Other than as described above, the Plan has no agreements or transactions with any parties in interest.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – SUBSEQUENT EVENTS

In January 2016, plan management executed an adoption agreement for the Automatic Data Processing Defined Contribution Plan Non-standardized 401(k) Profit Sharing Plan to become effective February 1, 2016. The Volume Submitter Defined Contribution Plan was amended and restated to comply with the Pension Protection Act (PPA) of 2006 and conform to the way the plan has been operated, by incorporating the changes made by the PPA in operation according to the effective date of each provision beginning in 2006. The basic plan provisions included in the previous plan document were substantially retained.

The Plan evaluated events occurring between the end of the plan year and September 15, 2016, the date the financial statements were available to be issued. No recognized or unrecognized subsequent events have occurred through this date.
