TALENTI GELATO 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Plan Description and Summary of Significant Accounting Policies

The following description of the Talenti Gelato 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General Information

The Plan is a 401(k) salary reduction plan which was established on April 1, 2013 and was last restated July 1, 2015. The Plan covers substantially all employees (other than employees covered by a collective bargaining agreement, nonresident aliens and leased employees) of Talenti Gelato, LLC (the Company) who have attained age 18. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

In July 2015, the Financial Accounting Standards Board (FASB) issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965); (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. ASU 2015-12 Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits. ASU 2015-12 Part II also simplifies the level of disaggregation of investments. Plans are no longer required to disclose investments by nature, characteristics and risks, and rather are allowed to disclose information about fair value measurements simply by general type of plan asset. ASU 2015-12 Parts I and III are not applicable to the Plan.

ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is also required to be applied retrospectively to all years presented in the Plan's financial statements in the year the standard is implemented. Management has elected to adopt Part II as of December 31, 2015 and 2014 and for the years then ended. Early adoption of ASU 2015-12 does not affect net assets available for benefits at December 31, 2015 and 2014, and there is no change in the overall increase in net assets available for benefits for the years then ended.

TALENTI GELATO 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Plan Description and Summary of Significant Accounting Policies (Continued)

Contributions

Each year, participants may contribute up to the maximum allowable not to exceed the limits of Internal Revenue Service (IRS) Code Section 401(k), as defined in the Plan. Participants who have attained the age of 50 before the end of the Plan year are also eligible to make catch-up contributions in any amount up to the limits prescribed by law. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their account into various investment options offered by the Plan.

The Plan includes an auto-enrollment feature whereby, absent an election otherwise, 3% of each eligible participant's compensation is automatically contributed to the Plan as an employee deferral.

The Company contributes to the Plan a matching contribution of 100% of the participant's contribution on the first 1% of a participant's compensation, plus 50% of the participant's contribution greater than 1% but less than or equal to 6% of a participant's compensation. Participants direct the investment of their matching contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant elective deferrals, employer matching contributions and an allocation of Plan earnings. Allocations of Plan earnings are based on the valuation of the investments (participant-directed) held in each participant's account. Participants' accounts are valued on a daily basis. The benefit the participant is entitled to is the benefit that can be provided from the participant's account.

Notes Receivable from Participants

The Plan does not allow for participants to borrow from their fund accounts.

Vesting

Participants are immediately vested in their elective deferral contributions, plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is fully vested in their account after two years of service, upon reaching normal retirement age or upon becoming permanently disabled. In the event of a participant's death, the participant's beneficiary(ies) become fully vested.

TALENTI GELATO 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Plan Description and Summary of Significant Accounting Policies (Continued)

Forfeited Accounts

Terminated participants forfeit the non-vested portion of their account upon the earlier of distribution of their vested benefits or after incurring five consecutive one-year breaks in service. Forfeitures are used by the employer to reduce participant Plan expenses and employer matching contributions.

For the years ended December 31, 2015 and 2014, forfeitures totaled \$1,628 and \$6,517, respectively. There were no forfeitures used to reduce participant Plan expenses during the year ended December 31, 2015. Forfeitures in the amount of \$5,425 were used to reduce participant Plan expenses during the year ended December 31, 2014. Forfeitures in the amount of \$1,664 were used to reduce employer contributions during the year ended December 31, 2015. There were no forfeitures used to reduce employer contributions during the year ended December 31, 2014. As of December 31, 2015, there were no forfeitures available to reduce future plan expenses or employer contributions.

Payment of Benefits

Upon termination of employment, death, disability or reaching normal retirement age, participants or their beneficiary(ies), where applicable, may receive the value of the accrued vested benefit in the form of a lump sum payment or as a partial payment; or if the balance exceeds \$1,000, may elect to defer the distribution in accordance with Plan guidelines.

The Plan allows for in-service distributions of all Plan account sources at the age of 59 $\frac{1}{2}$ or upon reaching normal retirement age (65) and for hardship withdrawals from the employee elective deferral portion of the participant's account. If the participants' vested account balance is less than \$1,000, the Plan will distribute the participant's vested account balance in a lump-sum payment without participant consent. Benefit payments are recorded upon distribution to participants.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion on fair value measurements.

All purchases and sales of securities have been recorded on a trade-date basis. Income is recorded as earned. The increase or decrease in the fair value of investments represents the net difference between the current value of securities held at the beginning of the year or cost of securities purchased during the year and the current value of securities held at the end of the year.

TALENTI GELATO 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Plan Description and Summary of Significant Accounting Policies (Continued)

Administrative Expenses

The Company pays certain administrative expenses on behalf of the Plan. Expenses paid by the Plan are included in the statement of changes in net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Reclassifications

Certain reclassifications have been made to the 2014 financial statements to conform to presentation in the 2015 financial statements.

Subsequent Events

In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through October 14, 2016, the date the financial statements were available to be issued.

2. Certification of Investments

The Board of Directors appointed Ascensus Trust Company (Ascensus) as Trustee of the Plan's assets. Ascensus has supplied the Plan Administrator with a certification as to the completeness and accuracy of Plan assets aggregating \$1,518,066 and \$890,091 as of December 31, 2015 and 2014, respectively, and the related investment income (loss) of (\$26,970) and \$41,471 for the years then ended, respectively. Such amounts and all related financial data are included in the accompanying financial statements and supplemental schedules based on the certification from the Trustee.

TALENTI GELATO 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

3. Fair Value Measurements

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Fair value represents the quoted market price of the funds, as traded in an open market.

3. Fair Value Measurements (Continued)

The methods described on the previous page may produce fair values that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables reflect the Plan's investments within the fair value hierarchy at December 31, 2015 and 2014:

As of December 31, 2015				
	Assets Measured at Fair Value	Fair Value Hierarchy Level		
		Level 1	Level 2	Level 3

4. Plan Termination

In October 2015, the Company elected to terminate the Plan and transfer all Plan assets into the Unicare Savings Plan. At the time of Plan termination, participants became 100% vested in their accounts. See further discussion in Note 10.

5. Plan Tax Status

The Company adopted a nonstandardized 401(k) Profit Sharing Plan and Trust which received a favorable opinion letter dated March 31, 2014, from the Internal Revenue Service which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The nonstandardized 401(k) Profit Sharing Plan and Trust has been amended since receiving its determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

The Plan evaluates all significant tax positions as required by generally accepted accounting principles in the United States. As of December 31, 2015, the Plan does not believe that it has taken any tax positions that would require the recording of any additional tax liability nor does it believe that there are any unrealized tax benefits that would either increase or decrease within the next twelve months. The Plan's income tax returns are subject to examination by the appropriate regulatory authorities as of December 31, 2015, and the Plan's federal tax returns generally remain open for three years.

6. Risk and Uncertainties

The Plan provides for investment in a variety of investment funds. In general, investments are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

7. Party-in-interest Transactions

Transactions resulting in Plan assets being transferred to or used by a party-in-interest are considered prohibited transactions under ERISA unless a specific exemption exists. Certain Plan investments are managed by Ascensus Trust Company (Ascensus) and The Vanguard Group (Vanguard). Ascensus is the Trustee of the Plan's assets and Vanguard provides recordkeeping services to the Plan; therefore, these investment transactions qualify as party-in-interest transactions and are indicated as such on the supplemental Schedule of Assets Held at End of Year. However, the transactions are not considered prohibited transactions as ERISA regulations provide for a specific exemption for such transactions.

Additionally, certain employees of the Company provide certain accounting and administrative services to the Plan for which no fees are charged.

8. Reconciliation of Financial Statements to Form 5500

The financial statements are prepared on the accrual basis of accounting whereas the Form 5500 is prepared on the modified cash basis of accounting. The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2015 and 2014:

9. Reportable Transactions – Delinquent Participant Contributions

In 2015, it was determined that \$25, 229 of employee deferral contributions were not remitted to the Plan within the time period prescribed in the Code of Federal Regulations during 2014. These contributions were remitted to the Plan during 2015.

10. Subsequent Events

As discussed in Note 4, the Company elected to terminate the Plan in October 2015. All plan assets were transferred into the Unicare Savings Plan in February 2016.
