NOTE 1 - PLAN DESCRIPTION

The following description of the CKM Industries 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provision.

General

The Plan is a defined contribution plan covering all eligible employees of CKM Industries, Inc. (the Company) who have completed six months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustee oversees governance of the Plan by determining the appropriateness of the Plan's investment offerings and monitoring performance.

Contributions

The Company contributes, on behalf of each participant, an amount elected by the participant in his or her salary modification agreement. Participants can elect to contribute a percentage of their compensation to the Plan, subject to limitations contained in Internal Revenue Code Section 415, which generally apply to highly compensated employees. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a general account fund, which are further disaggregated at Note 3.

The Company contributes, on behalf of each participant, annual discretionary employer contributions. The Company will match 25% of the participant's elective salary deferral to contribute to the Plan. The Company's match will not exceed 6% of the participant's eligible compensation. The Company's total employer contributions for the years ending December 31, 2015 and 2014 were $44,667 and $42,871, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - PLAN DESCRIPTION (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Notes receivable are secured by the balance in the participant's account and bear interest rates of 4.25%, which is proportionate with local prevailing rates as determined by the Plan administrator upon issuance of the loan. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Benefits, normally paid in a lump sum, are distributed upon termination, retirement and hardship. No annuities are allowed in the Plan. In-service distributions are not permitted. Normal retirement age under the Plan is fifty-five and five years of participation.

Forfeited Accounts

Forfeited non-vested accounts totaled $10,728 and $1,985 at December 31, 2015 and 2014. If any funds were held in these accounts, the funds will be used to reduce the employer's contributions and pay expenses associated with the Plan. Any forfeitures attributable to matching contributions will be used to reduce any employer matching contributions.

Vesting

Participants are immediately vested in their contributions plus actual earnings. Years with less than 1,000 hours will not be counted as a year of service. Vesting in the Company's contributions is based on the number of years of service according to the following schedule:

Years of Services	Vesting Percentage
0 - 1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Subsequent events were evaluated through October 14, 2016, which is the date the financial statements were available to be issued.

Administrative Expenses

Administrative expenses are paid by the Plan unless paid by the Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The Plan's financial statements are prepared using the accrual basis of accounting. Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to investments held with insurance contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value for the investment contract.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account are included in administrative expenses when incurred. As of December 31, 2015 and 2014, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan entered into an investment contract with Voya Retirement Insurance and Annuity Company who maintains the contributions in registered investment companies (mutual funds) and fixed accounts. Investments held in mutual fund accounts are maintained at fair value and guaranteed investment contract fixed account (nonbenefit-responsive investments) are maintained at contract value. The investments are not considered fully benefit responsive and are included in the statement of net assets available for benefits at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for the discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits
Benefits are recorded when payable or when paid.

Excess Contributions Payable
Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as accounts payable. There were $0 and $56,937 in excess contributions for the years ended December 31, 2015 and 2014, respectively.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs are directly or indirectly unobservable and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used only when Level 1 was not available and Level 3 inputs were not used.

Level 1 Fair Value Measurements
Fair values of mutual funds is based on quoted net asset values of shares held by the Plan at year-end. Fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements
These are significant inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the assets or liability or inputs that are derived principally from or corroborated by observable market date by correlation or other means.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value by the Plan.

Registered investment company accounts - Voya Retirement Insurance and Annuity Company (Voya) issues to the Plan sponsor or trustee group annuity contracts or funding agreements through registered investment company accounts.

Fixed account - The Voya fixed income account is part of Voya's general account and is subject to the claims of Voya's general creditors. Voya credits interest on contributions made to the fixed income account at a rate Voya declares for a period of time that it determines. Voya guarantees a minimum rate of interest of 1%. Guarantees are subject to Voya's claims paying ability.

Fair values of assets and liabilities measured on a recurring basis at December 31, 2015 and 2014 are as follows:

To estimate their fair value, the Plan uses prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities, in other words the market approach. The Plan did not have transfers between levels 1 and 2 for the years ended December 31, 2015 and 2014.

NOTE 4 - INFORMATION CERTIFIED BY INVESTMENT CUSTODIAN

Investment assets of the Plan are held by Voya Retirement Insurance and Annuity Company (Voya) in mutual fund and fixed accounts. Those investments, included in these financial statements, have been certified by the investment custodians as to their completeness and accuracy, including the respective changes in net assets available for plan benefits. Certain reclassifications and adjustments representing accruals for receivables and payables may have been made to the certified amounts to conform to generally accepted accounting principles in the United States. Amounts included in these financial statements, which have been certified are $3,075,720 and $2,929,719 at December 31, 2015 and 2014, respectively.

NOTE 5 - INVESTMENTS

The following table presents the fair value of investments. Investments that represent 5 percent or more of the Plan's net assets are separately identified.

	2015	2014
American Funds Fundamental	$ 340,482	$ 326,697
PIMCO Total Return Fund	304,481	292,486

Fixed account	795,095	686,553
Total Investments certified by Voya	$ 3,075,720	$ 2,929,719

The Plan's investments (depreciated) appreciated in value by $(45,347) and $156,387 in 2015 and 2014, respectively. This included gains and losses on investments bought and sold, as well as held during the year. Total investments of the Plan are participant-directed.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7 - TERMINATED EMPLOYEES

The Plan has a "cash out" provision whereby the Plan can distribute the vested account balance for terminated participants with account balances of $5,000 or less. The Plan did not have terminated participants with vested account balances of $5,000 or less at December 31, 2015 and 2014.

NOTE 8 - TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated September 1, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan sponsor believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any periods in process. The Plan administrator believes it is no longer subject to income examinations for years prior to 2012.

The Plan administrator identified certain operational errors with respect to the Plan and is intending to correct the errors. The Plan administrator for the company expects that the final outcome of the correction process will not have any material effect on the Plan's financial statements.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 - FIXED ACCOUNT SURRENDER AND TRANSFER LIMIT

Each calendar year, the Company limits the sum of partial surrenders plus transfers, from the fixed account, to 20% of that portion of the current value of the unallocated account held in the fixed account as of January 1 of the calendar year. These limits will be referred to as the fixed account surrender and transfer limit. Partial surrender or transfer requests for amounts invested in the fixed account that exceed the fixed account surrender and transfer limit in effect at the time the request is received by Voya, will not be honored.

NOTE 10 - FIXED ACCOUNT SURRENDER AND TRANSFER LIMIT (Continued)

The fixed account surrender and transfer limit will apply to plan accounts if the participants are unduly influenced to transfer amounts from the fixed account prior to a full or partial surrender of the contract.

NOTE 11 - RECONCILIATION OF FORM 5500 TO FINANCIAL STATEMENTS

The following is a reconciliation net assets available for benefits and net increase in net assets available for benefits per the financial statements to the Form 5500:

Plus: Current year contribution receivable	--	12,858
Net increase on financial statements	$ 197,587	$ 182,887

NOTE 12 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a group annuity contract with Voya Retirement Insurance and Annuity Company (Voya). Voya maintains the contributions in a general (fixed) account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the group annuity contract can be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2015 and 2014 was $795,095 and $686,553, respectively. Interest rates are established on the first day of each calendar month and apply to any regular ongoing contributions made to the general account in that month. The declared interest rate was 1.00% for the years ending December 31, 2015 and 2014.
