NOTE 1. DESCRIPTION OF THE PLAN

The following description of the EFGI U.S. Companies 401K Plan (the "Plan") provides only general information. During 2015, the Plan changed its name from EFG Capital International Corporation 401(k) Retirement Plan to EFGI U.S. Companies 401K Plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of EFG Capital International Corporation, EFG Investment Services, Inc. and Subsidiaries, EFG Asset Management (Americas) Corp., EFG Capital Services, LLC (collectively the "Company", "Employer", or "Sponsor") who have completed six months of service. Part-time, temporary, interns, or seasonal employees whose regularly scheduled service is less than 500 hours are excluded from the Plan. Effective December 7, 2015, the Plan was amended and the six months service requirement for full-time employees was eliminated and part-time, temporary, interns, or seasonal employees become eligible to participate in the Plan once they are at least twenty-one years old and have completed at least 1,000 hours of service during an eligibility computation period, as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During December 2015, all Plan assets then held by Reliance Trust Company ("Reliance") were liquidated and the cash proceeds were transferred to Fidelity Trust Management Company ("Fidelity"). Reliance and Fidelity are collectively referred to as Trustees.

Contributions

Each year, participants may contribute a percentage of their pretax and/or after-tax annual compensation, as defined in the Plan, up to the statutory maximum. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company will match the participant contributions at a rate determined each Plan year. For 2015, the matching contributions were 75% of a participant's contribution up to 6% of regular salary. The Company may also make a discretionary profit-sharing contribution in an amount to be determined annually. No discretionary profit sharing contributions were made by the Company for the year ended December 31, 2015.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution and earnings from participant directed investments, net of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution is based on years of continuous service. A participant is fully vested after three years of continuous service.

Forfeitures

Forfeitures can be applied to reduce future employer contributions and administrative expenses. During the 2015 plan year, $14,005 of forfeitures were used to reduce employer contributions and $739 of forfeitures were used to pay Plan administrative expenses. The forfeiture account balance at December 31, 2015 and 2014 amounted to $7,706 and $14,005, respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct the investment of their contributions to various investment options offered by the Plan. The Plan offers various investment options and allows participants to change their investment options daily.

Notes Receivable from Participants

A participant may borrow from their fund account a minimum of $1,000 up to a maximum equal to the lesser of 50% of a participant's vested account balance or $50,000. The loans are secured by the balance in the participant's account and bear interest at a rate based on the current market rate, as determined by the Plan administrator, at the time of the loan application. At December 31, 2015 and 2014, the interest rates on loans ranged from 3.25% to 8.0%. Principal and interest is paid ratably through payroll deductions.

Plan Administration

The Plan is administered by the Company. The Plan investments are trusteed by the Trustees. The Plan's record-keeper was Ingham Retirement Group as of December 31, 2014 and for the period from January 1, 2015 to December 6, 2015 and Fidelity Management Trust Company for the period December 7, 2015 to December 31, 2015.

Payment of Benefits

Upon termination of service for any reason, a participant (or their beneficiaries) may receive the value of the vested interest in his or her account as a lump-sum distribution.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their allocation of employer contributions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Changes in Accounting Principle

The Plan has early adopted the amendments to accounting for defined contribution pension plans contained in Accounting Standards Update 2015-12. Pursuant to retrospective application of the new guidance in 2015, the accompanying financial statements disaggregate the Plan's investment information only by general type, rather than by class (nature, characteristics and risks) and omit the previously required disclosure of individual investments that represent five percent or more of net assets available for benefits as of the end of the years presented.

Investment Valuation and Income Recognition

All of the Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices at year end. Security transactions are recorded on a trade date basis, which is the date the order to buy or sell is executed. Interest income is accrued on a daily basis. Dividend income is recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

Plan Expenses

Certain administrative functions are performed by employees of the Company. No such employees receive compensation from the Plan. Certain administrative expenses, such as professional fees, are paid directly by the Company. Plan expenses are recorded when incurred.

Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Investments, and affiliate of Fidelity Management Trust Company, and therefore, these transactions qualify as party-in-interest transactions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Concentrations

Substantially all of the Plan's assets are held by the Trustees.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEES (UNAUDITED)

The following information included in the accompanying financial statements and supplemental information was obtained from data that has been prepared by and certified as complete and accurate by the Trustees.

	2015	2014
Investments	$ 18,859,333	$ 18,967,142
Notes receivable from participants (1)	$ 504,480	

For the year ended December 31, 2015, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $888,838 and dividends amounted to $764,267.

(1) At December 31, 2014, the $494,904 of notes receivable from participants were not administered by the Trustee.

NOTE 4. FAIR VALUE MEASUREMENT

Generally accepted accounting principles require the Plan to report its investments at estimated fair value on a recurring basis. Fair value is measured by a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A description of the valuation methodologies the Plan uses for assets measured at fair value is included in Note 2. There have been no changes in the methodologies used at December 31, 2015 and 2014.

The methodologies may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4. FAIR VALUE MEASUREMENT (Continued)

The following table presents information about the Plan's assets measured at fair value as of December 31, 2015 and 2014:

ASSETS, at fair value as of December 31, 2015	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds	$ 18,859,333	$ -	$ -	$ 18,859,333

ASSETS, at fair value as of December 31, 2014	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds	$ 18,967,142	$ -	$ -	$ 18,967,142

There were no transfers between the levels of the fair value hierarchy during the years ended December 31, 2015.

NOTE 5. INCOME TAX STATUS

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan assesses its tax positions in accordance with "*Accounting for Uncertainties in Income Taxes*" as prescribed by the Accounting Standards Codification, which provides guidance for financial statement recognition and measurement of uncertain tax positions taken or expected to be taken in a tax return for open tax years (generally a period of three years from the later of each return's due date or the date filed) that remain subject to examination by the Plan's major tax jurisdictions.

The Plan assesses its tax positions and determines whether it has any material unrecognized liabilities for uncertain tax positions. The Plan records these liabilities to the extent it deems them more likely than not to be incurred. Interest and penalties related to uncertain tax positions, if any, would be reclassified as a component of income tax expense.

NOTE 5. INCOME TAX STATUS (Continued)

The Plan believes that it does not have any significant uncertain tax positions requiring recognition or measurement in the accompanying financial statements.

NOTE 6. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 17, 2016, which is the date the accompanying financial statements were available to be issued.

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the EFGI U.S. Companies 401K Plan (the "Plan") provides only general information. During 2015, the Plan changed its name from EFG Capital International Corporation 401(k) Retirement Plan to EFGI U.S. Companies 401K Plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of EFG Capital International Corporation, EFG Investment Services, Inc. and Subsidiaries, EFG Asset Management (Americas) Corp., EFG Capital Services, LLC (collectively the "Company", "Employer", or "Sponsor") who have completed six months of service. Part-time, temporary, interns, or seasonal employees whose regularly scheduled service is less than 500 hours are excluded from the Plan. Effective December 7, 2015, the Plan was amended and the six months service requirement for full-time employees was eliminated and part-time, temporary, interns, or seasonal employees become eligible to participate in the Plan once they are at least twenty-one years old and have completed at least 1,000 hours of service during an eligibility computation period, as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During December 2015, all Plan assets then held by Reliance Trust Company ("Reliance") were liquidated and the cash proceeds were transferred to Fidelity Trust Management Company ("Fidelity"). Reliance and Fidelity are collectively referred to as Trustees.

Contributions

Each year, participants may contribute a percentage of their pretax and/or after-tax annual compensation, as defined in the Plan, up to the statutory maximum. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company will match the participant contributions at a rate determined each Plan year. For 2015, the matching contributions were 75% of a participant's contribution up to 6% of regular salary. The Company may also make a discretionary profit-sharing contribution in an amount to be determined annually. No discretionary profit sharing contributions were made by the Company for the year ended December 31, 2015.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution and earnings from participant directed investments, net of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution is based on years of continuous service. A participant is fully vested after three years of continuous service.

Forfeitures

Forfeitures can be applied to reduce future employer contributions and administrative expenses. During the 2015 plan year, $14,005 of forfeitures were used to reduce employer contributions and $739 of forfeitures were used to pay Plan administrative expenses. The forfeiture account balance at December 31, 2015 and 2014 amounted to $7,706 and $14,005, respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct the investment of their contributions to various investment options offered by the Plan. The Plan offers various investment options and allows participants to change their investment options daily.

Notes Receivable from Participants

A participant may borrow from their fund account a minimum of $1,000 up to a maximum equal to the lesser of 50% of a participant's vested account balance or $50,000. The loans are secured by the balance in the participant's account and bear interest at a rate based on the current market rate, as determined by the Plan administrator, at the time of the loan application. At December 31, 2015 and 2014, the interest rates on loans ranged from 3.25% to 8.0%. Principal and interest is paid ratably through payroll deductions.

Plan Administration

The Plan is administered by the Company. The Plan investments are trusteed by the Trustees. The Plan's record-keeper was Ingham Retirement Group as of December 31, 2014 and for the period from January 1, 2015 to December 6, 2015 and Fidelity Management Trust Company for the period December 7, 2015 to December 31, 2015.

Payment of Benefits

Upon termination of service for any reason, a participant (or their beneficiaries) may receive the value of the vested interest in his or her account as a lump-sum distribution.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their allocation of employer contributions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Changes in Accounting Principle

The Plan has early adopted the amendments to accounting for defined contribution pension plans contained in Accounting Standards Update 2015-12. Actual results could differ from those estimates.

NOTE 3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEES (UNAUDITED)

The following information included in the accompanying financial statements and supplemental information was obtained from data that has been prepared by and certified as complete and accurate by the Trustees.

	2015	2014
Investments	$ 18,859,333	$ 18,967,142
Notes receivable from participants (1)	$ 504,480	

For the year ended December 31, 2015, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $888,838 and dividends amounted to $764,267.

(1) At December 31, 2014, the $494,904 of notes receivable from participants were not administered by the Trustee.

NOTE 4. FAIR VALUE MEASUREMENT

Generally accepted accounting principles require the Plan to report its investments at estimated fair value on a recurring basis. Fair value is measured by a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A description of the valuation methodologies the Plan uses for assets measured at fair value is included in Note 2. There have been no changes in the methodologies used at December 31, 2015 and 2014.

The methodologies may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4. FAIR VALUE MEASUREMENT (Continued)

The following table presents information about the Plan's assets measured at fair value as of December 31, 2015 and 2014:

ASSETS, at fair value as of December 31, 2015	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds	$ 18,859,333	$ -	$ -	$ 18,859,333

Mutual funds	$ 18,967,142	$ -	$ -	$ 18,967,142

There were no transfers between the levels of the fair value hierarchy during the years ended December 31, 2015.

NOTE 5. INCOME TAX STATUS

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.
