NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

1. Description of Plan

The following brief description of the R&Q Solutions 401(k) Plan (the "Plan") is provided for general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan (a prototype plan) is a defined contribution 401(k) deferred compensation savings Plan covering all employees of R&Q Solutions (the "Company") and any participating affiliates, if applicable, except for employees not required to be taken into account for nondiscrimination testing purposes. An employee is eligible to participate in the Plan on the first day of the month following the completion of six months of service and attaining the age of twenty-one. If an employee becomes eligible to make salary deferrals and has not completed a salary deferral agreement within 30 days after becoming eligible to enter the Plan and make salary deferrals, the Company will automatically withhold 2% of the employee's eligible earnings for each payroll period and contribute that amount to the Plan as a Pre-Tax Elective Deferral. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The effective date of the Plan is June 1, 1991.

Participant Contributions

Participants may contribute up to the maximum amounts permitted by the Internal Revenue Code ("IRC"), including catch-up amounts for participants age 50 and over, as defined in the Plan. This limitation is an aggregate limit that applies to all deferrals made to this Plan, and to any other salary deferral plan.

Rollovers

Rollover contributions are permitted into the Plan in accordance with Internal Revenue Service ("IRS") regulations and plan provisions. Employees may rollover eligible amounts from other qualified plans to the Plan except for rollovers of designated Roth contributions.

Employer Contributions

The Company has elected a Traditional Safe Harbor 401(k) Plan and will make a Safe Harbor Matching Contribution equal to 100% of the first 4% of the participant's elective deferrals. During the year ended December 31, 2015, the Company made matching contributions of \$179,340.

In addition, non-elective discretionary contributions may be made at the option of the Company. No non-elective contributions were made for 2015.

Eligible compensation for computing contributions under the Plan is the taxable compensation for a plan year reportable by the Company on their IRS Forms W-2, adjusted to include compensation which was not includible in such income. These adjustments include salary reduction contributions

NOTES TO FINANCIAL STATEMENTS (Continued)December 31, 2015 and 2014

made to an employer-sponsored cafeteria plan, SEP deferrals, transportation fringe benefits, 401(k) plan and 403(b) and 457(b) programs.

Participant Accounts

Each participant's account is self-directed and maintained by Reliance Trust Company ("Reliance"), the trustee.

Each participant's account is credited with the participant's deferral contribution, a proportionate amount of any employer contributions, and an allocation of the Plan earnings. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The participant determines the percentage of compensation to be deferred (subject to the limitations stated above) and the investment selections from any of the investment options offered by the Plan.

Vesting

Participants are 100% vested in their deferral contribution, safe harbor matching and rollover (if any) contribution accounts. If the Company makes a qualified matching contribution or qualified nonelective contribution, the participant is 100% vested in this contribution account. A participant becomes 100% vested in case of death, total and permanent disability, or attainment of age 65, the Plan's normal retirement age or age 59.5 which is the early retirement age under the terms of the Plan.

If a participant leaves the Company for any other reason the Company's matching contributions other than safe harbor matching contributions, if any, are vested based on the following graded schedule:

<u>Years of Service</u>	<u>Vesting %</u>
Less than 2	0%
At least 2, but less than 3	20%
At least 3, but less than 4	40%
At least 4, but less than 5	60%
At least 5, but less than 6	80%
6 or more	100%

NOTES TO FINANCIAL STATEMENTS (Continued)

December 31, 2015 and 2014

If a participant leaves the Company for any other reason the Company's nonelective contributions, if any, are vested based on the following graded schedule:

<u>Years of Service</u>	<u>Vesting %</u>
Less than 1	0%
At least 1, but less than 2	20%
At least 2, but less than 3	40%
At least 3, but less than 4	60%
At least 4, but less than 5	80%
5 or more	100%

All years of service are credited to determine a participant's vesting service.

Forfeited Accounts

At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$2,269 and \$2,243, respectively. These accounts are used to pay for the Plan's administrative expenses or reduce future employer contributions. During the year ended December 31, 2015, there were no forfeitures utilized to reduce the 2015 employer match contribution.

Notes Receivable From Participants

Loans to participants are allowed in accordance with provisions of the Plan agreement. A participant may borrow the lesser of 50% of his/her vested account balance or \$50,000, subject to a \$500 minimum. However, the \$50,000 is reduced by the highest outstanding loan balance the participant had under the Plan during the previous one-year period. A participant may only have one loan outstanding at a time.

The loans are secured by the balance in the participant's account. The interest rate applicable to new participant loans is the prime interest rate, plus two percentage points, in effect in the month your loan is effective. The interest rate shall remain fixed throughout the duration of the loan. Repayment of the loan is required to be made in level payments of principal and interest through payroll deductions each pay period over a term not exceeding five years, or thirty years for loans used for the purchase of a primary residence. As of December 31, 2015, the notes bear interest at a rate of 5.25%.

Payment of Benefits

A participant may elect to receive benefit payments at the normal retirement age of 65. The Plan also provides for distribution of benefits upon death or in the event of disability of the participant. Upon retirement, death or disability, the participant becomes 100% vested and all amounts credited to the

NOTES TO FINANCIAL STATEMENTS (Continued)

December 31, 2015 and 2014

participant's account shall be distributed to the participant or his or her beneficiary, in a lump-sum payment of the entire account balance. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

In service distributions may be made from a participant's account at any time upon or after the occurrence of the following events:

- Due to hardships, as defined in the Plan agreement,
- Attainment of normal retirement age.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisor, Reliance.

NOTES TO FINANCIAL STATEMENTS (Continued)

December 31, 2015 and 2014

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation included the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2015. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions owed to participants for the year ended December 31, 2015.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Expenses

Administrative expenses of the Plan are paid directly by the Company or by the Plan at the election of the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Concentration of Credit Risk

Financial instruments that potentially subject the participants to risk of loss consist principally of Plan investments and participants' notes receivable.

New Accounting Pronouncements

In May 2015 the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2015-07 ("ASU 2015-07"), Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent), an amendment to Fair Value Measurement Topic 820. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, and interim periods within those fiscal years. Early adoption is permitted. The Plan elected to adopt ASU 2015-07 as of

NOTES TO FINANCIAL STATEMENTS (Continued)

December 31, 2015 and 2014

and for the year ended December 31, 2015. Accordingly, investments measured using the net asset value per share practical expedient have not been categorized within the fair value hierarchy. The amendment has been applied retrospectively to all periods presented.

In July 2015 the FASB issued Accounting Standards Update No. 2015-12 ("ASU 2015-12"), Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965) (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date Practical Expedient. Part I eliminates the requirement to measure the fair value of fully benefit responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III allows an employee benefit plan with a fiscal year end that does not coincide with the end of a calendar month to measure its investments using the month end closest to its fiscal year end. The amendments are effective for fiscal years beginning after December 15, 2015. Earlier application is permitted. The Plan elected to adopt ASU 2015-12 as of and for the year ended December 31, 2015. The applicable amendments of ASU 2015-12 have been applied retrospectively to all periods presented.

3. Fair Value Measurements

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

NOTES TO FINANCIAL STATEMENTS (Continued)

December 31, 2015 and 2014

- Inputs that are derived principally from or are corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

Assets at Fair Value as of December 31, 2015

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

NOTES TO FINANCIAL STATEMENTS (Continued)

4. Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in any employer contributions.

5. Information Certified by Reliance

Reliance has certified that the following information is complete and accurate as of December 31, 2015 and 2014 and for the year ended December 31, 2015:

	As of December 31,	
	2015	2014
Investments at fair value	\$ 4,244,577	\$ 4,483,304
Total plan investments	\$ 4,244,577	\$ 4,483,304

Net depreciation in fair value of investments		\$ (228,481)
Dividend and interest income		220,942
Investment loss		\$ (7,539)
Interest income on notes receivable from participants		\$ 2,689

6. Tax Status

The Company has adopted a prototype plan which has been determined by the IRS to be in accordance with applicable sections of the IRC by a letter dated July 8, 2014.

Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal and state taxing authorities. The Plan administrator has analyzed the

NOTES TO FINANCIAL STATEMENTS (Continued)

December 31, 2015 and 2014

tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

7. Related-Party and Party-in-Interest Transactions

Plan investments that are shares of mutual funds and common trust funds managed by Reliance would qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investment, as they are paid as a percentage of the average daily assets in the investment, ranging from an annual rate of .00150% to .00325%, rather than direct payment.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. Reconciliation of Certain Financial Statement Amounts to Amounts in Form 5500

The following is a reconciliation of net assets available for benefits as reported in the financial statements to amounts reported on Form 5500:
