(1) Description of plan

The following description of the IVCi, LLC 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan, which was established in 2001, is a defined contribution 401(k) salary deferred and profit sharing plan. The Plan is currently sponsored by IVCi, LLC (the "Employer"). The Plan covers substantially all employees with at least three months of consecutive service who have worked at least 1,000 hours annually and have attained age 21 or older ("participants"). Eligible employees can begin participating in the Plan on the first day following when eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective March 1, 2015, 401k SAFE, LLC (the "Plan Sponsor") became responsible for oversight of the Plan.

(b) Contributions

Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan Sponsor may make a discretionary matching contribution equal to the lessor of 30% of each participant's deferral contribution or 2% of the taxable wage base for that pay period. Discretionary matching contributions totaled $148,835 and $122,714 for the years ended December 31, 2015 and 2014, respectively.

The Plan also provides that the Plan Sponsor may contribute each year a discretionary profit sharing amount; however, such discretionary contributions by the Plan Sponsor are not required. No discretionary profit sharing contributions were made by the Plan Sponsor during 2015 or 2014.

The Plan Sponsor and participant contributions may not exceed the maximum amount deductible for income tax purposes.

(c) Participant accounts

Each participant's account is credited (charged) with the participant's and Employer's matching contributions and allocations of the Employer's profit sharing contributions, investment earnings (losses) and administrative expenses. Allocations are based on participant compensation, account balances, or specific participant transactions as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(d) Vesting

Participants are immediately vested in their elective salary deferral contributions plus actual earnings (losses) thereon. Vesting in the Employer's matching and discretionary profit-sharing contributions are based on years of continuous service. Participants vest 25% after two years of service and 25% each year thereafter until they become 100% vested after five years of service.

(e) Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balances. The loans are secured by the balances in the participants' accounts and bear interest at a fixed rate of 4.25% at December 31, 2015, which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is collected ratably through payroll deductions.

(f) Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum payment equal to the value of the participant's vested interest in his or her account, or periodic installments over a fixed period of time, not to exceed the life expectancy of the participant. For termination of service due to other reasons, a participant will be entitled to receive the value of the vested interest in his or her account as a lump sum distribution.

(g) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Employer contribution portion of their accounts. At December 31, 2015 and 2014, forfeited nonvested accounts totaled $59,351 and $53,670, respectively. These accounts will be used to reduce future employer contributions and pay administrative expenses. Employer matching contributions were reduced by $54,522 during 2015. During 2014, no forfeited nonvested accounts were utilized.

(h) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance. Participants are not permitted to make contributions to the Plan for a period of six months following a hardship withdrawal.

(i) Administrative expenses

Certain administrative expenses are paid by the Employers; while certain administrative expenses are paid by the Plan.

Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts.

Certain fees incurred by the Plan for the investment management services are netted within net appreciation (depreciation) in fair value of the investments, as they are paid through revenue sharing rather than as a direct payment.

(j) Plan termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

(2) Summary of significant accounting policies

(a) Recently adopted accounting pronouncement

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-12, *"Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient"* ("ASU 2015-12"), which simplifies the required disclosures related to employee benefit plans.

- Part I eliminates the requirement to measure and disclose the fair value of fully benefit-responsive contracts. Contract value is the only required measure for fully benefit-responsive investment contracts.

- Part II eliminates the requirement to disclose individual investments which comprise 5% or more of total net assets available for benefits, as well as the net appreciation (depreciation) of fair values by type. Part II also requires plans to continue to disaggregate investments that are measured using fair value by general type, however plans are no longer required to also disaggregate investments by nature, characteristics and risks. Furthermore, the disclosure of information about fair value measurements shall be provided by general type of Plan asset.

- Part III is not applicable to the Plan.

Management of the Plan elected to early adopt ASU 2015-12 as of December 31, 2015, and has applied the provisions retrospectively. The Plan Sponsor has eliminated its historical disclosure of individual investments which comprise 5% or more of total net assets available for benefits, as well as the net appreciation (depreciation) of fair values by type. There were no other impacts on the statements of net assets available for benefits as of December 31, 2015 and 2014, or the statements of changes in net assets available for benefits for the years then ended.

(b) Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(c) Investment valuation and income recognition

Investments are reported at fair value, except for the benefit-responsive guaranteed investment contract, which is reported at contract value (see Note 5). Purchases and sales of securities are recorded on a trade-date basis. See Note 4 for further discussion of fair value measurements. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan agreement.

(e) Payment of benefits

Benefits are recorded when paid.

(f) Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(g) Events occurring after reporting date

Management of the Plan have evaluated events and transactions that occurred between December 31, 2015 and October 14, 2016, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Summary of information certified by the trustees

The following information was certified as complete and accurate by Lincoln Financial Group Trust Company, LLC ("Lincoln"), trustee, as of December 31, 2015 and for the period from March 1, 2015 through December 31, 2015 and Nationwide Trust Company, FSB ("Nationwide"), trustee, as of December 31, 2014 and for the period from January 1, 2014 through February 28, 2015.

	2015	2014
Mutual funds	$ 8,666,542	$ 9,259,639
Guaranteed investment contracts	$ 952,352	$ -
Interest income on notes receivable form participants	$ 7,196	$ 9,870
Notes receivable from participants	$ 163,636	$ 223,672
Net appreciation (depreciation) in the fair value of investments	$ (16,046)	$ 644,992

(4) Fair value measurements

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

(i) *Mutual funds*: Valued at the net asset value of shares held by the Plan at year end based on a quoted price in an active market.

(ii) *Non-benefit-responsive guaranteed investment contract*: Valued at contract value, which approximated fair value, based on the amount the Plan Sponsor would receive if they terminated the contract at the reporting date, which is book value determined by the insurance company. See Note 5 for additional provisions of the investment contract.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Fair Value Measurements as of December 31, 2015 using the following measurements			
	Level 1	Level 2	Level 3	Total
Investments at fair value - mutual funds	$ 8,666,542	$ -	$ -	$ 8,666,542

	Fair Value Measurements as of December 31, 2014 using the following measurements			
	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	$ 9,259,639	$ -	$ -	$ 9,259,639
Non benefit-responsive guaranteed investment contract	-	186,872	-	186,872
Investments at fair value	$ 9,259,639	$ 186,872	$ -	$ 9,446,511

(5) Investment contracts

During 2015, the Plan entered into a guaranteed investment contract with Lincoln, a related party to the trustee. The guaranteed investment contract is considered fully benefit-responsive. The trustee maintains the Plan's contributions in a general account which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract was $952,352 as of December 31, 2015.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan,) (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Employers or other Employer events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

The investment contracts do not permit the trustee to terminate the agreement prior to the scheduled maturity date.

During 2015 and 2014, the Plan was party to a guaranteed investment contract with Nationwide, the trustee of the Plan. This investment contract was not considered fully-benefit responsive under generally accepted accounting standards. Nationwide maintained the Plan's contributions in a pooled account which was credited with earnings on the underlying investments and charged for Plan withdrawals and investment expenses. There were no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value, which approximated contract value, of the investment contract was $186,872 at December 31, 2014. The average yield and crediting interest rates were approximately 2.20% for 2014.

(6) Excess contributions

At December 31, 2015 and 2014, a payable of $23,817 and $53,966, respectively, was recorded for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service.

(7) Income tax status

The Employer adopted a prototype plan which received a favorable determination letter on March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the Plan was in compliance with the applicable requirements of the IRC. The Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator believes that the Plan is designed, as amended, and is currently being operated, in compliance with the applicable provisions of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Untimely remittance of participant contributions

The Plan Sponsor is required by Department of Labor regulation to remit participant contributions as soon as practicable, but by no later than the fifteenth business day following the end of the month in which the amounts were withheld from wages. For certain contributions withheld from payrolls during 2015 totaling $32,285, the funds were not remitted timely. The Plan Sponsor is currently assessing the impact of lost earnings that may be applicable on late remittances related to amounts withheld from wages in 2015. For certain contributions withheld from payrolls during 2014 and 2013 totaling $300,570, the funds were not remitted timely and lost earnings were calculated and remitted to the Plan during 2015.

(9) Related-party transactions

Certain Plan investments consisting of guaranteed investment accounts were managed by Lincoln and Nationwide, the trustees, and, therefore, these transactions qualify as party-in-interest transactions. Administrative expenses of $68,687 and $72,705 were paid to the trustees and the Plan's third party administrator in 2015 and 2014, respectively. The Plan also holds notes receivable from participants which qualify as party-in-interest transactions.

(10) Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2015 and 2014:

	2015	2014
Net assets available for benefits per the financial statements	$ 9,759,867	$ 9,616,217
Excess contributions payable	23,817	53,966
Miscellaneous difference	(892)	262
Net assets available for benefits per the Form 5500	$ 9,782,792	$ 9,670,445

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2015 and 2014:

	2015	2014
Change in net assets available for benefits per the financial statements	$ 143,650	$ 768,943
Change in excess contribution payable	(30,149)	53,966
Change in miscellaneous difference	(1,154)	262
Change in net assets available for benefits per the Form 5500	$ 112,347	$ 823,171

(11) Risks and uncertainties

The Plan invests various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.
