Retirement Savings Plan

Notes to Financial Statements

December 31, 2015 and 2014

Note 1 - Plan Description

The following description of David S. Smith (Holdings) America, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan with a 401(k) salary reduction arrangement covering all employees of David S. Smith (Holdings) America, Inc., StePac USA, and David S. Smith America, Inc. (collectively, the "Sponsor") who are not subject to a collective bargaining agreement for which retirement benefits have been the subject of good faith negotiations or are not a leased employee. Employees are required to be at least 21 years of age, complete six months of continuous service, and have at least 1,000 hours of service during the 12-month period beginning with the date the employee first performs an hour of service in order to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Participants may contribute pre-tax salary deferrals and/or ROTH after-tax contributions up to 40 percent of annual compensation, as defined in the Plan, subject to the maximum tax-deferred limitation established by the Internal Revenue Code. Participants are automatically enrolled with a 5 percent deferral in the Plan within a reasonable period of time after meeting the eligibility requirements, unless they affirmatively decline to participate in the Plan. In addition to new participants, any eligible participant of the Plan as of January 1, 2015 who was contributing to the Plan at a rate of less than 5 percent, was automatically enrolled at a contribution rate of 5 percent, unless the participant had previously opted out of the Plan. Participants may also contribute amounts representing rollover distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

During 2014 and 2013, the Sponsor remitted certain employee deferrals to the Plan after the Department of Labor's required timeframe. The Sponsor has made a contribution of the lost earnings in 2015.

Matching Contributions - For the year ended December 31, 2015, the Sponsor made required matching contributions of 100 percent for the first 3 percent and an additional 50 percent of the next 2 percent of base compensation that a participant contributed to the Plan. The matching contribution is invested directly into various investment options as directed by the participant.

David S. Smith (Holdings) America, Inc.

Retirement Savings Plan

Notes to Financial Statements

December 31, 2015 and 2014

Note 1 - Plan Description (Continued)

Discretionary Profit-sharing Contributions - The Sponsor may also make discretionary profit-sharing contributions at the option of the Sponsor's board of directors. Profit-sharing contributions are allocated according to the ratio of each participant's eligible compensation to the total eligible compensation paid to all participants for the plan year. The Sponsor made no discretionary contributions in 2015.

Participant Accounts - Each participant's account has been credited with the participant's contribution, allocations of the Sponsor's contribution, and plan earnings and charged with an allocation of administrative expenses. Allocations are based on a participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the participant's vested account balance. Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting - Participants are immediately fully vested in their contributions, rollovers, and the Sponsor's safe harbor matching contributions to the Plan plus earnings thereon. Vesting in the Sponsor's discretionary contribution portion of their accounts plus earnings thereon is based on years of continuous service beginning at 20 percent after two years of service and increasing 20 percent for each year of continuous service thereafter. A participant is 100 percent vested after six years of service with the Sponsor.

Participant Notes Receivable - Participants may borrow from their fund accounts a minimum of \$1,000 up to the maximum equal to the lesser of \$50,000 or 50 percent of their vested account balances. The participant notes receivable are secured by the balance in the participant's account and participant note receivable terms generally range from one to five years, unless the participant note receivable is for the purchase of a principal residence, in which case the participant note receivable term may be longer. The notes bear interest at 1 percent above the prime rate. Principal and interest payments are generally made through payroll deduction.

Payments of Benefits - Upon termination of employment, retirement, or disability, the participant or, in the case of death, the beneficiary may elect to receive the participant's vested interest in his or her account balance in a single lump sum.

Hardship Withdrawals - Participants may request hardship withdrawals for extreme hardships, pursuant to plan requirements, not to exceed the total amount of employee contributions to date. Participants receiving hardship withdrawals are prohibited from contributing to the Plan for a period of six months from the date of the withdrawal.

Forfeitures - Forfeitures are used to reduce future company contributions that would otherwise be made for the plan year.

David S. Smith (Holdings) America, Inc.

Retirement Savings Plan

Notes to Financial Statements

December 31, 2015 and 2014

Note 1 - Plan Description (Continued)

Termination - While it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions in the plan document and ERISA. Upon plan termination, participants become 100 percent vested in their account balances.

Party-in-interest Transactions - Certain plan investments are managed by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (the "Custodian") and its affiliates. Principal Trust Company is the custodian as defined in the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value. The common collective trust fund and pooled separate accounts are valued at net asset value per share or its equivalent of the funds, which are based on the fair value of the funds' underlying assets. There are no redemption restrictions or unfunded commitments on these investments.

All other investments are valued based on quoted market prices. See Note 4 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs are paid by the Sponsor.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

David S. Smith (Holdings) America, Inc.

Retirement Savings Plan

Notes to Financial Statements December 31, 2015 and 2014

Note 2 - Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Change in Presentation - The presentation of the stable value common collective trust for 2014 has been changed to be consistent with the 2015 presentation. The fund is presented using net asset value (NAV) per unit as a practical expedient for the fair value of the investment without presentation of contract value or the difference between fair value and contract value. This change in presentation resulted from a recent clarification from the Financial Accounting Standards Board, and had no effect on total net assets available for benefits or the change in net assets available for benefits.

New Accounting Pronouncements - During 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) Nos. 2015-07, *Disclosures for Investments In Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)* and 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient*. ASU No. 2015-07 amended ASC 820, *Fair Value Measurements*, and removed the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. Part II of ASU No. 2015-12 is applicable to the Plan and modifies the investment disclosures under ASC 820 and 962. The disclosure requirements for ASU No. 2015-07 and ASU No. 2015-12 are effective for fiscal years beginning after December 15, 2016 and December 15, 2015, respectively, for nonpublic entities, and are required to be adopted retrospectively for all comparative periods presented. Management does not expect the adoption of these standards to have a significant impact on the Plan's financial statements.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including September 16, 2016, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (the "Custodian") holds the Plan's investments and participant notes receivable and executes related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by the Custodian.

Significant investments included in end of the year net assets are as follows:

	2015	2014

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2015 and 2014.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

David S. Smith (Holdings) America, Inc.

Retirement Savings Plan

Notes to Financial Statements December 31, 2015 and 2014

Note 4 - Fair Value Measurements (Continued)

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no significant transfers between levels of the fair value hierarchy during 2015.

Note 5 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code. Accordingly, no provision for income taxes has been made in the accompanying financial statements.
