DAYBROOK FISHERIES INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

1 DESCRIPTION OF PLAN

Effective March 1, 1990 Daybrook Fisheries Inc. (the "Company") established The Daybrook Fisheries Inc. 401(K) Plan (the "Plan"). The following description of the Plan provides only general information. Participants should refer to the summary plan description document for a more complete description of the Plan's provisions.

A. GENERAL:

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Every employee who was employed on the effective date of the Plan is automatically eligible to participate. Employees hired after the effective date are eligible upon satisfying certain specific service and age requirements. Any employee who has attained the age of 21 and has completed sixty consecutive days of service is eligible to participate in the Plan on the first day of the quarter coinciding with or next following the date he or she has satisfied such requirements.

B. PLAN CONTRIBUTIONS:

Participants are eligible to make a salary reduction contribution up to the maximum amount allowed by law (i.e., Code Sections 402(g) and 415). As a Safe Harbor Plan, the employer makes matching contributions to the account of each eligible participant in an amount equal to the sum of 100% of the amount of the participant's elective deferrals that do not exceed 3% of the participant's compensation, plus 50% of the amount of the participant's elective deferrals that exceed 3% of the participant's compensation, but do not exceed 5% of the participant's compensation.

C. PARTICIPANTS' ACCOUNTS:

Each participant's account is credited with the participant's contributions, allocations of the Company's matching contributions, and Plan gains or losses. Allocations of earnings or losses for each fund are based on the ratio of weighted average participant account balances per fund to the total weighted average of all participant account balances. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's accounts.

D. VESTING:

Participants are immediately 100% vested in the contributions made by them and the matching contributions made by the Company.

E. INVESTMENT OPTIONS:

Upon enrollment in the Plan, participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. Participants may direct their contributions into one or more mutual funds and a money market fund.

F. DISTRIBUTIONS:

Upon retirement, disability or death, a participant or beneficiary receives the entire amount credited to the participant's account in either a lump sum or, at the participant's election, in annual installments. Upon termination, other than by retirement, disability or death, a participant becomes eligible to receive the current value of the participants' vested account in a lump-sum.

G. PARTICIPANT LOANS RECEIVABLE:

Each participant may borrow against his or her account in an amount not to exceed the lesser of \$50,000 or 50% of the participant's vested account balance. Loans bear interest, which is contributed to the participant's account, at a rate equal to the "prime rate", adjusted monthly, and are repaid in a period not to exceed five years, except if the loan is used to acquire the participant's principal residence, the repayment period is fifteen years. As of December 31, 2015 and 2014 the Plan had loans receivable from participants with principal balances totaling \$522,353 and \$538,286, respectively, which are included with investments in the accompanying Statement of Assets Available for Benefits.

H. TERMINATION OF THE PLAN:

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

I. FORFEITURES

Forfeitures are used to reduce administrative charges to the Plan.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. BASIS OF ACCOUNTING:

The accompanying financial statements have been prepared on the cash basis of accounting in accordance with accounting principles generally accepted in the United States of America.

B. USE OF ACCOUNTING ESTIMATES:

The preparation of financial statements in conformity with accounting generally accepted accounting principles in the United States of America require management to make estimates and assumptions that affect the reported amounts of certain assets, liabilities and disclosures. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

C. INVESTMENT VALUATION AND INCOME RECOGNITION:

Investments in common/collective trusts and mutual funds are stated at fair value. The net appreciation in the fair value of investments includes realized and unrealized gains and losses on the fair value of investments held by the Plan. Loans to participants are valued at their outstanding balance, which approximates fair value. Purchases and sales of investments are recorded on a settlement date basis. Interest income is accrued as it is earned and dividends are recorded as of the ex-dividend date. The Plan's interest in the collective trust is valued based on information reported by the Trustee using the audited financial statements of the collective trust as of year-end.

As described in Financial Accounting Standards Board Staff Position FSP, AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined Contribution Health and Welfare Pension Plans (the FSP), investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of net assets available for benefits for a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount that participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. As required by the FSP, the Statement of Net Assets Available for Plan Benefits presents the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts. The Statement of Changes in Net Assets Available for Plan Benefits is prepared on a contract value basis.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation in fair value of investments.

The change in net unrealized appreciation/depreciation of investments held from the beginning of the plan year to the end of the plan year is included with realized gains/losses as net investment income/loss reported in the accompanying Statement of Changes in Net Assets Available for Plan Benefits.

D. CONTRIBUTIONS:

Contributions from employees and the Company are recorded in the period in which the Company makes the payroll deductions from participant earnings.

E. DISTRIBUTIONS:

Distributions are recorded when paid. At December 31, 2015 and 2014 there were no benefits processed and approved for payment, but not paid.

F. EXPENSES:

Certain of the Plan's administrative expenses are paid by the Company.

3 INVESTMENTS (UNAUDITED)

The Plan's investments were held in trust and administered by the Trustee. All investment information presented in the accompanying financial statements and supplementary schedule, including investments held and net appreciation/depreciation in fair value of investments and interest and dividends, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Trustee.

The fair value of investments that represented 5 percent or more of net assets available for plan benefits as of December 31, 2015 and 2014 was as follows:

4 FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 1 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2015 and 2014.

- *Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Collective Trust Fund:* Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

5 CONCENTRATIONS

As of December 31, 2015 and 2014, approximately 21% and 19% of the Plan's assets were invested in the Wells Fargo Stable Return Fund. The underlying value of the growth fund is dependent on the performance of the Wells Fargo Stable Return Fund and the market's evaluation of such performance. It is at least reasonably possible that changes in the fair value of the Wells Fargo Stable Return Fund in the near term could materially affect participants' account balances and the amounts reported in the Statement of Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

6 RISKS AND UNCERTAINTIES

The Plan's investments, in general, are subject to various risks, such as interest rate, credit and overall market volatility risk. Additionally, the value, liquidity, and related income of the investment securities are sensitive to changes in economic conditions and may be affected by shifts in the market's perception of issuers and changes in interest rates. Certain investments are less liquid and may have restrictions on their sale. Forced liquidation, although not expected at this time, may affect the estimated value of such investments. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits and the funded status of the Plan.

7 TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt. Income tax returns are subject to examination by major tax jurisdictions for the years 2012 through 2015.

8 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

9 INFORMATION CERTIFIED BY THE TRUSTEE

The information included in (i) the accompanying statement of net assets available for benefits as of December 31, 2015 and 2014 (ii) the statements of changes in net assets available for benefits (except employer contributions and benefits paid) for the years ended December 31, 2015 and 2014 has been prepared by the trustee of the Plan. The Plan administrator has obtained certifications from the Trustee that such information is accurate.

10 PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in common/collective trusts and registered investment companies sponsored by State Street Bank and Trust Company, the Plan's Trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Administrative fees related to the Trustee's administration of the Plan are paid by the Plan. Other administrative fees are paid by the Plan sponsor on behalf of the Plan. Loans receivable from participants also qualify as party-in-interest transactions.

Schedule C Soft Dollar Compensation Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information ("SAI").

For additional information on soft dollar compensation, refer to the section of the mutual fund's SAI that discusses brokerage allocation and other practices.
