As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by MG Trust Company, LLC and State Street Bank and Trust Company, the trustees of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2015 financial statements. Accordingly, we do not express an opinion on the 2015 financial statements referred to in the first paragraph.

Other Matter – Report on Supplemental Information

The supplemental schedule of delinquent participant contributions as of December 31, 2015, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2014 Financial Statements

The financial statements of the Plan as of December 31, 2014, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by MG Trust Company, LLC the trustee of the Plan. Their report, dated October 12, 2015, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2015

The form and content of the information included in the 2015 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DURO HILEX POLY, LLC RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2015 AND 2014

1. Description of Plan:

The following description of Duro Hilex Poly, LLC Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which is offered to all eligible employees who are not covered by a collective bargaining agreement. Employees are eligible to become participants once they have reached eighteen years of age or older and can enroll in the Plan on the first day of the month after the date of eligibility, as defined in the plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). As part of an asset purchase agreement dated June 11, 2014, the rights and obligations of this Plan were transferred from Duro Bag Manufacturing Company to Duro Hilex Poly, LLC. Effective January 1, 2015, the Plan was amended and restated. As a result of the restatement, the name of the Plan changed from Duro Bag Manufacturing Company Retirement Savings Plan to Duro Hilex Poly, LLC Retirement Savings Plan.

Plan Merger

On December 17, 2015, the Board of Directors of Novolex Holdings, Inc., a controlling party of Duro Hilex Poly, LLC, approved the merger of this Plan into the Novolex Holdings, Inc. 401(k) Plan (the "Novolex Plan"), effective December 31, 2015. As a result, all investments were transferred from the Plan into the Novolex Plan on that date.

Contributions

Participants in the Plan may elect to contribute on a pretax basis up to 90% of their eligible compensation, as defined, subject to certain statutory limitations. For 2015 and 2014, the deferred amount may not exceed \$18,000 and \$17,500, respectively. Additionally, the Internal Revenue Code allows for participants over the age of 50 to make additional contributions (catch-up contributions) in excess of these limits. The maximum catch-up contributions for 2015 and 2014 were \$6,000 and \$5,500, respectively. Participants are also provided the option to make Roth 401(k) contributions. The Company makes a safe harbor matching contribution to each eligible participant's account in an amount equal to 100% of the first 3% and 50% of the next 2% of eligible compensation, as defined, that a participant contributes to the Plan for the plan year. In addition, the Company may make additional qualified nonelective contributions at the discretion of the Company. Participants may also contribute amounts representing distributions from other qualified defined benefit plans or contribution plans. Participants direct the investment of all contributions into various investment options offered by the Plan.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's pretax or Roth contributions, the Company's matching contribution, plan earnings or losses, and administrative expenses which are allocated proportionately among all participants based on their investment in each fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2015 AND 2014

1. Description of Plan (continued):

Vesting

Effective January 1, 2015, participants are vested at all times in their pretax, Roth, rollover, qualified nonelective, and matching contributions and earnings or losses thereon. Prior to January 1, 2015, participants became vested in the Company's matching contributions as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	25%
2	50%
3	75%
4	100%

Notes Receivable from Participants

Participants may borrow up to 50% of their vested account balance, subject to a minimum of \$500 and a maximum of \$50,000. Loan transactions are treated as a transfer between the investment funds and the loan fund. Loan must be repaid over a period not extending beyond five years, or up to thirty years for the purchase of a primary residence. Loans are secured by the balance in the participant's account and bear interest at a rate approximating current commercial lending rates at the time of the loan. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump-sum payment or an installment payment over a fixed number of years. Participants may withdraw all of their pretax and Roth contributions, subject to certain restrictions and tax penalties.

Forfeited Accounts

Forfeitures occur upon termination of employment by a participant who is not fully vested in the Plan. These accounts will be used first to pay administrative expenses of the Plan, and any remaining amount may be used to reduce employer contributions. In 2015, \$-0- were used to pay administrative expenses of the Plan and \$-0- were used to reduce employer contributions. Forfeiture balances available for the years ended December 31, 2015 and 2014 were \$-0- and \$16,816, respectively.

2. Summary of Significant Accounting Policies:

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All Plan assets were transferred to the Novolex Plan before close of business on December 31, 2015. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2015 AND 2014

2. Summary of Significant Accounting Policies (continued):

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ significantly from those estimates. The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014.

Excess Contributions Payable

At December 31, 2015 and 2014, amounts payable to participants totaling \$-0- and \$21,749, respectively, for contributions in excess of amounts allowed by the IRS or by the Plan are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2014 excess contributions to the applicable participants prior to March 15, 2015.

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Reclassifications

Certain amounts in the 2014 financial statements have been reclassified for comparative purposes to conform to the presentation of the 2015 financial statements.

Date of Management's Review

Subsequent events have been evaluated through October 14, 2016, the date which the financial statements were available to be issued.

3. Information Certified by the Trustee:

The following information included in the accompanying financial statements and supplemental information as of, and for the years ended December 31, 2015 and 2014, was provided and certified by State Street Bank and Trust Company, the trustee of the Plan (the "Trustee") and MG Trust Company, LLC, the Plan's predecessor trustee, as complete and accurate:

	2015	2014
American Funds Balanced Fund*	\$ -0-	\$ 3,449,919

* Investment did not meet the five percent threshold as of December 31, 2015, but is presented for comparative purposes.

During the year ended December 31, 2015, the Plan's investments depreciated in value by \$590,278. The change in value includes gains and losses on investments bought and sold, as well as held during the year.

4. Fair Value Measurements:

FASB ASC 820, *Fair Value Measurements* ("ASC 820") defines fair value, establishes a consistent framework for measuring fair value and establishes a fair value hierarchy based on the observability of inputs used to measure fair value. The objective of a fair value measurement is to determine the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Accordingly, the fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy under ASC 820 are described as follows:

Level 1	Unadjusted quoted market prices in active markets for identical unrestricted assets or liabilities that the Plan has the ability to access at the measurement date.
Level 2	Other significant observable inputs, including quoted prices for similar securities, interest rates, prepayment speeds, credit risk and others. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

DURO HILEX POLY, LLC RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2015 AND 2014

4. Fair Value Measurements (continued):

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no significant changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Net assets values (NAV) are generally obtained from The National Securities Clearing Corporation, directly from the fund house, and/or a secondary processing source.

Collective trust funds: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

Assets at Fair Value as of December 31, 2015

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2015 AND 2014

5. Tax Status:

The Internal Revenue Service has determined and informed the Trustee by a letter dated March 31, 2014 that the prototype plan on which the Plan is based and the related trust were designed in accordance with the applicable regulations of the Internal Revenue Code (IRC). The prototype plan has been amended subsequent to that date. However, the Plan administrator believes that the Plan, which is based on the prototype plan, was at all times during the years ended December 31, 2015 and 2014, designed and operated in compliance with the applicable requirements of the IRC, and that the Plan and related trust continued to be tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service or Department of Labor. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

6. Risks and Uncertainties:

The Plan invests in various investments securities. Investment securities, in general, are exposed to various risks, including interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

7. Assets Allocated to Terminated Participants:

Net assets available for benefits include amounts allocated to the accounts of persons who were terminated prior to year-end but had not yet received payment. At December 31, 2015, the vested account balances of terminated participants are \$-0-.

8. Reconciliation of Financial Statements to Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2014:
