Optimus Industries Collective Bargaining Unit Plan

Report on the financial statements

We were engaged to audit the accompanying financial statements of Optimus Industries Collective Bargaining Unit Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information described in Note C, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entities meet the requirements of 29 CFR 2520.103-8. The Plan administrator obtained a certification from these entities as of December 31, 2015 and 2014, and for the year ended December 31, 2015, stating that the certified information provided to the Plan administrator is complete and accurate.

1. General

The Plan is a defined contribution plan available for eligible employees of Optimus Industries, LLC (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan changed trustees from Bank of Oklahoma, N.A. to Lincoln Financial Group ("Lincoln") (collectively, the "Trustees") during 2014.

2. Eligibility

All permanent, non-salaried employees who are included under the collective bargaining agreement (the "Agreement") and have completed one year of service are eligible to participate in the Plan. A year of service requires at least 1,000 hours of service during any Plan year on the basis of actual hours for which an employee is paid or entitled to payment. Leased employees are not allowed to participate in the Plan. Entry dates are on the first day of the month coinciding with or following the date an employee completes the eligibility requirement.

3. Contributions

The Plan provides for pre-tax employee contributions up to 100% of eligible compensation, as defined in the Plan agreement, not to exceed the maximum amount allowable under the Internal Revenue Code ("IRC"). The Plan agreement requires each participant electing to participate to contribute a minimum of $0.20 per hour into the Plan.

The Plan provides for a matching contribution of an amount equal to $0.20 per hour or 50% of the participant's contribution into the Plan up to 6% of the participant's gross wages, whichever is greater.

4. Investment Options

A participant may direct investment of his/her funds which have been contributed through salary deferral into one of the investment options or a combination of them. Company contributions are allocated in the same proportion as participant contributions.

Investment options available include various mutual funds and an investment contract with the Trustee.

5. Participant Accounts

Each participant's account is credited with the participant's contributions, the participant's allocable share of investment earnings or losses from the Plan, and an allocation of the Company's contributions. Allocations of investment earnings or losses are based on the ratio of each participant's account balance to the total Plan account balances for all participants for those investments.

6. Forfeitures

Forfeitures are used to reduce the employer's matching contribution for the year in which the forfeitures occur or are used to pay expenses incurred to maintain the Plan.

7. Vesting

Participants are immediately vested in their salary deferral and voluntary contributions plus or minus any earnings or losses thereon. Participants vest in Company contributions at the rate of 20% per year of service, beginning after the second year, until fully vested after six years in the Plan.

All participants become fully vested upon retirement, death, permanent and total disability, or termination of the Plan.

8. Plan Termination

The Company has not expressed any intent to terminate the Plan. Under the Agreement, the Company must maintain the Plan for the term of the Agreement. The current Agreement is effective until November 30, 2018.

9. Withdrawals and Benefit Payments

Participants or their designated beneficiary receive 100% of their individual account balance upon retirement, death, or disability.

Participants who have not separated from service may withdraw all or part of their voluntary contributions and earnings thereon in the event of a defined hardship.

Distributions are made in cash in the form of a lump-sum payment if the vested balance is less than $5,000. For accounts over $5,000, cash payments may be in the form of lump-sum or installment payments.

10. Notes Receivable from Participants

Participants may borrow a minimum of $1,000 and a maximum of the lesser of $50,000 or 50% of the vested interest in the participant's account. Participant loans are classified as notes receivable from participants, which are segregated from plan investments and measured at their principal plus any accrued, unpaid interest. The loans are secured by the balance in the participant's account and bear interest equal to the Trustee's one-year certificate of deposit rate plus 2.50% (4.25% at December 31, 2015).

B - SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. Investment Valuation

Mutual Funds/Investments are reflected in the accompanying financial statements at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note D for further discussion of investment fair value.

3. Recognition of Income

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimates.

5. Distributions Paid to Participants

Benefit payments are recorded when paid.

6. Administrative Expenses

Expenses of maintaining the Plan are normally paid by the Company. Occasionally, Plan expenses are paid using forfeitures.

7. Investment Valuation and Income Recognition

In accordance with Financial Accounting Standards Board ("FASB") guidance, investments held by a defined-contribution plan are required to be reported at fair value, except for its indirect investment in a fully benefit-responsive investment contract, which is stated at contract value (See Note E). However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invested in investment contracts through the Lincoln Stable Value Account.

8. Recently Issued Accounting Standards

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Only Parts I and II are applicable to the Plan. Part I eliminates the requirements to measure the fair value of Fully Benefit-Responsive Investment Contracts ("FBRICs") and provide certain disclosures. The ASU also clarifies that indirect investments in FBRICs through investment companies, such as stable value common/collective trust funds, are not included in the scope of the FBRICs guidance because these types of investments typically qualify for measuring fair value at the NAV practical expedient. Part II eliminates the requirements to disclose

individual investments that represent five percent or more of net assets available for benefits and the net appreciation/(depreciation) in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. The ASU is effective for fiscal years beginning after December 15, 2015. Plans may early adopt any of the three parts, and Parts I and II are to be applied retrospectively.

The Plan elected to early adopt Part I and II of ASU 2015-12. As a result of the retroactive application of Parts I and II, the Statements of net assets available for benefits have been retrospectively adjusted to remove the adjustment from fair value to contract value for FBRICs. Additionally, the Investments at fair value on the Statement of net assets available for benefits and the notes to the financial statements have been retrospectively adjusted to reflect the simplifications permitted by ASU 2015-12.

C - INFORMATION PREPARED AND CERTIFIED BY TRUSTEES

The plan administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations and Disclosure under ERISA. Accordingly, Lincoln Financial Group has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments and notes receivable from participants, as shown in the Statements of net assets available for benefits as of December 31, 2015 and 2014;
- Net investment income and interest on notes receivable from participants, as shown in the Statement of changes in net assets available for benefits for the year ended December 31, 2015; and
- The Schedule of assets (held at end of year) as of December 31, 2015.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

D - FAIR VALUE MEASUREMENTS

The framework used for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the net asset value of shares held by the Plan at year end.

Guaranteed investment contract: The investment contract with Lincoln is composed primarily of fully benefit-responsive investment contracts and is valued at net asset value. The net asset value ("NAV") is used as a practical expedient to estimate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,412,398	$ -	$ -	$ 3,412,398
Total assets in fair value hierarchy	$ 3,412,398	$ -	$ -	$ 3,412,398
Investments measured at NAV (a)				10,533
Total investments at fair value				$ 3,422,931

	2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,460,183	$ -	$ -	$ 3,460,183
Total assets in fair value hierarchy	3,460,183	-	-	3,460,183
Investments measured at NAV (a)				7,488
Total investments, at fair value				$ 3,467,671

(a) In accordance with ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of net assets available for benefits.

There were no transfers between Level 1 and Level 2 assets during the years ended December 31, 2015 and 2014.

E - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into an investment contract, (the "GIC") with Lincoln Financial Group. The GIC gives the right to earn the rates of interest that were periodically declared and guaranteed on amounts deposited in the GIC. Lincoln maintains the contributions to the GIC in a collective trust fund, which is credited daily with interest calculated on the amounts a participant has outstanding in their account. Current interest rates are calculated periodically but will never be less than the lifetime minimum guaranteed interest rate. Withdrawals for participant benefits are permitted as specified in the contract and are not subject to any market value adjustment. The GIC is fully benefit-responsive. The GIC is included in the financial statements at NAV, as reported to the Plan by Lincoln.

NAV represents contributions made under the contract plus interest and transfers in, less participant withdrawals, administrative expenses and transfers out. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Company does not believe that any events that would limit the Plan's ability to transact at NAV with participants are probable of occurring.

F - FEDERAL INCOME TAX STATUS

The Company adopted a master prototype plan in November 2009. This master prototype plan received a favorable opinion letter from the Internal Revenue Service dated March 31, 2008. The plan administrator believes that the master prototype plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt for the year ended December 31, 2015. The income tax years 2011 – 2014 remain open to examination by the major taxing jurisdictions to which the Plan and its participants are subject.

The Plan evaluates uncertain tax positions for recognition and measurement in the financial statements. To recognize a tax position, the Plan determines whether it is more likely than not that the tax positions will be sustained upon examination, including resolution of any related appeals or litigation, based on the technical merits of the position. A tax position that meets the more likely than not threshold is measured to determine the amount of benefit to be recognized in the financial statements. The amount of tax benefit recognized with

respect to any tax position is measured as the largest amount of benefit that is greater than 50% likely of being realized upon settlement. The Plan had no uncertain tax positions that required recognition in the financial statements at December 31, 2015. Any interest or penalties would be recognized as a component of income tax expense.

G - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the Trustees. Therefore, these transactions qualify as party-in-interest transactions.

H - RISKS AND UNCERTANTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

I - SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 17, 2016, the date the financial statements were available to be issued. No subsequent events were identified requiring additional recognition or disclosure in the accompanying financial statements.
