Note 1 – Description of the Plan

The following description of the BancVue 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a contributory, defined contribution plan covering all eligible employees of BancVue, Ltd (the "Plan Sponsor") who are age twenty-one years or older, have performed one month of service, are not required to be taken into account for nondiscrimination testing purposes, and are not subject to a collective bargaining agreement with the Plan Sponsor. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration

The Plan is administered by the Plan Sponsor (the "Plan Administrator"). Plan assets are held by Reliance Trust Company (the "Trustee") and State Street Bank and Trust Company (the "Custodian"). The financial records of the Plan are maintained by Mass Mutual ("Third Party Administrators").

Employee Contributions

Contributions are made to the Plan by the Plan Sponsor on behalf of each eligible participant based upon the participant's elected compensation deferral through payroll deductions. The Plan Sponsor funds the contributions at the end of each payroll period. Eligible participants may elect to contribute 1% to 85% of their eligible compensation, in whole percentages, to the Plan up to the statutory limit of $18,000 for 2015, as permitted by the Internal Revenue Code of 1986, as amended ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants age 50 and older as of December 31 of the Plan year are permitted to make elective catch-up deferrals in accordance with Section 414(v) of the IRC.

Employer Contributions

The Plan Sponsor makes a matching contribution equal to 50% of each participant's elective deferrals, not to exceed 4% of that participant's eligible earnings, as defined by the Plan. Additionally, the Plan Sponsor may make annual discretionary contributions in an amount determined at each plan year end by the Plan Sponsor. For 2015, the Plan Sponsor elected not to make a discretionary contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts

Forfeited non-vested accounts totaled $91,463 and $25,726, as of December 31, 2015 and 2014, respectively. These accounts may be used to reduce future Plan administrative expenses and employer contributions. The non-vested portion of terminated participants' account balances become forfeitures on the earlier of a requested distribution or five consecutive years without credit service at the Plan Sponsor, not on the date of termination. In 2015, $283 of forfeited non-vested accounts were utilized to reduce employer contributions.

Note 1 – Description of the Plan, continued

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $500 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus two percentage points, determined monthly. All notes receivable from participants must be repaid in 5 years, except those that are used for the purchase of a principal residence in which case the note can be extended for 30 years. Repayment of the notes will be made through after-tax payroll deductions.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after four years of credited service summarized as follows:

Years of Service	Vested Percentage
Less than one year	0%
At least one, but less than two years	25%
At least two, but less than three years	50%
At least three, but less than four years	75%
Four years or more	100%

Payment of Benefits
Benefits become available to participants on the earliest of four events: (1) termination of employment, (2) death of the participant (benefits are payable to the participants spouse or beneficiary), (3) disability of the participant, or (4) the participant's retirement.

Upon termination of employment, participant benefits are paid in a lump sum if the participant's vested account balance is less than $1,000. If the participant's account balance exceeds $1,000 but is less than $5,000, the participant may elect to request a rollover to another qualified plan, or take a lump sum distribution. If no choice is made, the distribution is rolled over to an individual retirement plan designated by the Plan Administrator. If the participant's account balance is greater than $5,000, they have the option to leave their assets in the Plan.

On termination of service due to death prior to retirement, 100% of the Plan Sponsor contributions become immediately vested. The account balance is paid to the participant's spouse or beneficiary in a lump sum. Upon reaching normal retirement age of 65, 100% of the Plan Sponsor contributions become immediately vested. The account balance is paid to the participant in a lump sum or periodic installments.

Note 1 – Description of the Plan, continued

Distributions During Employment
As a general rule, participant's contributions will remain in the Plan as long as the participant remains employed by the Plan Sponsor. The Plan does provide exceptions to this rule for withdrawals of the participant's contributions under certain circumstances (subject to the satisfaction of the Plan Administrator) that include the following:

- Medical expenses,
- Purchase of a principal residence,
- Post-secondary education for participant or their dependents,
- To prevent eviction from or foreclosure on the participants principal residence, and
- Payment of funeral expenses for a member of the participant's family
- Repair of damage to a primary residence that would qualify for the casualty deduction under the Internal Revenue Code

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Common/collective trusts ("CCT") held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts held by the CCT because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the underlying investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value if a difference exists. At December 31, 2015 and 2014, fair value of the contract approximated contract value. Accordingly, no such adjustment is presented.

Payment of Benefits
Benefits are recorded when paid.

Note 2 – Summary of Significant Accounting Policies, continued

Certified Investments
Certain information related to the investments and notes receivables from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2015 and 2014, and net depreciation in fair value of investments, interest and dividends for the year ended December 31, 2015, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are classified as distributions based upon the terms of the Plan Document. As of December 31, 2015, $7,056 was recorded as interest income on notes receivable from participants.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Excess Contributions Payable
At December 31, 2015 and 2014, the Company paid excess contributions of $92 and $0, respectively. The excess contributions were related to one employee who received an excess employer contribution of $92 due to the inclusion of ineligible compensation. As of the date of the audit report the excess contribution is in the process of being forfeited from the participant's account. The amount is reported as excess contributions payable in the statements of net assets available for benefits and netted against employer contributions received in the statement of changes in net assets available for benefits.

Income Taxes
The Plan has implemented the provisions of Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 740, *Income Taxes*, which relates to accounting for uncertainties in income taxes. The standard requires recording uncertain tax positions that exist in the Plan's financial statements. Plan management has determined that there are no uncertain tax positions requiring adjustment or disclosure in the Plan's financial statements. The Plan is not a tax paying entity for income tax purposes and, accordingly, no provision has been made for income taxes. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Risks and Uncertainties
The Plan utilizes various participant-directed instruments, including mutual funds. Investment securities in general are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the financial statements.

Note 2 – Summary of Significant Accounting Policies, continued

New Accounting Pronouncements
In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, "Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)" ("ASU 2015-07"). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share ("NAV") practical expedient under Accounting Standards Codification ("ASC") 820, Fair Value Measurement ("ASC 820"). ASU 2015-07 also eliminates certain disclosures for investments eligible to be measured at fair value using the NAV practical expedient.

ASU 2015-07 is effective for fiscal years beginning after December 15, 2015 and is to be applied retrospectively to all periods presented, with early adoption permitted. The Plan elected to early adopt ASU 2015-07 on a retrospective basis for the year ended December 31, 2015 and accordingly, the notes to financial statements reflect such adoption.

In July 2015, the FASB issued ASU 2015-12, "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans. (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient" ("ASU 2015-12"). Only Part II of ASU 2015-12 is applicable to the Plan. Part II of ASU 2015-12 eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015. Plans may early adopt any of the three parts and Part I is to be applied retrospectively. The Plan elected early adoption of Part II of ASU 2015-12. As a result of the retroactive application of Part II, these notes to financial statements have been retrospectively adjusted to reflect the simplifications permitted by ASU 2015-12.

Subsequent Events
The Companies evaluates events that occur subsequent to the balance sheet date, but before the financial statements are issued, for possible adjustment to the financial statements or disclosures. This evaluation generally occurs through the date at which the Companies' financial statements are electronically prepared for filing with Department of Labor's Rules and Regulation and Disclosure under the Employee Retirement Income Security Act of 1974. For the financial statements as of and for the year ending December 31, 2015 this date was October 17, 2016.

Note 3 – Investments

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company, the Custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

a. Investments and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits, as of December 31, 2015 and 2014.
b. Net appreciation in fair value of investments, as shown in the Statement of Changes in Net Assets Available for Benefits, for the year ended December 31, 2015.

Note 3 – Investments, continued

c. The Schedule of Assets Held for Investment Purposes at End of Year as of December 31, 2015, as shown in the attached schedule at page 13.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

Note 4 – Tax Status

Effective January 1, 2006, the Plan adopted a defined contribution prototype plan sponsored by ADP. The prototype plan has received an opinion letter from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for tax years before 2012.

Note 5 – Fair Value Measurements

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The fair value hierarchy requires classification based on observable and unobservable inputs when measuring fair value. The fair value hierarchy distinguishes between assumptions based on market data (observable inputs) and an entity's own assumptions (unobservable inputs). The hierarchy consists of three levels:

- Level one — Quoted market prices in active markets for identical assets or liabilities;
- Level two — Inputs other than level one inputs that are either directly or indirectly observable; and
- Level three — Unobservable inputs developed using estimates and assumptions, which are developed by the reporting entity and reflect those assumptions that a market participant would use.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 5 – Fair Value Measurements, continued

Common/Collective Trusts: Valued at the NAV of units for each trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily.

The following tables present the assets and liabilities that are measured at fair value on a recurring basis by level within the fair value hierarchy as reported on the statement of net assets available for benefits at December 31, 2015 and 2014.

	Assets at Fair Value as of December 31, 2015			
	Quoted Prices for Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual Funds	$ 9,280,105	$ -	$ -	$ 9,280,105
Total	$ 9,280,105	$ -	$ -	$ 9,280,105
Common Collective Trusts	1,473,944			
	$ 10,754,049			

	Assets at Fair Value as of December 31, 2014			
	Quoted Prices for Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual Funds	$ 8,055,435	$ -	$ -	$ 8,055,435
Total	$ 8,055,435	$ -	$ -	$ 8,055,435
Common Collective Trusts	911,628			
	$ 8,967,063			

Note 6 – Related-party and Party in Interest Transactions

Certain Plan investments are units of common/collective trusts managed by State Street Global Advisor, an affiliate of State Street Bank and Trust Company. State Street Bank and Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the plan for the related investment management services are included in the net change in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made a direct payment to the third party administrator of $55,217 which was not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Note 7 – Nonparticipant-directed Investments

The Plan's participants direct all investments. There are no non-participant directed investments as of December 31, 2015 and 2014.

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9 - Delinquent participant contributions

Department of Labor ("DOL") regulations require that participant contributions be remitted as soon as they can be segregated from the sponsor's assets, but in no instance later than the fifteenth business day of the month following the month of the contribution. During the year ended December 31, 2015, the Plan's sponsor identified six instances where contributions of $1,683 were not remitted to the Plan in accordance with the regulations. Management performed a calculation of lost earnings and interest on late participants' contributions and remitted the amounts to the Plan on February 2016 and September 2016.

Note 10 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31, 2015 and 2014:

	2015	2014

Net assets available for benefits per Schedule H of Form 5500	$ 10,928,270	$ 9,024,893

The following is a reconciliation of additions per the financial statements to additions per Form 5500 for the year ended December 31, 2015:
