Independent Auditor's Report

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Canton Christian Home Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by MetLife, custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian as of and for the years ended December 31, 2015 and 2014, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held for investment purposes as of the year ended December 31, 2015 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

The following description of Canton Christian Home Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution 403(b) retirement plan that covers substantially all employees of Canton Christian Home (“Company”), except for those normally working less than 20 hours per week and those that are student employees. Employees who are eligible to participate in the Plan may do so upon hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Participants can voluntarily contribute up to 100% of pre-tax annual compensation, as defined in the Plan. The maximum employee contribution allowed in 2015 was \$18,000. Participants who have attained age 50 by the end of the Plan year may also make catch up contributions to the Plan up to \$5,500 for 2015. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct their contributions into various investment options offered by the Plan. The Plan currently offers various variable annuities and a fixed interest account as investment options for participants. Participants may change their deferral percentage contribution at monthly intervals throughout the Plan year. Investment election changes can be made at any time. With the exception of participants who are classified as department heads, the Company makes tiered matching contributions to the Plan based upon years of service in an amount up to 5% of eligible compensation.

Years of service	Matching percentage
1 to <5	25%
5 to <10	50%
10 to <15	75%
15 or more	100%

Participant Accounts - Each participant’s account is credited with the participant’s contribution and allocations of the Company’s contributions and Plan earnings, and is charged with loan origination fees, as applicable, and benefits paid. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting - Participants are immediately vested in their contributions and Company contributions plus actual earnings thereon.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants - Participants may borrow from their fund accounts the lesser of: (1) 50% of their vested account, less any outstanding loan balances they might have or (2) \$50,000, less their highest outstanding loan balance from the Plan during the past year. Loan terms may range from 1 to 5 years, or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 9.25%, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions. During 2015, all loans were transferred to another plan sponsored by Canton Christian Home.

Payment of Benefits - During their employment, participants may withdraw their vested account balance in the event of financial hardship. The balance in an employee's account not previously withdrawn may be paid to the participants or their designed beneficiary in the event of death, permanent disability, retirement, or other termination of employment with the Company. In addition, an in-service withdrawal may be taken after age 59 ½. Benefit payments are generally made in a lump-sum amount but there is an option for installment payments.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the contract value of the investment contracts since contract values approximate fair value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment custodian and insurance company. See Note 4 for discussion of fair value measurements.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, Fair Value Measurement (Topic 820): *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this Update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this Update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. Plan management is currently evaluating the impact this update will have on the plan's financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosure, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of the net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively, with Part III to be applied prospectively. Part III is not applicable to the Plan. Plan management is currently evaluating the impact Part I of this update will have on the plan's financial statements, management has elected to adopt part II early and, accordingly, the presentation of the financial statements and notes herein have been changed to reflect such adoption.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Noted receivable were transferred out of the plan during the year to another plan sponsored by Canton Christian Home.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

In January 2016, the Company transferred the retirement plan assets from a 403(b) plan with Metlife to a 401(k) plan with John Hancock.

The plan administrator has evaluated subsequent events through October 14, 2016, the date the financial statements were available to be issued.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. The Plan's administrative expenses are paid by either the Plan or the plan sponsor as provided by the Plan document.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

Other than the fair value of the guaranteed investment contract, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2015 and 2014, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2015 and 2014, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Metlife (the custodian of the Plan). The contract value of the guaranteed investment contract was certified by the custodian.

NOTE 4: FAIR VALUE MEASUREMENT

Generally accepted accounting principles include a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

CANTON CHRISTIAN HOME
RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4: FAIR VALUE MEASUREMENT (Continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level or any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Fixed Interest Accounts: Valued at fair value by the insurance company by discounting the related cash flows based on the terms of the contract (See Note 5). The valuation technique uses systematic termination, which assumes payout over 4 years and 1 day beginning January 1, 2015 and ending January 1, 2019. During each year, it is assumed that a percentage of value is paid out in a range of 20%-100% of the contract value.

Pooled separate accounts: Valued at net asset value per unit based on quoted market prices of underlying investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4: FAIR VALUE MEASUREMENT (Continued)

The fair value of the Fixed Interest Account is based on significant unobservable inputs, including the credit worthiness of the issuer, MetLife and the terms of the investment contract. Significant fluctuations in any of the inputs in isolation could result in a significantly different fair value measurement.

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31:

	<u>2015</u>	<u>2014</u>
Balance, beginning of year	\$ 615,652	\$ 678,405
Purchases	14,258	50,785
Sales	(366,784)	(133,645)
Interest earned	<u>15,208</u>	<u>20,107</u>
Balance, end of year	<u>\$ 278,334</u>	<u>\$ 615,652</u>

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements.

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values	Weighted Average
Fixed Interest Account	\$278,334	Discounted cash flow	Basis Points	25	3%
			Payout Date	1/1/16-1/1/20	
			Payout	20% - 100%	

Unrealized gains/(losses) from the guaranteed investment contract are not included in the statement of changes in net assets available for benefits as the contract is recorded at contract value for purposes of the net assets available for benefits.

In estimating fair value of the investments in Level 3, the Investment Committee may use third-party pricing sources or appraisers. In substantiating the reasonableness of the pricing data provided by third parties, the Investment Committee evaluates a variety of factors including review of the methods and assumptions used by external sources recently executed transactions, existing contracts, economic conditions, industry and market developments, and overall credit ratings.

NOTE 5: FIXED INTEREST ACCOUNT WITH METLIFE

The plan participates in a benefit-responsive guaranteed investment contract with Metlife. Metlife maintains the contributions in a general fixed interest account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan.

The Fixed Interest Account is included in the financial statements at fair value as calculated by the insurance company based on a discounted cash flow technique. There are no specific securities in the fixed interest account that back the liabilities of this annuity contract and it would be inappropriate to look to the market value of the securities within the insurer's general account to determine a fair value. The insurer owns a promise to pay interest at crediting rates, which are announced in advance and guaranteed for a one-year period.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2015 and 2014 was \$278,334 and \$615,652, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3% for 2015 and 2014. Such interest rates are reviewed on an annual basis for resetting.

Certain events may limit the ability of the plan to transact at contract value with Metlife. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment may apply. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

CANTON CHRISTIAN HOME

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5: FIXED INTEREST ACCOUNT WITH METLIFE (Continued)

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior the scheduled maturity date.

	<u>2015</u>
Average yield:	
Based on actual earnings	3.00%
Based on interest rate credited to participants	3.00%

NOTE 6: RELATED PARTY TRANSACTIONS

Certain Plan investments are accumulation units of variable annuity portfolios managed by affiliates of MetLife, custodian of the Plan (see Note 3). Therefore, these transactions qualify as party-in-interest transactions. Management fees for these portfolios are paid by the respective portfolios and reduce the return earned on the portfolios. Trustee fees for administering the Plan are paid by the Company.

NOTE 7: PLAN TERMINATION

The Company elected its right under the Plan to discontinue its contributions and to terminate the Plan subject to the provisions of ERISA during the year.

NOTE 8: TAX STATUS

The Plan has a formal written plan document, sponsored by MetLife, in place. The Internal Revenue Service has begun the process for the formal review and approval of plan documents for 403(b) plans, however, no opinion letters are expected to be issued prior to April 2017. The Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require management of an organization to evaluate tax positions taken by the organization and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
