NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Family First Homecare 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Family First Homecare, LLC (the Company) meeting certain eligibility requirements. After attaining age 21 and completing 6 months of service, an employee is eligible to participate in the Plan. On November 1, 2015, the Plan was amended to increase the service requirement from 60 days to 6 months. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participant contributions are limited to dollar amounts specified by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. Participants direct the investment of their contributions into various investment options. Participants may elect to contribute both traditional and Roth contributions. Participants are automatically enrolled at 1% of eligible compensation 30 days after becoming eligible unless the participant has opted out or selected a rate other than 1%. On November 1, 2015, the Plan was amended suspending automatic enrollment. The Plan currently offers 13 mutual funds as investment options for participants. The Company made no contribution for the year ended December 31, 2015.

Participant Accounts

Each participant's account is credited with participant contributions and an allocation of investment earnings calculated on each investment. The allocation is based on each participant's account balance by investment, as defined by Plan provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Employer discretionary matching contributions and actual earnings thereon are subject to a vesting schedule as follows:

Years of Service	Vesting Percentage
< 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their accounts. The minimum loan is $500 up to the lesser of one-half of their vested account balance or $50,000. A maximum of one loan may be outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 2% at the loan date. There were no loans outstanding as of December 31, 2015. Principal and interest is paid ratably by payroll deduction over the term of the loan.

Payment of Benefits

Upon retirement, death, disability, or termination, the participant or beneficiary may receive the vested value of his account, in either a lump sum payout or partial withdrawals if certain conditions are met. Hardship distributions that meet certain specified criteria are permitted from all vested accounts. If account balances are below $5,000, distribution occurs as a single lump sum. Benefits are recorded when paid.

Forfeited Accounts

Forfeited non-vested accounts may be used to pay administrative expenses or allocated as an additional discretionary non-elective employer contribution. During the year ended December 31, 2015, no forfeitures were used to pay administrative expenses. At December 31, 2015, forfeited non-vested accounts totaled $0.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan uses the accrual method of accounting. Under this method of accounting, contributions to the Plan are recognized when due. Revenues are recognized when earned and expenses when incurred.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could vary from the estimates that were used.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest, and net of an allowance for doubtful accounts, if any. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Company pays for certain administrative expenses on behalf of the Plan.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 17, 2016, the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS (UNAUDITED)

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, State Street Bank & Trust Company, the Plan's custodian, has certified the following information, which has not been subject to audit by independent accountants, to be accurate and complete.

NOTE 3 – INVESTMENTS (UNAUDITED) (CONTINUED)

The following schedule presents investments at fair value held at December 31:

		2015
American Century Global Growth R Fund	$	150
JPMorgan SmartRetirement 2015 R2 Fund	*	688

JPMorgan SmartRetirement 2055 R2 Fund	*	930
JPMorgan US Equity R2 Fund		151
Oppenheimer International Growth R Fund		150
Total certified investments	$	9,509

* Represents 5 percent or more of Plan net assets.

During 2015, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated/(depreciated) in value as follows:

Interest and dividends	$	220
Net gain (loss) from investments	$	(328)

NOTE 4 – FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board has established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation method include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015.

Mutual funds: Valued at the net asset value of the shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,509	$ -	$ -	$ 9,509
Total assets at fair value	$ 9,509	$ -	$ -	$ 9,509

NOTE 5 – RELATED-PARTY TRANSACTIONS

As discussed in Note 2, the Plan sponsor (the Company) absorbs certain administrative costs of operating the Plan.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to permanently discontinue its contributions to the Plan or to partially or completely terminate the Plan. If that occurs, all participants become fully vested in all contributions and earnings credited to their accounts and are not thereafter subject to forfeiture. The Plan administrator may continue the Plan or direct that all assets be distributed to the participants, and the Plan administrator's decision is binding on all participants.

NOTE 7 – TAX STATUS

The Internal Revenue Service has opined and informed State Street Bank & Trust Company by a letter dated July 8, 2014 that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan follows the requirements associated with uncertainty in income taxes under the provisions of the Financial Accounting Standards Board (FASB) Accounting Standards Codification Topic 740, *Income Taxes*. Using that guidance, tax positions initially need to be recognized in the financial statements when it is more-likely-than-not the positions will not be sustained upon examination by the tax authorities. It also provides guidance for derecognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition. As of December 31, 2015, the Plan has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 to Schedule H of Form 5500:
