SAROYAN 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Saroyan 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering all employees of Saroyan Lumber Company, Inc. (the "Company"). It is a defined contribution plan covering eligible employees of the Company who are at least age 21 and have completed one year of service in which at least 1,000 hours were worked. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute up to 25% of eligible pay or the maximum contribution of $18,000 (plus a $6,000 catch up provision for participants that have attained age 50), in accordance with the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts and a stable value fund as investment options for participants.

The Plan provides for mandatory Company matching contributions. The Company makes a matching contribution of 25% of the first 6% of a participant's elective contributions not to exceed 1.5% of their compensation.

Participant Accounts

Each participant's account is credited with the participant’s contributions and Company’s matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan, if applicable. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest 20% per year beginning after the first year of service and become fully vested after five years of credited service.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participants are limited to one outstanding loan at any time. The loans are secured by the balance in the participant's account and bear interest at the Wall Street Journal prime rate plus 1%. Principal and interest is paid ratably through bi-weekly and monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive (a) a lump sum distribution equal to the value of his/her account, (b) installments over a period not more than the assumed life expectancy of the participant or the beneficiary, (c) partial withdrawals, or (d) a rollover to another eligible retirement plan, provided the distribution is an eligible rollover distribution.

Forfeited Accounts

Forfeited nonvested accounts totaled $2,871 and $2,312 at December 31, 2015 and 2014, respectively. Forfeitures of terminated participants' nonvested accounts may first be used to pay administrative expenses of the Plan. Any remaining amounts will be allocated to participants who have worked at least 1,000 hours during the Plan year and are employed by the Company on the last day of the Plan year. In 2015, $760 from forfeited nonvested accounts was used to pay administrative expenses of the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent*). ASU 2015-07 amended Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, to remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value ("NAV") per share practical expedient. ASU 2015-07 is effective for reporting periods beginning after December 31, 2015 and early adoption is permitted. The Plan has early adopted this ASU and the adoption has been applied retrospectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

New Accounting Pronouncements (Continued)

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965).* Part I eliminates the requirement to measure the fair value of fully benefit-responsive investment contracts but will continue to require certain disclosures that help users understand the nature and risks of fully benefit-responsive investment contracts. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. The Plan has early adopted this ASU and the adoption had been reflected on a retrospective basis.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments in pooled separate accounts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments in the stable value fund are considered fully benefit-responsive investment contracts and are reported at contract value under the guidance in ASU 2015-12. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Plan and the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. These contributions are refunded to participants subsequent to year-end.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Concentrations

As of December 31, 2015, investments in the Stable Value and SSgA S&P 500 Index Ret Opt funds represented 27% and 11%, respectively, of the Plan's total investment balance. The same two funds represented 22% and 14%, respectively, of the Plan's total investment balance as of December 31, 2014.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 4 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are issued or managed by companies affiliated to Transamerica Life Insurance Company ("Transamerica"), the custodian as defined by the Plan, through common control. These transactions qualify as party-in-interest transactions. Payments to Transamerica for Plan administration totaled $26,657 during the year ended December 31, 2015.

Notes receivable from Plan participants and the related interest income are also considered party-in-interest transactions.

SAROYAN 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 5 - INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Life Insurance Company, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplementary schedule are complete and accurate with respect to investments:

- Investments at fair value
- Notes receivable from participants
- Net appreciation (depreciation) in fair value of investments
- Interest and dividends
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary schedule.

NOTE 6 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan is therefore exempt from federal income taxes under the provisions of Section 501(a) of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTE 7 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	2015	2014
Net assets available for benefits per the financial statements	$ 2,939,773	$ 2,872,702
Add:		
Excess contributions payable	10,369	11,246
Less:		
Employer contributions	(1,618)	-
Other employer contributions	(4,620)	-
Net assets per Form 5500	$ 2,943,904	$ 2,883,948

The following is a reconciliation of statement of changes in net assets available for benefits per the financial statements to the Form 5500:

Net increase in net assets available for benefits per the financial statements	$ 67,071
Less:	
Change in excess contributions payable	(877)
Change in employer contributions	(1,618)
Change in other employer contributions	(4,620)
Net income per Form 5500	$ 59,956

NOTE 8 - INVESTMENTS

Pooled separate accounts: The Plan invests in participation units held in pooled separate accounts through sub-accounts of Transamerica. The net asset value ("NAV") is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

The underlying securities in pooled separate accounts are listed on national securities exchanges and valued on the basis of year-end closing prices. The Plan has concluded that the net asset value as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company approximates fair value of the investments. The investments are redeemable at the adjusted net asset value under agreements with Transamerica.

NOTE 8 - INVESTMENTS (CONTINUED)

Stable Value Fund: The stable value fund is not a separate account investment choice - it is an investment in Transamerica's general account and is comparable to money market or certificate of deposit investment types. The stable value fund is considered to be a fully benefit-responsive investment contract. Contract value, as reported by Transamerica, is the beginning balance plus any deposit and credited interest, less any withdrawals, charges, or expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of Transamerica or otherwise. This investment seeks to protect against any loss of principal while providing returns in excess of money market funds and one-year U.S. Treasury bills. The investment has a portfolio investment rate design in which all deposits in the particular investment choice are credited with the same interest rate on a daily basis, and with no set maturity. The effective guaranteed credited interest rate is set on a semi-annual basis and announced at least 45 days in advance of the date the new rate becomes effective.

Certain events limit the ability of the Plan to transact at contract value with Transamerica. Such events could include the following: (1) the Plan is changed so as to significantly affect Transamerica's obligations to the contract, (2) the contract can no longer be treated as a Pension Plan Contract, (3) the Plan is terminated, (4) failure to comply with the contract requirements, (5) failure to provide information, (6) failure to furnish copies of amendments for annual report records, or (7) the sum of the contract account values at any time equals $10,000 or less. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with the participants are probable of occurring.

NOTE 9 - OPERATIONAL DEFECT

Subsequent to year-end, it was discovered that a Plan provision was not properly applied in the daily operation of the Plan, as deferrals were not calculated based on compensation as defined by the Plan. The Plan administrator has since determined the affected participants and calculated the corrective amounts. The Company has remitted the corrective contributions as of the date of this report. The amounts for these corrective deferrals are recorded as other employer contributions as of December 31, 2015. The Plan administrator is in the process of determining the related lost earnings, which will be remitted to the Plan as soon as administratively possible.

NOTE 10 - SUBSEQUENT EVENTS

The Plan evaluated subsequent events through October 17, 2016, the date at which the financial statements were available to be issued. Other than what has been previously disclosed, the Plan is not aware of any significant events that occurred subsequent to the statement of net assets available for benefits date, but prior to October 17, 2016, that would have a material impact on its financial statements..
