Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, the plan administrator instructed us not to perform, and we did not perform, auditing procedures with respect to the information summarized in Note 3, which was certified by Ascensus, as agent for Ascensus Trust Company (formerly Frontier Trust Company) and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company held the Plan's investment assets and notes receivable from participants and executed transactions related to these assets for the period from December 1, 2015 to December 31, 2015, and that Ascensus, as agent for Ascensus Trust Company, held the Plan's investment assets and notes receivable from participants and executed transactions related to these assets for the period January 1, 2014 to November 30, 2015. The plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Aquion, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

Note 1: Description of the Plan

The following description of the Aquion, Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan became effective May 1, 2006, and is a defined contribution plan covering eligible employees of Aquion, Inc. and its subsidiary, Clearwater Technology (collectively, the Company), who are age 21 or older and have completed one year of service as defined by the Plan. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as subsequently amended.

Effective December 1, 2015, the Company changed its record keeper and trustee of the Plan to Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company.

Contributions

The Plan provides for employee salary 401(k) contributions from 1% to 80% of the employee's pre-tax compensation. Eligible compensation for any plan year shall not exceed the maximum provided by the Internal Revenue Code. Contributions can be made on a pre-tax basis only and cannot exceed \$18,000 and \$17,500 in 2015 and 2014, respectively. Age 50 and over participants can contribute an additional \$6,000 and \$5,500 in 2015 and 2014, respectively. A participant's account may include after-tax contributions made to another plan and transferred to the Plan as part of a rollover contribution.

Effective January 1, 2015, the employer discretionary match was 50% of the employee's salary deferral amount on the first 6% of an employee's compensation; for 2014, the employer discretionary match was 25% of the employee's salary deferral amount on the first 6% of an employee's compensation or a profit sharing contribution, determined annually. The employer made a 401(k) discretionary match contribution in the amount of \$114,817 and \$46,106 for 2015 and 2014, respectively.

Investment Options

Participants must direct their salary deferral contributions and the employer's contributions into a variety of investment funds. Participants may change their investment options at any time.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contribution, Company discretionary contributions and related plan earnings, and charged with withdrawals and an allocation of the Plan's income and certain administrative expenses. Allocations are based on participants' compensation or account balances, as defined.

Aquion, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants' contributions, the employer discretionary match contribution, the employer discretionary profit sharing contributions and related earnings are fully vested at all times and are not subject to forfeiture for any reason.

Payment of Benefits

Upon termination of employment or attainment of normal retirement age, the participant, or in the case of death, the surviving spouse, can elect to receive the participant's account balance in a single lump sum or in various installment annuities. Account balances less than \$1,000 are paid in a single lump sum upon termination. Additionally, participants may elect to withdraw all or a portion of his/her elective or employer contribution accounts in the case of severe financial hardship, as defined in the plan document. The Company must approve any such hardship withdrawals.

Participants Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 7.50% at December 31, 2015, which are commensurate with local prevailing rates as determined periodically by the plan administrator. The loan period cannot exceed five years, unless the proceeds of the loan are used to purchase a primary residence for which the loan period shall be determined at the time the loan is made. Principal and interest are paid ratably through payroll deductions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Aquion, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

Changes in Accounting Principles

In 2015, the Plan changed its accounting policy on Plan accounting disclosures and presentation for fair value of investments using the net asset value per share by adopting the provisions of ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)*. In accordance with this guidance, investments measured at net asset value per share as a practical expedient are not categorized within the fair value hierarchy. The change was applied retrospectively to all periods presented.

In 2015, the Plan changed its method of accounting for fully benefit-responsive investment contracts by adopting the provisions of ASU 2015-12, *Plan Accounting (Topics 962 and 965): Part I: Fully Benefit-Responsive Investment Contracts* (FBRICs). The accounting provided for in ASU 2015-12 allows plans to measure, present and disclose fully benefit-responsive investment contracts at contract value. The guidance also clarifies that indirect investments in FBRICs should not be reflected as FBRICs and, therefore, should be reported at fair value. Concurrent with the Plan's adoption of ASU 2015-12, the statements of net assets available for benefits for all periods presented no longer reflect the common or collective trust fund as a FBRIC and as such, the investment is now measured at fair value without an adjustment to contract value. This change was applied retrospectively to all periods presented.

In 2015, the Plan changed its accounting policy on plan accounting disclosures by adopting the provisions of ASU 2015-12, *Plan Accounting (Topics 960, 962 and 965): Part II: Plan Investment Disclosures*. The accounting policy change provided for in ASU 2015-12 changes the Plan's disclosure requirements to eliminate and/or modify certain investment-related disclosures. This change was applied retrospectively for all periods presented.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. The Plan's investments in shares of registered investment companies are valued at quoted market prices of shares held by the Plan at year-end. Investments in common or collective trusts and pooled separate accounts are valued at net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. Fully benefit-responsive investment contracts are valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on an accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan provides for investments that, in general, are exposed to various risks such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in

Aquion, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2015 and 2014

the near term, and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Notes Receivable From Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2015 excess contributions to the applicable participants before March 15, 2016.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain administrative expenses are paid by the Company on behalf of the Plan. Administrative expenses paid by the Plan totaled \$10,890 and \$2,085 for the years ended December 31, 2015 and 2014, respectively. Additionally, certain employees of the Company provide administrative services to the Plan and are not reimbursed by the Plan for such services. Certain investment management fees are netted in the net appreciation in fair value of investments.

Note 3: Information Certified by the Trustees

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*. Accordingly, Ascensus, as agent for Ascensus Trust Company (formerly Frontier Trust Company), and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustees of the Plan, have certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014, and the supplemental schedule of assets (held at end of year) as of December 31, 2015, and the components of investment income and interest income from participant notes receivable reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2015 and 2014.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

Note 4: Fair Value Measurements

Generally accepted accounting principles provide a uniform framework for the definition, measurement and disclosure of fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The financial accounting standards establish a fair value hierarchy which requires the plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The financial accounting standards describe three levels of inputs that may be used to measure fair value:

- Level 1** Quoted market prices (unadjusted) for identical assets or liabilities in active markets that the plan has the ability to access as of the measurement date.
- Level 2** Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted market prices in markets that are not active and other inputs that are observable or can be corroborated by observable market data.
- Level 3** Significant unobservable inputs that reflect the plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2015 and 2014.

The interest-bearing cash account is carried at amortized cost, which approximates fair value (Level 1 inputs).

The fair value of registered investment companies is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015 and 2014. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2015				
Common or collective trust funds	\$ 6,885,560	\$ -	Daily	None
Pooled separate accounts	145,734	-	Daily	None
December 31, 2014				
Common or collective trust funds	\$ 1,044,666	\$ -	Daily	1 Year

The plan administrator has evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2015 and 2014, there were no significant transfers in or out of Levels 1, 2 or 3.

Note 5: Guaranteed Investment Contract

The Plan has entered into a benefit-responsive group annuity contract with Principal Trust Company. Principal Trust Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan.

The guaranteed investment contract is fully benefit-responsive; therefore, contract value is the relevant measurement attribute. Contract value, as reported to the Plan by Principal Trust Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Investments may be redeemed daily without prior notice.

Certain events limit ability of the Plan to transact at contract value with Principal Trust Company. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under *Employee Retirement Income Security Act of 1974*. The plan administrator does not believe that the

Aquion, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

occurrence of any such value event which would limit the Plan's ability to transact at contract value with plan participants is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6: Income Tax Status

The Plan has adopted a prototype non-standardized profit sharing plan sponsored by Principal Life Insurance Co. which received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014. The Plan has been amended since the date of the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7: Late Deposits

During the plan year ended December 31, 2015, the Plan engaged in prohibited transactions related to late deposits of employee contributions and participant loan principal totaling \$1,850. The plan sponsor is in the process of correcting these late deposits.

Note 8: Plan Termination

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 9: Party-in-Interest Transactions

Plan investments at December 31, 2015, are managed by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee, as defined by the Plan. Therefore, these

Aquion, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2015 and 2014

transactions, as well as those with the former trustee, qualify as party-in-interest transactions. Expenses paid during 2015 and 2014 for legal, accounting and other professional services were rendered by parties-in-interest.

Note 10: Subsequent Events

Effective January 1, 2016, the Plan was amended to add an automatic enrollment feature whereby an eligible participant is automatically enrolled in the plan at an elective deferral rate of 3% of compensation, unless the employee opts out of automatic enrollment contributions. The automatic deferral percentage shall increase by 1% on or after each subsequent yearly date, up to a maximum automatic elective deferral contribution of 6%.

Plan management has evaluated subsequent events through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.

Trustees
Aquion, Inc. 401(k) Plan
Roselle, Illinois

We have conducted a Department of Labor limited-scope audit of the financial statements of Aquion, Inc. 401(k) Plan (Plan) for the year ended December 31, 2015, and have issued our report thereon, dated October 17, 2016. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974* (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustees, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. Standards also require that we communicate to you the following information related to our audit.

Audit Scopes and Results

Auditor's Responsibility Under Auditing Standards Generally Accepted in the United States of America

An audit performed in accordance with auditing standards generally accepted in the United States of America is designed to obtain reasonable, rather than absolute, assurance about the financial statements. In performing auditing procedures, we establish scopes of audit tests in relation to the financial statements taken as a whole. Our engagement does not include a detailed audit of every transaction. Our engagement letter more specifically describes our responsibilities.

These standards require communication of significant matters related to the financial statement audit that are relevant to the responsibilities of those charged with governance in overseeing the financial reporting process. Such matters are communicated in the remainder of this letter or have previously been communicated during other phases of the audit. The standards do not require the auditor to design procedures for the purpose of identifying other matters to be communicated with those charged with governance.

An audit of the financial statements does not relieve management or those charged with governance of their responsibilities. Our engagement letter more specifically describes your responsibilities.

Qualitative Aspects of Significant Accounting Policies and Practices

Significant Accounting Policies

The Plan's significant accounting policies are described in Note 2 of the audited financial statements.

Alternative Accounting Treatments

We had no discussions with management regarding alternative accounting treatments within accounting principles generally accepted in the United States of America for policies and practices for material items, including recognition, measurement and disclosure considerations related to the accounting for specific transactions as well as general accounting policies.

Management Judgments and Accounting Estimates

Accounting estimates are an integral part of financial statement preparation by management, based on its judgments. The following areas involve significant estimates for which we are prepared to discuss management's estimation process and our procedures for testing the reasonableness of those estimates:

- No matters are reportable.

Financial Statement Disclosures

The following areas involve particularly sensitive financial statement disclosures for which we are prepared to discuss the issues involved and related judgments made in formulating those disclosures:

- No matters are reportable.

Audit Adjustments

During the course of any audit, an auditor may propose adjustments to financial statement amounts. Management evaluates our proposals and records those adjustments which, in its judgment, are required to prevent the financial statements from being materially misstated.

- No matters are reportable.

Auditor's Judgments About the Quality of the Entity's Accounting Principles

During the course of the audit, we made the following observations regarding the Plan's application of accounting principles:

- Early adoption of ASU 2015-12 for fully benefit-responsive contracts and investment disclosure simplification.
- Early adoption of ASU 2015-07 for disclosures of investments valued using net asset value per share.

Other Information in Documents Containing Audited Financial Statements

The audited financial statements are included in the Form 5500, Annual Return/Report of Employee Benefit Plan, filed with the Department of Labor Employee Benefits Security Administration. As part of our procedures, we read the Form 5500 to determine if financial information discussed in sections outside the financial statements materially contradicts the audited financial statements. If we identify any such matters, we bring them to management's attention and review subsequent revisions. We did not identify any such matters.

Other Material Written Communications

Listed below are other material written communications between management and us related to the audit:

- Management representation letter (attached).

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements of Aquion, Inc. 401(k) Plan, as of and for the year ended December 31, 2015, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance that all deficiencies, significant deficiencies or material weaknesses have been identified. However, as discussed below, we identified certain significant deficiencies in internal controls.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements of the Plan's financial statements on a timely basis. A deficiency in design exists when a control necessary to meet a control objective is missing or an existing control is not properly designed so that, even if the control operates as designed, a control objective would not be met. A deficiency in operation exists when a properly designed control does not operate as designed or when the person performing the control does not possess the necessary authority or competence to perform the control effectively.

A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented or detected and corrected on a timely basis.

We observed the following matters that we consider to be significant deficiencies.

Significant Deficiencies

Participant Deferral Documentation

During testing of participant eligibility and contributions, it was noted that for several participants contributing to the Plan, participant deferral forms could not be located or provided for inspection.

We recommend that documentation for participant deferral be retained for all eligible employees to ensure they are processed correctly and in accordance with the plan document.

Timely Remittance of Employee Contributions

We noted instances where employee deferral contributions were not remitted to the Plan in a timely fashion during the year ended December 31, 2015. The DOL requires plans to remit withheld employee contributions on the earliest date they can be reasonably segregated from the Company's general assets. Plan reviews by the DOL have typically found the number of days it takes for the assets to be reasonably segregated should be no longer than it takes an organization to process their federal payroll tax deposits. Failure to remit participant contributions to the Plan in a timely manner results in a prohibited transaction that must be reported to the DOL, lost earnings to be owed to plan participants, and may result in penalties to the plan sponsor if not corrected.

Management should consult with their third-party administrator to perform a lost earnings calculation and allocate these lost earnings to the accounts of the affected plan participants. The Plan should perform this correction by enrolling in the Department of Labor's Voluntary Fiduciary Correction Program (VFCP). The advantages of the VFCP include being able to utilize the DOL's on-line calculator to calculate lost earnings, which simplifies the calculation, and once the VFCP application is accepted, the DOL will issue a "no-action" letter. Failure to comply with these regulations can result in serious implications to the Plan.

This communication is intended solely for the information and use of the trustees and management and is not intended to be and should not be used by anyone other than these specified parties.

5. We have disclosed to you the identity of the entity's related parties and all the related party relationships and transactions of which we are aware. Related party relationships and transactions have been appropriately accounted for and disclosed in accordance with accounting principles generally accepted in the United States of America. We understand the term related party refers to an affiliate; employer, management, fiduciaries, and members of their immediate families, and any other party with which the Plan may deal if the Plan can significantly influence, or be influenced by, the management or operating policies of the other. The term affiliate refers to a party that directly or indirectly controls, or is controlled by, or is under common control with the Plan.
6. We have disclosed any significant unusual transactions the Plan has entered into during the period, including the nature, terms and business purpose of those transactions and whether such transactions involved related parties.
7. We have provided you with:
 - (a) Access to all information of which we are aware that is relevant to the preparation and fair presentation of the financial statements such as records, documentation and other matters.
 - (b) Additional information that you have requested from us for the purpose of the audit.
 - (c) Unrestricted access to persons within the entity from whom you determined it necessary to obtain audit evidence.
 - (d) All minutes of meetings held through the date of this letter.
 - (e) All significant contracts.
8. All transactions have been recorded in the accounting records and are reflected in the financial statements.
9. We have informed you of all current risks of a material amount that are not adequately prevented or detected by plan procedures with respect to:

- (a) Misappropriation of assets.
 - (b) Misrepresented or misstated assets or liabilities.
10. We have no knowledge of any known or suspected:
- (a) Fraudulent financial reporting or misappropriation of assets involving management or employees who have significant roles in internal control.
 - (b) Fraudulent financial reporting or misappropriation of assets involving others that could have a material effect on the financial statements.
11. We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan received in communications from participants, former participants, regulators, third-party servicers or others.
12. Except as reflected in the financial statements, there are no:
- (a) Plans or intentions that may materially affect carrying values of assets and liabilities.
 - (b) Material transactions omitted or improperly recorded in the financial records.
 - (c) Material gain/loss contingencies requiring accrual or disclosure, including those arising from environmental remediation obligations.

 - (f) Reportable transactions as defined in Section 103(b)(3)(H) of ERISA.
13. We have disclosed to you all known instances of noncompliance or suspected noncompliance with laws and regulations whose effects should be considered when preparing financial statements.
14. The Plan or the Plan Sponsor is not aware of any pending or threatened litigation or claims whose effects should be considered when preparing the financial statements. Neither the Plan nor the sponsor has sought or received attorney's services related to pending or threatened litigation or claims during or subsequent to the audit period. Also, we are not aware of any litigation or claims, pending or threatened, for which legal counsel should be sought.

15. Adequate allowances have been provided for any material losses from uncollectible receivables.
16. The fair values of financial (and nonfinancial) assets (and liabilities) recognized in the financial statements or disclosed in the notes thereto are reasonable estimates based on the methods and assumptions used. The methods and significant assumptions used result in measurements of fair value appropriate for financial statement recognition and disclosure purposes and have been applied consistently from period to period, taking into account any changes in circumstances. The significant assumptions appropriately reflect market participant assumptions.
17. The Plan and the trust established under the Plan are qualified under the appropriate section of the Internal Revenue Code, and we intend to continue them as a qualified Plan and trust. We do not have any intention at present to terminate the Plan. Required nondiscrimination testing under the appropriate Code Sections has been completed for the Plan and excess contributions have been recorded.
18. The adoption date of the most recent plan amendment was November 15, 2015, as provided to you.
19. The Plan adopted a non-standardized prototype plan sponsored by Principal Life Insurance Co. (Principal). The Internal Revenue Service has determined and informed Principal in a letter dated March 31, 2014, that the Plan is qualified and tax exempt under the appropriate sections of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.
20. The Plan has complied with the fidelity bonding requirements of ERISA.
21. The Plan has made no investments during the year that violate the terms of the Plan or Trust Agreement.
22. We have informed you of the existence of any unrecorded transactions, side agreements or other arrangements (either written or oral).

 - (a) Satisfactory title to all recorded assets, and they are not subject to any liens, pledges or other encumbrances.
 - (b) Complied with all aspects of contractual agreements, for which noncompliance would materially affect the financial statements.

24. The financial statements disclose all significant estimates known to us. Significant estimates are estimates at the date of the statement of net assets available for benefits which could change materially within the next year. Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable.
25. With respect to any nonattest services you have provided us during the year, including financial statement preparation:
 - (a) We have designated a qualified management-level individual to be responsible and accountable for overseeing the nonattest services.
 - (b) We have established and monitored the performance of the nonattest services to ensure that they meet our objectives.
 - (c) We have made any and all decisions involving management functions with respect to the nonattest services and accept full responsibility for such decisions.
 - (d) We have evaluated the adequacy of the services performed and any findings that resulted.
26. We have reviewed the reports of all transactions processed by third-party servicers, and, based on our review, we believe the transactions shown in the reports are valid and in accordance with our instructions to the third-party processor. We also have had no communications from any of the Plan's service organizations regarding any fraud, noncompliance with laws and regulations or uncorrected misstatements.
27. We have disclosed to you Delinquent Participant Contributions and are in the process of correcting them.
28. We have apprised you of all communications, written or oral, with regulatory agencies concerning the operation of the plan.
29. As applicable, we have complied with the Department of Labor's regulations concerning the services provider fee disclosures in accordance with Sec. 408(b)(2).
