Note 1 DESCRIPTION OF PLAN

The following description of the Mitek Employees' Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees who have completed one month of service and are age twenty-one or older. The Plan also covers part-time, temporary, student, intern, and seasonal employees who have completed one year of service and are age twenty-one or older. Plan sponsors include Mitek Corporation; Atlas Sound, L.P.; Magnum Marketing Corporation; Thunder Valley Ranches, LLC; Innovative Electronic Designs, LLC; IED Support Services, LLC; Thunder Valley Corporation; Universal Audio Video Productions, LLC; and Advanced Audio Acoustics, Inc. (the "Plan Sponsors"), all of which are under common control. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Administration

The Plan is administered by the Mitek Employees' Retirement Plan Advisory Committee. BMO Retirement Services ("BMO" or the "Trustee") is responsible for the custody and management of the Plan's assets.

Contributions

Participant Contributions

Eligible employees may contribute up to 70% of pre-tax annual compensation, as defined in the Plan. Contributions must be made through payroll deductions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the plan year are eligible to make tax-deferred catch-up contributions.

Matching Contributions

Matching contributions, if any, are allocated in proportion to the amount of pay each participant defers, up to one-half of the first 6% of base compensation. Discretionary contributions are allocated among participants in the ratio that compensation of each participant bears to the total compensation of all participants into the same investments and at the current investment percentages as selected by each participant. The Plan Sponsors have no obligation to make matching or company discretionary contributions in any year.

Automatic Enrollment

Employees are automatically enrolled in the Plan at a 3% tax-deferred contribution rate when they become eligible for participation. These contributions are invested in the Plan's default investment option. Employees may opt out of the automatic enrollment, stop contributions, and modify their contribution rate or investment selections at any time.

Participant Accounts

Each participant's account is funded with the participant's contributions and allocations of the Company's contributions, if any, and Plan earnings or losses. Allocations are based on participant account balances, as defined by the Plan. Participants are entitled to the vested portion of their account.

Note 1 DESCRIPTION OF PLAN (continued)

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Participants are vested in the Plan Sponsors' matching and optional contributions, plus actual earnings thereon, based on years of service. Participants are vested in Plan Sponsor contributions over a 5 year vesting schedule.

Investment Options

Plan investments are participant directed. Upon enrollment in the Plan, a participant may direct contributions in any of the then available investment fund options. Participants may change or transfer their investment options at any time via telephone or a secure internet website.

Payment of Benefits

Vested account balances are payable upon retirement, death or disability, or termination of employment. In-service distributions are also permitted after meeting certain requirements in accordance with Plan provisions. Distributions may be made in a lump sum payment, a series of installment payments, or partial payments. The Plan makes automatic distributions of participant accounts below $1,000.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to reduce future Plan Sponsor contributions. Forfeited amounts at December 31, 2015 and 2014 totaled $22,362 and $27,352, respectively. During the year, Plan Sponsor contributions were reduced by $20,465 from forfeited non-vested accounts.

Note 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Plan's financial statements are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Certain prior year amounts in the financial statements and notes thereto have been reclassified to conform to the current year's presentation.

Management Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (see Note 3). Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's realized gains and losses on investments bought and sold, and held at year-end.

Note 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition (continued)
Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Benefit Payments and Distributions
Benefits and distributions are recorded when paid.

Operating Expenses
Expenses of maintaining the Plan are paid by the Plan Sponsors. Expenses relating to the purchase or sale of investments are included in the cost or deducted from the proceeds. Certain participant services and recordkeeping fees are charged to the participant's account.

Recent Accounting Pronouncements
In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan report with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. Management has elected to adopt Parts I and II early. Part III does not apply to the Plan.

Note 3 FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Note 3 FAIR VALUE MEASUREMENT (continued)

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques must maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Principal Collective Trust Fund: A stable principal fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the stable asset collective trust fund, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Note 3 FAIR VALUE MEASUREMENT (continued)

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

December 31, 2015	Level 1	Level 2	Level 3	Total
Mutual funds	$11,779,933	$ -	$ -	$11,779,933
Total assets in the fair value hierarchy	11,779,933	-	-	11,779,933
Investments measured at net asset value (a)	-	-	-	3,222,914
Investments at Fair Value	$11,779,933	$ -	$ -	$15,002,847

December 31, 2014	Level 1	Level 2	Level 3	Total
Mutual funds	$12,326,763	$ -	$ -	$12,326,763
Total assets in the fair value hierarchy	12,326,763	-	-	12,326,763
Investments measured at net asset value (a)	-	-	-	3,091,024
Investments at Fair Value	$12,326,763	$ -	$ -	$15,417,787

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

For the years ended December 31, 2015 and 2014, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015 and 2014. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

12/31/2015	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
BMO Employee Benefit Stable Principal	$3,222,914	N/A	Daily	N/A

Note 3 FAIR VALUE MEASUREMENT (continued)

12/31/2014	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
BMO Employee Benefit Stable Principal	$3,091,024	N/A	Daily	N/A

Note 4 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of collective trusts managed by BMO. BMO is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. As described in Note 2, administrative expenses of running the Plan are paid by the Plan Sponsors. Certain administrative functions are performed by officers or employees of the Plan Sponsors. No such officer or employee receives compensation from the Plan.

For the plan year ended December 31, 2014, the Plan Sponsors failed to remit certain participant contributions to the Trustee in a timely manner based on when the participant contributions were withheld from participant paychecks as required under Department of Labor Regulation §2510.3-102.

Note 5 PLAN TERMINATION

Although they have not expressed any intention to do so, the Plan Sponsors have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 6 TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed Mitek Corporation by a letter dated June 17, 2009, that the Plan and related trust, as then designed, were in compliance with applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The Form 5500 is prepared on the contract value and agrees with net assets available for benefits.

Note 9 DOL LIMITED-SCOPE AUDIT

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the following information was certified as complete and accurate by the trustee, BMO, for the years ended December 31, 2015 and 2014:

- Investment assets
- Investment income and activity
- Schedule of assets held for investment purposes
- Schedule of reportable transactions (when applicable)

Investments at Fair Value:	2015	2014
Mutual Funds	$11,779,933	$12,326,763
Collective Trusts	3,222,914	3,091,024
Accrued Income	5,494	5,003
Cash	-	-
Investment Income	179,472	972,528

Note 10 SUBSEQUENT EVENTS

Plan management has evaluated events and transactions through October 12, 2016, the date the financial statements were available to be issued, and concluded that no additional events have occurred that require adjustment or disclosure to these financial statements.

During annual nondiscrimination testing performed in 2016, excess matching contributions were identified for eight participant accounts in the amount of $1,215. These excess contributions were forfeited back to the Plan on February 24, 2016 after being adjusted for any earnings or losses incurred by the participant between the time these contributions were received and the date of forfeiture.

During audit testing performed in 2016, BRP identified one participant that received a matching contribution at a lower rate than the matching contributions provided to other employees. BRP notified the Plan Sponsor, who is following up with OneAmerica to determine the amount of the underfunded matching contribution and the corrective action that needs to take place. No dollar amount had been identified at the time these financial statements were issued.

Description of Nonexempt Transaction:

During the plan year, the plan's trustee served as an investment fiduciary on the decision to invest in specific investments also managed by the plan's trustee. The plan should have received an advisory fee credit by investing in such funds, but did not. The plan's trustee corrected this by reimbursing the plan with all advisory fee credits along with earnings on May 29, 2015.
