COUNTRY-WIDE INSURANCE COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2015 AND 2014

1. DESCRIPTION OF PLAN

The following description of the Country-Wide Insurance Company ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code ("IRC") covering all eligible employees of the Company who have thirty (30) days of service and are age twenty-one (21) or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

(b) Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan, subject to certain limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("Rollover"). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts ("PSA") and a guaranteed interest account ("Fixed Account") as investment options for participants. The Company makes discretionary contributions based on the employee's contribution percentage. Contributions are subject to certain statutory limitations.

(c) Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions as well as Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are vested immediately in their contributions plus actual earnings on their contributions. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 % vested after six years of credited service.

1. DESCRIPTION OF PLAN (CONTINUED)

(e) Note Receivable from Participants

Participants may borrow from their investments a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participants can have a maximum of three loans outstanding at any time. Loan terms range from 1 to 5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's vested account and bear interest at the prime rate plus one (1) percent. Interest rates on outstanding loans range from 4.25% to 8.5% at December 31, 2015 and 2014. Principal and interest is paid ratably through bi-weekly payroll deductions.

(f) Payment of Benefits

On termination of service due to death, disability or retirement, a participant (or their beneficiary) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a 10 year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may receive hardship distributions, as defined, from their deferral contributions account. If the vested balance is $1,000 or less, the Plan Administrator may distribute a participant's benefit without their consent within a reasonable period of time after severance from employment.

(g) Forfeited Accounts

At December 31, 2015 and 2014, forfeited non-vested amounts totaled $26,003 and $14,127, respectively. This amount will be used to reduce future employer discretionary contributions. Also, in 2015 and 2014, employer contributions were reduced by $-0- and $45,832, respectively from forfeited non-vested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(a) Basis of Accounting (Continued)

presents the fair value of the investment contracts as the contract value approximates the fair value of the fully benefit-responsive investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared using the fair value basis for fully benefit-responsive investment contracts.

(b) Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan document.

(e) Payment of Benefits

Benefits are recorded when paid.

(f) Corrective Distributions

For the years-ended December 31, 2015 and 2014, there were $-0- and $22,431 in excess employee contributions as well as any attributable income that was also distributed to participants.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(g) Operating expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

(h) Subsequent Events

The Plan has evaluated subsequent events through October 15, 2016, the date the financial statements were available to be issued.

(i) New Accounting Standards

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, Plan Accounting: Defined Benefit Pension Plans; Defined Contribution Plans and Health and Welfare Benefit Plans. ASU 2015-12 amended Accounting Standards Codification ("ASC") 962 Plan Accounting-Defined Contribution Pension Plans and 965 Health and Welfare Benefit Plans. Contract value will be the only required measure for fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts are measured, presented, and disclosed only at contract value. GAAP requires plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type. The amendments will eliminate those requirements for both participant-directed and nonparticipant-directed investments.

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent) ("ASU 2015-07"). ASU 2015-07 amended Accounting Standards Codification ("ASC") 820, Fair Value Measurement ("ASC 820"), to remove the requirement to categorize with the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient as well as to remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient.

The amendments are to be applied retrospectively and are effective for annual periods beginning after December 15, 2015, with early application permitted.

Their adoption is not expected to have a material effect on the Plan's statements of net assets available for benefits or statement of changes in net assets available for benefits.

3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The plan administrator has elected the alternative method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, The Nationwide Financial Services Inc. ("Nationwide") and Voya Retirement Insurance Company, the custodians, have certified to the completeness and accuracy of all investments reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2015 and 2014, the related investment activity reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015 and the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2015.

Pooled separate accounts	$ 819,391
Mutual funds	(536,735)
Fixed account	79,923
	$ 362,579

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques, used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1) and the lowest priority to unobservable value inputs (level 3) Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

5. FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts ("PSA's"): PSA's consist of a wide variety of underlying investments such as equities, preferred stock, bonds, real estate and mutual funds. The net asset value ("NAV") of a PSA is based on the market value of its underlying investments but the PSA NAV is not a publicly quoted price in an active market. The NAV of each of the PSA's is calculated in a manner consistent with GAAP for investment companies and is determinative of its fair value and represents the price at which the Plan would be able to initiate a transaction. PSAs that invest in publicly quoted mutual funds and exchange-traded equity securities determine the fair value of those underlying funds and securities based on quoted prices of identical assets. The fair value of the underlying fixed income securities are based on third-party pricing vendors that utilize observable market information. As of December 31, 2015 all PSAs are reflected in Level 2.

Guaranteed Interest Account ("Fixed Account"): Valued at a guaranteed interest rate for a specified period of time as determined by the Plan custodian, or allowed, by the Plan. The rate credited is the rate in effect on the day when each deposit is directed into the account. All rates credited during the 12-month "deposit year" are averaged into a single composite rate. The guaranteed interest account is supported by Nationwide's general account. The fair value of the Fixed Account is the amount that would be paid any time funds are withdrawn or transferred within the Plan (for an event other than death, disability, termination or retirement) and reflects a surrender charge, if applicable, according to the terms of the Plan's contract.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015 and 2014, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2014	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Period Notice
Pooled Separate Accounts	$ 10,343,289	N/A	Daily	Daily

6. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds a portfolio of investment contracts. These contracts meet the fully benefit-responsive guaranteed investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The traditional investment contracts held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest as a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events would limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents including complete or partial Plan termination or merger with another plan; (2) changes to the Plan's prohibition on competing investment options or deletion of equity provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the

6. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (CONTINUED)

failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed interest account does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

7. RECORDKEEPING AND ADMINISTRATIVE EXPENSES

Effective January 1, 2015, the Plan transferred the custodial functions from Voya Retirement Insurance and Annuity Company ("VOYA") to Nationwide Financial Services ("Nationwide"). The transfer of funds from VOYA to Nationwide was not completed until April 2015. Participants invested in the VOYA fixed account received a positive market value adjustment ("MVA") of $365,181 when the funds were transferred to Nationwide.

8. RELATED PARTY TRANSACTIONS PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Nationwide. Nationwide is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred and paid directly by the Plan for the investment management services are included in net appreciation in fair value of the investments on the statement of changes in net assets held for benefits.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

10. TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated March 31, 2008, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

11. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
