MECHANICAL PARTNERS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

1. **Description of Plan**

The following description of the Mechanical Partners, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established by Mechanical Partners, Inc. (the "Company") under the provision of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in section 401(k) of the IRC, for the benefit of eligible employees of the Company. All employees of the Company who have completed at least three months of service, as defined in the Plan, and are twenty-one years of age or older are eligible to participate. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration - The Plan is administered by the Pension Committee which is appointed by the Board of Directors of the Company. The Plan's custodian, Massachusetts Mutual Life Insurance Company, (the "Custodian"), is responsible for the custody and management of the Plan's assets. The Company absorbs significant costs of the plan administration.

Contributions - Each year, participants may contribute up to 90 percent of their pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (except rollovers of after-tax employee contributions). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. The Company may make matching contributions equal to a discretionary percentage to be determined by the Company of the Participants salary reduction as well as nonelective discretionary contributions. Contributions are subject to certain limitations.

Participant Accounts - Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer contributions, as well as the participant's share of the Plan's income and any related administrative expenses. Allocations are based on the ratio of each participant's contribution to the total contributions of all participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

MECHANICAL PARTNERS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

1. **Description of Plan (continued)**

Participant Loans - Participants may borrow from their fund accounts. Participant loans are limited to 50 percent of a participant's vested account balance or \$50,000, whichever is less. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Loan terms range from one to five years, or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Interest rates currently range from 5.25 to 7.5 percent. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits - On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a partial withdrawal. For termination of service due to other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts - As of December 31, 2015 and 2014, there were no forfeited nonvested accounts. These accounts will be used to reduce future employer contributions and plan expenses.

2. **Summary of Significant Accounting Policies**

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits - Benefits are recorded when paid.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

MECHANICAL PARTNERS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

3. **Summary of Significant Accounting Policies (continued)**

Participant loans - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2015 and 2014, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan Document.

4. **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

5. **Tax Status**

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has since been amended, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

6. **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

MECHANICAL PARTNERS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

7. **Subsequent Events**

Generally accepted accounting principles defines the period after the balance sheet date during which management shall evaluate events or transactions that may occur for potential recognition or disclosure, the circumstances under which an organization shall recognize events occurring after the balance sheet date and the disclosures that an organization shall make about those events or transactions. Management evaluated all events and transactions that occurred after December 31, 2015 and through September 29, 2016. The Plan did not have any material recognizable subsequent events during this period.

8. **Related party transactions**

Certain plan investments are shares of mutual funds managed by Massachusetts Mutual Life Insurance Company. Massachusetts Mutual Life Insurance Company is the custodian of the Plan's assets and, therefore, these transactions qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

9. **Investments**

10. **Fair Value Measurements**

Generally Accepted Accounting Principles establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The Plan measures fair value using Level 1 and Level 2 inputs.

Level 1 Fair Value Measurement

The fair value of the money market funds and mutual funds are based on 100% of the price of the underlying investment funds.

Level 2 Fair Value Measurement

The fair value of participant loans represents the outstanding principal balance taking into account the applicable interest rate.

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.
