Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Capgemini Financial Services USA Inc. 401(k) Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and notes receivable from participants and executes transactions related to these assets. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 2 to the financial statements, in 2015, the Plan adopted new accounting guidance for fully benefit-responsive investment contracts. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2015, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*.

Capgemini Financial Services USA Inc.
401(k) Retirement Plan
Notes to Financial Statements
December 31, 2015 and 2014

Note 1: Description of Plan

The following description of the Capgemini Financial Services USA Inc. (Company) 401(k) Retirement Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company. Employees who are non-resident aliens and who receive no earned income from the Company, which constitutes income from services within the United States, are not eligible to participate. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation.

Contributions

Each year, participants may contribute up to 90% of pre-tax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code limits. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan provides for annual Company matching and/or profit sharing contributions at the discretion of the Company's Board of Directors. In 2015 and 2014, the Company made matching contributions of 50% of the first 6% of the employee's annual salary but limited to 50% of the employee's contribution. In 2015 and 2014, there were no discretionary profit sharing contributions. Participants direct the investment of all the contributions into various investment options offered by the Plan. The Plan currently offers various registered investment companies, a common or collective trust, money market accounts and common stocks as investment options for participants. Participants may change their investment options daily.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants immediately are vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service. Full vesting also occurs upon death, disability or retirement at designated ages.

Capgemini Financial Services USA Inc.
401(k) Retirement Plan
Notes to Financial Statements
December 31, 2015 and 2014

Notes Receivable From Participants

Participants may borrow from their accounts a minimum amount of \$1,000 not to exceed 50% of their vested account balance. The maximum aggregate dollar amount of loans outstanding may not exceed \$50,000 per participant. The notes are secured by the balance in the participant's account and bear interest at a range of 4.25% to 6.25% at December 31, 2015, which is commensurate with local prevailing rates at the time of the loans.

Payment of Benefits

On termination of service due to death, disability or retirement, the entire balance in the participant's account will be payable to the participant, or their beneficiary, in either payment in the form of a joint and survivor annuity if married, or in the form of a life annuity if unmarried, payment in a lump sum, or payments in equal monthly, quarterly, semi-annual or annual installments over a period not to exceed the participant's life expectancy.

For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. When the participant's vested interests are less than \$5,000, the plan administrator may distribute such benefit in a lump sum without the participant's consent.

Forfeited Accounts

At December 31, 2015 and 2014, forfeited nonvested accounts totaled \$314,180 and \$500,975, respectively. Those accounts will normally be applied first to reduce the Company matching and/or profit sharing contributions and any excess is applied to the payment of the Plan's administrative expenses. During 2015 and 2014, forfeitures of \$465,257 and \$371,102, respectively, were used to reduce Company contributions and administrative expenses.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions

Capgemini Financial Services USA Inc.
401(k) Retirement Plan
Notes to Financial Statements
December 31, 2015 and 2014

that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The Plan's investments in registered investment companies are valued at quoted market prices. The common or collective trust fund is valued at the net asset value (NAV) of the shares held at year-end. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Administrative Expenses

Certain expenses of the Plan are paid by the Company. The Plan pays certain administrative expenses and transaction costs related to investment fees. Certain investment fees are expensed as incurred and certain investment fees are included in the net appreciation (depreciation) in fair value of investments. Administrative expenses paid by the Plan are expensed as incurred.

Notes Receivable From Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

Payment of Benefits

Benefits are recorded when paid.

Changes in Accounting Principles

In 2015, the Plan changed its method of accounting for fully benefit-responsive investment contracts by adopting the provisions of ASU 2015-12, *Plan Accounting (Topics 960, 962 and 965)*:

Capgemini Financial Services USA Inc.
401(k) Retirement Plan
Notes to Financial Statements
December 31, 2015 and 2014

Part I: Fully Benefit-Responsive Investment Contracts (FBRICs). The accounting provided for in ASU 2015-12 allows plans to measure, present and disclose fully benefit-responsive investment contracts at contract value. The guidance also clarifies that indirect investments in FBRICs should not be reflected as FBRICs and, therefore, should be reported at fair value. Concurrent with the Plan's implementation of ASU 2015-12, the statements of net assets available for benefits for all periods presented no longer reflect the common or collective trust fund as a FBRIC and as such, the investment is now measured at fair value without an adjustment to contract value. This change was applied retrospectively to all periods presented.

In 2015, the Plan changed its accounting policy on plan accounting disclosures by adopting the provisions of ASU 2015-12, *Plan Accounting (Topics 960, 962 and 965): Part II: Plan Investment Disclosures*. The accounting policy change provided for in ASU 2015-12 changes the Plan's disclosure requirements to eliminate and/or modify certain investment-related disclosures. This change was applied retrospectively for all periods presented.

In 2015, the Plan changed its accounting policy on plan accounting disclosures and presentation for fair value of investments using the net asset value per share by adopting the provisions of ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)*. In accordance with this guidance, investments measured at net asset value per share as a practical expedient are not categorized within the fair value hierarchy. This change was applied retrospectively to all periods presented.

Note 3: Fair Value Measurements

Generally accepted accounting principles provide a uniform framework for the definition, measurement and disclosure of fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The financial accounting standards establish a fair value hierarchy which requires the plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The financial accounting standards describe three levels of inputs that may be used to measure fair value:

- Level 1** Quoted market prices (unadjusted) for identical assets or liabilities in active markets that the plan has the ability to access as of the measurement date.
- Level 2** Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active and other inputs that are observable or can be corroborated by observable market data.
- Level 3** Significant unobservable inputs that reflect the plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

Capgemini Financial Services USA Inc.
401(k) Retirement Plan
Notes to Financial Statements
December 31, 2015 and 2014

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2015 and 2014.

The fair value of registered investment companies is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The fair value of money market accounts are carried at cost, which approximates fair value (Level 1 inputs).

The fair value of common stocks is supported by quoted prices in active markets (Level 1 inputs).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

		Fair Value Measurements at Reporting Date Using		
		Quoted Prices in Active Markets for Identical Assets/ Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

- (A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share practice expedient (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The plan administrator has evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31 2015 and 2014, there were no significant transfers in or out of Levels 1, 2 or 3.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015 and 2014. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2015				
Common or collective trust	\$ 6,808,274	\$ -	Daily	None
December 31, 2014				
Common or collective trust	\$ 6,917,869	\$ -	Daily	None

Note 4: Corrective Actions

For the years ended December 31, 2015 and 2014, the Plan failed certain nondiscrimination tests and has completed corrective actions. For the years ended December 31, 2015 and 2014, refunds of \$809,669 and \$287,449, respectively, were due to certain participants to return to them excess deferral contributions in order to satisfy the relevant nondiscrimination provisions of the Plan. These amounts are included in the statements of net assets available for benefits as excess contributions payable to participants at December 31, 2015 and 2014, and in the 2015 and 2014 statements of changes in net assets available for benefits as refunds of excess contributions.

Note 5: Related Party Transactions

Certain Plan investments are managed by Fidelity Management Trust Company, the trustee of the Plan, and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan of \$147,056 and \$129,548 during 2015 and 2014, respectively, for legal, accounting and other professional services are primarily rendered by parties-in-interest.

Note 6: Tax Status

The Plan is a Volume Submitter Defined Contribution Plan sponsored by Fidelity Management & Research Co. and adopted by the Company. Fidelity Management & Research Co. obtained its latest opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the

Capgemini Financial Services USA Inc.
401(k) Retirement Plan
Notes to Financial Statements
December 31, 2015 and 2014

Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for income taxes is included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

Note 7: Information Certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2015 and 2014.
- Investment income (loss) components and interest income from participant notes receivable as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2015 and 2014.
- Investments and participant loans included in the supplemental schedule of assets (held at end of year) as of December 31, 2015.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 8: Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Capgemini Financial Services USA Inc. 401(k) Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and notes receivable from participants and executes transactions related to these assets. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 2 to the financial statements, in 2015, the Plan adopted new accounting guidance for fully benefit-responsive investment contracts. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2015, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*.

Capgemini Financial Services USA Inc.
401(k) Retirement Plan
Notes to Financial Statements
December 31, 2015 and 2014

Note 1: Description of Plan

The following description of the Capgemini Financial Services USA Inc. (Company) 401(k) Retirement Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company. Employees who are non-resident aliens and who receive no earned income from the Company, which constitutes income from services within the United States, are not eligible to participate. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation.

Contributions

Each year, participants may contribute up to 90% of pre-tax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code limits. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan provides for annual Company matching and/or profit sharing contributions at the discretion of the Company's Board of Directors. In 2015 and 2014, the Company made matching contributions of 50% of the first 6% of the employee's annual salary but limited to 50% of the employee's contribution. In 2015 and 2014, there were no discretionary profit sharing contributions. Participants direct the investment of all the contributions into various investment options offered by the Plan. The Plan currently offers various registered investment companies, a common or collective trust, money market accounts and common stocks as investment options for participants. Participants may change their investment options daily.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants immediately are vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service. Full vesting also occurs upon death, disability or retirement at designated ages.

Capgemini Financial Services USA Inc.
401(k) Retirement Plan
Notes to Financial Statements
December 31, 2015 and 2014

Notes Receivable From Participants

Participants may borrow from their accounts a minimum amount of \$1,000 not to exceed 50% of their vested account balance. The maximum aggregate dollar amount of loans outstanding may not exceed \$50,000 per participant. The notes are secured by the balance in the participant's account and bear interest at a range of 4.25% to 6.25% at December 31, 2015, which is commensurate with local prevailing rates at the time of the loans.

Payment of Benefits

On termination of service due to death, disability or retirement, the entire balance in the participant's account will be payable to the participant, or their beneficiary, in either payment in the form of a joint and survivor annuity if married, or in the form of a life annuity if unmarried, payment in a lump sum, or payments in equal monthly, quarterly, semi-annual or annual installments over a period not to exceed the participant's life expectancy.

For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. When the participant's vested interests are less than \$5,000, the plan administrator may distribute such benefit in a lump sum without the participant's consent.

Forfeited Accounts

At December 31, 2015 and 2014, forfeited nonvested accounts totaled \$314,180 and \$500,975, respectively. Those accounts will normally be applied first to reduce the Company matching and/or profit sharing contributions and any excess is applied to the payment of the Plan's administrative expenses. During 2015 and 2014, forfeitures of \$465,257 and \$371,102, respectively, were used to reduce Company contributions and administrative expenses.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions

Capgemini Financial Services USA Inc.
401(k) Retirement Plan
Notes to Financial Statements
December 31, 2015 and 2014

that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The Plan's investments in registered investment companies are valued at quoted market prices. The common or collective trust fund is valued at the net asset value (NAV) of the shares held at year-end. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Administrative Expenses

Certain expenses of the Plan are paid by the Company. The Plan pays certain administrative expenses and transaction costs related to investment fees. Certain investment fees are expensed as incurred and certain investment fees are included in the net appreciation (depreciation) in fair value of investments. Administrative expenses paid by the Plan are expensed as incurred.

Notes Receivable From Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

Payment of Benefits

Benefits are recorded when paid.

Changes in Accounting Principles

In 2015, the Plan changed its method of accounting for fully benefit-responsive investment contracts by adopting the provisions of ASU 2015-12, *Plan Accounting (Topics 960, 962 and 965)*:

Capgemini Financial Services USA Inc.
401(k) Retirement Plan
Notes to Financial Statements
December 31, 2015 and 2014

Part I: Fully Benefit-Responsive Investment Contracts (FBRICs). The accounting provided for in ASU 2015-12 allows plans to measure, present and disclose fully benefit-responsive investment contracts at contract value. The guidance also clarifies that indirect investments in FBRICs should not be reflected as FBRICs and, therefore, should be reported at fair value. Concurrent with the Plan's implementation of ASU 2015-12, the statements of net assets available for benefits for all periods presented no longer reflect the common or collective trust fund as a FBRIC and as such, the investment is now measured at fair value without an adjustment to contract value. This change was applied retrospectively to all periods presented.

In 2015, the Plan changed its accounting policy on plan accounting disclosures by adopting the provisions of ASU 2015-12, *Plan Accounting (Topics 960, 962 and 965): Part II: Plan Investment Disclosures*. The accounting policy change provided for in ASU 2015-12 changes the Plan's disclosure requirements to eliminate and/or modify certain investment-related disclosures. This change was applied retrospectively for all periods presented.

In 2015, the Plan changed its accounting policy on plan accounting disclosures and presentation for fair value of investments using the net asset value per share by adopting the provisions of ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)*. In accordance with this guidance, investments measured at net asset value per share as a practical expedient are not categorized within the fair value hierarchy. This change was applied retrospectively to all periods presented.

Note 3: Fair Value Measurements

Generally accepted accounting principles provide a uniform framework for the definition, measurement and disclosure of fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The financial accounting standards establish a fair value hierarchy which requires the plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The financial accounting standards describe three levels of inputs that may be used to measure fair value:

- Level 1** Quoted market prices (unadjusted) for identical assets or liabilities in active markets that the plan has the ability to access as of the measurement date.
- Level 2** Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active and other inputs that are observable or can be corroborated by observable market data.
- Level 3** Significant unobservable inputs that reflect the plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

Capgemini Financial Services USA Inc.
401(k) Retirement Plan
Notes to Financial Statements
December 31, 2015 and 2014

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2015 and 2014.

The fair value of registered investment companies is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The fair value of money market accounts are carried at cost, which approximates fair value (Level 1 inputs).

The fair value of common stocks is supported by quoted prices in active markets (Level 1 inputs).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

		Fair Value Measurements at Reporting Date Using

- (A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share practice expedient (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The plan administrator has evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31 2015 and 2014, there were no significant transfers in or out of Levels 1, 2 or 3.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015 and 2014. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>

December 31, 2014				
Common or collective trust	\$ 6,917,869	\$ -	Daily	None

Note 4: Corrective Actions

For the years ended December 31, 2015 and 2014, the Plan failed certain nondiscrimination tests and has completed corrective actions. For the years ended December 31, 2015 and 2014, refunds of \$809,669 and \$287,449, respectively, were due to certain participants to return to them excess deferral contributions in order to satisfy the relevant nondiscrimination provisions of the Plan. These amounts are included in the statements of net assets available for benefits as excess contributions payable to participants at December 31, 2015 and 2014, and in the 2015 and 2014 statements of changes in net assets available for benefits as refunds of excess contributions.

Note 5: Related Party Transactions

Certain Plan investments are managed by Fidelity Management Trust Company, the trustee of the Plan, and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan of \$147,056 and \$129,548 during 2015 and 2014, respectively, for legal, accounting and other professional services are primarily rendered by parties-in-interest.

Note 6: Tax Status

The Plan is a Volume Submitter Defined Contribution Plan sponsored by Fidelity Management & Research Co. and adopted by the Company. Fidelity Management & Research Co. obtained its latest opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the

Capgemini Financial Services USA Inc.
401(k) Retirement Plan
Notes to Financial Statements
December 31, 2015 and 2014

Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for income taxes is included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

Note 7: Information Certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2015 and 2014.
- Investment income (loss) components and interest income from participant notes receivable as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2015 and 2014.
