1. Description of the Plan

The following brief description of the MLB Advanced Media, L.P. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering substantially all employees of MLB Advanced Media, L.P. (the "Company") who have attained at least 21 years of age. Employees are eligible to participate immediately. The Company manages the operation and administration of the Plan. Fidelity Management Trust Company (the "Trustee") serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

(b) Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan document. Participants may designate a portion or all of their deferral contributions as Roth 401(k) contributions and to roll over Roth contributions. Participants also may contribute amounts representing distributions from other tax-qualified plans or tax-qualified individual retirement accounts. Contributions are subject to certain annual dollar limitations as imposed by the Internal Revenue Service ("IRS"). The maximum pre-tax contributions for calendar years 2015 and 2014 are limited by the Internal Revenue Code (the "Code") to $18,000 and $17,500, respectively. Catch-up contributions are permitted for those eligible employees over the age of 50 years and are limited to $6,000 and $5,500 in years 2015 and 2014, respectively.

(c) Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

(d) Participant Accounts

The Plan maintains individual accounts for each Plan participant. Each participant's account is credited with the participant's contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined. A participant is entitled to the benefit that can be provided from the participant's vested account.

(e) Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers mutual funds, a common collective trust and a money market fund as investment options for participants.

(f) Payments of Benefits

A participant is eligible to receive the vested balance in his or her account under any of the following circumstances: (a) attaining normal retirement age, as defined, (b) terminating employment, (c) satisfying the early retirement age requirements, as defined, (d) becoming disabled, as defined, (e) attaining age 59 1/2 but continuing to work, and (f) incurring a financial hardship. A participant may elect to receive the value of his or her account in the form of a single lump-sum payment, installment payments, or the purchase of an annuity contract.

(g) Notes Receivable From Participants

Notes receivable from participants represent loans that are secured by the balance in the participant's account. Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Each loan is subject to a rate of interest as defined by the Plan. Principal and interest are paid ratably through payroll deductions over a five year period unless it is for the purchase of a principal residence, in which case the loan repayment period may not extend beyond 30 years from the date of the loan.

2. Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan presents in the statements of changes in net assets available for benefits the net appreciation or depreciation in the fair value of investments, which consists of realized and unrealized gains or losses on those investments.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on an accrual basis.

(d) Fair Value Measurements

The Plan follows the provisions of Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, "Fair Value Measurement." The following three-tier fair value hierarchy is established as a basis for considering such assumptions and for inputs used in the valuation methodologies in measuring fair value:

Level 1 - Observable inputs that reflect quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level 2 - Includes inputs that are observable for the asset or liability, either directly or indirectly through corroboration with observable market data (market-corroborated inputs). If the asset or liability has a specified (contractual) term, a Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs for the asset or liability, that is, inputs that reflect the reporting entity's own determination about the assumptions market participants would use in pricing the asset or liability (including assumptions about risk) developed based on the best information available in the circumstances. Assumptions about risk include the risk inherent in a particular valuation technique used to measure fair value (such as a pricing model) and/or the risk inherent in the inputs to the valuation technique.

(e) Risks and Uncertainties

Due to various risks (e.g., interest rate, market and credit) associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

(f) Payment of Benefits

Benefits are recorded when paid.

(g) Plan Expenses

Expenses, consisting primarily of recordkeeping and loan processing fees, are deducted from the respective participants' accounts. All other administrative costs incurred by the Plan are paid by the Company.

(h) Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(i) Income Taxes

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(j) Relevant Accounting Developments

In May 2015, the FASB issued Accounting Standards Update ("ASU") No. 2015·07, "Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)." ASU No. 2015-07 was issued to address diversity in practice related to how certain investments measured at net asset value ("NAV") with redemption dates in the future (including periodic redemption dates) are categorized within the fair value hierarchy. ASU No. 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient. As such, certain fair value leveling disclosures are no longer required; although information must be disclosed so that users can reconcile amounts reported in the fair value hierarchy to the statements of net assets available for benefits. ASU 2015-07 is effective for annual reporting periods beginning after December 15, 2016, and is to be applied retrospectively. Plan management has elected to early adopt the provisions of ASU 2015-07.

In July 2015, the FASB issued ASU No. 2015-12, "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient." ASU No. 2015-12 was issued to

simplify financial reporting by employee benefit plans. ASU 2015-12 was issued to simplify financial reporting by employee benefit plans. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in the fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan assets. Part III provides a measurement date practical expedient for employee benefit plans when the Plan's fiscal period does not coincide with a month-end. Part III is not applicable to the Plan. ASU 2015-12 is effective for annual reporting periods after December 15, 2015, with early adoption permitted. Parts I and II should be applied retrospectively. The Plan has elected to early adopt Parts I and II of the ASU.

3. Plan Termination

Although it has not expressed any intention to do so, the Company reserves the right to terminate the Plan, in whole or in part, at any time, subject to the provisions of ERISA. In the event that such termination occurs, all amounts credited to participant accounts will remain 100% vested and the Trustee, in accordance with the Plan document, will distribute the net assets of the Plan in a uniform and non-discretionary manner.

4. Information Certified by the Trustee

The following is a summary of the information regarding the Plan's financial statements and supplemental schedule as of and for the years ended December 31, 2015 and 2014, that was prepared by or derived from information prepared by the Trustee of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certification from the Trustee that such information is complete and accurate.

December 31,	**2015**	2014
Investments, at fair value	**$31,427,935**	$24,796,538
Notes receivable from participants	**526,666**	412,105

Year ended December 31,	**2015**	2014
Net (depreciation) appreciation in fair value of investments	**$(1,463,728)**	$ 98,131
Interest and dividends	**1,680,675**	1,375,934
Interest income on notes receivable from participants	**18,701**	15,982

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

5. Related Party Transactions

Certain Plan investments are managed by the Trustee. Any purchases and sales of these funds are performed in the open market at fair value and qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Notes receivable from participants also qualify as party-in-interest transactions.

6. Tax Status

The Company adopted the Fidelity Management & Research Company's volume submitter plan which has received a favorable opinion letter from the IRS dated March 31, 2014, stating that the volume submitter plan is designed in accordance with the applicable sections of the Code. The Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator believes that the Plan has been designed and is being operated in compliance with applicable requirements of the Code.

7. Fair Value Measurements

The following tables provide information by level for assets that are measured at fair value (see Note 2).

December 31, 2015

	Fair Value Measurements Using Inputs Considered as			
	Level 1	Level 2	Level 3	**Total**

Common collective trust at NAV*				**517,025**
Total investments at fair value				**$31,427,935**

December 31, 2014

	Fair Value Measurements Using Inputs Considered as			
	Level 1	Level 2	Level 3	Total
Mutual funds	$23,625,438	$-	$-	$23,625,438
Money market fund	636,696	-	-	636,696
Total	$24,262,134	$-	$-	24,262,134
Common collective trust at NAV*				534,404
Total investments at fair value				$24,796,538

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts prescribed in these tables are intended and permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

- Mutual funds and the money market fund are valued at NAV (unadjusted quoted price) of shares held by the Plan at year-end.
- The common collective trust is valued based upon the unit values. Unit value is based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means. The NAV is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of amounts reported in the financial statements to the amounts reported in Form 5500 as of and for the year ended December 31, 2015:

	Amounts Per Financial Statements	Reconciling Amounts	Amounts Per Form 5500
Net assets available for benefits	**$31,954,601**	**$ 3,530**[(a)]	**$31,958,131**
Total investment income	**216,947**	**(4,396)**[(b)]	**212,551**

Reconciling items are comprised of the following:

(a) Adjustment from current value to fair value as of December 31, 2015.

(b) Net change in adjustment from current value to fair value for the year ended December 31, 2015.

The following is a reconciliation of amounts reported in the financial statements to the amounts reported in Form 5500 as of and for the year ended December 31, 2014:

	Amounts Per Financial Statements	Reconciling Amounts	Amounts Per Form 5500
Net assets available for benefits	$25,208,643	$ 7,926[(a)]	$25,216,569
Total investment income	1,474,065	(4,454)[(b)]	1,469,611

Reconciling items are comprised of the following:

(a) Adjustment from contract value to fair value for fully benefit-responsive investment contract as of December 31, 2014.

(b) Net change in adjustment from contract value to fair value for fully benefit-responsive investment contract for the year ended December 31, 2014.

9. Transfer of Assets

In 2015, certain employees transitioned from employment with the Office of the Commissioner to the Company. On June 3, 2015, the participant account balances associated with these employees were transferred into the Plan from the MLB 401(k) Plan & Trust.

10. Subsequent Events

Effective January 1, 2016, the Company has elected to make employer contributions to the Plan for those employees that meet the eligibility requirements as defined by the Plan.

In 2016, the Company established two wholly-owned subsidiaries in connection with the spin-off of its technology services business, BAMTech, LLC and BAMTech Services, LLC (the "BAMTech Entities"). Employees of the BAMTech Entities were eligible to participate in the Plan starting August 1, 2016. Effective August 8, 2016, the Company sold an interest in the BAMTech Entities and at such time the Plan became a multiple employer plan.

In September 2015, the Company purchased a wholly-owned subsidiary, Vertigo, Inc. ("Vertigo"). Effective August 1, 2016, the employees of Vertigo became BAMTech Services employees and the Vertigo 401k Plan was merged into the Plan.

In a letter dated June 15, 2016, the IRS made an initial request for various Plan records. The Company has provided the requested information. As of the date the financial statements were available to be issued, there has been no further communication from the IRS.

The Plan has evaluated events and transactions for potential recognition and disclosures in the financial statements through October 17, 2016, the date the financial statements were available to be issued.

1. Description of the Plan

The following brief description of the MLB Advanced Media, L.P. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering substantially all employees of MLB Advanced Media, L.P. (the "Company") who have attained at least 21 years of age. Employees are eligible to participate immediately. The Company manages the operation and administration of the Plan. Fidelity Management Trust Company (the "Trustee") serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

(b) Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan document. Participants may designate a portion or all of their deferral contributions as Roth 401(k) contributions and to roll over Roth contributions. Participants also may contribute amounts representing distributions from other tax-qualified plans or tax-qualified individual retirement accounts. Contributions are subject to certain annual dollar limitations as imposed by the Internal Revenue Service ("IRS"). The maximum pre-tax contributions for calendar years 2015 and 2014 are limited by the Internal Revenue Code (the "Code") to $18,000 and $17,500, respectively. Catch-up contributions are permitted for those eligible employees over the age of 50 years and are limited to $6,000 and $5,500 in years 2015 and 2014, respectively.

(c) Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

(d) Participant Accounts

The Plan maintains individual accounts for each Plan participant. Each participant's account is credited with the participant's contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined. A participant is entitled to the benefit that can be provided from the participant's vested account.

(e) Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers mutual funds, a common collective trust and a money market fund as investment options for participants.

(f) Payments of Benefits

A participant is eligible to receive the vested balance in his or her account under any of the following circumstances: (a) attaining normal retirement age, as defined, (b) terminating employment, (c) satisfying the early retirement age requirements, as defined, (d) becoming disabled, as defined, (e) attaining age 59 1/2 but continuing to work, and (f) incurring a financial hardship. A participant may elect to receive the value of his or her account in the form of a single lump-sum payment, installment payments, or the purchase of an annuity contract.

(g) Notes Receivable From Participants

Notes receivable from participants represent loans that are secured by the balance in the participant's account. Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Each loan is subject to a rate of interest as defined by the Plan. Principal and interest are paid ratably through payroll deductions over a five year period unless it is for the purchase of a principal residence, in which case the loan repayment period may not extend beyond 30 years from the date of the loan.

2. Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan presents in the statements of changes in net assets available for benefits the net appreciation or depreciation in the fair value of investments, which consists of realized and unrealized gains or losses on those investments.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on an accrual basis.

(d) Fair Value Measurements

The Plan follows the provisions of Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, "Fair Value Measurement." The following three-tier fair value hierarchy is established as a basis for considering such assumptions and for inputs used in the valuation methodologies in measuring fair value:

Level 1 - Observable inputs that reflect quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level 2 - Includes inputs that are observable for the asset or liability, either directly or indirectly through corroboration with observable market data (market-corroborated inputs). If the asset or liability has a specified (contractual) term, a Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs for the asset or liability, that is, inputs that reflect the reporting entity's own determination about the assumptions market participants would use in pricing the asset or liability (including assumptions about risk) developed based on the best information available in the circumstances. Assumptions about risk include the risk inherent in a particular valuation technique used to measure fair value (such as a pricing model) and/or the risk inherent in the inputs to the valuation technique.

(e) Risks and Uncertainties

Due to various risks (e.g., interest rate, market and credit) associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

(f) Payment of Benefits

Benefits are recorded when paid.

(g) Plan Expenses

Expenses, consisting primarily of recordkeeping and loan processing fees, are deducted from the respective participants' accounts. All other administrative costs incurred by the Plan are paid by the Company.

(h) Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(i) Income Taxes

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(j) Relevant Accounting Developments

In May 2015, the FASB issued Accounting Standards Update ("ASU") No. 2015·07, "Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)." ASU No. 2015-07 was issued to address diversity in practice related to how certain investments measured at net asset value ("NAV") with redemption dates in the future (including periodic redemption dates) are categorized within the fair value hierarchy. ASU No. 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient. As such, certain fair value leveling disclosures are no longer required; although information must be disclosed so that users can reconcile amounts reported in the fair value hierarchy to the statements of net assets available for benefits. ASU 2015-07 is effective for annual reporting periods beginning after December 15, 2016, and is to be applied retrospectively. Plan management has elected to early adopt the provisions of ASU 2015-07.

In July 2015, the FASB issued ASU No. 2015-12, "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient." ASU No. 2015-12 was issued to

simplify financial reporting by employee benefit plans. ASU 2015-12 was issued to simplify financial reporting by employee benefit plans. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in the fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan assets. Part III provides a measurement date practical expedient for employee benefit plans when the Plan's fiscal period does not coincide with a month-end. Part III is not applicable to the Plan. ASU 2015-12 is effective for annual reporting periods after December 15, 2015, with early adoption permitted. Parts I and II should be applied retrospectively. The Plan has elected to early adopt Parts I and II of the ASU.

3. Plan Termination

Although it has not expressed any intention to do so, the Company reserves the right to terminate the Plan, in whole or in part, at any time, subject to the provisions of ERISA. In the event that such termination occurs, all amounts credited to participant accounts will remain 100% vested and the Trustee, in accordance with the Plan document, will distribute the net assets of the Plan in a uniform and non-discretionary manner.

4. Information Certified by the Trustee

The following is a summary of the information regarding the Plan's financial statements and supplemental schedule as of and for the years ended December 31, 2015 and 2014, that was prepared by or derived from information prepared by the Trustee of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certification from the Trustee that such information is complete and accurate.

December 31,	**2015**	2014
Investments, at fair value	**$31,427,935**	$24,796,538
Notes receivable from participants	**526,666**	412,105

Year ended December 31,	**2015**	2014
Net (depreciation) appreciation in fair value of investments	**$(1,463,728)**	$ 98,131
Interest and dividends	**1,680,675**	1,375,934
Interest income on notes receivable from participants	**18,701**	15,982

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

5. Related Party Transactions

Certain Plan investments are managed by the Trustee. Any purchases and sales of these funds are performed in the open market at fair value and qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Notes receivable from participants also qualify as party-in-interest transactions.

6. Tax Status

The Company adopted the Fidelity Management & Research Company's volume submitter plan which has received a favorable opinion letter from the IRS dated March 31, 2014, stating that the volume submitter plan is designed in accordance with the applicable sections of the Code. The Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator believes that the Plan has been designed and is being operated in compliance with applicable requirements of the Code.

7. Fair Value Measurements

The following tables provide information by level for assets that are measured at fair value (see Note 2).

December 31, 2015

Total investments at fair value				**$31,427,935**

December 31, 2014

	Fair Value Measurements Using Inputs Considered as			
	Level 1	Level 2	Level 3	Total
Mutual funds	$23,625,438	$-	$-	$23,625,438
Money market fund	636,696	-	-	636,696
Total	$24,262,134	$-	$-	24,262,134
Common collective trust at NAV*				534,404
Total investments at fair value				$24,796,538

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts prescribed in these tables are intended and permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

- Mutual funds and the money market fund are valued at NAV (unadjusted quoted price) of shares held by the Plan at year-end.
- The common collective trust is valued based upon the unit values. Unit value is based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means. The NAV is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of amounts reported in the financial statements to the amounts reported in Form 5500 as of and for the year ended December 31, 2015:

	Amounts Per Financial Statements	Reconciling Amounts	Amounts Per Form 5500
Net assets available for benefits	**$31,954,601**	**$ 3,530**[(a)]	**$31,958,131**
Total investment income	**216,947**	**(4,396)**[(b)]	**212,551**

Reconciling items are comprised of the following:

(a) Adjustment from current value to fair value as of December 31, 2015.

(b) Net change in adjustment from current value to fair value for the year ended December 31, 2015.

The following is a reconciliation of amounts reported in the financial statements to the amounts reported in Form 5500 as of and for the year ended December 31, 2014:

	Amounts Per Financial Statements	Reconciling Amounts	Amounts Per Form 5500
Net assets available for benefits	$25,208,643	$ 7,926[(a)]	$25,216,569
Total investment income	1,474,065	(4,454)[(b)]	1,469,611

Reconciling items are comprised of the following:

(a) Adjustment from contract value to fair value for fully benefit-responsive investment contract as of December 31, 2014.

(b) Net change in adjustment from contract value to fair value for fully benefit-responsive investment contract for the year ended December 31, 2014.

9. Transfer of Assets

In 2015, certain employees transitioned from employment with the Office of the Commissioner to the Company. On June 3, 2015, the participant account balances associated with these employees were transferred into the Plan from the MLB 401(k) Plan & Trust.

10. Subsequent Events

Effective January 1, 2016, the Company has elected to make employer contributions to the Plan for those employees that meet the eligibility requirements as defined by the Plan.

In 2016, the Company established two wholly-owned subsidiaries in connection with the spin-off of its technology services business, BAMTech, LLC and BAMTech Services, LLC (the "BAMTech Entities"). Employees of the BAMTech Entities were eligible to participate in the Plan starting August 1, 2016. Effective August 8, 2016, the Company sold an interest in the BAMTech Entities and at such time the Plan became a multiple employer plan.

In September 2015, the Company purchased a wholly-owned subsidiary, Vertigo, Inc. ("Vertigo"). Effective August 1, 2016, the employees of Vertigo became BAMTech Services employees and the Vertigo 401k Plan was merged into the Plan.

In a letter dated June 15, 2016, the IRS made an initial request for various Plan records. The Company has provided the requested information. As of the date the financial statements were available to be issued, there has been no further communication from the IRS.

The Plan has evaluated events and transactions for potential recognition and disclosures in the financial statements through October 17, 2016, the date the financial statements were available to be issued.
