Report on the Financial Statements

We were engaged to audit the accompanying financial statements of FUJIFILM Medical Systems U.S.A., Inc. Profit Sharing Plan, (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by The Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B., the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2015 and 2014, that the information provided to the Plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As more fully discussed in Note 2 to the accompanying financial statements, in 2015 the Plan adopted new accounting and disclosure guidance related to its investments. Prior and current year accounting and disclosures have been revised to reflect the retrospective application of adopting these changes in accounting and disclosure. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedule appearing on pages 14 and 15, as of December 31, 2015 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 – Description of Plan

The following brief description of the FUJIFILM Medical Systems U.S.A., Inc. Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective January 1, 1967 and most recently, amended effective January 1, 2011. The Plan uses a prototype plan designed by Prudential Retirement Insurance Company of America. Non-union, non-leased employees of FUJIFILM Medical Systems U.S.A., Inc. and TeraMedica, Inc. (the "Company") become eligible to participate immediately upon entry on their employment commencement date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") as amended. The Board of Trustees is responsible for oversight of the Plan. Management of the Company determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions

Prior to January 1, 2011 the Plan was solely a profit sharing plan with no employee contributions allowed. Effective January 1, 2011 the participants may contribute a pre-tax amount equal to not less than 1 percent and not more than 65 percent, of their compensation, as defined in the Plan. In addition, participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an automatic deferral feature for eligible new employees whereby 3 percent of their compensation will be withheld and contributed to the Plan and will increase by 1 percent each year after until the deferral rate has reached a maximum rate of 6 percent unless a contrary election is made. Effective, April 1, 2014, due to a plan amendment, eligible new employees have 6 percent of their compensation withheld and contributed to the Plan and will increase by 1 percent each year until the deferral rate has reached a maximum rate of 15 percent unless a contrary election is made. The contributions are automatically invested in an age appropriate qualified default investment alternative fund until changed by the participant. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan accepts Roth elective deferrals made on behalf of participants. Participants direct the investment of their contribution and employer contributions into various investment options offered by the Plan or into self directed brokerage accounts. The Company may make a discretionary matching contribution based on the participants' elective deferral. The Company may also make a non elective contribution. The Board of Directors of the Company determines the amount of the non-elective contribution annually. This contribution is allocated based on eligible compensation to those participants who have satisfied the annual allocation requirements. The allocation is integrated with Social Security. Contributions to "highly compensated employees," as defined by the Plan, may not exceed 10 percent of eligible compensation. In order to receive an allocation of the non-elective contribution for the Plan year, participants must be employed on the last day of the Plan year, and complete 1,000 hours of service during the Plan year. Effective September 15, 2015, due to a Plan amendment, the Company matching contribution will be 50 percent of each participants elective deferral up to 6 percent of their eligible compensation and the non elective Company contribution will be 4 percent of all participants' eligible compensation. During the years ended December 31, 2015 and 2014, the Company made contributions of $6,010,745 and $5,291,700 including non elective contributions of approximately $3,761,000 and $5,291,700. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Note 1 – Description of Plan (continued)

Participant Accounts
Each participant's account is credited with the participant's contributions and Company matching contributions, as well as an allocation of (a) the Company's discretionary contribution, (b) plan earnings and losses, and (c) Plan administrative expenses that are paid by the Plan. Earnings (losses) and investment expenses are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their voluntary contributions plus actual earnings thereon. The vesting in the company's contribution portion of the participants' accounts is based on credited years of continuous service. A participant became 25 percent vested after two years of service, 50 percent vested after three years of service, 75 percent after four years of service and 100 percent vested after five years of service. Effective with the September 15, 2015 amendment, a participant is 100 percent vested immediately in the Company non elective contribution and becomes 50 percent vested after two years of service and 100 percent after three years of service for Company matching contributions. However, if an active participant dies or becomes totally and permanently disabled prior to attaining the normal retirement age, the participant's account becomes 100 percent vested.

Forfeited Accounts
Forfeitures of non-vested benefits are used to reduce the Company's discretionary contribution and plan expenses. At December 31, 2015 and 2014, forfeited non-vested accounts totaled $310,819 and $252,650, respectively. For the years ended December 31, 2015 and 2014, $252,650 and $423,678, respectively, were used to offset Company contributions.

Payment of Benefits
On termination of service due to death, disability or retirement, a participant with a vested interest over $5,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, a distribution in the form of any annuity, or a combination of both. If the vested interest is less than $5,000, a participant shall receive the value of the vested interest in his or her account as a lump-sum distribution. Distributions are subject to the applicable provisions of the Plan agreement.

Notes Receivable from Participants
Effective September 15, 2015 due to a plan amendment, the Plan allows for loans. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 4.50% which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. The loans must be repaid over a period not to exceed five years or ten years for the purchase of a primary residence. Principal and interest is paid ratably through bi-weekly payroll deductions.

Note 2 – Summary of Accounting Policies

Change in Accounting Principles
In May 2015, the financial accounting standards board ("FASB") issued *ASU 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, *Fair Value Measurement,* from categorization within the fair value hierarchy and modifies other disclosure requirements. The guidance requires retrospective application and is effective for year ends beginning after December 15, 2016. Early

Note 2 – Summary of Accounting Policies (continued)

Change in Accounting Principles (continued)
adoption is permitted. During 2015, the Board of Trustees of the Plan elected to early adopt the provisions of this new standard with retroactive effect for 2014. Accordingly, the amendment was retrospectively applied resulting in a change in the fair value hierarchy and elimination of certain other investment disclosures; however, the practical expedient was not provided as the information was not readily determinable.

In July 2015, the FASB issued *ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefits Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and eliminates certain related disclosures. Contract value will become the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type as well as certain other disclosures. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type of investment; plans are no longer required to also disaggregate investments by nature, characteristics and risks. Part III is not applicable to the Plan. This standard is effective for fiscal years beginning after December 15, 2016, with early adoption permitted, and is to be applied retrospectively. During 2015, the Board of Trustees elected to early adopt Parts I and II of this new standard with retrospective effect for 2014. Accordingly, the amendment was retrospectively applied resulting in the measurement of the investment in the stable value pooled separate account to be carried at fair value and the elimination of certain related disclosures.

The adoption of the aforementioned ASU's (i.e., ASU 2015-07 and ASU 2015-12) on a retrospective basis (i.e., as of January 1, 2014), had the following impact on the 2014 statement of net assets available for benefits and the 2014 statement of changes in the net assets available for benefits (as well as related footnote disclosures):

	Effect of Change in Accounting Principles		
As of and for the Year Ended December 31, 2014	As Originally Reported	As Adjusted	Effect of Change

Net increase (decrease)	7,587,309	8,032,948	445,639

Note 2 – Summary of Accounting Policies (continued)

Statement of Net Assets Available for Benefits

Adjustment from fair value to contract value for fully benefit-responsive investment contracts	863,220	-	863,220
Net assets available for benefits	108,180,154	109,043,374	863,220

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Management of the Company determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers, custodians and insurance company

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses have been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payments of Benefits
Benefits are recorded when paid by the Plan.

Administrative Expenses
The Plan's expenses are paid either by the Plan or the Company as provided by the plan agreement. Certain administrative expenses of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statements of Changes in Net Assets Available for Benefits. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Note 2 – Summary of Accounting Policies (continued)

Subsequent Events
The Plan has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 13, 2016, the date the financial statements were available to be issued.

Note 3 – Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2015 and 2014, and net appreciation (depreciation) in the fair value of investments and interest and dividends for the years then ended, was obtained and derived from information supplied to the Plan administrator and certified as complete and accurate by Prudential Retirement Insurance and Annuity Company ("PRIAC") and Prudential Bank & Trust, F.S.B. ("PB&T"), (the trustees of the Plan), except for the stable value pooled separate account.

The assets of the Plan are invested at the direction of the participants in various investment funds at December 31, 2015 and 2014.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The levels of the fair value hierarchy are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4 – Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Pooled separate accounts: Valued at fair value based on the current market values of the underlying assets of the fund.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value pooled separate account: The stable value pooled separate account is not available in an exchange and active market, however, the fair value is determined based on the Plan's pro-rata share of the underlying investments in the pooled separate account. The underlying investments are principally comprised of investment grade: mortgage pools, corporate bonds and U.S. and foreign government bonds. Values are determined by quoted prices, market indexes and bid and asked criteria.

Self-directed brokerage accounts: Consists of interest bearing cash, common stocks, and mutual funds. Cash is valued at fair value based on current market values of the underlying assets of the fund. The common stocks are valued at the closing price reported in the active market in which the individual securities are traded. The mutual funds are valued at the NAV of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

	Investments at Fair Value as of December 31, 2015

Note 5 –Stable Value Pooled Separate Account

The Plan's investment in the stable value pooled separate account ("the Fund"), a pooled separate account of PRIAC, is based on the fair value of the underlying investments. The investment objective is to receive a constant rate of return on the investments held in the Fund which is contractually agreed to (i.e. guaranteed) between the Plan and the Fund. The Plan participants' accounts are credited with earnings on the underlying investments and charged for participant withdrawals and certain administrative expenses. PRIAC is contractually obligated to repay the principal and a specified interest rate in a manner that mimics contract value. Said rate is reset every six months, but fair value appreciation (depreciation) and gains and losses are rolled into the next six month fixed rate setting process Generally, there are no restrictions on Plan participant's ability to redeem their investment in the Fund at a contract value rate. Certain affiliates of the Plan are also a part of this pooled separate account. Withdrawals prompted by certain events may restrict a participant's ability to redeem the investment. The contract does not permit PRIAC to terminate the agreement prior to the scheduled maturity date.

The Plan's ability to receive amounts due is dependent on PRIAC's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and/or regulatory events.

Certain events limit the ability of the Plan to transact at the mimicked contract value with PRIAC. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. The Plan administrator, as well as the Company and its management, do not believe that any events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Average yields:	2015	2014
Based on actual earnings	3.27%	2.54%
Based on interest rate credited to participants	3.18%	2.88%

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their employer contributions.

Note 7 – Tax Status

The Company adopted a Prudential Retirement Insurance Company of America Prototype Plan which received a favorable opinion letter from the IRS dated March 31, 2008, which states that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The trustees of the Plan have analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, no uncertain positions are taken or are expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to tax examinations for years prior to 2012.

Note 8 – Related Party Transactions

The investments owned by the Plan are managed by Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B., the trustees as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid by revenue sharing, rather than direct payment. As described in Note 2, the Plan made direct payments to the third party administrator of $71,946 and $39,443 for the years ended December 31, 2015 and 2014, respectively; which were not covered by revenue sharing. The Company pays directly any other fees related to the Plan's operations.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 – Transfers to Affiliated Plan

In 2014, certain participants and their related plan assets were transferred to an affiliate of the Company. In October 2015, the Teramedica, Inc. 401K Plan merged into the FUJIFILM Medical Systems U.S.A., Inc. Profit Sharing Plan. The participants that were merged in were due to receive a non-elective employer contribution September 15, 2016 in the amount of approximately $22,000 but due to an operational error, it did not occur timely. The contribution to the Plan to correct this was made October 17, 2016.

Note 11 – Benefits Payable

As of the date the financial statements were available to be issued, the Company had not completed the discrimination testing for the Plan, nor the affiliated Plans in the controlled group (as defined), for the year ended December 31, 2015, 2014 and 2013. Management believes the amount of refunds, if any, resulting from the 2015, 2014 and 2013 testing would not be material to the financial statements and, therefore, no liability has been recorded for such refunds, if any.

Note 12 – Reconciliation of Plan Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2015 and 2014:

	2015	2014
Net assets available for benefits per the financial statements	$ 112,573,564	$ 109,043,374
