HEROUX CORP. 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and March 31, 2015

NOTE A - DESCRIPTION OF PLAN

The following description of the Heroux Corp. 401(k) Retirement Plan ("Plan") for Heroux-Devtek, Inc. ("Company") provides only general information. Participants should refer to the plan agreement for more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering all full-time employees of the Company who have completed 90 days of service and are age 18 or older. The Plan covers all full-time employees of Heroux-Devtek, Inc. (Parent Company) that includes HDI Landing Gear USA, Inc. and APPH Wichita, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Board of Trustees oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees. Effective April 1, 2015, the Plan elected to change to a calendar year end.

2. Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and an insurance investment contract as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation. Contributions are automatically invested in a designated balanced fund until changed by the participant.

The Company matches 100% of the first 2% of eligible compensation and 50% of the next 2% of eligible compensation that a participant contributes to the Plan. The employer matching contribution was \$225,250 and \$254,460 in December 31, 2015 and March 31, 2015, respectively. Matching contributions are invested according to the participant's directions. There were no discretionary company profit sharing contributions for the nine months ended December 31, 2015 and the year ended March 31, 2015.

NOTE A - DESCRIPTION OF PLAN (Continued)

3. **Participant Accounts**

Each participant's account is credited with the participant's contribution, and allocations of (a) the Company's matching contribution, (b) the Company's discretionary profit sharing contribution, and (c) plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

4. **Vesting**

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary profit sharing contribution portion of their accounts is based on years of continuous service. A participant is fully vested after three years of credited service.

5. **Forfeited Accounts**

At December 31, 2015 and March 31, 2015, forfeited nonvested accounts totaled \$3,550 and \$217, respectively. Forfeitures are first applied to the restoration of forfeitures, and then at the discretion of the Company, can be added to or used as employer contributions or can be used to pay administrative expenses of the Plan. During the nine months ended December 31, 2015 and year ended March 31, 2015, forfeited nonvested accounts were not used to reduce the employer matching contributions.

6. **Payment of Benefits**

Participants may withdraw their contribution and the vested portion of the Company's matching and discretionary contribution upon hardship, retirement, the attainment of age 59½, termination of service, disability, or death. In the event of a participant's death, payment will be made to designated beneficiaries. For termination of service, a participant may receive the vested percentage of the account balance in a lump sum distribution.

7. **Notes Receivable From Participants**

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 9.25%, which are commensurate with local prevailing rates as determined by the plan administrator upon the date of the loan application. Principal and interest is paid ratably through payroll deductions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

2. Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note G for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

3. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

4. Payment of Benefits

Benefits are recorded when paid.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

5. *Notes Receivable from Participants (Continued)*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2015 and March 31, 2015, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document.

6. *Administrative Expenses*

The Company provides certain administrative and accounting services to the Plan at no cost. Administrative expenses including audit fees and legal fees are paid directly by the Company. Other administrative expenses directly incurred by the Plan include investment management fees and loan and distributions fees charged directly to the participants' accounts. These administrative expenses are presented as a deduction to net assets on the statements of changes in net assets available for benefits.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

7. New Accounting Standards

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts but will continue to provide certain disclosures that help users understand the nature and risks of fully benefit-responsive investment contracts. Upon adoption, contract value will be the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part II also removes the requirement to include investment strategy disclosures for those investments using NAV as a practical expedient. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end. The ASU is effective for fiscal years beginning after December 15, 2015; however, early adoption is allowed. The Plan adopted Part I and II of ASU 2015-12 and its application was applied retrospectively. Part III is not applicable to the Plan.

NOTE C - TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated July 8, 2010 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and to recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2013.

NOTE D - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	<u>December 31, 2015</u>	<u>March 31, 2015</u>
Investments, at fair value:		
Mutual funds	\$ 8,741,521	\$ 8,382,182
Investments, at contract value:		
Insurance contracts	\$ 1,809,230	\$ 1,816,592
Net appreciation (depreciation) in fair value of investments	\$ (957,730)	\$ (37,052)
Dividends & interest	\$ 690,066	\$ 593,379

NOTE E - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are issued and managed by Great-West Life & Annuity Insurance Company (Great-West). Great-West is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Also, as described in Note B-6, the Plan made direct payments to the third party administrator and investment advisors for various services which amounted to \$4,518 for the nine months ended December 31, 2015 and \$6,893 for the year ended March 31, 2015. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE F - GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive group annuity contract with an insurance company which is called the Key Guaranteed Portfolio Fund. The insurance company maintains the contributions in a general account which is credited with earnings and charged for participant withdrawals and administrative expenses.

Since the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE F - GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY
(Continued)

Certain events limit the ability of the Plan to transact at contract value with the insurance company. Such events include the following: (1) premature termination of the contracts by the Plan, (2) plan closings, (3) layoffs, (4) plan termination, (5) bankruptcy, (6) and early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance company may not terminate the contract at any amount less than the contract value.

The insurance company is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the insurance company. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the product will be established based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The average yield earned by the Plan for the group annuity contract is derived by averaging the quarterly gross interest rates for the fund over the period. The average for the nine months ended December 31, 2015 was 1.25% and for the year ended March 31, 2015 was 1.64%. The actual average yield earned by the Plan for the group annuity contract is derived by averaging the Plan's quarterly interest rates. The actual average for the nine months ended December 31, 2015 was 1.25% and for the year ended March 31, 2015 was 1.64%.

NOTE G - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

NOTE G - FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and March 31, 2015:

<u>Fair Value Measurements at the End of the Reporting</u>				
	<u>Period Using:</u>			
	<u>Fair Value</u>	<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>	<u>Observable Inputs Other Than Quoted Prices (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>
<u>December 31, 2015</u>				
Mutual funds	\$ 8,741,521	\$ 8,741,521	\$ -	\$ -
<i>Total assets at fair value</i>	<u>\$ 8,741,521</u>	<u>\$ 8,741,521</u>	<u>\$ -</u>	<u>\$ -</u>

<i>Total assets at fair value</i>	<u>\$ 8,382,182</u>	<u>\$ 8,382,182</u>	<u>\$ -</u>	<u>\$ -</u>

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE J - DATE OF MANAGEMENT'S REVIEW & SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 17, 2016, which is the date on which the financial statements were available to be issued.

Effective January 1, 2016, the Plan was amended to exclude co-op employees who are hired or rehired on or after January 1, 2016 from eligibility to participate in the Plan. Effective September 1, 2016, the automatic enrollment rate of deferrals was increased from 3% to 4%.

No other subsequent events were identified that would require an adjustment to the accompanying financial statements.
