The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Fidelity Management Trust Company ("Fidelity") serves as trustee and custodian.

Eligibility

The Plan covers employees of the New York Yankees, Trans-Marine Management Corporation (an affiliated entity), FRU LLC (an affiliated entity) and River Operating Company (a subsidiary of the Partnership) who, during 2015 and 2014, have completed twelve months of service, and have worked 1,000 hours and are age 21 or older. Participation in the Plan is voluntary. The Plan does not cover employees who are members of certain unions, major and minor league baseball players, and nonresident aliens who receive earned income outside the United States of America.

Contributions

Participants may contribute an amount equal to no less than 1% nor more than 60% of their pretax annual compensation for any contribution period, subject to an Internal Revenue Services (the "IRS") $18,000 maximum contribution in 2015. The IRS permits participants age 50 and over to contribute an additional $6,000 for 2015 as a catch-up contribution. The Partnership makes a matching contribution in an amount equal to $.25 for each $1.00 contributed by each participant of the first 6% of elected contributions, up to a maximum of 1.5% of the employee's eligible compensation. A participant may also make transfer ("rollover") contributions from qualified retirement plans.

Excess Contributions Payable

Contributions in excess of those allowed by Internal Revenue Code 401(k) are reflected as excess contributions payable.

Participant Accounts

Participant accounts are credited by investment fund for participant contributions. Unit values are calculated daily to reflect the gains or losses of the underlying investments and expenses. Each participant's account is credited with the participant's contribution, employer's contribution and allocations of Plan earnings. Allocations are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. The Plan provides for vesting in employer contributions included in participant accounts based on years of service. A participant becomes 20% vested after one year of service, 40% vested after two years of service, 60% vested after three years of service, 80% vested after four years of service and 100% vested after five years of service. A participant who terminates employment as a result of retirement or death shall be fully vested and entitled to receive the value of their entire account.

Investment Options
The Plan provides participants with thirty diverse mutual funds and one common collective trust fund as options.

Forfeited Accounts
Forfeitures of nonvested account balances are included in the Plan's investments and are available to reduce future employer contributions or to pay administrative expenses. At December 31, 2015 and 2014, forfeited, nonvested funds totaled $44,940 and $46,259, respectively. During 2015 $25,889 of forfeitures were used to pay investment management fees.

Notes Receivable from Participants
The Plan allows loans to participants from $1,000 up to one-half of the present value of the vested account balance of the participants not to exceed a loan amount of $50,000. The loan interest rate is set at one percent above the prime rate. Such loans are collateralized by each respective participant's account with interest and principal payments being credited to the participant's account according to their current investment elections. Principal and interest is paid ratably through payroll deductions. A participant's vested interest in his or her account is reduced by the value of any loans outstanding upon termination.

Benefits Paid to Participants
Upon termination of service, disability or the attainment of normal retirement (age 65) or early retirement (age 55) a participant may elect to receive either a lump-sum amount equal to the value of their account, a distribution in the form of an annuity, or a combination of both. If the value of a terminated participant's vested benefit does not exceed $1,000, the entire amount shall be paid to the participant in a single lump-sum. As more fully described in the Plan document, early withdrawals are generally limited to cases involving disability or financial hardship, or in service withdrawals upon attainment of age 59 ½.

2. Summary of Accounting Policies

Basis of Presentation
The financial statements have been prepared on the accrual method of accounting, except for benefits paid to participants, which are recorded when paid.

Investment Valuation and Income Recognition
The Plan invests in diverse mutual funds and a common collective trust fund managed by Fidelity for the years ended December 31, 2015 and 2014. Investments are stated at fair value.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net depreciation in the fair value of investments, which consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments.

Notes Receivable from Participants
Notes receivable from participants are recorded at unpaid principal balance plus accrued interest.

Excess Contributions Payable
Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Contributions
Participant and employer contributions are recorded in the period during which payroll deductions are made from the participants' earnings. Rollover contributions are recorded in the period during which received by the Plan.

Administrative Expenses
The Partnership pays substantially all of the administrative expenses of the Plan. The Plan pays expenses related to custodian, record-keeper and advisory services. The Partnership personnel perform various administrative services for the Plan, including limited assistance with the maintenance of participant records. Such costs associated with these services are not included in the accompanying financial statements.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties
The Plan provides for various investment options in professionally managed funds that purchase common shares, debt, and other equity type securities of publicly traded companies. Such investments are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with such investments and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in value in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Recently Issued Pronouncements
In July 2015, the Financial Accounting Standards Board ("FASB") issued accounting guidance that eliminates the requirement to disclose the fair value of fully benefit-responsive investment contracts recorded at contract value, including a reconciliation of contract value to fair value. Under this amendment, fully benefit-responsive contracts are measured, presented and disclosed only at contract value. The amendment is effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. The Plan elected to early adopt the amendment and fully benefit-responsive contracts are recorded at contract value for all years presented in these financial statements.

In July 2015, the FASB issued accounting guidance that eliminates the requirements to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient and that investment is in a fund that files a U.S. Department of Labor Form 5500 as a direct filing entity, disclosure of that investment strategy will no longer be required. The amendment is effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. The Plan elected to early adopt the amendment which eliminated the disclosure of individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation of investments by general type, for all years presented in these financial statements.

In May 2015, the FASB issued accounting guidance that removes the requirement to categorize within the fair value hierarchy all investments for which the fair value is measured using net asset value per share practical expedient. The amendment also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using net asset value per share as a practical expedient. The amendment is effective for fiscal years beginning after December 15, 2016, early adoption is permitted. The Plan elected to early adopt the amendment and excluded the investments that use net asset value per share as a practical expedient from the fair value hierarchy. Those investments are disclosed in the fair value footnote to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits for all years presented in these financial statements.

3. Fair Value Measurements

ASC 820 defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

ASC 820 also establishes a fair value hierarchy that requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. ASC 820 establishes three levels of inputs that may be used to measure fair value:

- Level 1: quoted prices in active markets for identical assets or liabilities;
- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Level 3: unobservable inputs that are supported by no market activity and that are significant to the fair value of the assets or liabilities.

Mutual Funds
The Plan's valuation methodology used to measure the fair values of mutual funds were derived from quoted market prices as all of these instruments have active markets.

Common Collective Trust Fund
The fair value of the common collective trust fund is measured at net asset values ("NAV") as a practical expedient, which represents fair values of the underlying securities held in the fund. These investments are not available in an exchange or active market.

Investments Measured at Fair Value on a Recurring Basis
Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2015 and 2014 (Level 1, 2 and 3 inputs are defined above):

	Fair Value of Investments as of Decemebr 31, 2015				
	Net Asset Value (a)	Level 1	Level 2	Level 3	Total
Mutual funds	$ -	$ 25,250,896	$ -	$ -	$ 25,250,896
Common collective trust fund	1,487,027	-	-	-	1,487,027
Total investments at fair value	$ 1,487,027	$ 25,250,896	$ -	$ -	$ 26,737,923

	Fair Value of Investments as of Decemebr 31, 2014				
	Net Asset Value (a)	Level 1	Level 2	Level 3	Total
Mutual funds	$ -	$ 23,941,362	$ -	$ -	$ 23,941,362
Commen collective trust fund	1,373,919	-	-	-	1,373,919
Total investments at fair value	$ 1,373,919	$ 23,941,362	$ -	$ -	$ 25,315,281

(a) Certain Investments that are measured at fair value using net asset value per share as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

The Plan recognizes transfers between levels of the valuation hierarchy when they are incurred. There were no transfers between levels of the valuation hierarchy for the years ended December 31, 2015 and 2014.

4. Financial Information Certified by the Trustee

The following is a summary of the Plan's financial information and data included in the Plan's financial statements and supplemental schedule which was certified by Fidelity Management Trust Company ("Trustee") as of December 31, 2015 and 2014 and for the year ended December 31, 2015 as complete and accurate, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

	2015	2014
Assets:		
Investments, at fair value	$ 26,737,923	$ 25,315,281
Notes receivable from participants	$ 488,788	$ 604,476

	2015
Investment income:	
Net depreciation in fair value of investments	$ (975,012)
Interest and dividend income	$ 1,459,603

5. Related Party Transactions

Certain Plan investments for the years ended December 31, 2015 and 2014 were mutual funds and a common collective trust fund managed by Fidelity, and, as such, these transactions qualify as party-in-interest transactions. Total assets held by parties-in-interest at December 31, 2015 and 2014 were $21,633,704 and $21,054,158, respectively. Included in these assets were notes receivable from participants of $488,788 and $604,476 at December 31, 2015 and 2014, respectively.

Fees paid by the Plan for custodian management services amounted to $41,441 for the year ended December 31, 2015. These fees qualify as party-in-interest transactions. Plan management believes fees paid during the year for administration and other services rendered by parties-in-interest were based on customary and reasonable rates for such services.

The Partnership (the Plan Sponsor) pays substantially all of the administrative expenses of the Plan, as noted in the *Administrative Expenses* section of Note 2. These expenses include the audit and Form 5500 fees.

6. Plan Termination

Although it has not expressed any intent to do so, the Partnership has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon a complete or partial termination of the Plan, the account of each affected participant will fully vest.

7. Income Tax

The Plan received a determination letter dated March 31, 2008, from the Internal Revenue Service stating that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and has been operating in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the Internal Revenue Service ("IRS"). The Plan administrator has analyzed the tax positions of the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. These positions are not expected to change in the next 12 months. The Plan is subject to routine audits by taxing jurisdictions and accordingly, the effect of such review, if any, would be reflected in the period of review. There are currently no audits for any periods in progress and the Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

8. Reconciliation to Form 5500

The following is a reconciliation of Net Assets Available for Benefits per the financial statements at December 31, 2015 and 2014 to the Form 5500:

	2015	2014

Excess contribution reversal for prior year	(5,024)
Total net increase in net assets available for benefits per the Form 5500 net of expenses	$ 1,305,319

9. Subsequent Events

The Plan has evaluated subsequent events through October 14, 2016, which is the date that the financial statements are available for issuance and determined that no subsequent events have occurred requiring adjustments as of December 31, 2015.
