Independent Auditors' Report

Plan Administrator for the
Ohio Aluminum Industries Inc.
Union Employees Defined Benefit Pension Plan
Cleveland, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Ohio Aluminum Industries Inc. Union Employees Defined Benefit Pension Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Charles Schwab Bank, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2015 and 2014, and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2015 and supplemental schedules of reportable transactions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

UNION EMPLOYEES DEFINED BENEFIT PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Significant Accounting Policies

Basis of Accounting:

The Ohio Aluminum Industries Inc. Union Employees Defined Benefit Pension Plan (the "Plan") uses the accrual basis of accounting. Benefit payments to participants are recorded upon distribution.

New Accounting Pronouncements:

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965)*. The Plan elected early adoption of this pronouncement, which changed certain investment disclosure requirements. As such, the Plan is no longer required to (1) disclose individual investments that represent 5% or more of net assets available for benefits; (2) disclose the net appreciation or depreciation for investments by general type; or (3) disaggregate investments by anything other than general type within the fair value hierarchy. These changes have been applied retrospectively to the financial statements.

Investment Valuation and Income Recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Cash:

The Plan places its temporary cash with a national financial institution which, at times, may exceed federally insured amounts. The actual balance may exceed reported balances due to outstanding checks.

Actuarial Present Value of Accumulated Plan Benefits:

Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions to the service which employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. The accumulated plan benefits for active employees are based on the credited service as of the date the benefit information is presented (the valuation date). Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1. Significant Accounting Policies (Continued)

Administrative Expenses:

Fees of the Plan are paid by Ohio Aluminum Industries, Inc. (the "Company") or the Plan at the discretion of the Company.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Subsequent Events:

The Plan has evaluated subsequent events through September 23, 2016, the date the financial statements were available to be issued.

Note 2. Description of the Plan

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General:

The Plan is a defined benefit pension plan covering the employees which are covered by the Collective Bargaining Agreement between the Company and the Glass, Molders, Pottery, Plastics & Allied Workers International Union (AFL-CIO, CLC) and its Local No. 45B. The Plan was formed on November 1, 1981. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Benefits:

Participants with five or more years of credited service are eligible to receive monthly benefit payments beginning at normal retirement age of 65, or may receive early retirement pension benefits at age 55 provided that ten years of credited service has been attained. Participants may elect to receive their benefits as a straight life annuity equal to a monthly benefit amount of \$30.70 effective November 14, 2015 (was \$29.16 effective November 14, 2013 and \$29.92 effective November 14, 2014) multiplied by the number of years of benefit service (with the accrued benefit reduced by .5% for each month by which early retirement precedes normal retirement) or may elect the contingent annuitant option at a reduced amount. Generally, participants who remain in employment after attaining normal retirement age are not entitled to receive payments of their retirement income until they actually retire; however, participants will receive credit for the service rendered after normal retirement age. The Plan also provides for the payment of benefits upon death and disability.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Description of the Plan (Continued)

Death and Disability Benefits:

If a vested participant dies before the date on which his or her retirement income is to begin, the surviving spouse is entitled to the surviving spouse pension for the spouse's remaining lifetime, beginning on the participant's early retirement date. Active participants who have not attained age 65, who have ten years of credited service, and who become totally disabled receive a temporary benefit equal to \$60 per month until the participant reaches age 65.

Note 3. Actuarial Present Value of Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits was determined by an independent actuary from CBIZ Retirement Plan Services and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of January 1, 2015 and 2014 were (a) life expectancy of participants based on the RP-2014 Employee And Retiree Mortality for Males and Females (Generational Projection) for 2015 and IRS Prescribed Optional Combined Mortality for Males and Females (1.430(h)(3)-1) for 2014; (b) retirement age of 65; and (c) a discount rate used to value plan benefits of 6.50%. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The accumulated plan benefit information as of January 1, 2015 is as follows:

Actuarial present value of accumulated plan benefits:

Vested benefits:

Participants currently receiving payments	\$1,558,855
Other participants	<u>4,167,581</u>
	5,726,436

Nonvested benefits	<u>144,631</u>
--------------------	----------------

Total accumulated plan benefits	<u><u>\$5,871,067</u></u>
---------------------------------	---------------------------

OHIO ALUMINUM INDUSTRIES INC.
UNION EMPLOYEES DEFINED BENEFIT PENSION PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 3. Actuarial Present Value of Accumulated Plan Benefits (Continued)

The change in accumulated plan benefits from January 1, 2014 to January 1, 2015 is as follows:

Actuarial present value of accumulated plan benefits – January 1, 2014		\$5,272,520
Increase (decrease) during the period attributable to:		
Benefits accumulated	\$ 142,133	
Interest	338,443	
Assumption and Plan changes	378,223	
Benefits paid	(131,410)	
Actuarial gains	<u>(128,842)</u>	
Net increase		<u>598,547</u>
Actuarial present value of accumulated plan benefits – January 1, 2015		<u>\$5,871,067</u>

The increase in the actuarial present value of accumulated plan benefits during the valuation period was attributable to assumption and Plan changes related to a mortality assumption update with one year of mortality to match the annual change to Internal Revenue Service valuation assumption.

Note 4. Funding Policy

The Company's funding policy is to make annual contributions which are designed to fund the Plan's current service costs on a current basis and to fund over 20 years the estimated accrued benefit cost arising from qualifying service prior to establishment of the Plan. For the plan year ended December 31, 2015, Company contributions totaled \$241,557 of which \$11,863 was made in 2015 and \$229,694 was made in 2016. For the plan year ended December 31, 2014, Company contributions totaled \$212,676 which was made in 2014. No contributions are made by participants. The Company's contributions for the Plan years ended December 31, 2015 and 2014 met the minimum funding requirements of ERISA.

Note 5. Plan Termination

Although the Company has not expressed any intent to terminate the pension plan agreement, it may do so at any time. In the event of a complete termination of the Plan, the assets then remaining in the pension fund, after providing for expenses of administration, shall be allocated, to the extent that they shall be sufficient, for the purpose of funding the accrued benefits to the date of termination of the Plan of all pensioners, participants, vested former participants, and beneficiaries in the manner and order of precedence required under the terms of Section 4044 of ERISA, and any funds remaining in the pension fund after funding in full all of said accrued benefits shall revert to the Company. In the event of a partial termination of the Plan, the portion of the assets of the pension fund relating to the terminated portion of the Plan shall be allocated as aforesaid for the purpose of funding the accrued benefits of pensioners, participants, vested former participants, and beneficiaries whose benefit rights are affected by such partial termination.

OHIO ALUMINUM INDUSTRIES INC.
UNION EMPLOYEES DEFINED BENEFIT PENSION PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 5. Plan Termination (Continued)

Whether a particular participant's accumulated plan benefits will be paid depends on the priority of those benefits, the sufficiency of Plan assets at that time to provide for accumulated benefit obligations, the level of benefits guaranteed by the Pension Benefit Guaranty Corporation ("PBGC") at that time, and may also depend on the financial condition of the Plan sponsor or the PBGC at that time. Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivors' pensions. However, the PBGC does not guarantee all types of benefits under the Plan and the amount of benefit protection is subject to certain limitations.

Note 6. Income Tax Status

The prototype on which this Plan was based received a favorable determination letter from the Internal Revenue Service. The letter stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

The Plan's management has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's management believes it is no longer subject to income tax examinations for years prior to 2012.

Note 7. Unaudited Information

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Bank, the trustee, has certified to the completeness and accuracy of all investments reflected in the statements of net assets available for benefits at December 31, 2015 and 2014, the supplemental schedules at December 31, 2015 and for the year then ended, the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2015 and 2014, and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

Note 8. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

Level 1 – Quoted market prices in active markets for identical assets and liabilities

Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data

Level 3 – Unobservable inputs in which little or no market data exists

OHIO ALUMINUM INDUSTRIES INC.
UNION EMPLOYEES DEFINED BENEFIT PENSION PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 8. Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for plan assets measured at fair value:

- The fair values of mutual funds are determined based on their quoted closing market prices in active markets for identical investments, and are classified as Level 1.
- The money market fund is valued based on the quoted closing market prices in active markets for identical instruments, and is classified as Level 1.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. There have been no changes in the methodologies used from 2014 to 2015. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level the Plan's assets at fair value as of December 31, 2015 and 2014:

Assets at Fair Value as of December 31, 2015

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 9. Related Party/Party-in-Interest Transactions

The Plan invests in a money market fund managed by Charles Schwab Bank ("Schwab") and fees paid to Schwab for administrative services during 2015 and 2014 were \$3,170 and \$1,904, respectively. Schwab is trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

Fees paid to LPL Financial and a third party investment advisor for these services were \$41,837 and \$45,235 for the years ended December 31, 2015 and 2014, respectively. LPL Financial was the custodian as defined by the Plan during a portion of 2014 and, therefore, these transactions qualify as party-in-interest transactions.

During 2015 and 2014 the Plan was overcharged \$10,159 and \$9,599, respectively for services from a third party investment advisor. The Plan was reimbursed in whole during 2015.

Note 10. Risks and Uncertainties

The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

ACTUARIAL ASSUMPTIONS

Valuation Census Date Census data was provided by the Plan Sponsor as of January 01, 2015. We have reviewed the data for consistency and have no reason to doubt its substantial accuracy.

Valuation Interest Rates IRS-Prescribed Three-Segment Rates, for the month that includes the valuation date (Jan).

24-Month Segment Rates		
	Unadjusted	Limited to 25 Year Corridor
Segment I:	1.22%	4.72%
Segment II:	4.11%	6.11%
Segment III:	5.20%	6.81%

The "Limited to 25 Year Corridor" rates are adjusted by the applicable maximum and applicable minimum percentages of the 25-year average segment rates, as set forth in the Highway and Transportation Funding Act of 2014 ('HATFA-14') for use in Minimum Required Contribution calculations. The IRS Maximum Deductible Limit Calculations use the rates from the "Unadjusted" column above.

The Effective Interest Rate (EIR) for the 2015 Plan Year was 6.35%. For the prior Plan year, the EIR was 6.55%.

The EIR is the single rate of interest which, if used to determine the Funding Target, would equal the Funding Target determined using the plan sponsor's above elected discount rates. The EIR is used to discount contributions for minimum funding requirements and to accumulate excess contributions to the end of the year.

Mortality Table Elected IRS Prescribed Optional Combined Mortality for Males and Females (1.430(h)(3)-1) for the current Plan Year.

Valuation Assets Assets are equal to their Fair Market Value plus receivable contributions.

Expenses Administrative expenses were assumed to equal actual expenses in the prior year. Under this assumption, expenses of \$47,139 were included in the Normal Cost.

Salary Scale None.

ACTUARIAL ASSUMPTIONS

Taxable Wage Base Increases

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

ACTUARIAL METHODS

Minimum Funding Cost Method

The actuarial cost method used to determine the liabilities for minimum funding calculations is the Traditional Unit Credit method. The objective under this method is to fund each participant's benefits under the plan as they accrue. Under this cost method, the actuarial accrued liability is the sum of the individual accrued liabilities for all participants and the normal cost is the sum of the individual normal costs for each participant. The individual accrued liability for a participant is the present value of the accrued benefit as of the valuation date taking into account service and/or pay as of the valuation date. The individual normal cost for a participant is the present value of the benefit expected to accrue in the plan year being valued.

If a plan is frozen, there is no normal cost attributable to benefit accruals.

Maximum deductible contribution method

The actuarial cost method used to determine the liabilities for maximum deductible calculations is the Projected Unit Credit method. The objective under this method is to fund each participant's benefits under the plan as they accrue, taking into consideration expected future compensation increases. Under this cost method, the actuarial accrued liability is the sum of the individual accrued liabilities for all participants and the normal cost is the sum of the individual normal costs for all participant. The individual accrued liability for a participant is the sum of 1) the present value of the accrued benefit earned as of the valuation date taking into account service and/or pay as of the valuation date; plus 2) the present value of the accrued benefit expected to be earned because of any expected future compensation increases.

The individual normal cost for a participant is the sum of the present value of the benefit expected to accrue in the plan year being valued taking into account any expected future compensation increases.

ACTUARIAL METHODS

Asset Method

We used financial data submitted by the trustee as of the valuation date without further audit. This information was not be verified by a plan's actuary. We have reviewed the information for internal consistency, and we have no reason to doubt is substantial accuracy.

Assets are equal to their Fair Market Value plus receivable contributions.
