ABSOLUTE CARE, LLC 401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Absolute Care, LLC 401(k) Profit Sharing Plan (“Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all full time employees of the Company who have completed one year of service and attained age 21. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRAA), the Pension Protection Act of 2006 (PPA), the Heroes Earnings Assistance and Relief Tax Act of 2008 (HEART), and the Worker, Retiree, and Employer Recovery Act of 2008 (WRERA). The assets of the Plan are maintained in a trust fund for which Nationwide Financial Retirement Plans is the current trustee. The Plan was originally adopted as of January 1, 2006 and restated as of January 1, 2015 (see also note 8).

Contributions

Participants may contribute a discretionary percentage of their compensation each year and may separately elect to defer up to 100% of any bonuses paid during the year. Total deferrals for the year may not exceed the amount designated by the Secretary of the Treasury pursuant to the limits on Elective Deferrals under Internal Revenue Code Section 402(q). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company may elect to make an annual discretionary matching contribution equal to a uniform percentage of salary deferrals. The Company has the option to disregard salary deferrals made each payroll period that exceed a certain dollar amount or certain percentage of compensation for such period.

The Company may also elect to make a discretionary profit sharing contribution to the Plan. The contribution is allocated among participants eligible to share in the contribution for the Plan Year. The contribution is allocated to participant’s accounts in the same proportion that compensation in excess of the Social Security Taxable Wage Base (“excess compensation”) bears to the total compensation plus “excess compensation” of all eligible participants. The maximum amount that can be allocated to any one participant is 5.7% of compensation plus “excess compensation”. For the years ended December 31, 2015 and 2014, the Company elected to not make a contribution.

Plan Expenses

Administrative expenses can be paid by the Plan as provided by the plan document. The Plan Sponsor pays most of the Plan expenses on a discretionary basis.

ABSOLUTE CARE, LLC 401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS

1. Description of Plan (cont.)

Participant Accounts

The administrator has established and maintains an account for each participant. Each participant's account is credited with their elective deferral contribution, Company match, and share of the Company's discretionary profit sharing contribution. In addition, each account is charged or credited with the participant's respective share of plan earnings, losses and administrative expenses. Allocations of plan earnings, losses and expenses are based on the respective share of each participant account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of all deferral, matching, and profit sharing contributions into various options including various mutual funds and a money market fund offered by the Plan.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 20% vested each year and becomes fully vested after five years of credited service.

Notes Receivable from Participants

Effective January 1, 2015, loans are permitted by all Plan participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear a fixed interest rate. The maximum repayment period is five years which may be extended for a reasonably longer period if the loan is used to acquire a principal residence. Principal and interest is paid ratably at a frequency of not less than quarterly. There were no outstanding loans as of December 31, 2015.

Payment of Benefits

Upon termination of employment service due to death, disability, retirement, voluntary or involuntary termination; a participant will receive a single lump-sum payment in an amount equal to the value of the participant's vested interest in his or her account.

Forfeitures

Forfeited balances of terminated participants are used to reduce future Plan Sponsor contributions and pay Plan administrative expenses.

At December 31, 2015 and 2014 the amounts forfeited and unallocated assets were \$5,017 and \$1,421, respectively. During 2015 and 2014, \$0 and \$8,600 of forfeited amounts were used to reduce the Plan Sponsor's profit sharing contribution.

ABSOLUTE CARE, LLC 401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan prepares its financial statements on the accrual basis of accounting and presents the fair value of net assets available for benefits and changes in net assets in conformity with accounting principles generally accepted in the United States of America.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Fair Value Measurements

Plan investments are carried at fair value on an annual recurring basis, see Note 3. Interest and dividend income are recorded as earned. Plan purchases and sales of securities are recorded on a trade date basis.

In September 2006, the Financial Accounting Standards Board (FASB) issued FASB ASC 820-10 (formerly SFAS No. 157 “Fair Value Measurements”) in order to establish a single definition of fair value and a framework for measuring fair value in generally accepted accounting principles (GAAP) that is intended to result in increased consistency and comparability in fair value measurements. FASB ASC 820-10 also expands disclosures about fair value measurements. FASB ASC 820-10 applies whenever other authoritative literature requires (or permits) certain assets or liabilities to be measured at fair value, but does not expand the use of fair value. FASB ASC 820-10 was originally effective for financial statements issued for fiscal years beginning after November 15, 2007, and interim periods within those years with early adoption permitted.

Payments of Benefits

Benefits are recorded when paid.

2. Fair Value Measurements

Effective January 1, 2008, the Plan adopted FASB ASC 820-10 (formerly Statement of Financial Accounting Standards No. 157, *Fair Value Measurements*), which provides a framework for measuring fair value under GAAP. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820-10 are as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

ABSOLUTE CARE, LLC 401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS

3. Fair Value Measurements (cont.)

- Level 3 inputs are unobservable inputs for the asset or liability for which there is little, if any, market activity at measurement date. Unobservable inputs reflect the Plan's own assumptions about what market participants would use to price the asset or liability. The inputs are developed based on the best information available in the circumstances, which might include the Plan's own financial data such as internally developed pricing models, discounted cash flow methodologies, as well as instruments for which the fair value determination requires significant management judgment.

Under the Fair Value Measurements Topic of the FASB Accounting Standards Codification, the Plan bases its fair value on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. It is the Plan's policy to maximize the use of observable inputs and minimize the use of unobservable inputs when developing fair value measurements, in accordance with the fair value hierarchy.

The following is a description of the valuation methodologies used for assets measured at fair value. Valuation methodologies utilized to determine fair value are consistently applied.

Money Market & Mutual Funds: Valued at the quoted unit values calculated and provided by the trustee of the Plan. Unit valuation calculation process includes receiving daily prices from each fund house which includes the net asset value and any dividends and capital gains declared. This information is used by the trustee to calculate gross investment rate which is then used to compute the unit value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

Assets at Fair Value as of December 31, 2015

4. Money Market & Mutual Funds

The following represents money market and mutual funds at December 31, 2015 and 2014 that represent 5% or more of the Plan's net assets available for plan benefits:

	2015	2014
Nationwide Money Market Instl	\$ 75,129	\$ 124,562
American Funds EuroPacific Gr R3	57,302	57,523
American Funds Growth Fund of Amer	53,868	68,738
Baron Asset Retail	25,014	24,444

5. Contributions Refundable / Restatement

For the plan years ended December 31, 2015 and 2014, the Plan failed the required ADP Nondiscrimination tests. To correct these failures, the Plan distributed the contributions in excess of the amounts allowed by the IRS. Therefore, the amounts payable to participants totaling \$7,152 and \$9,915 for contributions in excess of amounts allowed by the IRS in 2015 and 2014, respectively, are recorded as a liability with a corresponding reduction to participant contributions. The Plan did not distribute the excess contributions to the applicable participants by the required date for both 2015 and 2014 and, therefore was subject to a 10% excise tax penalty required to be paid by the employer. The Employer has made all applicable filings and paid the related penalties for 2015 and 2014.

For the year ended December 31, 2014, the Plan had not recorded this liability. Therefore, the Plan restated the 2014 financial statements to properly reflect the excess contributions payable. The effect of this restatement was a reduction in Net Assets Available for Plan Benefits and a corresponding increase in Contributions Refundable in the amount of \$9,915.

6. Information Supplied by Trustee

All information included in the accompanying financial statements, except information concerning employer and employee contributions and receivables, benefit payments, and administrative expenses is unaudited and has been prepared by or summarized from reports prepared by the current trustee and furnished to the plan administrator. The plan administrator has obtained certification from the trustee that such information is complete and accurate.

NOTES TO THE FINANCIAL STATEMENTS

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

8. Tax Status

The Plan has adopted a volume submitter form of a prototype plan sponsored by Nationwide Financial Retirement Plans. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. The Plan adopted the prototype plan effective January 1, 2015. The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has not been amended since receiving the determination letter. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan does file an annual report (Form 5500) in the U.S. federal jurisdiction. The plan administrator believes it is no longer subject to U.S. federal income tax examinations for years before 2012.

9. Related-Party Transactions

Certain plan investments are shares of money market funds managed by Nationwide Financial. Nationwide Financial Retirement Plans is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

11. Reconciliation of Financial Statement to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 and 2014, to Form 5500:

	2015	2014

Corrective distributions not accrued	7,152	9,915
