Coshocton County Memorial Hospital Employees Pension Plan

Notes to Financial Statements

1. Description of Plan

The following is a brief description of the Coshocton County Memorial Hospital Employees Pension Plan (the Plan) which is provided for general information purposes only. Reference to the Plan document should be made for more complete information.

General

The Plan is a money purchase pension plan covering eligible employees of Coshocton County Memorial Hospital (the Hospital). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation

Employees eligible to participate in the Plan are the registered nurses employed by the Hospital who are covered by the Ohio Nurses Association Union. The employees become eligible to participate in the Plan after one year of service and attaining age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Through August 26, 2014, the Hospital contributed an amount equal to 6% of each participant's eligible compensation. Effective August 27, 2014, the Plan was amended whereby the Hospital contributes an amount of 4% of total compensation for eligible participants.

Participant accounts

Participants of the Plan may direct employer contributions made on their behalf into one or more mutual funds, the money market fund, or the guaranteed investment contract. Each participant's account is credited with (a) the Hospital's contribution, (b) the Plan's investment results, and (c) is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Vesting in the employer's contributions and earnings thereon is based on years of continuous service. A participant becomes 100% vested in employer contributions following three years of credited service.

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the vested value of his or her account.

Benefits payable

At December 31, 2015 and 2014, amounts allocated to participants who had elected to withdraw from the Plan prior to December 31, but who were not yet paid as of that date, amounted to \$-0- and \$267,767, respectively.

Notes to Financial Statements

Forfeited accounts

Accounts forfeited by participants who terminate service prior to becoming fully vested are used to reduce future contributions made by the Hospital and pay Plan expenses. At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$23,174 and \$15,030, respectively.

2. Summary of significant accounting policies

Basis of presentation

The accounting records of the Plan are maintained on the accrual basis.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers and Nationwide Trust Company, FSB (Nationwide), the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of benefits

Benefits are recorded when paid. Single premium annuity contracts purchased to satisfy benefit payment obligations are excluded from the assets of the Plan.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Hospital and are excluded from these financial statements. Investment-related expenses are included in net depreciation of fair value of investments.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the Net Asset Value ("NAV") per share practical expedient. Instead, the amounts measured using the NAV per share (or its equivalent) must be provided to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for

Notes to Financial Statements

benefits. Additionally, ASU 2015-07 removes the requirement to make certain disclosures (FASB Accounting Standards Codification (“ASC”) 820-10-50-6A) for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. For nonpublic entities, ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. Early adoption is permitted. The Plan has not early adopted this ASU and is currently evaluating the impact to its financial statements.

In July 2015, the FASB issued ASU 2015-12, *(Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient – consensus of the Emerging Issues Task Force*. The amendments in this update (1) require a pension plan to use contract value as the only measure for fully benefit-responsive investment contracts, (2) simplify and increase the effectiveness of the investment disclosure requirements for employee benefit plans, and (3) provide benefit plans with a measurement-date practical expedient similar to the practical expedient provided to employers in ASU 2015-04, *Practical Expedient for the Measurement Date of an Employer’s Defined Benefit Obligation and Plan Assets*. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented, while the amendments in Part III shall be applied prospectively. The Plan has adopted Part II of this Update for the 2015 Plan year. Other than the elimination of the certain disclosures, the early adoption of Part II of the ASU did not have a material impact on the financial statements.

Events occurring after reporting date

The Hospital has evaluated events and transactions that occurred between December 31, 2015 and October 17, 2016, the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

3. Investments - Unaudited Information

All investment information disclosed in the accompanying financial statements, including investments held at December 31, 2015 and 2014 and investment income and net depreciation in the fair value of investments for the years ended December 31, 2015 and 2014 has been derived from information certified as complete and accurate by Nationwide Trust Company, FSB, the custodian of the Plan, in accordance with Section 2520.103-8 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. No auditing procedures have been performed on this information included in the accompanying financial statements.

4. Fair value measurements

The Accounting Standards Codification Topic on Fair Value Measurements and Disclosures establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements).

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Coshocton County Memorial Hospital Employees Pension Plan

Notes to Financial Statements

Level 2: Inputs to the valuation methodology:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Money market fund: The fair value of investments in money market accounts is valued based on their reported net asset value (NAV). The NAV of short-term securities is based on the market value of their underlying investments, adjusted for changes and expenses. There are no redemption restrictions.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed Investment Contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The methods described above may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

Total assets at fair value	\$ 10,702,314	\$ 2,169,113	\$ -	\$ 12,871,427

5. Guaranteed investment contract

The Plan has the following investment contract with Nationwide Life Insurance Company: the Fixed Contract investment. Nationwide Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at fair value as reported to the Plan by Nationwide Life Insurance Company.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rate for the Fixed Contract investment was 2.15% and 2.00% at December 31, 2015 and 2014, respectively. The interest rate on the account is reset by Nationwide Life Insurance Company on an annual basis. During the years ended December 31, 2015 and 2014, the account earned interest income of \$31,332 and \$53,413, respectively.

6. Plan termination

Although it has not expressed any intent to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Income tax status

The IRS has determined and informed the Plan sponsor by a letter dated March 16, 2010, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Transactions with parties-in-interest

Certain Plan investments are mutual funds, a money market fund, and guaranteed investment contract managed by Nationwide. In addition, the Plan paid administrative fees to Nationwide totaling \$51,381 and \$63,569 for the years ended December 31, 2015 and 2014, respectively. Nationwide is the Plan custodian and, therefore, related investment transactions qualify as party-in-interest transactions.

10. Department of Labor audit

During 2015, the U.S. Department of Labor (the "DOL") notified the Hospital that the Plan had been selected for audit. The DOL audit included on-site examination of selected Plan records for the period January 1, 2012 through December 31, 2015, interviews with the Plan administrators, and a review of the Hospital's activities as they affect the Plan. The Hospital has fully cooperated with all requests from the DOL. As part of the audit finding the Plan sponsor was required to make a contribution to the Plan in the amount of \$836 for lost opportunity costs associated with the reimbursement of certain custodial fees. Because the Hospital took corrective action, the DOL will take no further action with respect to this matter.

Notes to Financial Statements

11. Legal settlement

The Plan was a plaintiff in a class action lawsuit against Nationwide Life Insurance Co., which was settled during 2015. As a result, proceeds of \$30,592 were receivable as of December 31, 2015, and deposited into the Plan subsequent to year-end. Proceeds were allocated to participants on a pro-rata basis based on their account balances.

12. Subsequent events

Subsequent to December 31, 2015, the Hospital declared Chapter 11 bankruptcy. On October 3, 2016, an order authorizing the sale of the Hospital to Prime Healthcare Foundation, Inc., was approved by the U.S. Bankruptcy Court. The sale is currently scheduled to close on November 1, 2016. The operation of the Plan was not affected by the bankruptcy proceedings.

Subsequent to December 31, 2015, the Plan named the Vanguard Group as the new custodian of the Plan, and accordingly, the Plan's assets were transferred from Nationwide Trust Company, FSB to the Vanguard Group.

Effective April 29, 2016, the Plan was restated.
