Independent Auditors' Report

The Plan Administrator
Baldwin Wallace University
Defined Contribution and Tax Deferred Savings Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Baldwin Wallace University Defined Contribution and Tax Deferred Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the *Basis for Disclaimer of Opinion* paragraphs, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

The Department of Labor in its Field and Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans, allows the Plan to exclude from these financial statements certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009 and the related income and distributions. As described in Note 2, prior to 2009, annuity and custodial accounts of the Plan were maintained as individual participant accounts and were not combined for plan level financial reporting. As a result, the Plan's books and records may exclude certain accounts entered into prior to January 1, 2009. U.S. generally accepted accounting principles require that these accounts and the related income and distributions be included in the accompanying financial statements. The amount of excluded annuity and custodial accounts and the related income and distributions, if any, are not determinable.

As further described in Note 3 and as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified investment information described in Note 3, except for comparing such information with the related information included in the financial statements.

KPMG LLP is a Delaware limited liability partnership and the U.S. member firm of the KPMG network of independent member firms affiliated with KPMG International Cooperative ("KPMG International"), a Swiss entity.

We have been informed by the plan administrator that the entities that certified the investment information meet the requirements of 29 CFR 2520.103-8. The plan administrator has obtained certifications as of December 31, 2015 and 2014, and for the years then ended, stating that the investment information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraphs, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the agent on behalf of the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

(1) Description of Plan

The following brief description of the Baldwin Wallace University Defined Contribution and Tax Deferred Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

(a) General

The Plan became effective September 1, 1937 and is a defined-contribution plan sponsored by Baldwin Wallace University (Plan Sponsor or University). The Plan covers substantially all employees of the University. There are no service or age requirements of employees to participate in the Plan. Participants are eligible for employer contributions after attaining age 21 and completing one year of service with the University. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is administered by the Plan Administrator, which consists of certain members in the Plan Sponsor's Finance and Human Resources Departments. TIAA-CREF Individual & Institutional and Services, Inc. is the Trustee of the Plan.

The Board of Directors of Baldwin Wallace University, as permitted by the plan document, adopted and approved an amendment and instrument of merger to transfer the Baldwin Wallace University Tax Deferred Annuity Plan into the Baldwin Wallace University Defined Contribution and Tax Deferred Savings Plan effective January 1, 2015. The Plan's provisions were not materially changed as a result of the merger.

(b) Contributions

Each year participants may defer and contribute up to 100% of pretax annual compensation as defined in the Plan, up to the maximum allowed under the Internal Revenue Code (IRC).

Participants contributing at least 3% of eligible compensation receive an employer match from the Plan Sponsor equal to 7% of eligible compensation. Participants with wages above the Social Security Maximum will receive a 10% employer match from the Plan Sponsor if they contribute 5% or more of eligible compensation.

(c) Participant Rollovers

The Plan permits rollover contributions, which represent distributions from another qualified retirement plan or 457(b) nonqualified tax-deferred compensation plan of a former employer. The Plan may accept rollover contributions at the direction of the Plan Sponsor. Rollover contributions can be contributed from i) a trust under a qualified plan described in IRC Sections 401(a) or 403(a), ii) an annuity contract described in Section 403(b) of the IRC, iii) an eligible deferred compensation plan described IRC Section 457(b) that is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of the state, or iv) an individual retirement account described in Section 408(d)(3)(A)(ii) of the IRC.

(d) Participant Accounts

Each participant's account is credited with the employee's and employer's contributions, investment earnings, and appreciation or depreciation in the fair value of assets. The investment balances are participant directed. Participants may change their investment options at any time. The benefit to which a

participant is entitled is the benefit that can be provided from the participant's vested account. Upon termination of service, a participant will be entitled to receive the vested portion of his or her account.

(e) Vesting

Participants are immediately 100% vested in their voluntary contributions plus actual earnings thereon. Participants become 100% vested in employer contributions after completing one full year of vesting service.

(f) Payment of Benefits

Benefits are recorded when paid.

(g) Forfeitures

The forfeited balances of terminated participants' nonvested accounts (forfeiture) are used to reduce future Plan Sponsor matching contributions. There were no forfeitures for the plan years ended December 31, 2015 and 2014.

(h) Participant Loans

Loans are available to participants through TIAA CREF, subject to certain limitations. Plan loans are issued directly from funds owned by TIAA CREF and loan proceeds are not removed from a participant's account balance. These loans are between the participants and TIAA CREF and are therefore not included in the statements of net assets available for benefits. However, a portion of the participant's TIAA Traditional Annuity account balance is reserved, or held in collateral, to cover the outstanding loan amount for the period of time the loan is outstanding. See note 6 for discussion of TIAA Traditional Annuity. For active loans, investments equal to the outstanding loan amounts are reflected in the statements of net assets available for benefits and serve as collateral for the loan. Investments underlying defaulted loan balance are reflected in the statements of net assets available for benefits until a distribution event occurs.

Participants may borrow a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000, reduced for participants with prior loans by the highest outstanding balance of loans from the Plan during the one year period ending on the day before the date the loan is made, or 50% of their vested pretax and rollover account balance. Loans must be repaid within five years with the exception of loans used to acquire any dwelling unit which, within a reasonable time, is used as the principal residence of the participant, the specified repayment period may be longer than five years or such other period as may be specified by TIAA CREF. The loans are secured by the balance in the participant's account and bear interest rates ranging from 4.00% to 4.59%, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are repaid in equal installments over the term of the loan, with payments occurring at least quarterly. The loans mature at various dates through September 1, 2020. Participant loans are valued at amortized cost, which represents the unpaid principal. The fair value of loans does not differ materially from carrying value.

At December 31, 2015 and 2014, participants had outstanding Plan loan balances due to TIAA CREF of $102,565 and $0, respectively.

(i) Expenses

Administrative expenses related to investment management are allocated among various funds and are included as an offset to net appreciation in fair value of investments. Other administrative expenses of the Plan are paid by the Plan Sponsor.

(j) Investment Options

Participants may direct their account balance into investment options offered under the Plan in any increment. Investment options are shares in registered investment company funds, pooled and separate accounts, and annuity contracts held and managed by the Trustees. Participants may change their investment elections and make transfers between investment options as frequently as permitted under the individual agreements.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles.

The Plan was established in 1937 and historically was viewed as an amalgamation of individual annuity and custodial accounts and the Plan and its Trustee did not maintain financial information at a plan level. As of December 31, 2008, the Plan's Trustee began to provide the plan administrator with annual certified statements summarizing the Plan's activities and holdings. Because of the lack of historical records, the amounts of any excluded annuity and custodial accounts and the related income and distributions that may have been excluded prior to January 1, 2009 are not determinable.

(b) Use of Estimates

The preparation of financial statements, in conformity with U.S. generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Under the terms of a trust agreement between TIAA-CREF (the Trustee) and the Plan, the Trustee maintains a trust fund on behalf of the Plan. The participant accounts are credited with actual earnings on the underlying investments and charged for plan withdrawals.

Investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 5 for a discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Certain TIAA Traditional Annuity contract types, including the Supplemental Retirement Annuities (SRA) and the Group Supplemental Retirement Annuities (GSRA),

are considered fully benefit-responsive, and fair value approximates contract value for the years ended December 31, 2015 and 2014. See note 6 for further discussion of the TIAA Traditional Annuity.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) 2014 Reclassifications

Certain reclassifications have been made to the 2014 financial statements to conform to the 2015 presentation.

(3) Information Certified by the Plan's Trustee and Custodian

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, TIAA-CREF and TIAA-CREF as agent of Trust Company, FSB and JP Morgan Chase Company, N.A., the trustees of the Plan for years ended December 31, 2015 and 2014, respectively, has certified as being complete and accurate the investments on the statements of net assets available for benefits and the investment activity reflected in the statements of changes in net assets available for benefits and the related notes as of and for the years ended December 31, 2015 and 2014, and the investment information included in the supplemental schedule of the financial statements as of December 31, 2015. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified as complete and accurate by the Plan's Trustee and Custodian for their respective periods.

(4) Investments

The following table presents investments as certified to be complete and accurate by the Trustee of the Plan as of December 31, 2015 and 2014. Individual investments representing 5% or more of the Plan's total net assets available for benefits are separately identified (*).

		2015	2014
Investments at fair value:			
Mutual funds	$	19,425,955	15,499,229
Variable interest annuities:			
* CREF Stock		34,607,233	33,209,277
* CREF Growth		7,986,309	6,858,382
Other		34,312,814	29,878,037

* TIAA Traditional		49,348,211	42,084,290
Total investments	$	145,680,522	127,529,215

During the years ended December 31, 2015 and 2014, the investment interest and dividend income and net appreciation (depreciation) in the Plan's investments (including investments bought, sold, and held during the year) as certified by the Trustees of the Plan, was as follows:

		2015	2014
Interest and dividend income:			
Mutual funds	$	590,130	1,078,228
Annuity funds		1,280,339	459,478
		1,870,469	1,537,706
Net appreciation (depreciation) in investments at fair value:			
Mutual funds		1,450,493	(387,908)
Variable interest annuities		316,755	4,843,705
Annuity funds		(1,276,600)	1,338,151
		490,648	5,793,948
Total investment income	$	2,361,117	7,331,654

(5) Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities. Level 1 yields the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities. A quoted price in an active market provides the most reliable evidence of fair value and shall be used to measure fair value whenever available.

Level 2 – Observable inputs other than quoted prices in Level 1. Inputs such as quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar liabilities that are not active, or other inputs that are observable or can be corroborated by observable inputs.

Level 3 – Unobservable inputs that are significant to the valuation of assets or liabilities and are supported by little or no market data. This includes discounted cash flow methodologies, pricing models, and similar techniques that use significant unobservable inputs.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The categorization of an investment within the fair value hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to plan management's perceived risk of that investment.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

- The fair values of TIAA-CREF investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).
- The fair values of accumulation units held by the Plan in CREF accounts (registered investment companies) are based on each account's daily Net Asset Value (NAV), which is considered by Plan management to be the best approximation of fair value. CREF accounts are not exchange traded and are classified within Level 1 of the fair value hierarchy. Data for NAVs are available daily to plan administrators and participants on TIAA-CREF's website, and provides corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources. There are no unfunded commitments from participants in the Plan who invest in these accounts.
- The fair value of the Plan's interest in the TIAA Real Estate Account (a pooled separate account) is based on the fund's daily NAV, which is considered by plan management to be the best approximation of fair value. This investment is classified within Level 1 of the fair value hierarchy. The unit value of the fund is calculated daily and available to plan administrators and participants on TIAA-CREF's website. Underlying holdings are primarily valued using independent appraisals or independent pricing sources. There are no unfunded commitments from participants in the Plan who invest in this account.
- Investments in TIAA Traditional Annuity contracts are reported at contract value, which approximates fair value. As these investments are contract based, observable prices for identical of similar investments do not exist, and accordingly, these investments are valued using unobservable inputs (Level 3). The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. Additionally, the discretionary rate applied to the contributions received during a reporting period may vary from the discretionary rate applied to account balances at the end of prior reporting period. Contract value approximates a discounted cash flow value calculated using an appropriate risk-adjusted market discount rate which correlates closely with TIAA Traditional Annuity's historical crediting rates. Liquidity restrictions apply to certain types of contracts that could impact the value realized upon exiting the contract. See also note 6 for discussion of the TIAA Traditional Annuity.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. While Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The following tables present the Plan's fair value hierarchy for those assets measured on a recurring basis at fair value as of December 31, 2015 and 2014.

DEFINED CONTRIBUTION AND TAX DEFERRED SAVINGS PLAN
Notes to Financial Statements
December 31, 2015 and 2014

In accordance with the fair value measurements and disclosures guidance, the following table presents the category, fair value, redemption frequency, and redemption notice period for Plan investments, the fair values of which are estimated using the NAV per share as of December 31, 2015 and 2014:

	Fair value		Redemption frequency (if currently eligible)	Redemption notice period
	2015	2014		
CREF accounts:				
Equity funds (a)	$ 55,256,518	52,597,169	Daily	Daily
Fixed-income funds (b)	7,592,331	4,707,213	Daily	Daily
Multiasset fund (c)	6,121,263	5,605,644	Daily	Daily
Money market fund (d)	2,281,367	2,739,181	Daily	Daily
Total CREF accounts	71,251,479	65,649,207		
TIAA Real Estate Account (e)	5,654,877	4,296,489	Quarterly	Daily
Total	$ 76,906,356	69,945,696		

(a) Funds in this category invest in a diversified portfolio of domestic and/or foreign stocks to achieve long-term rate of return.

(b) Funds in this category invest in various types of debt securities to achieve a long-term rate of return while preserving capital. These funds invest heavily in U.S. government bonds.

(c) These funds invest in domestic and foreign equities and in fixed-income securities to achieve a long-term rate of return while giving special consideration to certain social criteria.

(d) This fund invests in high-quality, short-term instruments to achieve high current income and capital preservation. This account primarily invests in commercial paper, bank obligations, and U.S. government-issued securities that are classified as first-tier securities.

(e) This fund invests in real estate properties, other real-estate-related investments, and securities. Underlying real estate holdings are valued principally using external appraisals. Underlying securities are generally priced using values obtained from independent pricing sources.

(6) TIAA Traditional Annuity

The TIAA Traditional Annuity is a guaranteed fixed annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The Traditional Annuity is offered through a variety of contract types, including Retirement Annuities (RA), SRA, and GSRA. The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime

income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, is guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's board of trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. The crediting interest for RA contracts was 4.0% and 3.5% as of December 31, 2015 and 2014, respectively. For accumulating SRA and GSRA contracts, the crediting interest rate was 3.25% and 3.0% as of December 31, 2015 and 2014.

The RA contract does not allow lump-sum cash withdrawals and transfers must be spread over 10 – annual installments. All other withdrawals and transfers from RA contracts must be spread over 10 – annual installments (five – annual installments for withdrawals after termination of employment). The SRA and GSRA contracts provide for full participant-directed liquidity. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statements of changes in net assets available for benefits.

(7) Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. Participants will remain 100% vested in their accounts.

(8) Tax Status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code of 1986, as amended (IRC). The terms of the Plan have been prepared to conform with the sample language provided by the IRS in Revenue Procedure 2007–71. The Plan is required to operate in conformity with the code to maintain the tax-exempt status for plan participants under Section 403(b). The Plan Administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC and as such is exempt from federal income taxes.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan. The financial statement effects are recognized when the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015 and 2014, there are no uncertain tax positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

(9) Related-Party Transactions

Certain plan investments and shares of mutual funds are managed by the Trustee of the Plan. Therefore, transactions in these mutual funds qualify as party-in-interest transactions. The amount of investment management fee in these funds was $743,589 and $635,460 for the years ended December 31, 2015 and 2014, and is included in the net appreciation in fair value of investments within the statements of changes in net assets available for benefits.

(10) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(11) Subsequent Events

The Plan has evaluated subsequent events through October 17, 2016, the date the financial statements were available to be issued. No events were noted as a result of this review.
