Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplementary schedules referred to above.

Other Matter – 2014 Financial Statements

The financial statements of the plan as of December 31, 2014, were audited by Weltman Bernfield LLC (the "predecessor auditors"), who merged with Wipfli LLP as of September 1, 2016. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed such predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Verisight Trust Company, the trustee of the Plan. Their report on the 2014 financial statements, dated October 13, 2015, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations 2015

The form and content of the information included in the 2015 financial statements and supplementary schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

The following description of the Wiedner & McAuliffe, Ltd. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, as most recently amended and restated effective January 1, 2016, is a defined contribution plan covering all employees of Wiedner & McAuliffe, Ltd. (the "Company"), provided an employee is not represented under a collective bargaining agreement, is not a nonresident alien and is not a leased employee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Plan's net assets are held by Mid Atlantic Trust Company ("MATC"), the sub-custodian for Newport Trust Company ("NTC"), formerly known as Verisight Trust Company, the Plan's trustee.

Eligibility

Employees become eligible to participate in making elective salary deferrals to the Plan on their date of hire.

Employees are eligible to participate in employer profit-sharing contributions upon reaching age 21 and completing one year of service (at least 1,000 hours), as defined. Eligible participants share in contributions, if they are either actively employed on the last day of the Plan year or, if not employed at year-end, have completed 500 hours of service during the Plan year (as defined). Effective January 1, 2016, all participants will share in contributions. Eligible employees may enter the Plan on the first day of the month following the date eligibility requirements are satisfied.

Contributions – employee

Salary-deferral contributions – Each year, participants may contribute a portion of their annual compensation, as defined in the Plan, as either a pretax or Roth deferral, up to the maximum allowed by the Internal Revenue Code (IRC 402(g)(1)), $18,000 for the year ended December 31, 2015, adjusted annually for the cost of living.

Catch-up deferral contributions – Each year, participants over age 50 may elect to make catch-up contributions up the maximum allowed by the Internal Revenue Code ("IRC"), $6,000 for the year-ended December 31, 2015.

Rollover contributions – Participants may also contribute amounts representing distributions from other qualified plans.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 24 investment options for participants, consisting of 22 mutual funds and 2 collective trust funds.

1. DESCRIPTION OF PLAN (CONTINUED)

Contributions – employer

Matching contributions – The Company makes matching contributions each payroll period, equal to 50% of the participant's elective salary deferrals, up to a maximum amount of $2,000 per Plan year. Matching contributions for the year ended December 31, 2015 amounted to $140,773, less forfeitures used of $583, for a net contribution of $140,190. Additionally, a corrective contribution of $1,852 was made to one participant.

Profit-sharing contributions – The Company may make employer discretionary profit-sharing contributions, at the discretion of its board of directors, to be allocated to participants in proportion to the participant's allocation group, as defined. Discretionary contributions authorized for the year ended December 31, 2015, amounted to $450,000, with no forfeitures utilized.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution; (b) an allocation of the Company's discretionary profit-sharing contribution, if any; and (c) Plan earnings (losses). Allocations of discretionary profit-sharing contributions are based on the participant's compensation or allocation group, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts at the time of a distribution request.

Vesting

Participants are immediately vested 100% in their contributions, and rollover contribution accounts, plus actual earnings thereon. Participants vest in the Company's matching contributions and discretionary profit-sharing contributions at a rate of 20% per year beginning after two years of continuous service, with a participant being 100% vested after six years. Participants are immediately fully vested upon normal retirement (age 65), death or disability.

Forfeitures

At December 31, 2015 and 2014, forfeited nonvested accounts totaled $24,135 and $15, respectively. Forfeitures may first be used to pay plan expenses, then to reduce Company contributions to the Plan. During 2015, forfeitures of $583 was used to reduce Company matching contributions, and $36,568 was used to pay Plan expenses.

Notes receivable from participants

Plan participants are allowed to borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or one-half of their vested account balance in the Plan. Loans are repaid, with interest, through equal payroll deductions over a term of one to five years, unless the loan is used to acquire a principal residence, at which time the loan can be repaid over a reasonable period of time. The loans are secured by the vested balance in the participant's account, and bear interest at 2% over the prime interest rate. The interest rate on all outstanding loans was 4.25% at December 31, 2015.

1. DESCRIPTION OF PLAN (CONTINUED)

Payment of benefits

Upon termination of service due to death, disability, retirement or other reasons, participants may elect to receive an amount equal to the value of the vested interest in their account either in a lump sum or in substantially equal installments over a period of years not to exceed assumed life expectancy. In addition, while still employed by the Company, participants may receive in-service distributions, as defined, and hardship withdrawals from their pretax elective deferral account, if they meet the Internal Revenue Service ("IRS") qualifications for such withdrawals. At December 31, 2015, there were no amounts owed to former participants whose employment had been terminated and who requested payouts of their account balances.

Cash

At December 31, 2015 and 2014, noninterest-bearing cash represented revenue-sharing credits on various mutual fund investments that will be used to offset future invoiced Plan expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustees. See Note 3 for additional discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowances for credit losses had been recorded as of December 31, 2015 or 2014. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan agreement.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of benefits

Benefit payments are recorded when paid.

Plan administrative and investment management expenses

Professional fees and certain administrative expenses incurred by the Plan are paid with forfeitures, Plan assets or by the Company. Fees related to administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation in fair value of investments.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan administrator and management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Recent accounting pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962) – (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force).* The purpose of the Update is to simplify plan accounting.

- The amendments in Part I designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly, there will no longer be an adjustment from fair value to contract value on the face of the financial statements.

- The amendments in Part II eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy will no longer be required.

- The amendments in Part III reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of month-end date that is closest to the Plan's fiscal year-end, when the fiscal period does not coincide with month-end.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recent accounting pronouncements (continued)

The Update may be adopted in whole or by part (I, II, and III), as applicable. This amendment is effective for fiscal years beginning after December 15, 2015, but early adoption is permitted. The Plan elected to early adopt Part II of the amendment in 2014, which was applied retrospectively to the periods presented, and did not have a material impact on the Plan's financial statements. The amendments in Parts I and III do not apply to this Plan.

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendment in the update removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendment also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient.

This amendment is effective for fiscal years beginning after December 15, 2016, but early adoption is permitted. The Plan has elected to early adopt the amendment, which has been applied retrospectively to the periods presented, and did not have a material impact on the Plan's financial statements.

3. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels, described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access and have the highest priority.

Level 2 – Inputs consist of a) quoted prices for similar assets in active markets, b) quoted prices for identical or similar assets in inactive markets, c) inputs other than quoted prices that are observable for the asset and d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3 – Inputs are unobservable and significant to the fair value measurement and have the lowest priority.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used must maximize use of observable inputs and minimize use of unobservable inputs.

3. FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of valuation methodologies used for asset measurement at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Fair values are based on quoted net asset value (NAV) of shares held by the Plan at year-end. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: Fair values of participation units held in collective trust funds are based on NAV reported by the fund manager. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV's unit price is quoted on a private market that is not active.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflect future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, the Plan's assets measured at fair value as of December 31, 2015 and 2014:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 15,495,817	$ -	$ -	$ 15,495,817
Investments measured at net asset value - collective trust funds[1]	-	-	-	1,052,595
Total assets at fair value	$ 15,495,817	$ -	$ -	$ 16,548,412

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 18,592,269	$ -	$ -	$ 18,592,269
Investments measured at net asset value - collective trust funds[1]	-	-	-	975,665
Total assets at fair value	$ 18,592,269	$ -	$ -	$ 19,567,934

[1]Investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of financial position.

3. FAIR VALUE MEASUREMENTS (CONTINUED)

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2015 and 2014. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment	2015 Fair Value	2014 Fair Value	Redemption Frequency	Redemption Notice Period
Collective trust funds	$ 1,052,595	$ 975,665	Daily	Daily

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2015, is reported in net depreciation in fair value of investments.

The Plan has 3 and 4 investments representing 41% and 46% of net assets at December 31, 2015 and 2014, respectively.

4. INFORMATION CERTIFIED BY TRUSTEE

NTC, the Plan's trustee, has certified that the following data included in the financial statements and supplementary schedule is complete and accurate:

- investments, as shown in the statements of net assets available for benefits as of December 31, 2015 and 2014; and
- notes receivable from participants as of December 31, 2015 and 2014; and
- investment activity, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2015.

5. RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments are held by MATC, the sub-custodian for NTC, the trustee, as defined by the Plan and, therefore, both qualify as parties-in-interest as defined by ERISA. Newport Group, Inc., formerly known as Verisight, Inc., is the Plan's third-party administrator and record-keeper. William Blair & Company, LLC is the investment advisor for the Plan. Certain administrative functions are performed by trustees of the Plan or employees of the Company for which no compensation is received from the Plan. Professional fees, and administrative fees to the trustee, investment advisor, third-party administrator and participants, all of which are parties-in-interest, totaled $63,569 and were paid by the Plan.

Notes receivable from participants of $230,578 and $215,612 at December 31, 2015 and 2014, respectively, also qualify as party-in-interest transactions.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer matching and profit-sharing contributions. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Company may determine.

7. TAX STATUS

The Plan, as adopted by the Company, is a Volume Submitter Profit-Sharing Plan ("Volume Submitter Plan") sponsored by Verisight, Inc. The Volume Submitter Plan obtained its latest determination letter on March 31, 2014, in which the IRS stated that the Volume Submitter Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. The Plan has not requested its own IRS determination letter. The Volume Submitter Plan has been amended since receipt of the determination letter. However, the Plan administrator believes the Plan is currently designed, and being operated, in compliance with applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. PROHIBITED TRANSACTIONS

During 2015, salary deferrals and loan payments totaling $299,502 were not deposited by the Company within the period required under the U.S. Department of Labor's regulations. Lost earnings on the deposits will be calculated and deposited into the trust. The Company will file Form 5330 and pay all applicable excise taxes to the IRS. All payments will be made from the Company's assets, not from the Plan's assets.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015, to Form 5500:

	2015

The following are reconciliations of components of changes in net assets available for benefits:

Employer contributions per the financial statements	$ 592,042

Participant contributions per Form 5500	$ 463,336

11. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 17, 2016, which is the date the financial statements were available to be issued. Except as disclosed in Note 1, related to the Plan amendment, no other events have occurred from the date of the financial statements to October 17, 2016 that would require adjustment to or disclosure in the accompanying financial statements.
