Report on the Financial Statements

We were engaged to audit the accompanying financial statements of **Incite 401(k) Plan (the Plan)**, which comprise the statement of net assets available for benefits as of December 31, 2015, and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by MassMutual, the recordkeeper of the Plan, acting as an agent for Hartford Life Insurance Company (Custodian), except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and execute investment transactions. The Plan Administrator has obtained a certification from the agent on behalf of the Custodian as of and for the year ended December 31, 2015, that the information provided to the Plan Administrator by the agent for the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2015 financial statements. Accordingly, we do not express an opinion on the 2015 financial statements referred to in the first paragraph.

Emphasis of Matter – Change in Accounting Principle

As discussed in Note 2(f) to the financial statements, management has elected to adopt the Financial Accounting Standards Board Accounting Standards Updates No. 2015-07 and No. 2015-12, Part I and Part II in 2015. Our opinion is not modified with respect to that matter.

Other Matter – Supplemental Schedule

The supplemental schedule of assets (held at end of year) and supplemental schedule of delinquent participant contributions are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Other Matter – 2014 Financial Statements

The financial statements of the Plan as of December 31, 2014, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by MassMutual, acting as an agent for Hartford Life Insurance Company. Their report, dated October 13, 2015, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion of the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Agent, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2015

The form and content of the information included in the 2015 financial statements and supplemental schedules, other than that derived from the information certified by the agent on behalf of the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE 1: DESCRIPTION OF PLAN

The following description of the Incite 401(K) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan, which was established January 1, 2008 and restated in its entirety effective January 1, 2015, is a defined contribution plan maintained for the benefit of employees of Incite Rehab, LLC. (the Employer, Plan Sponsor and Plan Administrator), who have met eligibility requirements as defined in the Plan. Generally, an employee is eligible to participate in the Plan on the later of the first day of the month following the date of hire or attaining age twenty-one.

The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

The Employer utilizes the services of Massachusetts Mutual Life Insurance Company (MassMutual), acting as an agent for Hartford Life Insurance Company, to process investment transactions and maintain participant account balances. Hartford Life Insurance Company is the Custodian of the Plan's assets. Also, the Employer has entered into an agreement with Pension Plan Administration, LLC to assist them with compliance monitoring, regulatory filing, participant recordkeeping and Plan reporting.

The Plan is administered by the Plan Sponsor's board of directors. They have overall responsibility for the operations and administration of the Plan. The board determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Certain duties related to administration of the Plan are performed by employees of the Plan Sponsor; however, the Plan Sponsor does not charge the Plan for the estimated cost of such services.

(b) Contributions

Participants may contribute up to 100% of annual compensation, as defined in the Plan agreement, not to exceed limitations imposed by the Internal Revenue Service (IRS). Participants may also make rollovers into the Plan, consisting of amounts distributed from other qualified defined benefit or defined contribution plans. In addition, the Employer may make a discretionary matching contribution equal to a uniform percentage or dollar amount of employee elective deferrals. Employer contributions are also subject to limitations imposed by the IRS.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's matching contributions and allocations of Plan earnings, net of certain administrative expenses. Allocations are generally based on participant account balances, as specified in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1: DESCRIPTION OF PLAN (Continued)

(d) Vesting

Participants are fully vested at all times in their own contributions plus earnings thereon. Vesting is based on years of service as defined in the Plan agreement. A participant is one hundred percent vested in Employer contributions upon retirement, permanent disability or death. If a participant terminates employment for any other reason, he or she will vest in contributions made by the Employer, plus earnings thereon, according to the following schedule:

Years of Service	Vested Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

(e) Investment Options

Participants may direct the investment of their accounts among the various investment options offered under the Plan's group annuity contract with Hartford Life Insurance Company, including a variety of pooled separate accounts structured for different levels of risk tolerance and time horizons and a guaranteed investment fund. Participants may change their investment options at any time.

(f) Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms may range from one to five years except when loan proceeds are used for the purchase of the borrower's primary residence, in which case the loan may be extended at the discretion of the Plan Administrator. The loans are secured by the participant's account and bear interest at a rate equal to the USA Today prime rate at the time the funds are borrowed. Principal and interest are paid through payroll deductions.

(g) Forfeitures

The non-vested portion of a participant's account to which the participant is not entitled upon termination is deemed a forfeiture. As allowed under the Plan agreement, forfeitures are used to pay administrative expenses or reduce any employer contributions. At December 31, 2015 and 2014, forfeited non-vested accounts totaling approximately $11,000 and $7,000, respectively, were available to be used to pay administrative expenses or reduce employer contributions. During the year ended December 31, 2015, forfeited non-vested accounts used to pay administrative expenses or reduce employer contributions totaled approximately $6,500.

NOTE 1: DESCRIPTION OF PLAN (Continued)

(h) Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant (or designated beneficiary) may elect to receive an amount equal to the value accumulated in his or her account in either a lump-sum amount or in periodic installments over a period to be selected by the participant (or beneficiary) from several options under the Plan. For terminations of service due to other reasons, a participant may receive the value accumulated in his or her account as a lump-sum distribution or, if the account balance exceeds $5,000 on the date of termination, may leave the account under the Plan until the participant reaches normal retirement age or dies.

(i) Hardship Withdrawals

In case of immediate and heavy financial hardship, a participant may withdraw all or a portion of the participant's vested account balance. A withdrawal shall be deemed for purposes of an immediate and heavy financial hardship if the withdrawal is necessary for certain eligible expenses, such as medical care, the purchase of a principal residence for the participant, payment of tuition and related education fees for the next twelve months of post-secondary education, payments necessary to prevent eviction of the participant from his or her principal residence or to avoid foreclosure on said residence, payments for funeral or burial expenses or expenses to repair damage to the participant's principal residence.

If a hardship withdrawal is made, the participant's salary deferral is suspended for six months after the receipt of the hardship withdrawal.

(j) Termination of the Plan

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly fashion between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Custodian. See Note 4 for further discussion on the determination of fair value amounts.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes realized and unrealized gains and losses on investments bought and sold, as well as those held during the year.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(c) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(d) Payments of Benefits

Benefits are recorded when paid. There are no amounts allocated to withdrawing participants that have not been paid at December 31, 2015 and 2014.

(e) Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(f) Recently Adopted Accounting Standards

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, Fair Value Measurement (Topic 820) – Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent) which includes changes to disclosures for certain entities that calculate net asset value per share (or its equivalent). Prior to this issuance, FASB Topic 820 permitted a reporting entity, as a practical expedient, to measure the fair value of certain investments using the net asset value per share of the investment and required the reporting entity to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, under the amendments in ASU No. 2015-07, investments for which fair value is measured at net asset value per share (or its equivalent) using the practical expedient should not be categorized in the fair value hierarchy. Removing those investments from the fair value hierarchy not only eliminates the diversity in practice resulting from the way in which investments measured at net asset value per share (or its equivalent) with future redemption dates are classified, but also ensures that all investments categorized in the fair value hierarchy are classified using a consistent approach. Investments that calculate net asset value per share (or its equivalent), but for which the practical expedient is not applied will continue to be included in the fair value hierarchy.

In July 2015, the FASB issued ASU No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960); Defined Contribution Pension Plans (Topic 962) Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts and (Part II) Plan Investment Disclosures, which simplified investment disclosure in benefit plans. Part I of ASU No. 2015-12 states that plans will no longer be required to show an adjustment from fair value to contract value for any fully benefit-responsive investment contracts on the face of the financial statements. Plans must now report fully benefit-responsive investment contracts only at contract value. In addition, Part I also eliminated certain disclosures related to fully benefit-responsive investment contracts such as average-yield disclosures and FASB Accounting Standards Codification (ASC) 820, Fair Value Measurement, hierarchy

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(f) Recently Adopted Accounting Standards *(Continued)*

leveling, valuation techniques and inputs and the Level 3 rollforward. Part II of ASU No. 2015-12 states that plans will no longer be required to disclose individual investments that represent 5% or more of the net assets available for benefits. Plans will also no longer be required to disclose the net appreciation or depreciation in the fair value of investments for the period by general type. However, disclosure will still be required of aggregate appreciation or depreciation in investments. Under Part II, plans will no longer have to group and disclose classes of assets based on the nature, characteristics and risks under the requirements of FASB ASC 820, Fair Value Measurement. Rather, plans will only have to group and disclose classes of assets based on general type as required by FASB ASC Topics 960, 962 and 965.

These requirements are effective for fiscal years beginning after December 15, 2015. Management has elected to adopt ASU No. 2015-07 and ASU No. 2015-12 Part I and Part II during the year ended December 31, 2015.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY PLAN RECORDKEEPER

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, all information pertaining to the Plan's investments and related investment activity reflected in the financial statements and supplemental schedules was certified by MassMutual, acting as an agent for Hartford Life Insurance Company, as of December 31, 2015 and 2014, and for the year ended December 31, 2015. This information was not subject to audit procedures except for comparing it to the related information included in the financial statements and supplemental schedules.

The following information included in the accompanying financial statements, related notes and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Plan's Recordkeeper.

	2015	2014
Investments		
Investments, at fair value		
Pooled separate accounts	$ 3,392,597	$ 3,814,812
Investments, at contract value		
Guaranteed interest accounts, at fair value	$ 208,373	$ 231,195
Notes Receivable from Participants	$ 62,149	$ 56,803
Investment (Loss) Income		
Net depreciation in fair value of pooled separate accounts	$ (169,323)	N/A
Interest on guaranteed investment contract	$ 8,254	N/A
Interest Income on Notes Receivable	$ 2,183	N/A

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014:

Pooled Separate Accounts

The pooled separate accounts are valued at net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Fair Value	Level 1	Level 2	Level 3
December 31, 2015				
Investments measured at net asset value [(a)]	$ 3,392,597	$ -	$ -	$ -
	$ 3,392,597	$ -	$ -	$ -

	Fair Value	Level 1	Level 2	Level 3
December 31, 2014				
Investments measured at net asset value [(a)]	$ 3,814,812	$ -	$ -	$ -
	$ 3,814,812	$ -	$ -	$ -

[(a)] In accordance with ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair Value of Investments that Calculate Net Asset Value

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015 and 2014, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan:

December 31, 2015	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	$ 3,392,597	n/a	Daily	1 day
Total Investments at NAV	$ 3,392,597			

December 31, 2014	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	$ 3,814,812	n/a	Daily	1 day
Total Investments at NAV	$ 3,814,812			

NOTE 5: INVESTMENT CONTRACT WITH AN INSURANCE COMPANY

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Hartford Life Insurance Company (Hartford) totaling $208,373 for 2015 and $231,195 for 2014. Hartford maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 3 percent. The crediting rate is reviewed on an annual basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Hartford, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6: TAX STATUS

Effective January 1, 2015, the Plan executed an adoption agreement for the Hyden, Miron & Foster, PLLC Defined Contribution Prototype Plan (the Prototype). As an adopter of the Prototype, the Plan is not subject to tax under present income tax law.

NOTE 6: TAX STATUS (Continued)

The Prototype obtained its latest opinion letter on March 31, 2014, in which the IRS stated that the Prototype, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since the date of the opinion letter; however the Plan Administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code.

Accounting standards require the Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require the recognition of a liability or disclosure in the financial statements. The Plan may be subject to audit by the IRS; however there are currently no audits for any tax periods in progress.

NOTE 7: RISKS AND UNCERTAINTIES

The pooled separate accounts in which the Plan's assets are invested are comprised of investment securities, which are exposed to various risks such as interest rate, market and credit risks. Certain investment options may invest in foreign securities. There are certain additional risks involved when investing in foreign securities that are not present with investments in domestic securities. These risks may involve foreign currency exchange rate fluctuations, adverse political and economic developments and the possible prevention of currency exchange due to foreign governmental laws or restrictions. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Plan's financial statements.

NOTE 8: RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

Certain other amounts reported in the Plan's annual Form 5500 for net assets available for benefits differ from the amounts reported in the accompanying financial statements. These differences are due to different presentation of investment classifications on the Form 5500 and on the financial statements.

NOTE 9: SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 17, 2016, the date that the financial statements were available to be issued.
