Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Ascensus Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Change in Accounting Principle

As discussed in Note 3 to the financial statements, the Plan early adopted new accounting guidance, Accounting Standards Update 2015-12, *Plan Accounting Part II*, which simplified financial statement presentation by eliminating certain disclosures in the notes to the financial statements. Our disclaimer of opinion is not modified with respect to this matter.

REXROTH PNEUMATICS 401(K) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2015 AND 2014

1. DESCRIPTION OF PLAN

The following description of the Rexroth Pneumatics 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all salaried employees of the Aventics Corporation (the Company). The Plan's entry date for salaried employees is the first day of the first month after the eligible employees' date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Ascensus Trust Company (Ascensus) is the trustee of the Plan and, as such, has custody of all of the Plan's assets, executes transactions therein, receives contributions from the Company, and disburses funds according to the trust agreement.

Eligibility:

Full-time employees may join the Plan on the first day of the month following their date of hire. Part-time employees must complete one year of service to become eligible.

Contributions:

The Plan is funded by both pre-tax and after-tax salary deductions and employer matching and profit sharing contributions. Newly eligible employees will be automatically enrolled in the Plan and will begin making pre-tax deferrals of 5% of their compensation. Participants may elect to defer up to 85% of their compensation up to Internal Revenue Code annual limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified employee benefit plans.

REXROTH PNEUMATICS 401(K) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2015 AND 2014

The plan sponsor makes discretionary matching contributions for all participants at a rate that is determined each year. In 2015, the employer matched up to 75% of the first 9% of eligible compensation contributed by the participant. Profit sharing contributions are determined by the participant's age and percent of the participant's compensation as shown in the table below:

Age of participant as of December 31	Allocation rate
Under 30	2.5%
30 to 34	3.0%
35 to 39	3.5%
40 to 44	4.0%
45 to 49	4.5%
50 to 54	5.0%
55 to 59	5.5%
60 to 64	6.0%
65 and older	6.5%

Investment Options:

Participants may, upon enrollment in the Plan, elect to invest their contributions and the employer contributions in various investment options currently offered by the Plan. The Plan currently offers twenty-eight core investment funds inclusive of mutual funds. Periodic transfers among funds of certain accumulated account balances and directions of future employee deferral and employer contributions are permitted.

Participant Accounts:

Each participant's account is credited with the participant's contributions and allocations of (a) the employer's contribution, and (b) Plan earnings (losses), and charged with the participant's withdrawals and an allocation of administrative expenses. Allocations of the employer's contributions are based upon participant earnings or account balances, as defined in the Plan's provisions. Allocations of Plan earnings are based on the specific investment performance of each participant's investment account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

REXROTH PNEUMATICS 401(K) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2015 AND 2014

Vesting:

Participants are immediately 100% vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service as outlined in the following table:

Years of service	Percent of non-forfeitable interest
Less than 3 years	0%
3 years or more	100%

Notes Receivable from Participants:

Participants may borrow from their accounts up to the lesser of one-half (50%) of their vested account balance, or \$50,000 (subject to certain limitations as defined in the Plan document). The minimum loan is \$1,000. Participants may only have one outstanding loan at any time. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loan Fund. Loan terms generally range from one to five years. The loans are secured by the balance in the participant's account and bear interest at 4.25%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits:

Upon termination of service due to death, disability, retirement, or termination of employment, or attainment of age 59 ½, a participant or participant's beneficiary (in the event of a participant's death) may elect to receive the entire value of his or her account in a lump sum payment, annual or installments, or a rollover into an Individual Retirement Account (IRA) or the participant's new employer's qualified plan if it accepts rollovers.

In the event of financial hardship, the employer may allow a participant to withdraw from his or her account. The amount may not exceed the amount contributed by the participant, or the participant contribution account, if less. Employee deferral contributions to the Plan, and any other employer-sponsored matching contributions, are suspended for six months after a participant receives a hardship withdrawal.

REXROTH PNEUMATICS 401(K) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2015 AND 2014

Forfeitures:

Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions. At December 31, 2015 and 2014, there were no forfeited nonvested accounts. Forfeitures of approximately \$7,400 were used to reduce employer matching contributions for the year ended December 31, 2015.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of the Plan is presented to assist in the understanding of the Plan's financial statements. The financial statements and notes are representations of the Plan's management who is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the accompanying financial statements.

Basis of Accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

REXROTH PNEUMATICS 401(K) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2015 AND 2014

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Excess Contributions Payable:

Excess contributions payable represent contributions in excess of amounts allowed by the Internal Revenue Service and are returned to the participant in the subsequent fiscal year.

Payment of Benefits:

Benefits are recorded when paid.

Administrative Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Additionally, the Plan is not charged for accounting and administrative services performed on its behalf by the Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included as a reduction of the return earned on each fund.

Subsequent Events:

The Plan has evaluated subsequent events through the date the financial statements were available to be issued, which is October 17, 2016.

3. CHANGE IN ACCOUNTING PRINCIPLE

During 2015, the Plan early adopted Accounting Standards Update 2015-12, *Plan Accounting, Part II* (ASU 2015-12), which simplified the financial statement presentation of investments by eliminating certain previously required disclosures in the notes to the financial statements. Specifically, investments will be disaggregated by general type (mutual funds, common stocks, bonds), whereas previously, they were disaggregated in much greater detail such as by investment objective or industry. In addition, the disclosure of individual investments with a value equal to or greater than 5% of net assets available for benefits has been removed. And finally, plans will present the net appreciation (depreciation) in the aggregate whereas previously it was detailed by the general type of the investment. The 2014 notes to the financial statements have been retroactively restated as required by the standard.

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014, and the supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2015 and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2015.

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2015 AND 2014

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Money market mutual funds: Generally transact subscription and redemption activity at \$1 stable net asset value (NAV) however, on a daily basis the funds are valued at their daily NAV calculated using the amortized cost of securities held in the fund.

Mutual funds: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	<u>Fair Value</u>	<u>Level 1</u>
Money market funds	\$ 1,262,471	\$ 1,262,471
Mutual funds	<u>7,999,844</u>	<u>7,999,844</u>
Total investments, at fair value	<u>\$ 9,262,315</u>	<u>\$ 9,262,315</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014:

	<u>Fair Value</u>	<u>Level 1</u>
Money market funds	\$ 494,975	\$ 494,975
Mutual funds	<u>6,313,728</u>	<u>6,313,728</u>
Total investments, at fair value	<u>\$ 6,808,703</u>	<u>\$ 6,808,703</u>

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2015 AND 2014

The Plan's policy is to recognize transfers between levels as of the end of the reporting period. There were no transfers of investments between levels during 2015 or 2014.

6. TRANSACTIONS WITH PARTIES IN INTEREST

Notes receivable from participants qualify as exempt party-in-interest transactions. Ascensus Trust Company serves as trustee for the Plan and, therefore, transactions with Ascensus Trust Company qualify as party-in-interest transactions. The Vanguard Group, Inc., through Vanguard Retirement Plan Services, provides recordkeeping services to the plan. Avondale Partners provides advisory consulting services for the Plan. Blue & Co., LLC serves as the auditor for the Plan. Certain operating expenses of the Plan are paid by the Plan sponsor including fees for the Plan's advisory services and audit fees.

7. TAX STATUS

The Plan is designed as a volume submitter profit sharing plan using the Ascensus Inc. Prototype 401(k) and Profit Sharing Plan. Although the Plan has not obtained a favorable determination letter from the Internal Revenue Service (IRS), the prototype plan has received a favorable opinion letter dated March 31, 2014 from the IRS. The Plan has been amended since receiving the opinion letter. The Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, no provision for income taxes has been made in the Plan's financial statements as of December 31, 2015.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants will be entitled to 100% of the value of their accounts.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
