## 1. Description of the Plan

The following description of Hearthside Food Solutions 401(k) Plan (formerly Hearthside Food Solutions 401(k) Plan II) (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

***General***

The Plan is a defined contribution plan covering all eligible non-union employees of Hearthside Food Solutions, LLC (the "Company"). Employees are eligible to participate in the Plan upon completion of three months of service. There is no age requirement to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated investment fund until changed by the participant. Automatically enrolled participants may elect to increase or decrease percentages or discontinue deferrals as defined in the Plan.

The Hearthside Food Solutions 401(k) Plan (formerly Hearthside Food Solutions 401(k) Plan II) was merged into the Hearthside Food Solutions 401(k) Plan II (formerly Ryt-Way Industries, LLC Profit-Sharing 401(k) Plan) effective December 31, 2015 and, as a result, the net assets of the Plan were transferred to the newly named Hearthside Food Solutions 401(k) Plan II as of that date. Accordingly, all benefits earned under the Plan and contributions due to the Plan prior to December 31, 2015 will be payable or receivable in accordance with the Plan out of or into the Hearthside Food Solutions 401(k) Plan II.

***Contributions***

Each year, participants may contribute up to 100% of their pretax annual compensation, subject to Internal Revenue Code (IRC) limitations, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan also allows participants to make Roth contributions to the Plan on an after-tax basis, and allows rollovers of designated Roth contributions into the Plan.

The Plan provides for safe harbor non-elective Company contributions equal to 4% of compensation that a participant contributes to the Plan.

Contributions are subject to certain IRC limitations.

Participants may direct the investment of all their contributions among one or more funds offered in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan provisions.

***Participant Accounts***

Each participant's account is credited with the participant's contributions and safe harbor non-elective Company contributions as well as allocations of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

***Notes Receivable from Participants***

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at rates that are commensurate with local borrowing rates as determined by the Plan Administrator. Interest rates range from 3.25% to 9.75%. Principal and interest is paid ratably through payroll deductions over a term not exceeding five years, or up to 30 years for loans used for the purchase of a primary residence.

***Payment of Benefits***

Upon termination of service due to death, disability, retirement, separation from service or attainment of age 59 ½, a participant may elect to receive the value of their vested interest in his or her account as a lump-sum amount, or may elect to receive their benefits in the form of installments.

***Vesting***

Participants are immediately 100% vested in their contributions and the safe harbor non-elective Company contributions plus actual earnings thereon.

## 2. Summary of Significant Accounting Policies

***Basis of Accounting***

The accompanying financial statements have been prepared under the accrual method of accounting.

***Recently Issued Accounting Pronouncements***

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, "*Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)"* (ASU 2015-07). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value ("NAV") practical expedient provided by Accounting Standards Codification ("ASC") 820, *"Fair Value Measurement."* Disclosures about investments in certain entities that calculate NAV per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the NAV practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, with early application permitted.

In July 2015, the FASB issued ASU 2015-12*, "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965), (ASU 2015-12): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan*

*Investment Disclosures, (Part III) Measurement Date Practical Expedient"* (ASU 2015-12). This three-part update simplifies current benefit plan accounting. Part I requires fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value and, accordingly, removes the requirement to reconcile their contract value to fair value. Part II eliminates the requirement of benefit plans to disaggregate their investments measured using fair value by general type, either on the face of the financial statements or in the notes to the financial statements. Part II also requires the net appreciation or depreciation in investments for the period to be presented in the aggregate rather than by general type, and removes certain disclosure requirements relevant to individual investments that represent five percent or more of net assets available for benefits. The requirement to disaggregate participant-directed investments within a self-directed brokerage account has been eliminated. Self-directed brokerage accounts should be reported as a single type of investment. Further, the amendments in this update eliminate the requirement to disclose the investment strategy for certain investments that are measured using NAV per share. Part I and Part II are effective retrospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted. Part III of this update provides a practical expedient to permit employee benefit plans to measure investments and investment-related accounts as of the month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end, while requiring certain additional disclosures. This portion of the update is effective prospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted.

Plan management reviewed both ASU 2015-07 and ASU 2015-12, and will early adopt both standards as they believe it will simplify Plan accounting and its presentation in the financial statements. As such, the accounting and disclosures in these financial statements and notes follow ASU 2015-07 and ASU 2015-12. The adoption was applied retrospectively and certain investment disclosures were revised or eliminated as a result of the adoption of the ASUs. The adoption of ASU 2015-07 did not have any impact on the financial statement disclosures.

***Use of Estimates***

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

***Investment Valuation and Income Recognition***

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's committee determines the Plan's valuation policies utilizing information provided by the investment advisors and the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

***Payment of Benefits***

Benefit payments are recorded when paid.

***Administrative Expenses***

Certain expenses of maintaining the Plan are paid directly by the Plan and are included as administrative expenses in the Statement of Changes in Net Assets Available for Benefits. Any expenses paid by the Company on behalf of the Plan are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

***Subsequent Events***

The financial statements and related disclosures include evaluation of events up through and including October 17, 2016, which is the date the financial statements were available to be issued. Effective January 1, 2016, the Plan changed its trustee and recordkeeper from Fidelity to Empower Retirement Services. No additional material subsequent events have occurred through that date that required recognition in the financial statements.

## 3. Fair Value Measurements

Accounting Standards Codification ("ASC") Topic 820, "*Fair Value Measurements and Disclosures,"* establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets,
- quoted prices for identical or similar assets or liabilities in inactive markets,
- inputs other than quoted prices that are observable for the asset or liability,
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014, other than the adoption of ASU 2015-07 and 2015-12 as disclosed in Note 2.

*Money market fund and mutual funds:* Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The shares of mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014:

| | Investments as of December 31, 2014 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Money market fund | $ 450,165 | $ - | $ | $ 450,165 |
| Mutual funds | 48,336,393 | | | 48,336,393 |
| Total investments, measured at fair value | $ 48,786,558 | $ - | $ | $ 48,786,558 |

## 4. Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2015 and 2014, and for the year ended December 31, 2015. Accordingly, the Plan's trustee, Fidelity Management Trust Company, has certified that the following data included in the accompanying financial statements is complete and accurate.

a. Investments and notes receivable from participants, as shown in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2015 and 2014.

b. Investment income (loss) and interest income on notes receivable from participants, as shown in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information provided by the trustee to the related information included in the financial statements.

## 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. See Note 1 for discussion of the merger of Plan assets.

## 6. Tax Status

The Plan adopted a volume submitter plan from Fidelity Management & Research Company, which received an opinion letter from the Internal Revenue Service on March 31, 2014 stating that the prototype plan document, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since the date of the aforementioned opinion letter, the Plan Administrator believes that the Plan is designed, and currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

## 8. Net Transfers to Other Qualified Plans

As permitted by the Plan, participant accounts may be transferred from or to the Plan from the Hearthside Food Solutions Union 401(k) Plan (an affiliated plan sponsored by the Company) based on changes in job status. In 2015, transfers into and out of the Plan from the Hearthside Food Solutions Union 401(k) Plan were immaterial. The net balance of these transfers is included in net transfers to other qualified plans on the Statement of Changes in Net Assets Available for Plan Benefits.

## 9. Related-Party and Party-In-Interest Transactions

Certain Plan investments are investments managed by affiliates of Fidelity Management Trust Company, the trustee of the Plan. These transactions qualify as party-in-interest transactions. Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for their services.
