As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Voya Retirement Insurance and Annuity Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the respective custodians as of and for the years ended December 31, 2015 and 2014, that the information provided to the Plan Administrator by the custodian is complete and accurate.

## Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

**Other Matter—Supplemental Schedule**

The supplemental schedule of Assets (Held at End of Year) as of the year ended December 31, 2015, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

**Report on Form and Content in Compliance With DOL Rules and Regulations**

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

**NOTES TO FINANCIAL STATEMENTS**
**DECEMBER 31, 2015 AND 2014**

## Note 1 – Description of Plan

The following description of the R Construction Company, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is sponsored by R Construction Company, Inc. (the "Company").

### *General*

The Plan was adopted on January 1, 2005 and is a defined contribution plan covering all full-time employees of the Company who have three months of service and are age twenty-one or older. Full-time employees are eligible for matching and employer profit sharing contributions after one year of service, with semi-annual entrance. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During 2015 and prior years, the Plan Administrator misapplied the eligibility service requirement as defined by the Plan, using twelve months for participant elective deferrals rather than three months. Plan management is aware of this issue and is actively working to correct the error subsequent to December 31, 2015. As of the date of the independent auditor's report, the Plan has implemented auto-enrollment and is operating in compliance with the Plan document.

### *Contributions*

Each year, participants may contribute up to the limit of pretax annual compensation, as defined in the Plan. Additionally, participants can rollover contributions representing distributions from other qualified defined benefit or contribution plans. Contributions may not exceed a dollar limit which is set by law ($18,000 for 2015). Participants who are at least 50 years of age by December 31, 2015 are permitted to make additional catch-up contributions ($6,000 for 2015). Employees can begin making contributions on (or any time after) the first of the month following the satisfaction of the eligibility requirements. Employee contributions may be made only by or through payroll deductions. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company, at its discretion, may make employer contributions to the Plan, and amounts are determined by the Company's board of directors. Employer contributions made by the Company are subject to certain limitations. The Company did not make any employer matching or employer profit sharing contributions to the Plan during the year ended December 31, 2015.

### *Participant Accounts*

Separate accounts are maintained for each participant. Participant accounts are credited with the participant contributions, rollover contributions, allocations of Company contributions and investment earnings and losses, and charged with withdrawals and administrative fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Note 1 – Description of Plan (Continued)**

***Vesting***

Participants are immediately vested in their salary deferral contributions, rollover contributions, and any earnings thereon.

Vesting in the Company's matching and profit sharing contribution portion of participant accounts plus actual earnings thereon is based on years of continuous service as follows:

| Years of Service | Vested Percentage |
|---|---|
| Less than 2 | 0% |
| 2 | 20% |
| 3 | 40% |
| 4 | 60% |
| 5 | 80% |
| 6 or more | 100% |

There were no Company matching or profit sharing contributions for the years ended December 31, 2015 and 2014.

***Notes Receivable from Participants***

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. No participant loan shall exceed the participant's vested interest in the Plan. A participant cannot have more than one outstanding loan at any given time. The loans are secured by the balance in the respective participant's account and bear interest at rates that are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably, through monthly payroll deductions, over a period generally not extending beyond five years from the date of the loan.

***Payment of Benefits***

Upon termination of service due to death, disability or retirement, a participant or their beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a specified period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

***Withdrawals***

Participants may make early withdrawals of all or a portion of their elective deferral contributions in their account under the hardship provision of the Plan. Participants may make unrestricted withdrawals of their vested account balance on or after age 59½. At the age of 70½, a participant is required to receive minimum required distributions from their account annually.

**Note 1 – Description of Plan (Continued)**

***Forfeited Accounts***

Forfeitures represent the portion of non-vested benefits remaining from employees who have withdrawn from the Plan before becoming fully vested. Forfeitures shall be used to reduce future Company contributions. Currently, there have not been any Company contributions into the Plan. Since participants are 100% vested in their contributions and earnings thereon, there were no forfeited non-vested account balances at December 31, 2015 and 2014.

**Note 2 – Summary of Significant Accounting Policies**

***Basis of Accounting***

The financial statements of the Plan are presented on the accrual basis of accounting.

***Estimates***

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates. Estimates that have the most impact on financial position and results of performance primarily relate to the fair value of investments. Plan management believes these estimates and assumptions provide a reasonable basis for the fair presentation of the financial statements.

***Investment Valuation and Income Recognition***

The Plan's investments in mutual funds are stated at fair value, as determined by Voya Retirement Insurance and Annuity Company (the "Custodian"). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The net change in the fair value of mutual funds is reported in the statement of changes in net assets available for benefits in the period of the change.

The Plan has elected to early adopt a subsequent account pronouncement as further described in Recent Accounting Pronouncements. Based on this election, the fixed account which is a fully benefit-responsive investment contract, is reported at contract value. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Interest income related to the fixed account is reported in the statement of changes in net assets available for benefits in the period of the change.

Purchases and sales of securities are recorded on a trade-date basis. Expenses relating to the purchase or sale of investments are added to cost or deducted from proceeds. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

**Note 2 – Summary of Significant Accounting Policies (Continued)**

***Benefit Payments***

Benefit payments to participants are recorded upon distribution.

***Notes Receivable from Participants***

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Delinquent notes receivable from participants are recorded as a distribution based upon terms of the Plan document.

***Plan Expenses***

The Plan permits the payment of Plan expenses to be made from the Plan's assets. If the Company does not pay these expenses, then the expenses paid using the Plan's assets will generally be allocated among the accounts of all participants in the Plan.

***Concentrations of Credit Risk***

The Plan's investments potentially subject the Plan to concentrations of credit risk. The Plan has not experienced any credit losses associated with these instruments.

***Recent Accounting Pronouncements***

*Simplification of Accounting for Defined Contribution Plans*

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962)*, which is divided into three related parts. The objective of these amendments is to simplify accounting and reporting for benefit plans. The three parts are as follows:

*Part I – Plan Accounting: Defined Contribution Pension Plans (Topic 962): Fully Benefit-Responsive Investment Contracts:* Prior to this amendment, U.S. GAAP required that the fair value, and the adjustment to contract value be reported for fully benefit-responsive investment contracts. This amendment requires that all investments be reported at fair value, except for fully benefit-responsive investment contracts, which should be reported at contract value.

*Part II – Plan Accounting: Defined Contribution Pension Plans (Topic 962): Plan Investment Disclosures:* This amendment removes certain reporting requirements.

- This amendment will eliminate the requirement to disclose investments representing 5% or more of net assets available for benefits.

**Note 2 – Summary of Significant Accounting Policies (Continued)**

***Recent Accounting Pronouncements (Continued)***

- It will no longer be necessary to disclose the net appreciation or depreciation change in fair value to be disaggregated and disclosed by general type.
- The amendment will eliminate the requirement to disclose certain significant investment strategies for investments in certain funds.

*Part III – Plan Accounting: Defined Contribution Pension Plans (Topic 962): Measurement Date Practical Expedient:* This amendment will provide for flexibility in reporting, for practical expediency, in plans with fiscal year-ends other than a month-end. The amendment defines requisite reporting in such circumstances.

The effective date for application of the amendments in Parts I and II, which should be applied retrospectively to all periods presented, is for fiscal years beginning after December 15, 2015 with early adoption permitted. Plan management has elected to early adopt Parts I and II. Accordingly, the amendments were retrospectively applied. The effective date for the amendment in Part III is also for fiscal years beginning after December 15, 2015, however, are to be applied prospectively with early adoption permitted. Plan management does not believe that Part III of ASU 2015-12 will significantly affect the Plan's financial statements.

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820):* Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent), which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, Fair Value Measurement, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard. Management does not believe that ASU 2015-07 will significantly affect the Plan's financial statements.

**Note 3 – Investments**

***Unaudited Information Certified as Complete and Accurate by the Plan Custodian***

The statements of net assets available for benefits as of December 31, 2015 and 2014, the investment activities included on the statement of changes in net assets available for benefits for the year ended December 31, 2015, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Custodian in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The information certified as complete and accurate includes investments and notes receivable from participants totaling $547,925 and $639,414 at December 31, 2015 and 2014, respectively, and related investment income of $3,740 and $791 of interest on notes receivable from participants, respectively, for the year ended December 31, 2015. During 2015, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $3,457.

**Note 4 – Fair Value Measurements**

FASB ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014, with the exception of adopting ASU 2015-12 Part I.

*Mutual funds:* Valued at the net asset value (NAV) of shares held by the Plan at year-end.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**Note 4 – Fair Value Measurements (Continued)**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

| | Assets at Fair Value as of December 31, 2015 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 503,047 | $ - | $ - | $ 503,047 |

| | Assets at Fair Value as of December 31, 2014 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 603,993 | $ - | $ - | $ 603,993 |

As discussed in Note 2, the Plan adopted ASU No. 2015-12 which requires the fixed investment contracts to be valued at contract value instead of fair value, which would remove the requirement to categorize and disclose the fixed accounts in the fair value hierarchy. The fixed account accounted for $32,355 and $17,421 of the Plan's total investments recorded at fair value for December 31, 2015 and 2014, respectively, and accordingly are not included in the tables above.

**Note 5 – Investment Contract with Insurance Company**

As of December 31, 2015 and 2014, the Plan maintained one guaranteed investment contract related investment option, the Voya Fixed Account. The contract underlying this investment option is considered to be fully benefit-responsive.

The average yield based on actual earnings for the contract for the years ended December 31, 2015 and 2014 was 2.80%. The crediting interest rate to participants for the contract as of December 31, 2015 and 2014 was 2.80%. The guaranteed minimum crediting interest rates as of December 31, 2015 and 2014 was 1.15%. The issuer of the contract makes this guarantee, and although the issuer may credit a higher interest rate, the credited rate will never fall below the lifetime guaranteed minimum of 1.15%.

The underlying contract has no restrictions on the use of Plan assets and there are no valuation reserves recorded to adjust contract amounts.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan) (ii) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

**Note 5 – Investment Contract with Insurance Company (Continued)**

The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

**Note 6 – Related Party and Party-in-Interest Transactions**

The Company provides the Plan with certain accounting and administrative services for which no fees are charged. The Plan invests in a fixed investment contract offered by the Custodian, as approved by the Plan's trustees. This investment is considered a party-in-interest transaction and is not considered a prohibited transaction as defined by ERISA. Administrative fees paid to the Custodian totaled $1,150 for the year ended December 31, 2015.

**Note 7 – Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

**Note 8 – Reconciliation of Financial Statements to Schedule H of Form 5500**

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

| | 2015 | 2014 |
|---|---|---|
| Net assets available for benefits per financial statements | $ 548,607 | $ 634,693 |
| Add: Excess contributions refundable to participants-end of year | - | 4,721 |
| Net assets available for benefits per Form 5500 | $ 548,607 | $ 639,414 |

The following is a reconciliation of benefits paid to participants per the financial statements for the year ended December 31, 2015 to Schedule H of Form 5500:

| | |
|---|---|
| Benefits paid to participants per financial statements | $ 173,066 |
| Add: Prior year corrective distributions | 4,721 |
| Benefits paid to participants per Form 5500 | $ 177,787 |

The Plan made corrective distributions of $4,721 to a Participant during 2014. These corrective distributions were required in order to correct the failure of certain 2014 IRS nondiscrimination tests. The Plan made no corrective distributions to Participants during 2015.

**Note 9 – Tax Status**

The Plan uses a prototype plan sponsored by its third party administrator. The third party administrator received a letter from the Internal Revenue Service dated March 31, 2008, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code. The prototype plan has been amended since receiving this determination letter. The Plan itself had not received a determination letter from the IRS. Except as disclosed in Note 1, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes it is no longer subject to income tax examinations related to the Plan for years prior to 2012.

**Note 10 – Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

**Note 11 - Subsequent Events**

Plan management has evaluated subsequent events through October 17, 2016, the date the financial statements were issued, and except as previously disclosed elsewhere in these financial statements, has determined there are no subsequent events to be reported in the accompanying financial statements.
