Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

The following description of the VitalMD 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of VitalMD Group Holding, LLC and its wholly owned LLCs (collectively referred to as the "Company") who have completed at least one (1) year of service and one thousand (1,000) hours and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Employee Contributions: Each year, participants may contribute up to 100% of pretax annual compensation (up to Internal Revenue Code (IRC) limits of $18,000 and $17,500 for 2015 and 2014, respectively), as defined in the Plan (elective deferral), in any combination of before-tax, Roth 401(k) (after-tax), and/or traditional after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to $6,000 for 2015 and $5,500 for 2014. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds, one common collective trust and participant directed-investments.

Company Safe Harbor Contributions: The Company contributes non-elective safe harbor contributions equal to 3% of compensation for all eligible employees in the Plan. Employees are required to complete one year of service prior to becoming eligible for Company safe harbor contributions.

Company Profit Sharing Contributions: Profit sharing amounts may be contributed at the option of the Company's Board of Members. During the years ended December 31, 2015 and 2014, the Company made a profit sharing contribution of approximately $2,848,000 and $2,995,000, respectively.

Contributions are subject to certain limitations imposed by applicable provisions of the Plan and the Internal Revenue Code of 1986, as amended (“IRC”), including compliance with applicable statutory limits and non-discrimination rules.

NOTE A - DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and Company safe harbor contributions, as well as allocations of the Company's profit sharing contributions and Plan's net earnings.

Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon and rollovers. Vesting in the Company's contribution portion of their accounts is based on years of continuous service as follows:

Years of Service	Percentage Vested
Less than 2	0%
2 or more	100%

Vesting will be accelerated and participants will be 100% vested in the Company's matching contribution and earnings thereon upon reaching age 65, or as a result of death, or becoming totally disabled while an employee. A participant will be considered totally disabled for purposes of the Plan if he or she is eligible to receive long-term disability benefits under the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the participant's account and bear interest at rates which are commensurate with local prevailing rates at the time of the loan as determined by the Plan administrator. Principal and interest is paid ratably through regular payroll deductions.

Payment of Benefits

Prior to termination of employment, a participant may withdraw, subject to the Plan's notice requirements, all or any portion of the vested value of his or her account and the vested value of his or her Company contribution account if the participant has attained age fifty-nine and one-half ($59^{1/2}$) or becomes totally and permanently disabled, or all or a certain portion of the value of his or her participant account in the event of demonstrated financial hardship, subject to the Plan provisions.

NOTE A - DESCRIPTION OF PLAN (Continued)

Payment of Benefits (Continued)

A participant, after leaving the Company, can have the total of his or her vested account distributed in accordance with the provisions of the Plan. On termination of service for any reason, including disability or retirement, a participant may elect, if account balance exceeds $5,000, to receive either a lump-sum amount equal to the value of the participant's interest in his or her account, or remain in the Plan. If account balance is $5,000 or less, a participant will receive the value of his or her account as a lump-sum distribution.

Forfeited Accounts

Forfeitures of the non-vested portion of participant accounts related to the Company's contribution are used first to pay Plan expenses and then to offset future Company contributions**.** At December 31, 2015 and 2014, the forfeited non-vested accounts balance totaled $431 and $415 respectively. No forfeitures were used during 2015. During 2014, employer contributions were reduced by $262 from forfeited nonvested accounts.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting. Investment contracts held by a defined contribution plan are required to be reported at fair value.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers. See Note D for discussion of fair value measurements.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. All accounts are credited with earnings and gains on the underlying investments and charged for losses, participant withdrawals and certain administrative expenses.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Costs

The Company, which is a party-in-interest, is absorbing the costs of fiduciary bonding, financial statement audit fees, and fees charged by the Plan’s trustee, but reserves the right to amend the Plan at any time, and allocate such fees to Plan participants. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation of fair value of investments. All other administrative costs are paid by the Plan.

Newly Adopted Accounting Standards

ASU 2015-07

In May 2015, the FASB issued ASU 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent), which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, Fair Value Measurement, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard. Accordingly, the amendment was retrospectively applied resulting in classification adjustment to the Plan's assets measured on a recurring basis at fair value included in Note D.

ASU 2015-12

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. Management has elected to adopt Parts I and II early. Part III is not applicable to this Plan.

Subsequent Events

The date to which events occurring after December 31, 2015, the date of the most recent statement of net assets available for benefits, has been evaluated for possible adjustments to the financial statements or disclosure is October 17, 2016 which is the date on which the statements were available to be issued.

Effective May 1, 2016, the Plan was amended and restated to appoint Newport Trust Company as the trustee for the Plan.

NOTE C - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, all information pertaining to the investments and related income, information in the notes to the financial statements and information in the supplemental schedule was certified by the Plan's Trustee, Charles Schwab Bank, as complete and accurate as of and for the years ended December 31, 2015 and 2014. This information was not subject to audit procedures except for comparing it to the related information included in the financial statements and supplemental schedule.

NOTE D - FAIR VALUE MEASUREMENT

Fair value represents the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (“Level 1” measurements), the next priority to quoted values based on observable inputs (“Level 2” measurements), and the lowest priority to unobservable inputs (“Level 3” measurements). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. For example, stocks listed on a recognized exchange or listed mutual funds.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTE D - FAIR VALUE MEASUREMENT (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds and money market funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds and the money market fund held by the Plan are deemed to be actively traded.

Common collective trust: A fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Marketable equity securities and unit investment trusts: Valued at the closing price reported on the active market where the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - FAIR VALUE MEASUREMENT (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2015 and 2014:

	2015

(*) In accordance with Subtopic 820-10, certain investments that were measured at net assets value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE D - FAIR VALUE MEASUREMENT (Continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015 and 2014, respectively. There are no participant redemption restrictions for these investments; the redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE F - RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

The Plan invests in shares of a mutual fund managed by Charles Schwab Bank, the trustee, and, therefore, transactions involving this mutual fund qualify as party-in-interest transactions. The Company, which is a party-in-interest, is absorbing the costs of fiduciary bonding, financial statement audit fees, and fees charged by the Plan's trustee, but reserves the right to amend the Plan at any time, and allocate such fees to Plan participants.

NOTE G - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

United States generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine examinations by Federal taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE H - RISKS AND UNCERTAINTIES

The Plan provides for investment options in various securities and funds which invest in equity and debt securities and other investments. Such investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
