NOTE 1 - DESCRIPTION OF THE PLAN

The 20/20 Communications, Inc. (Sponsor) 401(k) Retirement Plan (the Plan) was formed in 2009 as a savings / retirement plan for qualified employees of the Sponsor.

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering employees of the Sponsor who are age twenty-one and older, having six months of service. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is funded with a group annuity contract, and offers a fixed-interest investment option and several variable investment options.

Contributions – Participants may contribute a portion of pre-tax annual compensation, subject to limitations. Participants direct the investment of their contributions into various investment options offered by the Plan.

Effective April 1, 2012 the Plan was modified to adopt automatic deferral provisions. The automatic deferral provisions provide that unless participants make an alternative salary deferral election, the employer will automatically withhold a portion (of up to 3%) of the participant's compensation each pay period and contribute that amount to the Plan. Participants may at any time complete a salary deferral agreement to select an alternative deferral amount, or to elect not to defer under the Plan.

Employees who have met the age and length-of-service requirements may be entitled to discretionary employer matching contributions. The amount of such matching contributions is determined annually by the trustees of the plan.

Participants' Accounts – Each participant's account is credited with the participant's contribution and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting – Participants are immediately 100% vested in all participant contributions plus actual earnings thereon. Employer matching contributions are 100% vested after three years of service.

Investment Options – Participants direct the investment of their contributions into selected investment products offered by the Plan custodian. The investment options include money market accounts, bond accounts, fixed income accounts, and various income, growth value, blend, and international mutual fund accounts.

Payment of Benefits – Benefits are payable to participants or designated beneficiaries upon retirement, death, disability, or termination of employment.

Participant Loans – Participant loans are not permitted.

Forfeitures – If a participant terminates employment before being fully vested, then the non-vested portion of a participant's account is allocated to pay: 1) any administrative expenses of the Plan; 2) any remaining forfeiture attributable to amounts other than employer matching contributions is used to reduce any employer contribution; and 3) any remaining forfeitures attributable to matching contributions is used to reduce any employer contribution.

NOTE 1 - DESCRIPTION OF THE PLAN (cont'd)

Plan Termination – Although it has not expressed any intent to do so, the Sponsor has the right, under terms of the Plan, to terminate the Plan subject to the provisions of ERISA.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements are prepared on the accrual basis of accounting.

Use of Estimates in the Preparation of Financial Statements – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received for an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investments are stated at contract value; which management believes is an appropriate approximation of fair value. Interest income is recorded as earned on the accrual basis.

Plan Administration Costs – The Plan's expenses are paid by either the Plan or the Sponsor as provided by the Plan document. Expenses that are paid directly by the Sponsor are excluded from these statements. Expenses paid by the Plan are charged directly against participant individual accounts as incurred.

Payment of Benefits – Benefits are recorded when paid.

Change in Accounting Principle – In July 2015, the Financial Accounting Standards Board (FASB) issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.

- Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts (FBRICs) and provide certain disclosures. Part I further clarifies that contract value is the relevant and only required measurement for fully benefit-responsive investment contracts, and that indirect investments in FBRICs through investment companies are not in the scope of the guidance and such investments should be reported at fair value. Since Part I is not applicable to the Plan, implementation changes do not affect the Plan financial statements at December 31, 2015.

- Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured at fair value. Disaggregation of investments and disclosure of fair value information by general type continue as requirements; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Implementation of Part II will simplify some disclosures in Plan financial statements at December 31, 2015.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

- Part III provides a practical expedient to permit a plan to measure its investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with the end of a calendar month. Since the Plan's fiscal year-end is the same as the calendar year, Part III is not applicable to the Plan.

ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. The Plan has elected to early adopt ASU 2025-12.

The effect of early adoption will have no effect on the Plan's Statement of Net Assets Available for Benefits, or on its Statement of Changes in Net Assets Available for Benefits, but as described above, the changes will simplify December 31, 2015 financial statement disclosures and also simplify future plan accounting, and financial statement presentation.

Subsequent Events – Subsequent to December 31, 2015, the Plan's custodian was changed from American United Life Insurance Company to Wells Fargo Bank, N.A. Management has evaluated, for potential recognition or disclosure in the financial statements, subsequent events that have occurred through October 14, 2016, which is the date that the financial statements were available to be issued.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY THE PLAN CUSTODIAN

The Plan Administrator has elected the method of compliance permitted by the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified as complete and accurate by the Plan's custodian.

The Plan custodian has certified its statement of accounts as of December 31, 2015 and 2014, and for the year ended December 31, 2015. The statement of accounts includes beginning and ending balances of investments held, and detail of transactions during the period, including investment earnings and interest income on notes receivable from participants.

NOTE 4 - INVESTMENTS

During the year ended December 31, 2015, the Plan's investments, including net gains and losses on investments sold during the year, depreciated in fair value by $50,001. All investments are participant directed.

NOTE 5 - FAIR VALUE MEASUREMENTS

Fair value accounting guidance establishes a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

NOTE 5 - FAIR VALUE MEASUREMENTS (cont'd)

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plans have the ability to access.

Level 2 Inputs to the valuation methodology other than quoted prices included in Level 1 are observable for the asset or liability, each directly or indirectly, and include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The fair value of Pooled Separate Accounts, which are invested in a variety of mutual funds, is based on observable inputs (in the insurance company's separate account) of the accumulation units in the investment accounts.

The fair value of the investment contract with an insurance company (the Fixed Option), is based on the amounts contributed or transferred to the Fixed Option less any withdrawals or transfers out, plus accrued interest.

Liquidation of the entire contract may cause a one-time adjustment to the aggregate contract value, resulting in a fair value different from the contract value. This total liquidation is a contingent event, which cannot be initiated by the Plan participants, and can only be initiated by the Plan Trustee(s) upon termination of the Plan or complete termination of the Contract.

There have been no changes in the methodologies used at December 31, 2015 and 2014. The methods described above could produce a fair value calculation that is not indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan administrator believes these valuation methods are appropriate, the use of different methodologies or assumptions could result in different fair value measurements at the reporting date.

NOTE 5 - FAIR VALUE MEASUREMENTS (cont'd)

The fair value measurements for the Plan's investments as of December 31, 2015 and 2014 are as follows:

		Type of Fair-Value Measurement		
December 31, 2015	**Fair Value**	**Level 1**	**Level 2**	**Level 3**
Pooled Separate Accounts (mutual funds held by an insurance co.)	$ 1,723,816	$ -	$ 1,723,816	$ -
Investment contract with insurance company	95,699	-	95,699	-
Total Plan Investments	**$ 1,819,515**	**$ -**	**$ 1,819,515**	**$ -**
December 31, 2014				
Pooled Separate Accounts (mutual funds held by an insurance co.)	$ 1,232,232	$ -	$ 1,232,232	$ -
Investment contract with insurance company	122,708	-	122,708	-
Total Plan Investments	**$ 1,354,940**	**$ -**	**$ 1,354,940**	**$ -**

NOTE 6 - INCOME TAX STATUS

The Plan obtained a tax determination letter dated March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress. The plan administrator believes it no longer subject to income tax examinations for years prior to 2012.

The plan completed its compliance testing for 2015 and 2014, in accordance with IRC compliance requirements. As a result of this testing, $4,084 and $16,334 are recorded as accrued liabilities and as corrective distributions, for excess contributions, which were refunded to participants in 2015 and 2014, respectively.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 - RELATED PARTY AND PARTY IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds by American United Life Insurance Company, the custodian as defined by the Plan. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

NOTE 9 - RECONCILIATION OF FORM 5500 TO FINANCIAL STATEMENTS

The following reconciles net assets available for benefits as reflected in the Form 5500, to that reflected in the *Statement of Net Assets Available for Benefits,* at December 31, 2015 and 2014, respectively:

	2015	2014
Net assets available for benefits per Form 5500	$1,846,067	$1,354,940
Less: Accrued corrective distributions	(4,084)	(26,334)
Net assets available for benefits per the *Statement of Net Assets Available for Benefits*	**$1,841,983**	**$1,328,606**

The following reconciles corrective distributions (expense) as reflected in the Form 5500, to that reflected in the *Statement of Changes in Net Assets Available for Benefits,* at December 31, 2015 and 2014, respectively:

	2015	2014
Corrective distributions per Form 5500	$ 26,344	$ 46,325
Less: Prior year corrective distributions accrual	(26,344)	(46,271)
Add: Current year corrective distributions accrual	4,084	26,334
Corrective distributions per the *Statement of Changes in Net Assets Available for Benefits*	**$ 4,084**	**$ 26,388**

NOTE 10 - NON-EXEMPT TRANSACTION

In 2015, the Company failed to correctly remit certain employee 401(k) deferral contributions for one payroll period to the appropriate participant accounts. This is deemed a prohibited transaction in accordance with ERISA and the Internal Revenue Code. The Company is in the process of correcting the prohibited transaction by correcting the contributions and depositing lost earnings on those amounts.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
