NOTE 1. PLAN DESCRIPTION

The following description of the Door Controls USA, Inc. 401 (K) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was created on August 1, 2015, after Door Controls USA, Inc. (the "Company" or "Employer") was split from the other division, Door Control Services, Inc. Consequently, 118 participants who were formally in the Door Control Services, Inc. 401 (K) Plan were moved to this Plan.

The Plan is a defined contribution plan available to employees of the Company who have completed ninety days of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, ("ERISA"), as amended.

Contributions

For 2015, participants may contribute up to $18,000 of their annual wages including bonuses and overtime ($24,000 for participants who attain age 50 by the end of the Plan year). The Company's matching contributions are determined each year by the Company. The Company made matching contributions equal to 50% of participants' contributions that do not exceed 4% of their eligible compensation for the year ended December 31, 2015. Voluntary contributions, other than salary reductions, are not permitted. Participants may also make eligible rollover contributions. Total contributions to a participant's account may not exceed the annual additions limit, which is the lesser of $53,000 or 100 percent of total compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, and (b) the Plan earnings and expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts is based on years of service. A participant is vested as follows:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE 1. PLAN DESCRIPTION (CONTINUED)

Payment of Benefits

On termination of service, due to death, disability, retirement or other reasons, distributions under the Plan are made in lump-sum for participant vested accounts that do not exceed $5,000. For vested account balances that exceed $5,000, the participant must consent to the distribution before it may be made and elect to receive the distribution in a lump-sum payment in cash or as an annuity. Hardship distributions are permitted subject to certain limits.

Notes Receivable from Participants

Under the terms of the Plan, participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of the member's vested account balance, whichever is less. Participants may only initiate one loan during a twelve month period and have only one outstanding loan at a time. Participant loans are secured by the balance in the participant's accounts and bear interest at fixed rates commensurate with local market rates for similar loans. Interest rate is from 3.25% to 4.25% for loans outstanding at December 31, 2015. Principal and interest is paid ratably through weekly payroll deductions.

Forfeited Accounts

Forfeitures of matching contributions will be used to reduce any employer's matching contributions. Forfeitures used to reduce employer matching contributions for 2015 were $-0-.

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investment Valuation and Income Recognition

Assets held in the investment funds of the Plan are valued based upon quoted market values on the last business day of the plan year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis of accounting. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Contributions

Employee and matching company contributions are recorded in the period during which the Company makes payroll deductions from the Plan participants' earnings.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Expenses

Certain administrative expenses may be paid by the Company on behalf of the Plan. Administrative expenses paid by the Company totaled $-0- for the year ended December 31, 2015.

Benefit Payments

Benefits are recorded when paid for financial statement purposes.

NOTE 3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, as permitted under such election the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Fidelity Management Trust Company, as complete and accurate, except for comparing such information certified by the trustee with information included in the Plan's financial statements and supplemental schedules.

NOTE 4. PLAN TERMINATION AND AMENDMENTS

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. The Company also has the right to amend the Plan at any time.

NOTE 5. RELATED PARTY TRANSACTIONS

Certain plan investments are share/units of separate accounts managed by an affiliate of the Fidelity Management Trust Company. This institution serves as record keeper and custodian of the Plan, and, therefore, these investments qualify as related transactions.

NOTE 6. INCOME TAX STATUS

The Plan has adopted a prototype plan, which received a favorable determination letter from the Internal Revenue Service on March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has not been amended since receiving the determination letter.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions.

NOTE 7. RISKS AND UNCERTAINTIES

The Plan invests in various instrument securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10. FAIR VALUE MEASUREMENTS

FASB ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities inactive markets that the plan has the ability to access.

NOTE 10. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; Quoted prices for identical assets or liabilities in inactive market; Inputs other than quoted prices that are observable for the asset or liability; and Inputs that are derived principally from or corroborated by observable market data by correlation other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimized the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015.

Pooled separate accounts (PSA): Valued at the net asset value (NAV), which is based on the market value of the PSA's underlying investments.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2015:
