NOTE 1 - Description of plan:

The following description of the William R. Nash 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan was established on January 1, 1993, as a defined contribution plan covering all employees of William R. Nash, Inc. (the "Plan Sponsor") and William R. Nash V.I., Inc. (the "Adopting Employer"). Unless specified, William R. Nash, Inc. and William R. Nash V.I., Inc. are hereby referred to as (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Plan Administration:

The Company management has overall responsibility of the operation and administration of the Plan. The Company's management determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan's assets are maintained and administered by John Hancock Life Insurance Company (U.S.A.) (the "Custodian" or "John Hancock"). The Plan's recordkeeping services and maintenance of participant account records are managed by The Pension Studio.

Participation:

Employees who have completed three consecutive full calendar months of service and are age eighteen or older. Employees who have satisfied the eligibility requirements may begin participating in the Plan on the first day of the following month.

Participant Investment Account Options

Upon enrollment in the Plan, participants may direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts as investment options for participants. Company contributions made to the Plan on behalf of participants are invested in funds in accordance with the participant's selections. Participants may change their investment options at their discretion.

Participant Accounts:

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - Description of plan (Continued):

Contributions:

Each year, participants may elect to contribute up to one-hundred percent (100%) of eligible compensation on a pre-tax or after-tax basis or a combination thereof, up to the Internal Revenue Code (IRC) maximum allowable limit for 2015 of $18,000 if under age fifty (50) and $24,000 if age fifty (50) or over. Participants who have attained age fifty (50) before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Under the Roth 401(k) contribution option, a participant can make after-tax contributions. Distributions from a participant's Roth 401(k) contributions and earnings at retirement are generally tax-free. Participant contributions may be subject to additional limitations imposed by the IRC as detailed in the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation. Contributions are automatically invested in a designated balanced fund until changed by the participant. Contributions received from participants are presented net of excess deferral contributions refunded, as required to satisfy the relevant nondiscrimination provisions of the Plan. This amount has been accrued in liabilities as excess contributions payable in the accompanying statements of net assets available for benefits.

The Company may make matching contributions equal to a discretionary percentage of the participant's elective deferrals, to be determined by the Company. The Company made matching contributions to the Plan for the year ended December 31, 2015 equal to 25% of the contributing participant's elective contributions on the first 10% of the participant's compensation. The Company may also, in its sole discretion, make a profit sharing contribution to the Plan on behalf of participants. During 2015, the Company did not make any profit sharing contributions.

Vesting:

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Employer contributions are subject to the following vesting schedule:

Years of Vesting Service	Vested %
1	20%
2	40%
3	60%
4	80%
5	100%

Notwithstanding the above, participants shall become fully vested upon reaching normal retirement age, death or suffering a disability while an employee.

NOTE 1 - Description of plan (Continued):

Forfeited Accounts:

Forfeitures occur when a participant terminates employment and has not fully vested in a portion of the Company's contribution amount. Forfeitures of matching contributions will be used to reduce future employer contributions or payment of plan expenses. At December 31, 2015 and 2014, forfeited non-vested accounts totaled $2,182 and $2,588, respectively. For the year ended December 31, 2015, employer contributions were reduced by $9,180 from forfeited non-vested accounts.

Note Receivable from Participants:

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. If the loan exceeds one-half of the participant's vested account balance, the participant must give additional security for the loan. Note terms cannot extend beyond five years from the date of the loan, unless the loan is used to acquire a dwelling unit which within a reasonable time will be used as the participant's principal residence. Borrowings from Roth Contribution accounts are subject to the determination of the plan administrator. Loans are secured by the balance in the participant's account and bear a prime interest rate plus 1.0%.

Hardship Distribution:

Hardship distributions are permitted if the distribution is due to expenses incurred or necessary for medical care described in IRC Section 213(d), purchase of a principal residence, payment of tuition, to prevent eviction from or foreclosure of the principal residence, or any other condition which the Commissioner of the Internal Revenue Service ("IRS") deems an immediate and financial need of the participant. Participant voluntary contributions are suspended for six months after receipt of a hardship distribution.

Payment of Benefits:

On termination of service due to death, participants may elect to receive either a lump sum amount equal to the value of the participant's vested interest in their account or annual installments. For termination of service for any other reason, a participant may receive the value of the vested interest in their account as a lump sum distribution.

NOTE 2 - Summary of significant accounting policies:

Basis of Accounting:

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTE 2 - Summary of significant accounting policies (Continued):

Recent Accounting Pronouncements:

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-12, Plan Accounting Defined Contribution Pension Plans (Topic 962) Part I. Fully Benefit-Responsive Investment Contracts; Part II. Plan Investment Disclosures; and Part III. Measurement Date Practical Expedient. The ASU was issued to reduce complexity in employee benefit accounting. Part I eliminates the requirement that employee benefit plans measure fully benefit–responsive investment contracts at fair value and provide the related fair value disclosure, rather these contracts are to be measured and disclosed only at contract value. Part II eliminates the requirement that plans disclose: (a) individual investments that represent five percent or more of net assets available for benefits; (b) the net appreciation or depreciation for investments by general type; and (c) investments disaggregated by nature, risks and characteristics. Part III provides a practical expedient to permit plans with a fiscal year-end that does not coincide with a calendar month-end to measure investments and investment-related activity as of a month-end date that is closest to the plan's fiscal year-end. This ASU is effective for fiscal years beginning after December 15, 2015. Parts I and II are effective on a retrospective basis, and Part III is effective on a prospective basis. Early application is permitted. Plan management elected to early adopt Part II of this guidance for the December 31, 2015 plan year-end. Parts I and III were not applicable to the Plan. The adoption of Part II of this guidance did not have a material impact on the Plan's financial statements.

Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Valuation and Income Recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable:

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

NOTE 2 - Summary of significant accounting policies (Continued):

Note Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015.

Payment of Benefits:

Benefits are recorded when they have been processed and paid by the Plan.

Administrative Expenses:

Certain expenses of the Plan are paid by the Company and are not included in the statements of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments. Certain fees related to specific investment elections are charged directly to participant accounts.

NOTE 3 - Information certified by the custodian:

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. As permitted under such election, the following investment information was certified by John Hancock Life Insurance Company (U.S.A.) as complete and accurate. As instructed by the Plan administrator, no auditing procedures have been applied to the following information, other than comparing the information with related information included in the financial statements:

Information certified by the custodian included in the accompanying statements of net assets available for benefits is as follows:

	December 31,	
	2015	2014
Cash	$ 2,182	$ 2,588
Pooled separate accounts	5,983,102	5,835,542
Notes receivable from participants	274,445	352,551
	$ 6,259,729	$ 6,190,681

NOTE 4 - Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest opportunity to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015.

Pooled Separate Account:

The Plan had $5,983,102 of investments in participation units held in pooled separate accounts through sub-accounts of an insurance company at December 31, 2015. The Plan has concluded that the NAV as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company approximates fair value of the investments. The investments are redeemable at the adjusted NAV under agreements with the insurance company, except for the stable value fund for which contract value is generally the amount participants would receive for plan permitted, participant-directed withdrawals. The underlying investments in the stable value fund are valued using Level 2 pricing inputs, therefore the stable value fund is classified in Level 2 in the fair value hierarchy. Pooled separate accounts are classified in Level 2 in the fair value hierarchy.

NOTE 4 - Fair value measurements (Continued):

However, it is possible that the redemption rights may be restricted or eliminated in the future. Due to the nature of the investments, changes in market conditions, liquidity requirements, and the economic environment may significantly affect the NAV of the pooled separate accounts and, consequently, the fair value of the Plan's investments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ -	$ 5,983,102	$ -	$ 5,983,102
Total assets at fair value	$ -	$ 5,983,102	$ -	$ 5,983,102

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ -	$ 5,835,542	$ -	$ 5,835,542
Total assets at fair value	$ -	$ 5,835,542	$ -	$ 5,835,542

NOTE 5 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to amend, terminate or merge the Plan subject to the provisions or ERISA. In the event of Plan termination, participants would become one-hundred percent (100%) vested in their employer contributions.

NOTE 6 - Related-party transactions and party in interest transactions:

The Plan has investments in participation units held in pooled separate accounts through sub-accounts of John Hancock. John Hancock provides services to the Plan as the custodian and record keeper; therefore, these investments qualify as party-in interest transactions. Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with Plan participants.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company.

NOTE 7 - Tax status:

The Internal Revenue Service has determined that the volume submitter prototype 401(k) profit sharing plan is designed in accordance with applicable sections of the IRC and informed custodian of such in a letter dated March 31, 2008. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator has adopted the prototype plan and believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the (tax authority). The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE 8 - Subsequent event:

The Plan's management evaluated subsequent events through October 14, 2016, in connection with the preparation of these financial statements, which is the date that the financial statements were available to be issued.

Subsequent to December 31, 2015 through October 14, 2016, Nash Mechanical, LLC (Adopting Employer) decided to adopt the Plan and all the provisions of the Plan, including the elective choices made by the Plan Sponsor and agrees to be bound by any amendments made to the Plan by the Plan Sponsor, subject to the right of the Company to withdraw from the Plan.
