Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by the Massachusetts Mutual Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplementary schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Basis of Accounting

As described in Note 1 to the financial statements, the plan sponsor determined liquidation was imminent during 2015. As a result, the Plan changed its basis of accounting from the ongoing basis of accounting used in presenting the 2014 financial statements to the liquidation basis used in presenting the 2015 financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2015 and schedule of reportable transactions are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Sinclair Broadcast Group Pension Plan

Notes to Financial Statements

December 31, 2015

1. Description of Plan

The Sinclair Broadcast Group Pension Plan (the Plan) (formerly known as the Successor Pension Fund for Former Employees of Guy Gannett) is a contributory defined benefit plan established by Sinclair Broadcast Group, Inc. (the Company) to provide a basic retirement program for employees. During the year ended December 31, 2000 the Plan covered the two television stations, WGME-TV and WGGB-TV (the Stations), acquired by the Company from Guy Gannett during 1999. On December 31, 2000, the KGAN-TV Pension Fund for Former Employees of Guy Gannett and the WLOS-TV, Inc. (WLOS) Retirement Plan (the Predecessor Plans) were merged into the Plan. In conjunction with the merger, all the assets of the Predecessor Plans were transferred into the Plan. It is the Company's position that all participants in the Plan would receive a benefit immediately after the merger that is equal to or greater than the benefit the participant would have been entitled to receive immediately before the merger. The Plan covers all of the purchased stations' employees that were participants in the Guy Gannett Retirement Plans and substantially all other employees of the Stations, provided they are full-time employees over the age of 40 or have completed one year of service and are at least 21 years of age. The Plan is administered by the Company.

The accrued benefits related to former participants in the WLOS, Inc. Retirement Plan were frozen as of January 10, 1994, and employees of WLOS that met the eligibility requirements to participate in the Plan after January 10, 1994, are not eligible to participate in the Plan.

The Plan was amended on June 18, 2008 to freeze all current participants of the Plan except the employees at WGME-TV in the American Federation of Television and Radio Artists Division 11 (AFTRA Division 11) effective June 30, 2008. No new participants are permitted to enter the Plan effective June 30, 2008 and no new benefit accruals are permitted after June 30, 2008.

The Plan was amended on August 22, 2008 to freeze all AFTRA Division 11 participants effective August 31, 2008. No new AFTRA Division 11 employees are permitted to enter into the Plan as of August 31, 2008 and no new benefit accruals are permitted after August 31, 2008.

The Plan was amended effective January 1, 2014, such that in the event the Plan is terminated and the Plan sponsor receives approval from both the Internal Revenue Service and the Pension Benefit Guaranty Corporation (PBGC), the Plan will offer an annuity settlement window, not to exceed 90 days, to all covered individuals, commencing as soon as administratively feasible.

During the annuity settlement window, covered individuals who have not commenced receiving benefits from the Plan will be given the option to receive, subject to certain

Sinclair Broadcast Group Pension Plan

Notes to Financial Statements (continued)

December 31, 2015

requirements, the actuarial equivalent value of the vested accrued benefit in (i) an immediate lump sum payment, (ii) an immediate single life annuity, (iii) if the covered individual is married, an immediate 50% qualified joint and survivor annuity, a qualified joint and survivor annuity with a survivor benefit to the spouse of 100%, 75% or, in the case of a participant other than a WLOS Participant, 66-2/3% of the adjusted amount payable during the participant's lifetime, or (iv) any one of the options described in the applicable schedule attached to the Plan. The annuity settlement window is not intended to restrict or eliminate a lump sum distribution option which is otherwise available under the Plan.

On March 31, 2014, the Company amended the Plan, effective, January 1, 2014, that the Plan would be terminated effective June 30, 2014, subject to receipt of the approvals of the various governmental agencies. The plan filed, with the IRS and PBGC, a Notice of Intent to Terminate in May 2014, the Notice of Plan Benefits in December 2014, and Standard Termination Notice (Form 500) in December 2014. The PBGC had 60 days after receiving the Form 500 to review the termination for compliance with laws and regulations. A notice of non-compliance was not received from the PBGC during the 60-day period following receipt of Form 500 on December 26, 2014. A favorable IRS determination letter was received on July 27, 2015 subject to the proposed termination. The Plan changed its basis of accounting to liquidation basis effective September 1, 2015. The final distributions to participants were approved and executed during the fourth quarter of 2015 leaving an excess balance of \$33,160 which was in part utilized to pay accrued expenses with the remainder distributed back to the Company in September 2016.

Funding and Contribution Policy

Employer contributions for each fiscal year of the Plan are accrued based on amounts required to be funded to meet the cost of benefits earned by participants in that year, plus appropriate amounts to amortize unfunded liabilities and experienced gains and losses. Funding calculations were performed by Massachusetts Mutual Life Insurance Company (Mass Mutual), the actuary and trustee, for the periods ended December 31, 2015 and 2014. Total contributions were \$5,435,070 and \$128,520 for the years ended December 31, 2015 and 2014, respectively. The Plan has met or exceeded the minimum funding requirements of the Employee Retirement Income Security Act of 1974 for the years ended December 31, 2015 and 2014.

Pension Benefits

Participants at age 65 are entitled to normal retirement benefits; for unmarried participants, benefits are payable monthly for life; for married participants, a joint marital pension is payable for the life of the participant or spouse, whichever is longer. The Plan permitted early retirement for any participant who has attained age 55 and, for WGGB

Sinclair Broadcast Group Pension Plan

Notes to Financial Statements (continued)

December 31, 2015

employees, has accumulated 10 years of vested service. The Plan also permitted, subject to certain conditions, various other payment options. Benefits were primarily based on accrued benefits through December 31, 1991, under the Predecessor Plan, plus 1% of regular earnings for each year plus the greater of ½% of regular earnings and \$78, for WGME and KGAN employees, or \$18, for WGGB employees, commencing on January 1, 1992. Regular earnings for commissioned employees of WGGB were considered to be 70% of average annual commissions for the three previous years.

If an employee dies before becoming vested in the Plan, there was no death benefit. If a vested employee who has not begun to receive retirement benefits dies, the employee's spouse would receive a monthly pension benefit, commencing on the date the participant would have turned 65, equal to that which the spouse would have been entitled had retirement occurred on the date of death and the employee had elected to receive benefits in the form of a joint marital pension.

Vesting is determined as follows:

Combined Years of Continuous Services with the Company and Guy Gannett	Percentage Vested
Less than 5	0%
5 or more	100%

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's benefits, subject to specified limitations.

Upon termination of the Plan, all participants become fully vested. Whether all participants would receive their benefits in the event of Plan termination would depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC.

Information about the Plan agreement, the vesting and benefit provisions, and the PBGC benefit guarantee is contained in the Summary Plan Description. Copies of this pamphlet are available from the Company's Human Resources Department.

Party-in-Interest

Sinclair Broadcast Group Pension Plan
Notes to Financial Statements (continued)
December 31, 2015

Certain investments of the Plan are shares of pooled separate accounts managed by Mass Mutual. Transactions involving these instruments are party-in-interest transactions.

Administrative Expenses

The Company pays substantially all administrative expenses of the Plan. Certain investment management fees and other charges paid to the trustee, Mass Mutual, are offset against fund performance in net realized and unrealized appreciations in fair value of investments and are not, therefore, separately reflected as administrative expenses.

2. Significant Accounting Policies

Basis of Accounting

As a result of the Plan's termination (see Note 1), the Plan's basis of accounting changed from going concern basis to liquidation basis effective as of September 1, 2015, the date the termination of the plan became imminent. However, because the difference between the going concern basis and liquidation basis is immaterial, we presented the year ended December 31, 2015 as a single column. The financial statements for the year ended December 31, 2014 were presented on the going-concern basis.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Valuation of Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. Purchases and sales of securities are recorded on a trade-date basis. For further information, see Note 9, Fair Value Measurements.

Benefit Payments

Benefits are recorded when paid.

Sinclair Broadcast Group Pension Plan

Notes to Financial Statements (continued)

December 31, 2015

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits (see Note 3) are estimated future periodic payments, including lump sum distributions that are attributable under the Plan's provisions to services rendered by the employees through the valuation date. Accumulated plan benefits include benefits expected to be paid to retired or terminated employees or their beneficiaries. The accumulated plan benefits for active employees are based on the more favorable of average compensation during the five years preceding the valuation date or the average of the highest consecutive five years of the employee's compensation. Benefits payable under all circumstances—retirement, death, disability, and termination of employment—are included, to the extent they are deemed attributable to employee service rendered through the valuation date.

Subsequent Events

The Company has evaluated subsequent events for recognition and disclosure through the date of this report, October 17, 2016.

Sinclair Broadcast Group Pension Plan

Notes to Financial Statements (continued)

December 31, 2015

3. Accumulated Plan Benefits

The Plan's actuary estimates the actuarial present value of accumulated plan benefits. These estimates result from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The accumulated plan benefit information is as follows:

	December 31,	
	2015	2014
Actuarial present value of accumulated plan benefits:		
Vested benefits:		
Participants and beneficiaries currently receiving payments	\$ —	\$ 4,358,846
Other participants	—	6,815,826
	—	11,174,672
Non-vested benefits	—	—
	\$ —	\$ 11,174,672

Sinclair Broadcast Group Pension Plan
Notes to Financial Statements (continued)
December 31, 2015

The changes in the actuarial present value of accumulated benefits were as follows:

	<u>2015</u>	<u>2014</u>
Actuarial present value of accumulated plan benefits, beginning of period: 1/1	\$ 11,174,672	\$ 10,441,544
Increase (decrease) attributable to:		
Interest, due to the decrease in the discount period	361,309	711,113
Benefits paid to participants	(17,312,387)	(565,568)
Other – adjustment for final liquidation/purchase of annuity contract	5,809,567	—
Change in actuarial assumption	—	587,583
Net increase (decrease)	<u>(11,141,512)</u>	<u>733,128</u>
Actuarial present value of accumulated plan benefits, end of period: 12/31	<u>\$ 33,160</u>	<u>\$ 11,174,672</u>

Significant assumptions underlying the actuarial present value of accumulated plan benefits as of December 31, 2015 and 2014 are as follows:

	<u>2014</u>
Expected rate of return on plan assets	7.00% compounded annually
Mortality basis	The RP-2014 Scale with Scale MP-2014 Table
Assumed retirement age	65
Plan expenses	None

Accumulated plan benefits include \$89,834 of employees' accumulated contributions at December 31 2014, which included credited interest. There were no accumulated plan benefits as of December 31, 2015 due to the liquidation of the Plan's assets in 2015.

4. Investments

Investments are stated at fair value at December 2015 and 2014. During the period, which began the date the termination of Plan became imminent (see Note 1), there was no change in the fair value of the Plan's pooled separate accounts in 2015. In the first eight months of 2015 and for all of 2014, the Plan's pooled separate accounts (including investments bought, sold, as well as held during the year), as determined by Level 2 inputs (see footnote 9 for further information), appreciated in fair value by \$159,079 and \$352,119, respectively.

Investments are held by Mass Mutual, the trustee of the Plan. The investments that are included in the financial statements are based on information certified by the trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974.

Individual investments that represent 5% or more of the Plan's net assets available for benefits are as follows:

	December 31,	
	2015	2014
Mass Mutual Premier Core Bond	*	\$ 2,247,531
Mass Mutual Premier Short-Duration Bond	*	2,224,224
Mass Mutual Premier Money Market	42,786	2,211,540

Mass Mutual Select Overseas	*	621,811

* This fund did not represent 5% or more of the Plan's net assets at year end

5. Certified investments (unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2015 and 2014 and investment income for the years ended December 31, 2015 and 2014 disclosed in the accompanying financial statements and supplementary schedules were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee of the Plan.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

7. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated July 10, 2012, stating that the Plan is qualified under section 401(a) of the Internal Revenue Code (the Code), and therefore, the related trust is exempt from taxation. Once qualified, the trust is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt. In July 2015, the Plan received a determination letter from the IRS stating that the Plan's termination does not adversely affect its qualification for federal tax purposes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

9. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

Fair Value Measurements **Using Input Type** **December 31, 2015**

Pooled separate accounts: fair value of the participation units owned by the Plan in the pooled separate accounts is based on the net assets of the underlying pool of securities on the last business day of the Plan year as determined by Mass Mutual. Redemptions may occur on a daily basis. The use of net asset value as fair value is deemed appropriate as the pooled separate accounts do not have a finite life, unfunded commitments relating to investments, or restrictions on redemptions.
