OPTIMUM EMPLOYER SOLUTIONS RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Optimum Employer Solutions Retirement Plan (the "Plan") provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was adopted on May 23, 2006 to qualify as a defined contribution retirement plan for Optimum Employer Solutions, LLC's (the "Plan Sponsor") eligible employees. This Plan was established for the purpose of providing retirement benefits to the Plan Sponsor's eligible employees in accordance with the Plan. The Plan is intended to satisfy the provisions of Section 401(k) of the Internal Revenue Code ("IRC") of 1986, as amended. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is a multiple-employer plan and each client of the Plan Sponsor (employer) sets the eligibility, matching, and vesting terms specific to their participants under a separate adoption agreement.

Plan Administration

The Plan Sponsor is the Plan's administrator and Transamerica Financial Life Insurance Company ("Custodian") is the Plan's custodian and serves as the Plan's record keeper.

Contributions

Each participant may elect to contribute a prescribed percentage of his or her compensation to the Plan, subject to certain IRC limitations, up to a maximum amount of \$18,000 for the 2015 Plan year. Participants that are 50 years of age or older who have met the IRC annual deferral limit may contribute a catch-up contribution of up to \$6,000 for 2015. Participants may also rollover amounts representing distributions from other qualified plans. In addition, participants may elect to contribute a percentage of eligible compensation into the Plan on an after-tax basis.

All contributions to each participant's account are self-directed by the participant in one or more of the investments offered under the Plan.

Forfeited Amounts

Forfeited amounts from terminating participants' non-vested accounts are used to reduce employer contributions for the Plan year immediately following the Plan year in which the forfeiture occurs. For the year ended December 31, 2015, employer contributions were reduced by \$9 from forfeited non-vested accounts. At December 31, 2015, forfeited non-vested balances totaled \$1,172.

NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

NOTE 1 - DESCRIPTION OF PLAN, continued

Participants' Accounts

Individual accounts are maintained for each of the Plan's participants to reflect each participant's contributions and related employer contributions, as well as each participant's share of the Plan's income and any related administrative expenses. Allocations of the Plan income and expenses are based on the proportion that each participant's account balance bears to the total of all participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Upon termination of service including death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account. These payments may be paid in a lump sum payment or paid in installments over time.

Hardship Withdrawals

A withdrawal from a participant's account may be permitted if the participant has a financial hardship for certain specific reasons as defined in the Plan document. For the year ended December 31, 2015, there were no hardship withdrawals.

Participant Loans

Participants may borrow from their accounts up to a maximum of 50% of their vested account balance. The loans are secured by the balance in the participant's account and must be repaid at a fixed interest rate which is commensurate with local prevailing rates. Loans must be repaid over a reasonable period of time.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investment Valuation

Investments are stated at fair value (see Note 4). Net appreciation or depreciation in fair value of investments for the period is reflected in the accompanying statement of changes in net assets available for benefits. Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on an accrual basis.

Payment of Benefits

Benefits are recorded when paid.

Participant Loans

Participants may borrow from their accounts up to 50% of their vested account balance up to a maximum of \$50,000. The loans are secured by the balance in the participant's account and must be repaid at a fixed interest rate, which is commensurate with local prevailing rates. Loans must be repaid within five years, unless the loan was for the purchase of a principal residence. In this case, the repayment period may be extended.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company; no such officer or employee receives compensation from the Plan for these services. Certain of the Plan's expenses are paid by the participants and certain expenses are paid by the Company, as provided by the Plan document. Investment-related expenses are included in net depreciation in fair value of investments.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. ASU No. 2015-07 removes the requirement to categorize within the fair value hierarchy, all investments for which fair value is measured using the net asset value per share practical expedient. It also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The Plan administrator has elected to early adopt ASU No. 2015-07 during the year ended December 31, 2015.

OPTIMUM EMPLOYER SOLUTIONS RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*, as part of its simplification initiative. The amendments (i) require fully benefit-responsive investment contracts to be measured, presented and disclosed only at contract value, not fair value; (ii) simplify the investment disclosure requirements; and (iii) provide a measurement date practical expedient for employee benefit plans. The Plan administrator has elected to early adopt ASU No. 2015-12 by simplifying its investment disclosures in the financial statements.

NOTE 3 - INVESTMENT OPTIONS

Contributions made on behalf of the participants are invested in various funds according to participant elections. Participants may direct the investment contribution into the various options offered by the Plan. Participants may change investment elections at any time via telephone or via Internet access with the Custodian.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan measures fair value of its investments in accordance with Accounting Standards Codification Topic 820 ("ASC 820"). ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal, or in the absence of a principal market, the most advantageous market for the asset or liability, in an orderly transaction between market participants on the measurement date. ASC 820 also establishes a fair value hierarchy that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs in priority that may be used to measure fair value:

Level 1—Quoted prices in active markets for identical assets or liabilities;

Level 2—Observable inputs other than quoted prices included within Level 1, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; inputs other than quoted prices that are observable for the asset or liability (such as interest rates and yield curves, credit risks, and default rates) or other inputs that are principally derived from or corroborated by observable market data by correlation or by other means; and

Level 3—Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

NOTE 4 - FAIR VALUE MEASUREMENTS, continued

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such investments pursuant to the valuation hierarchy.

Pooled Separate Accounts

The Plan's pooled separate accounts invest primarily in mutual funds, and the fair value of each pooled separate account is based upon the fair value of the underlying mutual fund which is determined based upon its net asset value and which also represents its closing market price.

The value of the Plan's investment in the pooled separate accounts represents the value of the Plan's interest in the overall value of the pooled separate accounts. The pooled separate accounts are valued at fair value by using the net asset value ("NAV"). The NAV, as provided by the trustee of the pooled separate accounts, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by each fund less its liabilities. This practical expedient would not be used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

NOTE 5 - INCOME TAX STATUS

Effective May 23, 2006, the Plan was amended to adopt a prototype plan offered by the Custodian. The Custodian received a favorable determination letter from the Internal Revenue Service ("IRS") for its prototype 401(k) plan on March 31, 2008. The Company conforms the operations of the Plan to the prototype plan, thereby allowing the Company to rely on MassMutual's current and future IRS determination letters. The Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Continued qualification is dependent on the Plan's future operations.

In accordance with U.S. GAAP, the Plan administrator is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain income tax position that is more-likely-than not to be sustained upon audit by the Internal Revenue Service ("IRS"). An uncertain income tax position will not be recognized if it has less than a 50% likelihood of being sustained. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require the recognition of a liability (or asset) or disclosure in the financial statements. The Plan administrator does not foresee material changes to the gross uncertain income tax position liability (or asset) of the Plan within the next twelve months. The Plan is subject to routine audits by the IRS, however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances.

NOTE 7 - SUMMARY OF UNAUDITED INFORMATION

The Plan administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data in the accompanying financial statements and supplemental schedule is complete and accurate:

- Total investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2015;
- Investment income, net, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015;
- Schedule I: Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2015, except for participant loans of \$151,453;

NOTE 8 - RELATED PARTY TRANSACTIONS

The Plan has investments with the Custodian. The Plan has incurred certain administrative fees with the Custodian. In addition, the Plan has loans with its participants. The Custodian and the Plan participants are considered parties-in-interest under ERISA. All of these transactions are considered exempt party-in-interest transactions under ERISA.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan provides for investments in any combination of investment funds with different investment strategies. These investment funds are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.
