EMPLOYEES' SAVINGS & RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS AND SUPPLEMENTAL SCHEDULE
DECEMBER 31, 2015 AND 2014
(Employer Identification Number 36-4377643, Plan Number 001)**

1. Description of Plan

The following description of the Wachs Water Services Employees' Savings and Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution profit sharing and 401(k) plan covering the eligible employees of Wachs Valve and Hydrant Services, LLC d/b/a Wachs Water Services (the Company).

Income Taxes and Tax Status of the Plan – The Internal Revenue Service has determined and informed the Company by a letter dated April 13, 2006 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Amendment and Termination of the Plan – The Company has the right to amend the Plan at any time, however, any amendment which affects the rights, duties or responsibilities of the Trustee or Administrator may only be made with the Trustee's or Administrator's written consent. Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Participation – Employees are eligible to participate in the Plan on their date of hire as long as they are not classified as an "Excluded Employee" (union employees, leased employees and nonresident aliens). For purposes of salary deferrals, the employee will actually enter the Plan on the next "Entry Date" after they are eligible (January 1st or July 1st).

(Employer Identification Number 36-4377643, Plan Number 001)**

Contributions – The Plan is funded by voluntary contributions of participants and discretionary matching and profit sharing contributions of the Company. Participants may contribute to the Plan, through regular payroll deductions, an amount subject to the limitations imposed by the Internal Revenue Code. The Company contributes a discretionary matching contribution equal to a uniform percentage of the amount of the eligible employees' contributions to the Plan. The Company will determine the uniform percentage each year. Participants may also roll over amounts representing distributions from other qualified employee benefit plans.

Participant Accounts – Each participant's account is credited with the participant's contribution, an allocation of the Company's discretionary matching and profit sharing contributions, and an allocation of Plan earnings. The Company's discretionary matching allocation is based on a percentage of the participant's contribution. The Company's discretionary profit sharing contribution is allocated to active employees as of the last day of the Plan year and is based on a ratio of each participant's compensation to total compensation for all participants. Plan earnings are allocated to participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. The portion of the participants' accounts attributable to the Company's contributions becomes 20% vested after one year of service and continues to vest at a rate of 20% for each successive year until 100% vested after five years of service. In the event of death, disability or retirement at designated ages, participants become fully vested.

Investment Options – Participants must direct their salary deferral contributions and the Company's contributions into a variety of investment funds made available and determined by the Plan administrator. Participants may change their investment options at any time.

Participant Loans – Participants are permitted to take loans from the Plan up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. The loans are collateralized by the borrowers' respective vested account balances and bear interest at 3.25% to 4.25%. Principal and interest are paid through payroll deductions over a period not to exceed five years, unless for the purchase of a primary residence. Related interest income totaled \$2,007 and \$2,166 for the years ended December 31, 2015 and 2014, respectively.

Payment of Benefits – On termination of service, a participant may elect to receive a single lump-sum payment equal to the value of his or her vested account balance, installments over a specified period of time, or a direct rollover distribution. Hardship withdrawals are also permitted by the Plan.

Forfeitures – As of December 31, 2015 and 2014, unallocated Plan assets resulting from forfeited non-vested accounts had an ending balance of \$4,139 and \$4,492, respectively. This amount will be used either to reduce future discretionary Company contributions or plan expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in orderly transactions between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Unrealized gains or losses from appreciation or depreciation of investments are recognized as increases or decreases in net assets available for benefits.

Payment of Benefits – Benefits are recorded when paid.

3. Investments

The following presents investments that represent 5% or more of the Plan's net assets as of December 31, 2015 and 2014:

	<u>2015</u>	<u>2014</u>
Green Owl Intrinsic Value Fund	\$ 286,920	\$ 291,816

Dreyfus Midcap Index Fund	<u>135,695</u>	<u>130,278</u>
Total	<u>\$ 1,840,497</u>	<u>\$ 1,840,563</u>

The total investments that were held by Charles Schwab Trust Company as of December 31, 2015 and 2014 were \$2,133,092 and \$2,380,183, respectively. During 2015 and 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year), declined in value by \$88,225 and \$14,033, respectively.

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I measurements) and the lowest priority to unobservable inputs (Level III measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

Level I – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

WACHS WATER SERVICES

NOTES TO FINANCIAL STATEMENTS AND SUPPLEMENTAL SCHEDULE
(Continued)
DECEMBER 31, 2015 AND 2014
(Employer Identification Number 36-4377643, Plan Number 001)

Level II – Inputs to the valuation methodology includes the following: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

Level III – Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the plan at year end.

Common stocks, corporate debt and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Money market funds: Valued at NAV of units held by the plan at year-end.

Participant loans: Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

5. Matching Contributions

The Company did not make any discretionary matching contributions or accrued discretionary profit sharing contributions for the years ended December 31, 2015 and 2014.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Financial Investments with Off-Balance Sheet Risk

As of and during the years ended December 31, 2015 and 2014, the Plan held no direct investments in derivatives.

8. Related Party Transactions; Administrative Expenses

Plan investments are managed by Charles Schwab Trust Company. Charles Schwab Trust Company is the custodian, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid to the related party, through the Plan, were approximately \$8,200 and \$7,047 for the years ended December 31, 2015 and 2014, respectively.

Administrative expenses paid directly by the Company totaled \$7,752 and \$10,501 for the years ended December 31, 2015 and 2014, respectively.

9. Information Certified by the Plan's Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014, and the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2015 and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2015 and 2014.

10. Subsequent Events

Subsequent events have been evaluated through October 14, 2016, which is the date the financial statements were available to be issued and one subsequent event was noted.

During 2015, Wachs Water Services was acquired by Pure Technologies, Ltd. On January 1, 2016 the Plan name was changed to Pure Technologies Employees' Savings & Retirement Plan.
