Terrazzo & Marble Supply Companies 401(k) Plan
Wheeling, Illinois

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Terrazzo & Marble Supply Companies 401(k) Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2015, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we are not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by First Mercantile Trust Company, the custodian from January 1, 2015 to October 14, 2015, and John Hancock Retirement Services, the custodian from October 15, 2015 to December 31, 2015 of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodians hold the Plan's investment assets and execute investment transactions. The Plan Administrator has obtained a certification from the custodians as of and for the year ended December 31, 2015, that the information provided to the Plan Administrator by the custodians is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these 2015 financial statements.

Emphasis of Matter
As discussed in Note 2 to the financial statements, as of December 31, 2015 and 2014 and for the year ended December 31, 2015, the Plan adopted the new accounting guidance in Accounting Standards Update 2015-12 "Plan Accounting (Topics 960, 962 and 965) – (Part II): Plan Investment Disclosures" to simplify the investment disclosure requirements. Our disclaimer of opinion is not modified with respect to this matter.

Other Matter – Supplementary Information
The supplemental schedule H, line 4i-schedule of assets held at end of year as of December 31, 2015, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Other Matter – 2014 Financial Statements
The financial statements of the Plan as of December 31, 2014, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed the predecessor auditors not to perform, and they did not perform any auditing procedures with respect to the information certified by First Mercantile Trust Company, the custodian of the Plan. Their report, dated October 12, 2015, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and regulations for Reporting and Disclosure under ERISA.

As discussed in Note 2 to the financial statements, the Plan has adjusted its 2014 financial statements to retrospectively apply the change in accounting guidance to simplify the investment disclosures. The other auditors reported on the financial statements before the retrospective adjustment.

As part of our audit of the 2015 financial statements, we also audited the adjustments to the 2014 financial statements to retrospectively apply the change in accounting as described in Note 2. In our opinion, such adjustments are appropriate and have been properly applied. We were not engaged to audit, review, or apply any procedures to the Plan's 2014 financial statements other than with respect to the adjustments and, accordingly, we do not express an opinion or any other form of assurance on the 2014 financial statements as a whole.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of Plan

The following brief description of the Terrazzo & Marble Supply Companies 401(k) Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan adopted January 1, 2004, which includes employees of Terrazzo & Marble Supply Companies, Michigan Terrazzo & Marble Supply Co., Marble & Terrazzo Supply Co. of Minnesota and TMS Manufacturing. (Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees are eligible to participate in the Plan if once they reach 21 years of age. The Plan excludes employees who are governed by a collective bargaining agreement under which retirement benefits are subject of good faith bargaining, unless such agreement expressly provides for participation in the Plan. Also excluded are certain nonresident aliens who have no earned income from sources within the United States, leased employees and independent contractors. Participants are immediately eligible for the employer discretionary matching contribution upon entering the Plan.

Entry Date

Employees may enter the Plan the date in which the employee meets the eligibility requirements.

Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows participants to designate contributions as Roth 401(k) contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company may make matching contributions at the discretion of the board of directors. For the year ended December 31, 2015, the Company matched employee contributions 100% of the first 1% of compensation deferred as well as 50% of the next 5% of deferred compensation. Additional profit sharing contributions may be contributed at the discretion of the Company's board of directors. No such additional discretionary profit sharing contributions were made for the year ended December 31, 2015.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's discretionary matching contribution, as well as an allocation of the Company's additional discretionary profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's earnings or account balances, as defined by their Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions in any of the funds covered by the Plan. Participants may change their investment options daily.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after 2 years of credited service. Vesting in the Company's discretionary profit sharing contribution portion of their accounts is based on years of continuous service using the six year graded schedule.

Forfeitures

At December 31, 2015 and 2014, forfeited non-vested accounts totaled $662 and $76. Forfeitures will be used first to pay any administrative expenses. Any remaining forfeitures attributable to non-elective contributions will be used to reduce any non-elective contribution. Any remaining forfeitures attributable to matching contributions will be used to reduce any matching contribution. During 2015, $6,527 of forfeitures were used to reduce non-elective employer contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates at the time funds are borrowed, as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years. There are no limit to the number of outstanding loans a participant may have at one time.

Payment of Benefits

Participants may elect to receive either a lump-sum amount equal to the value of their vested interest or annual installments as defined in the Plan document upon retirement, termination of service, death or disability. A terminated employee with a balance of less than $1,000 may be automatically paid out by the Plan upon termination. Any terminated participants with a balance between $1,000 and $5,000 can still be automatically paid out if their balance is rolled into a qualified Individual Retirement Account.

Death Benefits

The designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 2 - Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Recent Accounting Guidance

Due to a clarification in application of Topic 946 to employee benefit plan accounting, contract value of indirect investments in fully benefit-responsive contracts is understood to be the fair value.

The Plan adopted the provisions of Accounting Standards Update (ASU) 2015-12 (Part II), "Plan Accounting (Topics 960, 962, and 965): Plan Investment Disclosures". This ASU eliminates the disclosure of individual investments that represent 5 percent or more of net assets available for benefits, eliminates the net appreciation or depreciation for investments by general type, and requires that investments be grouped only by general type, eliminating the need to disaggregate the investments by nature, characteristics, and risks. The Plan has adopted this standard as Plan management believes this presentation is more relevant to the users of the financial statements. Accordingly, the accounting change has been retrospectively applied to the prior period presented, as required.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net depreciation includes the plan's gains and losses on investments bought and sold as well as those held during the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Payment of Benefits

Benefits are recorded upon distribution.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivables are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2015 and 2014.

Administrative Expenses

The Plan's expenses are paid by either the Plan or the Companies, as provided by the Plan document. Expenses that are paid directly by the Companies are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net depreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Note 3 - Fair Value of Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted process in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Pooled Separate Accounts – Valued at fair value based on the net asset value (NAV) of the observable market prices of the underlying assets within that account less liabilities.

Common collective trusts – Valued at carrying value based on the NAV of the observable market prices of the underlying assets within that account less liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	2015			
	(Level 1)	(Level 2)	(Level 3)	Total
Pooled separate accounts:	$ -	$ 6,988,950	$ -	$ 6,988,950
Investments at fair value	$ -	$ 6,988,950	$ -	$ 6,988,950

	2014			
	(Level 1)	(Level 2)	(Level 3)	Total
Common collective trusts	$ -	$ 6,733,470	$ -	$ 6,733,470
Investments at fair value	$ -	$ 6,733,470	$ -	$ 6,733,470

The following table sets forth the disclosure for the fair value measurement of investments in certain entities that calculate NAV per share as of December 31, 2015 and 2014:

	Fair Value December 31, 2015	Fair Value December 31, 2014	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Multi-strategy pooled separate accounts	$ 6,988,950	$ -	$ -	Daily	Daily
Common collective trusts	-	6,733,470	-	Daily	Daily

The stable value fund's objective is to protect principal while providing a higher rate of return than shorter maturity investments such as money market funds or certificates of deposit. To achieve this, the fund invests in a fixed-income security portfolio of fixed-income securities and a value guarantee (wrapper) provided by a third party.

Multi-strategy pooled separate accounts consist of various investment options (i.e. common stock, mutual funds, short-term securities, real estate) and are valued based on the investments held. While the majority of the underlying asset values are quoted prices, the net asset value of the pooled separate accounts are not publicly quoted.

The following is a brief description of the nature and significant investment strategies of common categories of pooled separate accounts:

Large Growth – The pooled separate accounts in this category primarily invest in equity securities seeking long-term growth of capital.

Target Date – The pooled separate accounts in this category seek a high total return through its target retirement date, with greater focus on income beyond the target date.

Stable Value – The pooled separate accounts in this category seek to preserve capital and provide book value liquidity on a daily basis for plan permitted, participant-directed withdrawals while maintaining a competitive rate of interest.

Large Value – The pooled separate accounts in this category seek to provide substantial dividend income and long-term capital appreciation.

International Equity – The pooled separate accounts in this category seek long-term growth by investing in common stocks of non-U.S. companies.

Mid-Cap Value – The pooled separate accounts in this category seek long-term growth of capital by investing primarily in a well-diversified portfolio of mid-cap companies.

Real Estate – The pooled separate accounts in this category seeks a combination of long-term capital appreciation and satisfactory current income by investing the majority of its assets in commercial real estate.

World Bond – The pooled separate accounts in this category seek maximum total return, consistent with preservation of capital and prudent investment management.

The following is a brief description of the nature and significant investment strategies of the major categories of common collective trust accounts.

Large cap stock – These trusts invest in common stocks of large capitalization companies. The investments seek long-term growth primarily and secondarily, current income.

Mid cap stock – These trusts invests in common stocks of medium capitalization companies.

Small cap stock – These trusts invest primarily in foreign equity securities. The investment seeks capital appreciation.

International stock – These trusts invest primarily in foreign equity securities. The investment seeks capital appreciation.

Fixed income – These trusts invest in fixed income funds. The investments see long-term capital growth consistent with preservation of capital and balanced by current income.

Note 4 - Information Certified by the Plan Custodians

The Plan administrator has elected the method of compliance permitted by the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified as complete and accurate by First Mercantile Trust Company and John Hancock Retirement Services.

The Plan custodians have certified its statement of accounts as of December 31, 2015 and 2014 and for the year then ended. The statement of accounts includes beginning and ending balances of investments held, notes receivables from participants, and detail of all transactions during the period, including investment earnings and interest income on notes receivable from participants.

Note 5 - Tax Status

The Plan uses a pre-approved plan document sponsored by Crowe Horwath, which received an advisory letter from the International Revenue Service (IRS), dated March 31, 2008, stating that the pre-approved document satisfies the applicable provisions of the IRS. The Plan itself has not received an advisory letter form the IRS; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress.

Note 6 - Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of pooled separate accounts managed by John Hancock, the custodian as defined by the Plan. As described in Note 2, the Plan paid certain expenses related to the Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transaction under ERISA.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 - Subsequent Events

Effective January 1, 2016, the Plan was restated to comply with regulations. Also, with the new adoption, the plan was amended with the following updates:

1. To exclude part-time, temporary or seasonal employees;
2. A safe harbor matching contribution was added;
3. Loans are limited to 1 general purpose and one principal residence loan

The Plan sponsor has evaluated subsequent events through DATE, the date which the financial statements were available to be issued.
