INDEPENDENT AUDITORS' REPORT

Plan Administrator
Dunlap Community Hospital Employees' Pension Plan
Orrville, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Dunlap Community Hospital Employees' Pension Plan (the Plan), which comprise the statement of net assets in liquidation available for benefits as of December 31, 2015, and the related statement of changes in net assets in liquidation available for benefits for the year then ended, and the related notes to the financial statements

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As described in Note 1 to the financial statements, on October 22, 2014 the Board of Directors approved the termination of the Plan effective December 31, 2014, with a liquidation date in 2016. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting used to determine the amounts at which accumulated benefit information is stated, from the ongoing plan basis used in presenting financial statements prior to 2014 to the liquidating basis in presenting the 2015 and 2014 financial statements. Our disclaimer of opinion is not modified with respect to this matter.

Other Matter

The supplemental schedules, Schedule H, line 4i – Schedule of Assets (Held at End of Year) and Schedule H, line 4j – Schedule of Reportable Transactions as of or for the year ended December 31, 2015, are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Other Matter – 2014 Financial Statements

The financial statements of the Dunlap Community Hospital Employees' Pension Plan as of December 31, 2014 were audited by Bruner Cox LLP, whose practice became part of CliftonLarsonAllen, LLP, as of June 1, 2016. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed the predecessor auditors not to perform and they did not perform any auditing procedures with respect to the information certified by Reliance Trust Company, the trustee. Their report, dated October 8, 2015, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2014 financial statements and (b) the form and content of the information included in the 2014 financial statements other than that derived from the information certified by Reliance Trust Company, was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2015 financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DECEMBER 31, 2015 AND 2014

NOTE 1 DESCRIPTION OF THE PLAN

The following description of Dunlap Community Hospital Employees' Pension Plan (the "Plan"), formerly known as Dunlap Memorial Hospital Employees' Pension Plan, provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit pension plan covering substantially all employees of Aultman Orrville Hospital (the "Hospital" and "Sponsor"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). On October 28, 2008, the Board of Directors, as permitted by the Plan document, approved to amend the Plan effective December 31, 2008 (Freeze Date). Effective January 1, 2009, no new participants were permitted into the Plan.

Plan Termination

On October 22, 2014, the Board of Directors of the Hospital voted to terminate the Plan. A resolution was filed to terminate the Plan effective December 31, 2014 and to liquidate all the assets of the Plan as soon as administratively feasible after December 31, 2014. The Sponsor made contributions to the Plan in accordance with the minimum funding requirements established by the Internal Revenue Service (IRS) that would ensure that Plan assets were sufficient to pay Plan participants' accrued benefits.

In February 2015, a Notice of Interested Parties advising that an application was filed and distributed to Plan participants and subsequently, the application for approval of the Plan's termination was filed with the IRS. In addition, in April 2015, a Notice of Plan Benefits was distributed to Plan participants and subsequently a Standard Termination Notice was filed with the Pension Benefit Guaranty Corporation (PBGC). The Notice of Plan Benefits is a statement of a participant's accrued benefit under the Plan, including an estimate of the amount of a single cash payment to which the participant would be entitled following the receipt of Plan termination approval.

As a result of the termination of the Plan, the investment in the Stable Asset Fund will incur an early termination charge upon final liquidation of Plan assets. Termination charges associated with the contract termination are expected to be approximately \$14,000.

The assets of the Plan are expected to be distributed to participants in 2016. The Plan filed Form 500 with the PBGC during May of 2015, and at that time the expected value of the Plan benefit obligation totaled approximately \$2.9 million.

Eligibility and Vesting

Participants were fully vested for normal retirement benefits after seven years of service. As a result of the decision to terminate the Plan during 2014, all participants became fully vested in their accrued benefits.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Pension Benefits

The normal retirement benefit is a benefit for life, equal to the product of (a) the sum of 0.45% of average annual earnings up to covered compensation and 0.90% of average annual earnings in excess of covered compensation and (b) completed years and months of credited service, not to exceed 35 years. The yearly benefit shall not be less than \$240.

Early retirement is provided upon attainment of age 55 and completion of 20 years of credited service. The early retirement benefit is calculated as a percentage of the accrued benefit as of the early retirement date based on the age of the nearest birthday.

Distributions pursuant to the Plan termination will be paid at the participants' election. Each employee with an accrued benefit under the Plan whose present value is \$10,000 or more will have the present value of their accrued benefit used to purchase an annuity under the Contract. Each former employee with an accrued benefit under the Plan whose present value is over \$5,000 but less than \$10,000 will have the following choices to have the present value of their accrued benefit: (a) used to purchase an annuity under the Contract or (b) distributed in a single cash payment either (i) directly to them or (ii) as a direct rollover by the Plan's trustee into either their employer's retirement plan or the participant's rollover Individual Retirement Account. If the present value was \$5,000 or less, it will be distributed automatically in a single cash payment either directly to the employee or former employee or as a direct rollover as described above. The final assets of the Plan are expected to be distributed in 2016.

Death and Disability Benefits

If an active employee dies at age 55 or older, a death benefit equal to the value of the employee's accumulated pension benefits is paid to the employee's beneficiary. Active employees who become totally disabled receive annual disability benefits that are equal to the normal retirement benefits they have accumulated as of the time they become disabled. Disability benefits are paid until normal retirement age at which time disabled participants begin receiving normal retirement benefits computed as though they had been employed to normal retirement age with their annual compensation remaining the same as at the time they became disabled.

Funding Policy

The Plan's funding policy is for the Hospital to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. During 2015 and 2014, the Hospital made contributions of \$57,406 and \$82,164, respectively. The Hospital's contributions for 2015 and 2014 exceeded the minimum funding requirements of ERISA.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting used to determine the amounts at which accumulated benefit information is stated from the ongoing plan basis used in presenting the financial statements prior to 2014 to the liquidation basis. Under the liquidation basis, investments and liabilities were recorded at fair value.

Change in Accounting Principle

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Parts I and III are not applicable to the Plan. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured at fair value. Plans will continue to disaggregate investments that are measured at fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements should be provided by general type of plan asset. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be retrospectively applied. The Plan has elected to early adopt Part II.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

The Plan used an actuary to determine the actuarial present value of accumulated plan benefits. A change in the actuarial assumptions used could significantly change the amount of the actuarial present value of accumulated plan benefits reported in the accompanying financial statements.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Hospital as provided by the Plan document. Expenses that are paid directly by the Hospital are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 17, 2016, the date the financial statements were available to be issued.

NOTE 3 ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to:

- a) retired or terminated employees or their beneficiaries,
- b) beneficiaries of employees who have died, and
- c) present employees or their beneficiaries.

Benefits under the Plan are based on certain formulas determined by the Plan.

DUNLAP COMMUNITY HOSPITAL EMPLOYEES' PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

NOTE 3 ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (CONTINUED)

Benefits payable under all circumstances (retirement, death, disability, and termination of employment) were included, to the extent they were deemed attributable to service rendered to the valuation date.

The actuarial present value of accumulated Plan benefits is determined by the Plan's actuary, Standard Insurance Company, and is the amount that results from applying actuarial assumptions to adjust accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment between the valuation date and the expected date of payment. The significant assumptions underlying the actuarial computations are as of December 31, 2013, as this is the latest actuarial information available.

The significant actuarial assumptions used in the valuation as of December 31, 2013 were:

- a. Life expectancy of Participants (the RP-2000 Combined Healthy Mortality Table).
- b. Assumed retirement age of 65 for employees who have 30 years of service.
- c. Assumed rate of return of 7.5% based on the full yield curve, which is determined by using interest rates from the third month preceding the valuation date.

The forgoing actuarial assumptions were based upon the presumption that the Plan would continue. Since the Plan terminated, different actuarial assumptions and other factors were applicable in determining the actuarial present value of accumulated plan benefits at the date of termination.

Distributions to participants electing to receive termination payments pursuant to the termination of the Plan will be paid out in full in 2016.

The following is a summary of actuarial present value of accumulated plan benefits as of December 31, 2013:

NOTE 4 CERTIFICATION OF INVESTMENT INFORMATION

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2015 and 2014 and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2015 and 2014 was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Reliance Trust Company (the trustee of the Plan).

NOTE 5 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

DUNLAP COMMUNITY HOSPITAL EMPLOYEES' PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

NOTE 5 FAIR VALUE OF INVESTMENTS (CONTINUED)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2015 and 2014.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed Investment Contract: The fund is credited with contractual rate of return and carried at amortized costs, or contract value, which is deemed fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2015			
	Level 1	Level 2	Level 3
Mutual Funds	\$ 1,628,204	\$ -	\$ -

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs:

Instrument	Fair Value		Valuation Technique	Unobservable Inputs	Significant Input Values
	2015	2014			
Group Insurance Contract	\$ 717,742	\$ 755,237	Amortized Cost	Composite Crediting Rate	1.95% - 2.00%

NOTE 6 GUARANTEED INSURANCE CONTRACT WITH STANDARD INSURANCE COMPANY

In 2013, the Plan entered into a insurance contract with Standard Insurance Company. Standard Insurance Company maintains the contributions in a general account. This contract does not meet the fully benefit-responsive investment contract criteria, and therefore is reported at fair value. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed insurance contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The fair value of the investment contract at was \$717,742 at December 31, 2015 and \$755,237 at December 31, 2014. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

The average yield earned by the guaranteed investment contract was 1.93% and 2.35% for the years ended December 31, 2015 and 2014, respectively.

NOTE 7 PLAN TAX STATUS

The Plan obtained its latest determination letter on December 24, 1998, in which the IRS states that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

The Plan investments are managed by Reliance Trust Company. Reliance Trust Company is the trustee as defined by the Plan and, therefore, the investment transactions qualify as party-in-interest transactions.
