To the Trustees
Julian Gold, Ltd. 401(k) Profit Sharing Plan
San Antonio, Texas

As part of our audit of the financial statements of Julian Gold, Ltd. 401(k) Profit Sharing Plan (Plan) as of and for the year ended December 31, 2015, we wish to communicate the following to you.

AUDIT SCOPE AND RESULTS

Auditor's Responsibility Under Auditing Standards Generally Accepted in the United States of America

An audit performed in accordance with auditing standards generally accepted in the United States of America is designed to obtain reasonable, rather than absolute, assurance about the financial statements. For the audit of the Plan, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*. Because of the significance of the information that we did not audit, we were unable to and did not, express an opinion on these financial statements and supplemental schedule taken as a whole. In performing auditing procedures, we establish scopes of audit tests in relation to the financial statements taken as a whole. Our engagement does not include a detailed audit of every transaction. Our engagement letter more specifically describes our responsibilities.

These standards require communication of significant matters related to the financial statement audit that are relevant to the responsibilities of those charged with governance in overseeing the financial reporting process. Such matters are communicated in the remainder of this letter or have previously been communicated during other phases of the audit. The standards do not require the auditor to design procedures for the purpose of identifying other matters to be communicated with those charged with governance.

An audit of the financial statements does not relieve management or those charged with governance of their responsibilities. Our engagement letter more specifically describes your responsibilities.

Qualitative Aspects of Significant Accounting Policies and Practices

Significant Accounting Policies

The Plan's significant accounting policies are described in Note 2 of the audited financial statements.

Alternative Accounting Treatments

- No matters are reportable

Management Judgments and Accounting Estimates

Accounting estimates are an integral part of financial statement preparation by management, based on its judgments. The fair value of investments is a significant estimate included in the financial statements. As described above, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. The amounts were certified as complete and accurate by the Plan custodian; however, because of the significance of the information that we did not audit, we are unable to and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole.

Financial Statement Disclosures

The following areas involve particularly sensitive financial statement disclosures for which we are prepared to discuss the issues involved and related judgments made in formulating those disclosures:

- Investments – see above regarding the auditing procedures not performed as instructed by the Plan administrator
- Fair value of investments and related disclosure

Audit Adjustments

During the course of any audit, an auditor may propose adjustments to financial statement amounts. Management evaluates our proposals and records those adjustments which, in its judgment, are required to prevent the financial statements from being materially misstated. Some adjustments proposed were not recorded because their aggregate effect is not currently material; however, they involve areas in which adjustments in the future could be material, individually or in the aggregate.

Areas in which adjustments were proposed include:

Proposed Audit Adjustments Recorded:

- Refund of excess contributions payable

Proposed Audit Adjustments Not Recorded:

- Attached is a summary of uncorrected misstatements we aggregated during the current engagement and pertaining to the latest period presented that were determined by management to be immaterial, both individually and in the aggregate, to the financial statements as a whole.

Auditor's Judgments About the Quality of the Entity's Accounting Principles

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements of Julian Gold, Ltd. 401(k) Profit Sharing Plan (Plan) as of and for the year ended December 31, 2015, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance that all deficiencies, significant deficiencies or material weaknesses have been identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements of the Plan's financial statements on a timely basis. A deficiency in design exists when a control necessary to meet a control objective is missing or an existing control is not properly designed so that, even if the control operates as designed, a control objective would not be met. A deficiency in operation exists when a properly designed control does not operate as designed or when the person performing the control does not possess the necessary authority or competence to perform the control effectively.

A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented or detected and corrected on a timely basis.

A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

We observed the following matters that we consider to be deficiencies.

Deficiencies

Minutes of Plan Trustee Meetings

During the course of the engagement, we noted that the Plan trustees' meeting minutes were not formally documented or signed. Minutes serve as a record of the events at the trustees' meetings and should document all important topics discussed and decisions reached. Trustees' minutes can be a crucial document in the event of future legal matters and in documenting compliance with IRS regulations and other regulatory issues. We suggest that one of the trustees (or an appointed record keeper) be responsible for taking minutes, so that every meeting will have one set of corresponding minutes. Additionally, we also recommend that the minutes be signed by the record keeper to serve as an authentication of those minutes.

This communication is intended solely for the information and use of Plan management, and the Trustees and is not intended to be, and should not be, used by anyone other than these specified parties.

5. We have disclosed to you the identity of the entity's related parties and all the related party relationships and transactions of which we are aware. Related party relationships and transactions have been appropriately accounted for and disclosed in accordance with accounting principles generally accepted in the United States of America. We understand the term related party refers to an affiliate; employer, management, fiduciaries, and members of their immediate families, and any other party with which the Plan may deal if the Plan can significantly influence, or be influenced by, the management or operating policies of the other. The term affiliate refers to a party that directly or indirectly controls, or is controlled by, or is under common control with the Plan

6. We have disclosed any significant unusual transactions the Plan has entered into during the period, including the nature, terms and business purpose of those transactions and whether such transactions involved related parties.

7. We have provided you with:

   (a) Access to all information of which we are aware that is relevant to the preparation and fair presentation of the financial statements such as records, documentation and other matters.

   (b) Additional information that you have requested from us for the purpose of the audit.

   (c) Unrestricted access to persons within the entity from whom you determined it necessary to obtain audit evidence.

   (d) No trustee minutes were prepared related to any meetings held in 2015, or through the date of this letter.

   (e) All significant contracts.

8. All transactions have been recorded in the accounting records and are reflected in the financial statements.

9. We have informed you of all current risks of a material amount that are not adequately prevented or detected by plan procedures with respect to:

(a) Misappropriation of assets.

(b) Misrepresented or misstated assets or liabilities.

10. We believe the effects of the uncorrected financial statement misstatements summarized in the attached schedule are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

11. We have no knowledge of any known or suspected:

(a) Fraudulent financial reporting or misappropriation of assets involving management or employees who have significant roles in internal control.

(b) Fraudulent financial reporting or misappropriation of assets involving others that could have a material effect on the financial statements.

12. We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan received in communications from participants, former participants, regulators, third-party servicers or others.

13. Except as reflected in the financial statements, there are no:

(a) Plans or intentions that may materially affect carrying values of assets and liabilities.

(b) Material transactions omitted or improperly recorded in the financial records.

(c) Material gain/loss contingencies requiring accrual or disclosure, including those arising from environmental remediation obligations.

(d) Events occurring subsequent to the date of the statement of net assets available for benefits through the date of this letter requiring adjustment or disclosure in the financial statements.

(e) Agreements to purchase assets previously sold.

(f) Reportable transactions as defined in Section 103(b)(3)(H) of ERISA.

14. We have disclosed to you all known instances of noncompliance or suspected noncompliance with laws and regulations whose effects should be considered when preparing financial statements.

15. The Plan or the Plan Sponsor is not aware of any pending or threatened litigation or claims whose effects should be considered when preparing the financial statements. Neither the Plan nor the sponsor has sought or received attorney's

services related to pending or threatened litigation or claims during or subsequent to the audit period. Also, we are not aware of any litigation or claims, pending or threatened, for which legal counsel should be sought.

16. The fair values of financial assets recognized in the financial statements or disclosed in the notes thereto are reasonable estimates based on the methods and assumptions used. The methods and significant assumptions used result in measurements of fair value appropriate for financial statement recognition and disclosure purposes and have been applied consistently from period to period, taking into account any changes in circumstances. The significant assumptions appropriately reflect market participant assumptions.

17. The Plan and the trust established under the Plan are qualified under the appropriate section of the Internal Revenue Code, and we intend to continue them as a qualified Plan and trust. We do not have any intention at present to terminate the Plan. Required nondiscrimination testing under the appropriate Code Sections has been completed for the Plan, and any excess contributions have been disposed of in accordance with regulations.

18. The Plan instrument has not been amended during the year.

19. The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust sponsored by Simpkins & Associates Inc. Simpkins & Associates obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, we believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, we believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

20. The Plan has complied with the fidelity bonding requirements of ERISA.

21. The Plan has made no investments during the year that violate the terms of the Plan or Trust Agreement.

22. We have informed you of the existence of any unrecorded transactions, side agreements or other arrangements (either written or oral).

23. Except as disclosed in the financial statements, the Plan has:

    (a) Satisfactory title to all recorded assets, and they are not subject to any liens, pledges or other encumbrances.

(b) Complied with all aspects of contractual agreements, for which noncompliance would materially affect the financial statements.

24. The financial statements disclose all significant estimates known to us. Significant estimates are estimates at the date of the statement of net assets available for benefits which could change materially within the next year. Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable.

25. The Plan has not been designated as a potentially responsible party (PRP or equivalent status) by the Environmental Protection Agency (EPA) or other cognizant regulatory agency with authority to enforce environmental laws and regulations.

26. With respect to any nonattest services you have provided us during the year, including the preparation of the financial statements:

(a) We have designated a qualified management-level individual to be responsible and accountable for overseeing the nonattest services.

(b) We have established and monitored the performance of the nonattest services to ensure that they meet our objectives.

(c) We have made any and all decisions involving management functions with respect to the nonattest services and accept full responsibility for such decisions.

(d) We have evaluated the adequacy of the services performed and any findings that resulted.

27. We have reviewed the reports of all transactions processed by third-party servicers, and, based on our review, we believe the transactions shown in the reports are valid and in accordance with our instructions to the third-party processor. We also have had no communications from any of the Plan's service organizations regarding any fraud, noncompliance with laws and regulations or uncorrected misstatements.

28. We have complied with the Department of Labor's regulations concerning the timely remittance of participant contributions.

29. We have apprised you of all communications, written or oral, with regulatory agencies concerning the operation of the plan.

30. As applicable, we have complied with the Department of Labor's regulations concerning the services provider fee disclosures in accordance with Sec. 408(b)(2).

31. With regard to supplementary information:

(a) We acknowledge our responsibility for the presentation of the supplementary information, including its form and content, in conformity with relevant regulatory requirements or other applicable criteria.

(b) We believe the supplementary information is fairly presented, both in form and content, in accordance with relevant regulatory requirements or other applicable criteria, in material respects.

(c) The methods of measurement and presentation of the supplementary information are unchanged from those used in the prior period.

(d) We believe the significant assumptions or interpretations underlying the measurement and/or presentation of the supplementary information are reasonable and appropriate.

(e) The supplemental information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*.

32. We understand the values of the assets and liabilities recorded in the financial statements could change rapidly, resulting in material future adjustments to investment values that could negatively impact the Plan. We acknowledge that you have no responsibility for future changes caused by the current economic environment and the resulting impact on the Plan's financial statements. Further, the plan sponsor is solely responsible for all aspects of managing the Plan, including questioning the quality and valuation of investments.

Notes to Financial Statements

December 31, 2015 and 2014

Note 1: Description of the Plan

The following description of the Julian Gold, Ltd. 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Julian Gold, Ltd. (Company). Employees, who are not union employees, are eligible to participate in the Plan once they have completed one year of service and have attained age 21. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

Contributions

Employer contributions to the Plan consist of discretionary amounts determined annually by the Company. In order to receive an allocation of the employer profit sharing contribution, participants must be employed on the last day of the Plan year and have completed a year of service during the Plan year. The profit sharing contribution is allocated based on a formula as defined in the Plan document. Participants may elect to defer a portion of their compensation by an amount that does not exceed the maximum allowed under Internal Revenue Service (IRS) rules and regulations. Participants who have reached age 50 by the end of the calendar year and who have already made the maximum elective deferral may make an additional pre-tax "catch-up" contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contribution and an allocation of the Plan's earnings or losses. Allocations of earnings and losses are based on the participant's balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service (or upon death or disability of the participant).

Participant's forfeitures of non-vested contributions are applied to employer discretionary contributions. During 2015, there were no forfeited non-vested accounts allocated to participants. As of December 31, 2015 and 2014, unallocated forfeited amounts were $699 and $575, respectively.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50 percent of their vested account balance reduced by the highest outstanding loan balance in the prior 12 months, whichever is less. The loans are secured by the balance in the participant's account and bear a fixed interest rate as determined quarterly by the Plan administrator based on interest rates charged for similar types of loans by other lenders. The loan term should not exceed five years with the exception of a loan for the purchase of a principal residence. A participant may only have one loan outstanding at any time.

Payment of Benefits

Benefit payments are available upon termination, retirement, death or disability. Benefit payments may be in the form of lump-sum or partial distributions.

In-service distributions are allowed provided a participant has reached age 59½. Hardship withdrawals are available to participants upon approval by the Plan administrator.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared using the accrual method of accounting.

Use of Estimates

The preparation of accrual basis financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Investments in mutual funds are valued at net asset value (NAV), corporate stocks and bonds are valued based upon quoted market prices. The fair value of the guaranteed investment contract is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Transfers Between Fair Value Hierarchy Levels

Transfers in and out of Level 1 (quoted market prices), Level 2 (other significant observable inputs) and Level 3 (significant unobservable inputs) are recognized on the period ending date.

Note 3: Certification by Plan Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, the custodian of the Plan has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2015 and 2014
- Investment income and interest income from notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2015
- Investment income and notes receivable from participants are included in the accompanying schedule of assets (held at end of year) as of December 31, 2015

The Plan's independent auditors did not perform auditing procedures related to this information except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Investments

The following investments represent 5 percent or more of the Plan's net assets as of December 31:

	2015	2014
Voya Solution 2025 Portfolio - Adviser Class	$ 1,184,680	$ 1,246,459
Voya Fixed Account	$ 192,808	$ 174,342
Voya Solution 2035 Portfolio - Adviser Class	$ 195,243	$ 307,602
Voya Solution 2045 Portfolio - Adviser Class	$ 222,859	$ 331,356
Voya Solution Income Portfolio	$ 270,769	*
Voya Solution 2015 Portfolio - Adviser Class	N/A	$ 184,216
Voya Baron Small Cap Growth Portfolio - Initial Class	*	$ 330,378

*Investment did not meet the 5% threshold for each respective year.

During 2015, the Plan's investments (including gains and losses on investments held during the year) depreciated in value by $32,368.

Information on the fully benefit-responsive contract relating to the guaranteed common trust fund portion carried at fair value is as follows:

	2015
Average yield	3.00%
Crediting interest rate at December 31	3.00%
Fair value	$ 192,808
Contract value	182,522
Adjustment from fair value to contract value	$ 10,286

Note 5: Related Party and Party-in-interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments are shares of investments managed by Voya. Voya is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Plan paid $1,575 and $2,985 of recordkeeping fees to Voya during 2015 and 2014, respectively.

Note 6: Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurement must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at:

	December 31, 2015 Fair Value Measurements Using

Total investments at fair value	$ 3,051,100	$ 2,876,758	$ 174,342	$ -

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include mutual funds representing registered investment funds which are valued at the NAV of shares held by the Plan at year-end and money market accounts which are stated at cost and approximate fair value. Level 2 securities include a fixed income fund valued based upon schedules in its contract. The Plan does not have any assets that qualify as Level 3 securities.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in the Plan sponsor's contributions.

Note 8: Tax Status

The Plan operates under a prototype nonstandardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by Simpkins & Associates, Inc. This prototype plan document has been filed with the appropriate agency and has obtained a determination letter, dated March 31, 2008, from the IRS stating that the prototype constitutes a qualified plan under Section 401 of the Internal Revenue Service Code (IRC) and that the related trust was tax exempt as of the financial statement date. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Note 9: Risk and Uncertainties

The Plan may invest in various types of investments. Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 10: Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report on the financial statements, which is the date the financial statements were available to be issued.
