NOTE 1 – DESCRIPTION OF PLAN

The following description of the American Integrated Services, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that is sponsored by American Integrated Services, Inc. (the "Company" or "Sponsor") for its employees. The Plan is intended to satisfy all of the requirements to be a qualified plan plan under the appropriate provisions of the Internal Revenue Code ("IRC") and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), and initially became effective on April 1, 2001. The Plan Document was amended and restated on May 1, 2015.

Company employees who are at least 21 years of age and have completed six months of service with 500 or more hours are eligible to participate in the Plan. However, leased employees, employees who are covered by a collective bargaining agreement, and certain non-resident alien employees are excluded from Plan participation. Entry dates for new Plan participants are January 1st and July 1st.

Voya Retirement Insurance and Annuity Company ("Voya") was the Plan's custodian at December 31, 2014 and through April 30, 2015. Effective May 1, 2015, Charles Schwab Bank and Trust ("Charles Schwab Bank") and Standard Insurance Company ("Standard") became the Plan's custodians.

Contributions

Each participant may elect to make deferral contributions ("Deferral Contributions") to the Plan by contributing a prescribed percentage of his or her compensation or a fixed dollar amount, subject to certain Internal Revenue Service limitations. Participants who are 50 years of age or older and have met the IRC annual deferral limit may contribute catch-up contributions of up to IRC limitations. Participants may also contribute amounts representing distributions from other qualified plans.

Under the Plan provisions, upon notice, the Company may make Safe Harbor Employer Contributions (as defined) equal to 3% of the participant's compensation. If the Company elects to make Safe Harbor Employer Contributions, certain "safe harbor" requirements under the IRC may be satisfied,

NOTE 1 – DESCRIPTION OF PLAN (CONT'D)

Contributions (Cont'd)

in which case, certain annual non-discrimination tests are not required for that year. For the year ended December 31, 2015, the Safe Harbor Matching Contributions totaled $376,131.

In addition to the Safe Harbor Employer Contributions, the Plan allows the Company's to make an annual discretionary profit sharing contribution ("Profit Sharing Contribution") and qualified nonelective contributions ("QNEC Contributions"). Participants are required to have at least 1,000 hours of service and be employed by the Company on the last day of the Plan year to be eligible to receive an allocation of the Company Profit Sharing Contribution. QNEC Contributions are allocated to non-highly compensated employees to assist the Plan in passing certain annual IRC non-discrimination tests. For the Plan year ended December 31, 2015, the Profit Sharing Contributions totaled $373,869.

Participant Accounts

Each participant's account is credited with the participant's contributions, and allocations of the employer contributions, if any, Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit, to which a participant is entitled, is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their Deferral Contributions, QNEC Contributions and Safe Harbor Employer Contributions and earnings thereon. The Company's Profit Sharing Contributions and earnings thereon vest in accordance with the following schedule:

Years of Service	Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

NOTE 1 – DESCRIPTION OF PLAN (CONT'D)

Vesting (Cont'd)

Participants who are still employed with the Company on or after the date of reaching the normal retirement age (as defined by the Plan) will be 100% vested in their Profit Sharing Contributions and earnings thereon.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, whichever is less. Such loans are secured by the balance in the participant's account. The annual rate of interest charged on the loans based upon Prime Interest Rate (as defined), plus 1%. All loans, other than loans made for the purpose of acquiring the principal residence of the participant, are required to be repaid within five years and amortized on a substantially level basis. Loan repayments are generally made through payroll deductions. Each participant may only have one loan outstanding at any time.

Payment of Benefits

The Plan provides for the payment of benefits to participants (or, if applicable, the beneficiary) at retirement, disability, death, financial hardship or termination of employment. In service distributions are also available to those participants who are disabled or are age 59½ or older. Participants who qualify for distributions will receive their benefits as a lump sum cash distribution or a rollover into another retirement account. The benefit to which a participant is entitled is the benefit that can be provided solely from the participant's vested account balance.

If upon termination, a participant's vested benefit is $5,000 or less, it will be distributed as a lump sum as soon as practicable.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures are retained in the Plan and may first be used to pay Plan expenses and then used to reduce future employer contributions. At December 31, 2015 and 2014, unallocated forfeitures available for use by the Plan totaled $15,312 and $27,029, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded on an accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments sold during the year as well as those held as of December 31, 2015.

At December 31, 2014, through the Plan's group annuity contract with the Voya, the Plan had investments in a Fixed Account ("Fixed Account"). Investments in the Fixed Account were maintained in Voya's general account, under the terms of the group annuity contract, and guaranteed the return of principal plus interest over a defined term, provided all contributions remain in the account until the end of the guarantee period. The Fixed Account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. However, the Plan's investments in the Fixed Account were not considered to be fully benefit-responsive, and therefore, these investments are reported at fair value in the accompanying statement of net assets available for benefits at December 31, 2014. The Fixed Account was removed as an investment option, effective May 1, 2015, in connection transfer of the Plan assets to the new custodians.

Beginning in May 2015, the Plan began offering The Standard Stable Asset A investment fund ("Stable Value Fund") as an investment option through the Plan's group annuity contract with Standard. The Plan's investments in the Stable Value Fund are considered to be fully benefit-responsive, and therefore, are reported at contract value. See Note 4 for further information regarding the investments in the Stable Value Fund.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued interest. Delinquent notes receivable that are deemed by the Plan Administrator to be in default are treated as distributions based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Deemed distributions

Plan provisions provide that participants must repay their loan upon termination from the Plan. Outstanding loan balances that are not repaid are treated as deemed distributions.

Fees and Expenses

For the year ended December 31, 2015, the Plan incurred administrative expenses of the Plan including recordkeeping and management of the Plan. However, certain administrative expenses of maintaining the Plan are paid directly by the Company and are excluded from these financials statements.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein at the date of the financial statements. Actual results could differ from those estimates.

Adoption of New Accounting Standards

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.*

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Adoption of New Accounting Standards (Cont'd)

Part I eliminates the requirement to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and net appreciation or depreciation in fair value of investments by general type. Also, for purposes of the fair value measurement disclosures, Part II simplifies the level of disaggregation of investments that are measured using fair value as it requires only disaggregation by type rather than by type and class (nature, characteristics, and risks). Part III is not applicable to the Plan. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Upon adoption, Parts I and II are to be applied retrospectively.

The Plan has elected to early adopt ASU 2015-12 for the year ended December 31, 2015, as permitted, and has applied the provisions of ASU 2015-12 retrospectively, as required. Parts I and II are reflected in the statements of assets available for benefits and in the notes to the financial statements

The adoption of guidance had no effect on the total net assets available for benefits at December 31, 2014. However, certain disclosures related to the 2014 statement of net assets available for benefits that are no longer required have been removed.

In May 2015, FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* ("ASU 2015-07"). This guidance eliminates the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient ("NAV"). In addition, under ASU 2015-07, disclosures about investments in certain entities that calculate net asset value per share are limited to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. The guidance of ASU 2015-07 is effective beginning after December 15, 2015, but early adoption permitted. The Plan has elected to early adopt ASU 2015-07 as of January 1, 2015, and as required, its guidance has been retrospectively applied to the disclosures related to December 31, 2014.

NOTE 3 – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

An asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

NOTE 3 – FAIR VALUE MEASUREMENTS (CONT'D)

Mutual funds: The fair value is based on published market prices, which represent the net asset value of shares held by the Plan at year end. The funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Pooled separate accounts are valued at the NAV based on units of the pooled separate accounts. The NAV is used as a practical expedient to estimate fair value, and is generally based on the fair value of the underlying investments held by the pooled separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported NAV. The redemption frequency of the pooled separate accounts was daily, and there were no redemption restrictions or unfunded commitments related to the pooled separate accounts. The Plan discontinued offering pooled separate accounts as an investment option on May 1, 2015.

Fixed Account: The Plan's Fixed Account is classified as a Level 2 investment. The fair value of the Fixed Account is based upon the investment's daily credited rate and any market value adjustments or surrender charges that apply.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used to measure assets at fair value during 2015.

The following tables sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Fair Value Measurements Using Input Level December 31, 2015			
INVESTMENTS	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 5,977,114	$ -	$ -	$ 5,977,114

NOTE 3 – FAIR VALUE MEASUREMENTS (CONT'D)

	Fair Value Measurements Using Input Level December 31, 2014			
INVESTMENTS	Level 1	Level 2	Level 3	Total
Fixed Account	$ -	$ 3,677,326	$ -	$ 3,677,326
Total investments measured at NAV				2,935,511
				$ 6,612,837

* *Investments in pooled separate accounts are measured at fair value using the net asset value per share (or its equivalent) practical expedient, and therefore, have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefit.*

NOTE 4 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan offers the Stable Value Fund as an investment option for plan participants under the Plan's group annuity contract with Standard. The Stable Value Fund is held in the general account of Standard, and plan management considers it to be fully benefit-responsive. The fund seeks to protect against any loss of principal while providing returns in excess of money market funds and one-year U. S. Treasury bills. For fully benefit-responsive investment contracts, contract value is the relevant measurement attribute for that portion of the net assets available for benefits. Contract value, as reported by Standard, is the beginning balance plus any deposits and credited interest, less any withdrawals, charges or expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain potential events would limit the ability of the Plan to transact at contract value with Standard. These potential events include: (1) termination of the group annuity contract, (2) spin-offs, divestitures, lay-offs that result in partial or total plan termination, (3) and liberalization of the plan withdrawal or transfer rules. The plan administrator does not believe that any events which would limit the plan's ability to transact at contract value with participants are probable of occurring.

NOTE 5 – INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's custodians have certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as reflected on the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014, respectively.

- Investment income as reflected in the statement of changes in net assets available for plan benefits for the year ended December 31, 2015.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their account balance.

NOTE 7 – TAX STATUS

The Plan obtained its latest opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC.

The Plan has been amended since receiving the determination letter. However, the Plan's administrator and tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. To the extent operations errors in the Plan are identified, the Plan Administrator has indicated that it will take the necessary steps, if any, to correct such errors.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan Administrator is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and the Department of Labor. The Plan is subject to

NOTE 7 – TAX STATUS

routine audits by taxing jurisdictions for tax years for which the applicable statutes of limitations have not expired; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments were in shares of pooled separate accounts and in the Fixed Account managed by the Voya. In addition, the Plan's Stable Value Fund operates under the terms of the Plan's group annuity contract with Standard, and the Plan has loans with its participants. These transactions qualify as party-in-interest transactions for which there is a statutory exemption.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, which at December 31, 2015, primarily include mutual funds and the Stable Value Fund. Such investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 – DELINQUENT PARTICIPANT CONTRIBUTIONS AND OPERATIONS ERRORS

Delinquent Participant Contributions

During 2015, employee contributions and loan repayments totaling $220,401 were not remitted timely by the sponsor as required by the Department of Labor's Regulations. In addition, as of December 31, 2015, the Plan had not corrected late remittances related to 2012 – 2014, totaling $1,344,082. The Department of Labor considers late remittance of employee contributions and loan repayments to be prohibited transactions. The Company intends to take the appropriate steps to correct the late remittances under the IRS's Self-Correction Program and remit to the Plan any lost earnings and the applicable excise taxes.

NOTE 10 – DELINQUENT PARTICIPANT CONTRIBUTIONS AND OPERATIONS ERROR

Operational Errors

During 2016 Plan management identified certain operational errors related to the Plan's notes receivable from participants. These operational errors include failure to issue 1099s for some of the participant loans that were treated as deemed distributions, and not timely remitting repayments for certain loans. Plan management intends to take the appropriate corrective action with respect to these errors.

NOTE 11 – SUBSEQUENT EVENTS

The Plan has evaluated other subsequent events through October 14, 2016, the date financial statements were available to be issued.
