UCI-FRAM GROUP EMPLOYEE 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE 1 - DESCRIPTION OF PLAN

The following description of UCI-FRAM Group Employee 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and Eligibility: The Plan covers all employees who meet the eligibility requirements of the UCI-FRAM Group (the Company), and its subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by the UCI-FRAM Group Retirement Committee (the Retirement Committee), acting on behalf of the Plan sponsor, the Company.

Plan Amendment: Effective July 1, 2015, the Plan was amended to reflect that Wells Manufacturing, LP (Wells), a subsidiary of the Company through July 1, 2015, ceased to be an adopting employer whose employees participate in the Plan. Effective July 1, 2015, the Company sold Wells and those participants are no longer contributing to the plan. In connection with this transaction, all Wells participants became 100% vested in their accounts.

Participant Contributions: Each year participants may contribute any amount from 0% to 85% of pretax annual compensation, as defined in the Plan. Employees are automatically enrolled at a 2% deferral rate upon becoming eligible to participate in the Plan and they may elect to change or discontinue deferrals at any time. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Company Contributions:

- All non-bargained employees:
 - o 100% safe-harbor matching of elective deferrals up to 5%.
 - o 2% of total gross compensation per year
- Bargained Employees of Greenville location:
 - o Tier 1 employees: 50% matching of elective deferrals up to 7%.
 - o Tier 2 employees: 50% matching of elective deferrals up to 4%.
- Airtex bargained employees:
 - o 1% of total gross salary per quarter.
- Bargained Employees of Fostoria locations:
 - o 50% matching of elective deferrals up to 4%.
 - o Employees hired after October 31, 2014, receive 50% matching of elective deferrals up to 4%.
- Bargained Employees of Wells:
 - o 50% matching of elective deferrals up to 6%.

Contributions are subject to certain limitations.

NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Participant Accounts: Each participant's account is credited with the participant's contributions, the employer's contribution, and investment income and is charged with withdrawals and an allocation of the Plan losses and administrative expenses, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Notes Receivable from Participants: Participants may borrow from their vested account balances a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan transactions are treated as a transfer from the investment fund to the participant loan fund. Loan terms range from one to five years, except 25 years in the case of a loan used to acquire a dwelling unit that will be used as the principal residence of the participant. The loans are secured by the balance in the participant's account and bear interest at a rate reasonable at the time of application. Principal and interest are repaid through payroll deductions.

Vesting and Payment of Benefits: Participants are immediately vested in their contributions, safe-harbor matching contributions, and rollovers plus actual earnings thereon. Participants are vested 100% in their non-safe-harbor employer contribution accounts after three years of vesting service.

On termination of service, a participant may elect to receive either a lump sum amount equal to the value of the participant's account, or rollover the amount into another eligible form of investment. Withdrawals from participant accounts are permitted in accordance with terms in the Plan document. In certain circumstances, participants may make "hardship withdrawals" as defined in the Plan. Active participants may also take distributions from the Plan upon attainment of age 59½.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Forfeitures: Forfeitures of former participants' non-vested account balances may first be used to pay administrative expenses. Forfeitures of matching contributions that relate to excess amounts that have not been used to pay administrative expenses, shall be applied to reduce employer contributions made after the forfeitures are determined. At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$109,287 and \$193,738, respectively. In 2015, forfeited amounts were used to reduce administrative expenses by \$16,601 and Company contributions by \$3,625.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the plan agreement to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions and earnings thereon.

Transfers: During the Plan year, plan-to-plan transfers occur within the entities under common control that includes the UCI-FRAM Group. In connection with the transfer of employees between companies, \$494,669 was transferred into the Plan and \$867,064 was transferred out of the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

(Continued)

NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Adoption of New Accounting Standards: In May and July 2015, the Financial Accounting Standards Board (FASB) amended various disclosure requirements applicable to investments held by defined contribution pension plans. The new guidance eliminates or simplifies various disclosure requirements applicable to plan investments. Adoption of the new guidance resulted in the reporting of investments within the fair value hierarchy by general type rather than by classes of investments, and other changes in investment disclosure requirements. The Plan elected to early adopt these standards, each of which requires retrospective application to all periods presented. The adoption of these standards had no effect on the Plan's net assets available for benefits or changes therein.

Use of Estimates: In preparing financial statements in conformity with U.S. GAAP, management is required to make estimates and assumptions that affect the reported amounts and disclosures, and actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits and Administrative Expenses: Benefits are recorded when paid. All Plan expenses are paid by participants unless paid by the Company at its discretion and in accordance with the Plan document. In addition, forfeitures may be applied toward the payment of Plan expenses.

NOTE 3 - INCOME TAXES

The Plan has applied for a determination letter from the Internal Revenue Service. Although the Plan has not yet received a favorable determination letter, Plan management believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would be sustained upon examination by the IRS or other applicable taxing authorities. The Plan administrator has analyzed the tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE 4 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated interest and dividends, net depreciation in fair value of investments, and interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Delaware Charter Guarantee and Trust Company (d/b/a Principal Trust Company), the trustee of the Plan. This information has not been audited by independent accountants.

NOTE 5 - FAIR VALUE MEASUREMENTS

The fair value framework requires categorization of assets and liabilities into three levels based upon the assumptions (inputs) used to price the assets or liabilities. Level 1 provides the most reliable measure of fair value; whereas, Level 3 generally requires significant management judgment. The three levels are defined as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

However, the determination of what constitutes observable requires judgment by the Plan's management. Plan management considers observable data to be market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by multiple, independent sources that are actively involved in the relevant market. The categorization of an investment within the fair value hierarchy is based on the pricing transparency of the investment and does not necessarily correspond to Plan management's perceived risk of that investment.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds - Valued at the quoted market price on nationally recognized securities exchanges (level 1 inputs).

UCI-FRAM GROUP EMPLOYEE 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

Collective investment trusts - Valued at the NAV provided by the administrator of the fund. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV's unit price is quoted on a private market that is not active.

Pooled separate accounts - Valued at the NAV provided by the administrator of the investment. The NAV is based on the value of the underlying securities, minus liabilities, and then divided by the number of units held by the Plan at year-end. Redemptions are permitted daily, unless otherwise stated. The NAV's unit price is quoted on a private market that is not active.

In accordance with the Financial Accounting Standards Board fair value standard, the following table presents the Plan's assets within the fair value hierarchy as of December 31:

	Fair Value Measurements as of December 31, 2015, Using			
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
Mutual funds	\$ 7,382,827	\$ -	\$ -	\$ 7,382,827
Investments measured at net asset value*				
Collective Trusts				91,295,961
Pooled Separate Accounts				15,360,435
Total investments at fair value				\$ 114,039,223

	Fair Value Measurements as of December 31, 2014, Using			
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
Mutual funds	\$ 9,160,338	\$ -	\$ -	\$ 9,160,338

Collective Trusts				115,819,668
Pooled Separate Accounts				13,674,074
Total investments at fair value				\$ 138,654,080

*Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The Plan holds units of pooled separate accounts and collective trusts managed by Principal Trust Company or its affiliates. Principal Trust Company is a service provider to the Plan and, therefore, these transactions and the Plan's payment of fees to Principal Trust Company qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 8 - SUBSEQUENT EVENTS

The Plan evaluated subsequent events for recognition and disclosure occurring through October 17, 2016, the date that the financial statements were available to be issued.

On June 2, 2016, United Components, LLC filed a voluntary petition for reorganization under Chapter 11 in the U.S. Bankruptcy Court for the District of Delaware. It is in joint administration with UCI International, LLC. UCI International, LLC. filed a plan of reorganization with related disclosure statement in the US Bankruptcy Court on August 26, 2016. In connection with the reorganization, effective July 1, 2016, the Plan was amended to reflect that Airtex Products, LP, Champion Laboratories, LLC, United Components, Inc. and ASC Industries, Inc. cease to be adopting employers. The account balances for participants employed by these businesses were transferred to another benefit plan. The total amount transferred was approximately \$69,832,000. Additionally, the Plan name was changed to FRAM Group Employee 401(k) Savings Plan.

During 2016, the administration of the Plan was assumed by the Reynolds Services, Inc. Benefits Administration Committee.
