NOTE A - DESCRIPTION OF PLAN

The following description of the H.A. Motors Ltd. (the "Company") Retirement Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a single employer, defined contribution plan covering all eligible employees of the Company and its participating employers. The basic plan entry requirements include completion of 1 year of service and an age requirement of at least twenty-one years of age. Eligible employees are allowed to enroll in the plan on the first day of the quarter after meeting eligibility criteria. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The following companies are participating employers:

- H.A. Motors, Ltd.
- Hanania AOJ, LLP
- Hanania Blanding 1, LLP
- Hanania Blanding 2, LLP
- Hanania Collision Center
- Hanania FOP, LLP
- Hanania Miami, LLP
- Hanania OPM, LLC
- Hanania VOP, LLP
- HHH Motors, LTD
- HHH Motors 2, LLC

Contributions

Participants may contribute a percentage of their compensation to the Plan on a pre-tax basis through elective salary deferrals; however, annual contributions may not exceed the maximum allowed under the Internal Revenue Code in any calendar year. Participants of qualifying age may make additional "catch-up" contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain limitations. The Company may make matching contributions as determined annually by the Company's Board of Directors. The Company may contribute additional discretionary amounts at the option of the Board of Directors.

Contributions made by the Company to the Plan are based on specific percentages of employee contributions. In 2015, the Company contributed an amount equal to 50% of the employee's contribution up to 4% of eligible compensation.

NOTE A - DESCRIPTION OF PLAN (Continued)

Investment Options

The Plan is invested in a group annuity contract consisting of pooled separate accounts. The underlying investments are primarily stocks, bonds, and mutual funds. The Plan also has a General Insurance Contract which provides for a guaranteed interest rate for a specified period of time. All interest rates credited to this account during the 12-month deposit year are averaged into a single composite rate. The guaranteed interest accounts are not considered benefit responsive.

Participants are permitted to direct the plan administrators as to respective percentages of their account balances to be invested. They are also permitted to change those percentages; and to direct the plan administrators to transfer a percentage of their accounts invested in the various accounts in accordance with guidelines established by the Plan. These balances can come from elective deferral contributions, participant and rollover contributions, and other contributions. The Plan currently offers mutual funds and a money market fund as investment options for participants.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution, and allocations of Plan earnings or losses. The participant accounts are also charged with a portion of the administrative expenses of the Plan. Allocations are based on participant compensation or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferred contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 0% vested until two years of service is completed and then participants become vested in 20% annual increments following two years of service. Participants are fully vested in Company contributions after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms cannot exceed five years, unless the proceeds are used to acquire a principal residence. The loans are secured by the vested balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. At December 31, 2015, outstanding loans bore interest rates of 4.25%. Principal and interest is paid ratably through payroll deductions.

Notes receivables from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

On termination of service due to retirement, attainment of age 59 ½, termination of employment, death, or disability, the participant's account may be distributed to the participant or beneficiary (in the event of the participant's death) through a lump sum payment. A participant is entitled to receive a lump-sum payment in an amount equal to the vested value of his or her account. Also, under certain hardship circumstances, a participant may withdraw a portion of the amounts credited to their account. Benefits are recorded when paid.

Forfeitures

An amount that a participant has lost the right to is called forfeiture. These amounts will first be used to pay plan administrative expenses where any excess amounts will then be used to restore previously forfeited account balances of participants who have been rehired and any additional excess amounts after that will be used to reduce Company matching contributions. During 2015, forfeitures of $12,986 were used to reduce employer contributions. At December 31, 2015 and 2014, the unused forfeitures account balances were $5,863 and $0, respectively.

Administrative Expenses

The administrative expenses of the Plan are paid for in part by the Plan through charges to the participant accounts and in part by the plan sponsor directly. For the year ended December 31, 2015, total plan expenses charged to participant accounts were $18,544.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America, except for the cash basis recording of benefits paid.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. The Plan's investment contract, Guaranteed Interest Contracts, are not considered benefit responsive and are reported at fair value. The guaranteed interest contracts promise contract value for a benefit event, however there is a possible market value adjustment when the funds are withdrawn prior to their maturity.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts, changes therein and disclosures. Accordingly, actual results may differ from those estimates.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The Plan's investments, including the guaranteed interest contract and the pooled separate investments, are stated at fair market value which represents the net asset values held by the Plan at year-end. The change in market value from year to year for the pooled separate investments is reported as gains and losses. The Plan does not share in the realized gains of the investments, just in the change in market value. The guaranteed interest contract generates interest income for the Plan; the rate credited is the rate in effect on the day when each deposit is directed to the contract. See Note D for discussion of fair value measurements.

NOTE C - INVESTMENTS

John Hancock Life Insurance Company holds the Plan's investment assets and has certified that all information pertaining to investments included in the financial statements is complete and accurate. This investment information has not been audited by the independent auditors.

The following table presents investments held in the Plan, which at year end represent 5% or more of the Plan's net assets, as certified by the John Hancock Life Insurance Company, the Plan's custodian at December 31:

Investments at fair value:	2015	2014
Lifestyle Growth	$ 983,109	$ 962,716
Lifestyle Balanced	278,093	316,812
Lifestyle Aggressive	278,767	313,991
Lifestyle Moderate	225,465	210,624
Health Science	122,850	157,762

During the year ended December 31, 2015, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Pooled Separate Accounts	$ 15,219

NOTE D - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014:

Pooled Separate Accounts

These separate accounts invest mainly in mutual funds, stocks, and fixed income securities. Some of the separate accounts are invested in identical mutual funds that are actively traded with publicly quoted pricing inputs and are classified within level 1 of the valuation hierarchy. There are also some separate accounts which have quoted prices for similar assets and are classified within Level 2.

Guaranteed Investment Contracts

The guaranteed investment contract is a flexible investment annuity consisting of guaranteed interest accounts reported at fair value. The fair value is the amount plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to maturity. The contracts are classified within Level 3 of the valuation hierarchy.

	2015	2014
Investments*	$ 2,296,055	$ 2,292,011
Net appreciation in fair value of investments	$ 15,219	

Supplemental schedule: Investment balances and information is included in supplemental Schedule of Assets (Held at End of Year).

*All investments are certified at fair value (participant loans are not included in certification from custodian)

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

NOTE G - TAX STATUS

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirement of the Internal Revenue Code ("IRC"). The Plan is relying on the IRS approval of the standardized prototype plan that it is utilizing. The IRS has determined and informed the trustee by a letter dated March 31, 2008 that the prototype plan document was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

The Plan has determined that it does not have any material unrecognized tax benefits or obligations as of December 31, 2015. The 2012, 2013, and 2014 tax years remain subject to examination by major tax jurisdictions.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE I - EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares in pooled separate accounts and a guaranteed investment contract managed by John Hancock Life Insurance. John Hancock Life Insurance is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were $14,738 for the year ended December 31, 2015.

NOTE J - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 10, 2016, the date that the financial statements were available to be issued.
