Profit Sharing Plan and Trust

Notes to Financial Statements

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the People's Trust Insurance Co 401k Profit Sharing Plan and Trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan's provisions. The Company has not adopted the Safe Harbor 401(k) plan with a Qualified Automatic Contribution Arrangement ("QACA") election under Internal Revenue Code Section 401(k) (13).

General

The Plan is a defined contribution plan covering all eligible employees of People's Trust Insurance Company ("Plan Sponsor) and any participating affiliates. The Plan was established on January 1, 2009, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ('ERISA'). The Board of Directors is responsible for oversight of the Plan. The Investment Committee determine the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Sponsor's Board of Directors.

Eligibility

Employees become eligible to participate in the Plan upon attaining age 18 and one month of service.

Contributions

Under the Plan, participants may elect to contribute up to 85% of their annual compensation to the Plan, subject to a specified maximum of $18,000 and $17,500 for 2015 and 2014, respectively, by entering into a salary reduction agreement with the Company. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollover"). For each plan year, the Company may contribute a matching contribution, at its discretion, up to the maximum allowable under the appropriate provisions of the Internal Revenue Code. In addition to the maximum regular contribution of $18,000 participants can make catch up contributions under "EGTRRA" in the amount of $6,000 and $5,500 for 2015 and 2014, respectively if they attained age 50 before the close of the Plan year.

The Plan Sponsor has the option of making qualified non-elective contributions. The non-elective contribution will be allocated to all employees eligible to participate in the Plan. You must be a participant employed by the Company on December 31 to receive this allocation. Plan Sponsor contributions are invested in the investment funds in the same allocation percentages as each participant's contributions. Participants direct the investment of their contributions as well as the Plan Sponsor contributions into various investment options provided by the Plan. The Plan currently offers mutual funds and common or collective trusts as investment options for participants.

Plan Administration

The Plan is administered by the Company. State Street Bank is the trustee of the Plan.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Participant Accounts
A separate account is maintained on behalf of each participant. Participants direct the investment of their contributions into various investment options offered by the Plan. Each participant's account is increased by the participant's contribution and the Company's matching contribution, and the allocation of: (i) Company's non-elective contribution, and (ii) plan earnings (losses) and charged with an allocation of administrative expenses. Allocations of the Company's non-elective contributions are based on each participant's total compensation paid during the plan year in relation to the total of all participants' compensation eligible for the allocation.

Vesting
Participants are immediately 100% vested in their voluntary salary reduction contributions, rollovers and actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of completed continuous service. The Plan provides for vesting provisions in compliance with tax laws. One hundred percent vesting occurs when a participant completes five years of service, attains normal retirement age, dies, or becomes disabled while still employed by the Company.

Notes Receivable from Participants
Participant loans are permitted under the Plan. Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants and plan beneficiaries may borrow a minimum of $500 up to fifty percent of their vested account balance to a maximum of $50,000. The loans are secured by the balance in the participant's account and bear interest at prime plus 1%. All loans are required to be repaid within five years unless the purpose of the loan is to acquire a primary residence. Principal and interest is paid ratably through bi-weekly payroll deductions. The interest rates ranged from 4.25 percent to 5.25 percent during 2015.

Payment of Benefits
Upon termination of service due to retirement, termination of employment, death, or disability, a participant or their beneficiary may elect to receive a cash distribution as either a lump-sum or direct rollover if the value of their account balance is $5,000 or less on the Valuation Date. If the value of the participants account balance is over $5,000, the participant may choose to receive a lump sum, direct rollover, receive installments or defer receiving payments until age 70 1/2. If the participant chooses to defer payments, the account will continue to be invested the way directed by participant and will be adjusted for any gains or losses occurred.

Participants may also request a hardship withdrawal in a lump-sum of his or her vested interest. For termination of service due to other reasons, a participant may receive the value of the vested interest in his/her account as a lump-sum distribution.

Forfeitures
Under the Plan, forfeitures by participants of their non-vested Company contributions are used to reduce employer contributions. There were forfeitures of $52,570 and $1,981 in 2015 and 2014, respectively.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting
The financial Statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates
The preparation of the Plan's financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and to make estimates when disclosing contingent assets and liabilities as of the date of the financial statements. Actual results may differ from those estimates.

Recently Adopted Accounting Pronouncements
In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-0, *Fair Value Measurement (topic 820) – Disclosures for investments in Certain Entities that Calculate Net Asset Value per Share (or Equivalent).* ASU No. 2015-07 aims to remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. ASU No. 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Investments that calculate net asset value per share (or its equivalent), but for which the practical expedient is not applied will continue to be included in the fair value hierarchy along with related required disclosures. ASU No. 2015-07 is effective for fiscal years beginning after December 15, 2015, and is to be applied retrospectively, with early adoption permitted. Plan management has elected to early adopt ASU 2015-15. As a result, investments measured at the NAV as practical expedient as of December 31, 2014 were removed from the leveling table in Note 3.

In July 2015, the FASB released ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960) Defined Contribution Pension Plans (Topic 962) Health and Welfare Benefit Plans (Topic 965).* This amendment removes the requirement to report fully-benefit responsive investment contracts at fair value with an adjustment to the contract value. Under the amendment, fully-benefit responsive investment contracts are measured, presented, and disclosed on at contract value. In addition, this amendment simplifies the investment disclosures required for employee benefit plans, including eliminating the requirements to disclose (i) individual investments that represent 5% or more of net assets available for benefits, (ii) net appreciation (depreciation) by individual investment type, and (iii) investment information disaggregated based on the nature, characteristics and risks. This amendment is effective for fiscal years beginning after December 15, 2015. Early application is permitted. Plan management has elected to early adopt ASU 2015-12, parts I and II. The statement of changes in net assets available for benefits of the Plan were not affected by the adoption of the new guidance. Part II is not applicable to the Plan. As a result, the footnote disclosing investments at or greater than 5% as of December 31, 2014 in Note 3 was removed. Additionally, the disaggregation of investments at December 31, 2014 in Note 3 was removed.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Participants were allowed to invest in various mutual funds which were valued based on quoted prices in an active market of the particular mutual fund. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes Receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2015 and 2014, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. Defaulted notes receivable from participants are deemed distributed and recorded as benefits paid to participants in the Statement of Changes in Net Assets Available for Benefits. There were no deemed distributions during 2015 and 2014.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees directly attributable to a particular participant are allocated to and paid from that participant's account. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Reclassification
Certain fiscal year 2014 amounts have been reclassified to conform to the current year presentation.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying Statement of Net Assets Available for Benefits.

Financial Accounting Standards Board ("FASB"), Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to valuation methodology include (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in active markets, (c) inputs other than quoted market prices that are observable for the asset or liability, (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used to need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is the description of the valuation methodologies used for assets measured at fair value:

Common/collective trust: Valued at the Net Asset Value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investments for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

December 31, 2015	Total	Level 1
Mutual funds	$ 2,858,577	$2,858,577
Common or collective trust measured at NAV*	296,257	
Total investments at fair value	$ 3,154,834	

December 31, 2014	Total	Level 1
Mutual funds	$ 1,557,592	$1,557,592
Common or collective trust measured at NAV*	99,950	
Total investments at fair value	$ 1,657,542	

**In accordance with FASB ASC 820-10, certain investments that are measured at fair value using the net assets value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.*

NOTE 4 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan provisions to amend and terminate the Plan subject to ERISA regulations. If the Plan is terminated, no further contributions would be made to the plan and all amounts credited to participants' accounts would become 100% vested and non-forfeitable. In the event of Plan termination, participant's accounts would be distributed in accordance with the Plan provisions.

NOTE 5 – TAX STATUS

The Plan is exempt from income taxes under Code Section 401(a). The Plan adopted a Prototype Non-standardized Profit Sharing Plan with a cash and deferral arrangement developed by Automatic Data Processing Retirement Services, Inc., which obtained a favorable IRS opinion letter, in which the IRS stated that the form of the underlying prototype plan was acceptable under provisions of the Code and that any employer adopting this form of plan will be considered to have a plan qualified under the Code. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code, therefore, believes that the Plan is qualified and the related Trust is tax-exempt.

NOTE 5 – TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 6 – INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate.

December 31,	2015	2014
Mutual funds	$ 2,858,577	$ 1,557,592
Common or collective trust	$ 296,257	$ 99,950
Notes receivable from participants	$ 31,395	$ 18,621

Year Ended December 31,	2015
Net depreciation in fair value of investments	$ (246,776)
Interest and dividends	$ 166,226

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedules.

NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of a common collective trust managed by State Street Bank and Trust Company. State Street Bank and Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions as defined in the Form 5500, Pension Reporting Instructions. Fees paid by the Plan for investment management services amounted to $14,286 for the year ended December 31, 2015. Notes receivable from participants also qualify as exempt party-in-interest transactions.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for investment options in various long-term, index and other mutual funds. Investment securities are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in the value of investments in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits as well as the statement of changes in net assets available for benefits.

As of and during the years ended December 31, 2015 and 2014, the Plan held no direct investments in derivatives or other off balance sheet risk items.

NOTE 9 – PROHIBITED TRANSACTIONS

As reported on the 2014 Form 5500, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, the Plan Sponsor failed to remit to the Plan's Trustee certain employee contributions totaling approximately $15,600 within the period prescribed by the Department of Labor regulations. The Plan Sponsor has made contributions to the affected participants' accounts to compensate those participants an aggregate of approximately $1,000 for potential lost income due to the delays and is in the process of self-reporting.

NOTE 10 – OPERATIONAL DEFECT

During the year ended December 31, 2014, it was discovered that the employer contributions were not applied in accordance with the provisions of the Plan. The Plan Sponsor is in the process of correcting the differences.

NOTE 11 – SUBSEQUENT EVENTS

Management has evaluated the impact of subsequent events through October 17, 2016 the date these financial statements were available to be issued.

In 2016, the Plan changed Trustee to Reliance Trust Company Bank.
