INDEPENDENT AUDITORS' REPORT

To Plan Administrator and Participants
Electek Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Electek Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company ("Fidelity, or the "Trustee"), except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Matters of Emphasis

As explained in Note 8 to the financial statements, the Plan applied an incorrect vesting schedule to certain affected participants. The Plan Sponsor will make a qualified nonelective contribution for the affected employees, which would compensate them for the incorrectly calculated forfeited amounts. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2015, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee under the Employee Retirement Income Security Act of 1974 ("ERISA") and is presented for the purpose of additional analysis and is not a required part of the financial statements. This supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulation for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

The following description of the Electek Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a 401k profit sharing plan covering all nonunion employees who have completed six months of service with Electek (the "Company" or "Plan Sponsor").

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). It is intended to qualify as a 401k and profit sharing plan under Section 401 of the Internal Revenue Code of 1986.

Contributions

Participants can elect to contribute up to 60% of their annual compensation, limited to a maximum of $18,000 in 2015. Participants who are projected to be age 55 or older as of the last day of the Plan year are eligible to defer an additional $6,000 in 2015. The Plan provides for employer matching of 100% of participant contributions up to a maximum of 3% of each participant's annual compensation. The Plan also provides for additional employer contributions at the Company's discretion.

Participant Accounts

Each participant's account is credited with the participant's contributions and the allocation of employer's contributions and Plan earnings. Allocations of employer contributions are based on participants' compensation, which includes salary, bonuses, overtime and commissions. Participant accounts are charged with an allocation of admin expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (continued)

Vesting

Participants are immediately vested in their voluntary contributions and rollover contributions from other plans, and earnings thereon. The vesting percentages for both the Company's additional employer contribution and matching contribution are as follows:

Year	Additional Employer Contribution Vesting %	Employer Matching Contribution Vesting %
Less than 2	–	–
2	20	20
3	30	40
4	40	60
5	60	80
6	80	100
7	100	100

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Interest rates are determined by the Plan Sponsor. Loans must be repaid within five years (unless the loan is related to the purchase of a principal residence, and then a ten year repayment period applies). The loans are secured by the balance in the participant's account, and collections of principal and interest are made through payroll deductions.

Payment of Benefits

Participants are entitled to receive lump sum distributions of their vested interest upon termination of service, retirement, disability or death.

Participants may withdraw their pretax contributions, except for roth contributions, to satisfy any of the following immediate and financial needs: (1) medical expenses; (2) the purchase of principal residence; (3) prevent eviction from, or foreclosure on, principal residence; (4) postsecondary education expenses; (5) funeral expenses; or (6) expenses arising as a result of natural catastrophe.

Forfeited Accounts

Forfeited balances representing terminated participant's nonvested account balances are used to reduce a portion of the Company's future contributions. As of December 31, 2015 and 2014, forfeited nonvested accounts totaled $115,787 and $90,189, respectively. During the year ended December 31, 2015, $49,419 of forfeited amounts have been used to offset Plan expenses.

1. DESCRIPTION OF PLAN (continued)

Plan Costs

The Company absorbs a significant amount of the Plan's administrative costs, which include trustee fees, maintenance fees, audit fees, and other costs associated with the annual tax return filing.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions into the various funds offered within the Plan. In addition, participants may participate in a self-directed brokerage arrangement (BrokerageLink) under the Plan. Individual participants select their own investment options and direct the Plan Trustee with respect to allocation of contributions to their account and transfers of their account balance between funds.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and Fidelity. See Note 5 for discussion of fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans that have become uncollectible are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan as of December 31, 2015.

Significant New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standard Update ("ASU") 2015-07 updated guidance intended to eliminate the diversity in practice surrounding how investments measured at net asset value ("NAV") under the practical expedient with future redemption dates have been categorized in the fair value hierarchy. Under the updated guidance, investments for which fair value is measured at NAV per share using the practical expedient should no longer be categorized in the fair value hierarchy (as clarified by ASU 2015-10, *Technical Corrections and Improvements*). The updated guidance requires retrospective adoption for all periods presented and is effective for annual reporting periods beginning after December 15, 2015, with early adoption permitted. The Plan is an early adopter of this update on the accompanying financial statements.

In July 2015, the FASB issued ASU 2015-12, a three-part update as part of a simplification initiative intended to simplify employee benefit plan accounting. Part I requires that fully benefit-responsive investment contracts be measured, presented and disclosed at contract value and eliminates certain fair value presentation and disclosure requirements. Part II simplifies plan investment disclosures by removing the requirement to disclose (1) individual investments that represent five percent or more of net assets available for benefits and (2) the net appreciation or depreciation in fair value of investments by general type. Part III provides a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end when the fiscal period does not coincide with month end. The updated guidance is effective for annual reporting periods beginning after December 15, 2015, with early adoption permitted. In 2015, the Plan has early adopted this update. Part I and III of ASU 2015-12 are not applicable to the Plan. This ASU did not change the Plan's total net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Reclassifications

Certain reclassifications have been made to the December 31, 2014 financial statements presentation to conform to the 2015 presentation. There was no effect on the changes of net assets available for benefit as a result of these reclassifications.

Subsequent Events

The Plan has evaluated subsequent events through October 17, 2016, which the financial statements were available to be issued.

3. PARTICIPANTS NOTES RECEIVABLE

At December 31, 2015 and 2014, sixty-three participants had loans outstanding totaling $589,228 and $650,490, respectively. All loans outstanding as of December 31, 2015 bear interest at fixed rates at 5.25% per annum, and have various maturity dates through June 2024.

4. INFORMATION CERTIFIED BY THE TRUSTEE

Information regarding the investments at fair value, notes receivable, interest income earned on notes receivable, dividends, and investment income, as shown in the accompanying financial statements and supplemental schedule, has been certified to the Plan Administrator as complete and accurate by the Plan's Trustee as of December 31, 2015 and December 31, 2014, and for the year ended December 31, 2015.

Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA states, in part, that any statement of information prepared and certified by the Plan's Trustee need not be audited or reported on by an independent public accountant. Pursuant to that regulation, the Plan Administrator has instructed the Plan's independent public accountants, Squar Milner LLP, not to perform any auditing procedures with respect to the 2015 and 2014 information certified by the Plan's Trustee.

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

5. FAIR VALUE MEASUREMENTS (continued)

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open–end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and therefore are Level 1.

As of December 31, 2015 and 2014, the Plan did not hold any Level 3 investments. There have been no changes in the methodologies used to measure fair value at December 31, 2015 and 2014.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. FAIR VALUE MEASUREMENTS (continued)

Mutual Funds (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Investments at Fair Value as of December 31, 2015			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds	$ 26,776,991	$ –	$ –	$26,776,991
Total investments, at fair value	$ 26,776,991	$ –	$ –	$26,776,991

	Investments at Fair Value as of December 31, 2014			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds	$ 26,500,206	$ –	$ –	$ 26,500,206
Total investments, at fair value	$ 26,500,206	$ –	$ –	$ 26,500,206

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2015, there were no transfers in or out of Level 3.

7. TAX STATUS OF THE PLAN

The Internal Revenue Service has informed the Sponsor by a letter, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2012.

8. NONEXEMPT TRANSACTION

During the year ended December 31, 2015, the Plan Administrator became aware that they had inadvertently applied incorrect vesting schedules to certain employees, resulting in an incorrect calculation of forfeited balances. The Plan Sponsor intends to file an application to voluntarily correct this error under the Internal Revenue Service's Employee Plans Compliance Resolution System's Voluntary Correction Program. As of the date of the financial statement were available to be issued, the Plan Sponsor estimated the cost to correct the error to be $78,400, which is comprised of $52,779 of incorrectly forfeited amounts and $25,621 of lost earnings. The accompanying financial statements reflect this accrual as of December 31, 2015.

9. PARTY-IN-INTEREST AND REPORTABLE TRANSACTIONS

No prohibited transactions with "parties-in-interest," as defined under ERISA occurred during the Plan year ended December 31, 2015. Administrative expenses of approximately $61,945 were paid to Fidelity, and are considered "parties-in-interest" transactions. Certain Plan assets are managed by Fidelity.

Reportable transactions are transactions in excess of five percent of Plan assets, as defined under ERISA. Since the Plan's investments are entirely participant directed, there were no occurrences of reportable transactions required to be reported on a supplemental schedule for the year ended December 31, 2015.
