ENTERPRISE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014**

Note 1: Description of the Plan

The following description of the Confederated Tribes of the Chehalis Reservation Enterprise 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan, which commenced on January 1, 2008, is a defined contribution plan covering employees of the Chehalis Tribal Enterprises (the "Companies"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees may participate in the Plan on the date coinciding with the earlier of the Plan anniversary or semi-anniversary following the completion of one year of service and attainment of 18 years or older. One year of service is defined as 1,000 hours of service within a consecutive 12-month period.

Contributions – Participants may elect to defer a percentage of their compensation to the Plan each year. The maximum percentage allowable is 15% and may not exceed the limits of Code Section 401(k), 404 and 405. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Companies match 100% of employee contributions, up to 2% of eligible compensation deferred to the Plan. The Companies may also elect to make a discretionary non-matching contribution to the Plan. The Companies contributed 3% of eligible employees' compensation to the Plan for the years ended December 31, 2015 and 2014. Completion of at least 1,000 hours of service is required to be eligible for discretionary non-matching contributions.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Companies' contributions, and (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are fully vested in their salary deferrals plus actual earnings thereon. Participants become fully vested in the Companies contribution portion of their accounts and actual earnings thereon based upon completion of four years of service, attainment of normal retirement age, permanent disability, complete discontinuance of employer contributions, termination of the Plan, or death.

<u>Service Period</u>	<u>Vested Percentage</u>
1 year of service	25%
2 years of service	50%
3 years of service	75%
4 years of service	100%

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant or beneficiary may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Note 1: Description of the Plan (Continued)

Forfeitures – Forfeitures are the nonvested portion of the participant’s account that is lost upon termination of employment. Forfeitures are retained in the Plan and are used to reduce Plan administrative expenses and future employer contributions. During the years ended December 31, 2015 and 2014, the Companies had \$32,945 and \$9,399 in forfeitures available of offset employer contributions, respectively.

Notes Receivable From Participants – Participant loans from the Plan are not permitted.

Note 2: Summary of Significant Accounting Policies

The following significant accounting policies were used to prepare the financial statements in accordance with accounting principles generally accepted in the United States of America.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Generally accepted accounting principles include statements from the Governmental Accounting Standards Board (GASB), as well as other guidance provided by the American Institute of Certified Public Accountants’ Audit and Accounting Guide, *Employee Benefit Plans*.

In February 2015, GASB issued Statement No. 72, *Fair Value Measurement and Application*, the objective of which is to improve financial reporting by clarifying the definition of fair value, establishing general principles for measuring fair value, providing additional application guidance, and enhancing disclosures about fair value measurement. GASB Statement No. 72 becomes effective for the Plan for the 2016 reporting period.

In June 2015, GASB issued Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*, the objective of which is to reduce the Generally Accepted Accounting Principles (GAAP) hierarchy to two categories of authoritative GAAP and address the use of authoritative and nonauthoritative literature in the event that the accounting treatment for a transaction or other event is not specified within a source of authoritative GAAP. GASB Statement No. 76 becomes effective for the Plan for the 2016 reporting period.

The effect of future adoption of GASB Statements No. 72 and No. 76 on the Plan’s financial statements has not been evaluated as of the date of this report.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therewith, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates. The most significant estimate for the Plan was the estimate of the fair value of the Plan’s investments.

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value as certified by the Plan's custodian, Transamerica Life Insurance Company ("Transamerica"). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are reported on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Reporting Benefit-Responsive Investment Contracts

In July 2015, the Financial Accounting Standards Board (FASB) issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Parts II and III are not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part I is to be applied retrospectively as management has elected to adopt Part I early. As of December 31, 2015, the Plan is invested in a group annuity contract through the Transamerica Stable Value Account. The contract is fully benefit-responsive.

Investment in the Stable Value Advantage Option, a group annuity contract, is valued at the unit value as reported by the investment managers. This investment invests in fully benefit-responsive investment contracts that are stated at contract value, which represents contributions, less any contract charges plus interest. Interest is established the last day of every quarter.

Payment of Benefits

The Plan recognizes benefit payments in the period the benefits are paid.

Administrative Expenses

Administrative expenses of the Plan may be paid out of the Plan assets if the Companies do not pay the expenses directly.

Date of Management's Review

Subsequent events were evaluated through October 16, 2016, which is the date the financial statements were available to be issued.

Reclassifications

Certain reclassifications have been made to prior period balances in order to conform to the current period presentation. The previously reported net position available for benefits was unaffected by the reclassifications.

Note 3: Fair Value Measurements

The Plan's investments, excluding the fully benefit-responsive investment contract, are reported at fair value in the accompanying statements of net position available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3: Fair Value Measurements (Continued)

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date; and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan uses Level 2 inputs only when Level 1 inputs are not available. There were no Level 1 or 3 inputs required to be used by the Plan.

Level 2 Fair Value Measurements

The fair value of mutual funds held in the pooled separate accounts are based on inputs other than quoted prices included within Level 1 that are observable for valuing the asset or liability, either directly or indirectly. Observable inputs include quoted prices for similar assets or liabilities in active or nonactive markets. Fair value of the investments is based on the net asset value of the fund as reported by the investment advisor. Net asset valuation is computed by dividing the total assets, minus liabilities, allocated to each share class by the number of shares outstanding for that class at the close of each business day that the New York Stock Exchange is open. Level 2 inputs may also include insignificant adjustments to market inputs.

Note 4: Investments (Continued)

For the years ended December 31, 2015 and 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated/(depreciated) in value by (\$633) and \$47,288, respectively, was due to the mutual funds held by the Plan.

Note 5: Investment Contract with Insurance Company

The Plan invests in a fully benefit-responsive investment contract with Transamerica. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate as decided by the Stable Value Option investment choice.

The investment contract meets the fully benefit-responsive criteria and therefore is reported at contract value. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment of the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring. The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 7: Tax Status

The Plan obtained a favorable tax determination letter dated March 31, 2008 from the Internal Revenue Service, covering the volume submitter plan offered by the custodian. Subsequently, the Plan was amended and received a favorable tax determination letter dated July 29, 2010 from the Internal Revenue Service. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Note 8: Related Party/Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds, "pooled" investments and the Stable Value Core are managed by Transamerica. Transamerica is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are paid for by the Companies or the Plan. Fees paid by the Plan for investment management services were \$15,033 and \$10,890 for the years ended December 31, 2015 and 2014, respectively.

Note 9: Reconciliation of the Financial Statements to the Form 5500

The following table reconciles amounts reported in the financial statements to the Form 5500:

	<u>2015</u>	<u>2014</u>
Net position available for benefits per the financial statements	\$ 716,352	\$ 748,043
Participant contributions receivable	-	(2,541)
Employer contributions receivable	-	(758)
Net position available for benefits per the Form 5500	<u>\$ 716,352</u>	<u>\$ 744,744</u>
Change in net position available for benefits per the financial statements	\$ (31,691)	\$ (69,547)

Change in employer contribution receivable	758	(758)
Change in net position available for benefits per the 5500	<u>\$ (28,392)</u>	<u>\$ (72,846)</u>

Note 10: Plan Termination

Although it has not expressed any intention to do so, the Companies may terminate the Plan upon giving notice to the custodian. In the event of such discontinuance, the net assets of the Plan would become fully vested and would be distributed to the participants in the proportion determined by their respective accounts.

Note 11: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net position available for benefits.
